BECKWITH THERMO OZONE BATTERY
A New Discovery.

No. 6359. **The "Beckwith" Battery** constitutes an entirely new discovery in the use of electricity, as a remedial agent. It only generates a current of thermo-galvanism when there exists a difference of temperature between the battery and its poles. In the treatment of disease, the battery must be placed in

water not less than 30 degrees Fahrenheit, colder than the poles when applied to the body. It sets free from water and air in contact with the positive poles, oxygen and ozone, and the force of the current sends these neutral curative agents into the blood circulation between the poles. The same force by the use of wired wood pulp tablets, having medicine put on their surfaces in contact with the body and under the positive pole, conveys the medicine into any organ of the body. The battery is constant—will last for years and has no switches or corroding points to get out of order. Its force is regulated by the degree of cold surrounding the battery, and can be regulated by the person using it to meet the needs in every case. It is intended for family use, as well as physicians. Many hundreds of families have used it in home treatment, and state that they have been able to cure many diseases at their beginning, thereby avoiding danger, suffering and expense. It is put up in compact form, with book giving complete directions and explanations. Price complete, each.....**$9.00**

PHOTOGRAPHIC GOODS.

Photography is one of the most fascinating and fast becoming one of the most popular of pleasures. It is something in which everybody can indulge, and is not a fleeting pleasure which lasts but a few minutes, but is instructive and entertaining as well. It enables one to collect mementos from time to time, at home, while traveling, etc., which will become treasures in after years. We list a large variety of cameras as well as photographic sundries. Our line of hand cameras, folding hand cameras and view cameras are listed complete in this book, but those who are interested in studio outfits will be furnished with a special catalogue with quotations on same. We have carefully examined the cameras and accessories made by all the reputable manufacturers and have, after careful consideration, selected a line which is complete with the latest improvements and in which we can furnish our patrons a thoroughly first-class article; in fact, the best on the market for the least money. We wish to say briefly that the art of photography is much more simple than is generally believed. If it was generally known that it could be so easily mastered there would be thousands of people enjoying the art who now feel afraid to undertake it. Complete instructions for the manipulation of the camera, taking pictures, developing, printing and finishing the same, accompanies each camera. The instructions are made so simple that even a child with very little experience can do very good work. We are at all times glad to answer any inquiries concerning photographic goods, and also to assist our patrons should they experience any difficulty in finishing the pictures.

HAND CAMERAS.

The Hand Camera is the simplest form of photographic camera and one which appeals strongest to those who have not had previous experience. Some are constructed for the use of films only, others for both films and dry plates and a few for dry plates only. The film cameras are most convenient for the traveler, for all that he has to do after having loaded his camera is to make exposures one after the other until the roll of film has been consumed, after which it is replaced by a new one. A roll of film weighs but a few ounces and takes up but very little space. The film cameras are also most desirable for those who wish to make the exposures only and have the pictures developed and finished by a professional photographer. The majority of amateurs, however, derive fully as much pleasure from the developing and finishing of their pictures as they do from making the exposures, and we believe that if it was more generally known that the art is so easily mastered there would be but a small amount of work taken to the photograph gal-

TERMS OF SHIPMENT.

Photographic goods when ordered to the amount of $2.00 or more **will be sent C. O. D.** if desired, providing $1.00 accompanies the order as a guarantee of good faith. Orders to the amount of $20.00 and over must be accompanied by $2.00. These are the most liberal terms ever offered on this class of goods and we trust that our patrons will appreciate the same.

Liquids and glass can be sent by mail at the rate of 4 cents per oz. Liquids (not more than 4 oz.) may be bottled and packed in wooden boxes as provided by the U. S. postal laws. Allow 5 cents for liquid cases in addition to the postage. Small dry plates can also be sent in the same way.

Photographic goods cannot be returned for exchange after they have been used, for even though they may have been used but a little they become second-handed, and we have no means of selling second-handed goods.

The above rule, however, does not refer to any goods which might be defective. We guarantee all goods to give entire satisfaction.

We advise sending cash in full, as you save the discount of 3 per cent., also return charges on the money.

THE ZAR POCKET CAMERA.

No. 6500.

No. 6500. The cheapest camera ever sold. Even though this little instrument is offered for less than $1.00 it is a complete and practical working camera. The case is covered with black leatherette, which is a most excellent imitation of morocco. It has a good single lens and a very simple but practical shutter, which works equally well for instantaneous or time exposures. The instrument is extremely simple with nothing about it to get out of order. It takes a picture 2x2 inches on regular dry plates. The camera holds but one plate, but can be re-loaded either with a loading sleeve, a dark closet or any place from which the light is excluded. With each camera is included a half dozen regular dry plates and complete instructions for making, developing, printing and toning pictures. The camera measures 2¼x2¼x3¾.

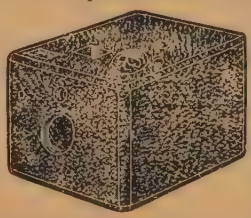
THE GEM CAMERA.



No. 6503. This camera has been well named, inasmuch as it fills a much felt want, for a camera which will take a good sized picture, but at a price which will come within the reach of all. It is the most exceptional bargain that we have ever been able to offer, and at the same time is thoroughly reliable in every respect. It is so simple that it is almost out of the question to get it out of order. It uses glass plates only, size 3¼x4¼, which is sufficiently large to fill the requirements of the average amateur. It has a space on the inside for three holders, and the case on the outside measures but 4½x6x7 inches and weighs but one pound. It is fitted with a first-class achromatic lense with the Rochester safety shutter and one regular double plate holder with rubber slides which hold two plates. It is only necessary to purchase two other plate holders to have a capacity for six pictures which is quite sufficient for any ordinary outing. The exposed plates can be exchanged for fresh ones in any dark room or closet. The shutter is a very simple and convenient arrangement, which adapts it for both instantaneous and time exposures. It has two brilliant view finders, one for horizontal and the other for upright pictures, and the case is covered with a good quality of black grained leather.

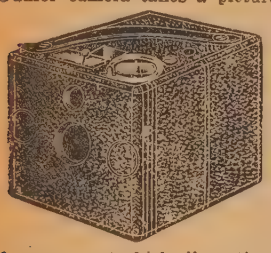
The above camera and accessories we can conscientiously recommend to anyone desiring a good low-priced outfit. A complete instruction book accompanies each outfit.

THE BABY HAWKEYE CAMERA.

No. 6506. This camera is arranged for the use of films only. It takes a picture 2 x 2½ and has a capacity for 12 exposures. The outside dimensions are 2½ x 3½ x 4 inches. The entire weight is only 7 ounces. It will be readily understood that this makes the camera very convenient for carrying about. It has a brilliant view finder, which enables the operator to correctly center the camera upon any object of which he wishes to take a picture. A great deal of difficulty has been experienced with most of the so called daylight cameras on account of the light reaching the sensitive surface of the films while placing it in position, or removing it from the camera. This camera is supplied with a very late device which entirely overcomes this trouble and enables us to offer a small camera which can be safely loaded in broad daylight without any extr



structed that the length of an exposure can be varied as to time which is the means of good results even when the light is very weak. It has an automatic tally which shows correctly at all times the number of exposures that have been made. The lens is a single achromatic always in focus and of the best quality obtainable. The covering is of the best selected morocco grain cow hide, and the finish throughout is equal to that of any of the larger cameras. Making photographs with this camera is so simple that it is hardly necessary to consult the guide book which is furnished. The Baby Hawkeye complete with one film for 12 exposures. Price..... $5.40

THE HAWKEYE JUNIOR CAMERA.

No. 6507. Many people appreciate a camera which can be used for either roll films or glass plates, as it enables them to use either, depending upon the circumstances. If only a few pictures are to be made and developed, glass plates can be used to the best advantage, but if going off on a trip where a large number of pictures are to be taken, the films to the average individual are considered most desirable. The Hawkeye Junior camera takes a picture 3½x3¾ inches. The outside dimensions of the case are 4¼x4½x6 inches and weighs but 20 ounces. The case is well made, is covered throughout with best grain leather and is supplied with neat carrying handle. The lens is the single achromatic offset focus, very rapid and capable of doing good work indoors as well as in the open air. The shutter is supplied with a late improvement which allows time exposures to be made without danger of jarring the camera, which is the difficulty experienced when undertaking to make such exposures with the majority of small cameras. The speed can be regulated for snap shots, which will properly time the negative even in a weak light, and is provided with an improved indicator for counting the number of exposures which never fails. The automatic tally always shows at a glance the number of pictures which have been taken. A brilliant square view finder centers the view accurately upon the surface of the film.

THE HAWKEYE JUNIOR CAMERA. For, 4x5 Pictures.

No. 6508.

No. 6508. This camera is similar in design to the smaller "Hawkeye Junior," although different in some respects. It has a good single achromatic lens, and is provided with a focusing lever and scale by which the camera can be quickly focused for near or distant objects. It has both vertical and horizontal view finders. interior ground glass screen for testing the focus, automatic registering tally, showing number of exposures made, and a tripod plate for time work is provided. This camera like the smaller size, uses either the sunlight film or regular dry plates. With the film it can be loaded and unloaded in bright daylight without the least danger of destroying the material. The advantages of using either film or glass plates is of great importance, as often one wishes to make but one or two exposures, which are required for immediate development, and by the use of the holder with plates much annoyance is saved. The size of the case is 5¾x6¼x9 inches; takes a picture 4x5 inches, and weighs but 2 pounds and 14 ounces, with a capacity for 18 exposures. Price of the 4x5 "Hawkeye Junior," covered with black grained leather, without roll of film or plate holder....$14.40

THE COMET CAMERA.

No. 6512. The "Comet" is arranged for the use of glass dry plates or cut films only. The cut films being used in holders of the same type as the plate holders. This camera is sold at a very low price, but is thoroughly well made in every respect; in fact the company which makes this camera turns out no other kind of goods. It contains some of the adjustments heretofore found only in the higher priced outfits, is light in weight, simple and compact It has a single achromatic lens with great depth of focus, flatness of field and wonderful definition, and will be found entirely satisfactory for general work. No other lens can be furnished for the "Comet" camera. It is fitted with the safety pattern shutter which can be set without any danger of accidentally exposing the plate. The shutter is set by turning a small milled head on the front of the camera. The time exposures are made with the time lever at the side. while the speed for snap shots is adjusted by a brass lever. It is provided with both an upright and horizontal view finder and has two plates for attaching the tripod. The "Comet" is provided with a full sized ground glass screen, permitting it to be used as a regular view camera by dropping the hinged panel in the back. The Perfection Junior plate holder is used being the same as furnished for the Premo cameras. The "Comet" is exceedingly compact, measuring only 5⅝x7x9¼ inches including space for three double plate holders, or a capacity of six pictures without re-filling the holders. It is made only in size 4x5 and cannot be used with roll film.

THE PREMIER CAMERA.

No. 6514. This camera is one of the best and most complete hand cameras on the market at anywhere near the price and possesses many advantages over all others. It can be used for either dry plates, cut films or rolled films and is equally adapted for home use or the tourist. The construction of the shutter is such that it works without jar or noise, which is a very desirable feature, and the speed may be regulated at the will of the operator from a slow movement to one of great rapidity, which is governed by the tension of the spring lever at the side of the camera. Time exposures are made by simply extending the time stop, located above the spring lever. To open the shutter a button is pressed and it is closed by pressing the time stop. The front of the camera can be removed if desired and exposure made with a lens cap. The Premier camera is provided with two view finders, one for horizontal and the other for vertical pictures; also two tripod plates. It also has a ground glass screen full size of plate on which the pictures can be focused by dropping the hinged panel at the back. It has a focusing scale at the side which is accurately marked with white figures on a black dial. Either the single view lens or rapid rectilinear lens will be furnished, both of which are provided with rotating diaphragms for regulating the light. It is arranged so that other lenses may be substituted if desired. The "Premier" is made to hold either four or six plate holders; the difference in length being 1½ inches. The price is the same for either size, but it will be necessary to state which is wanted when ordering. The camera for four holders measures only 6¼x7¼x11½ inches and weighs but 4 pounds. It is covered with black morocco leather throughout; has a leather handle for carrying and presents a very handsome appearance, made only in size 4x5.

We can furnish the Premo camera as described above with either single or double achromatic lens, provided with a swing back and rising and falling front. The swing back and rising and falling front are used to advantage principally when photographing tall buildings, etc. In order to take the picture the full size of the plate have it perfectly upright without too much foreground.

For prices of these extras add $2.50 to prices quoted above.

FOLDING HAND CAMERA.

The Folding Hand Camera is fast becoming the most popular among amateurs. It is very simple, is easy of manipulation and one of the strongest advantages is its portability. A camera taking a large size picture will fold into an extremely small space, and they are so nicely arranged that the time required for ascertaining and adjusting the camera preparatory to taking a picture consumes but a few seconds. They are equally well adapted to snap shot or tripod work. They all have plates both on the bottom and on the end for attaching the tripod. They have a square view finder by which they can be accurately focused for snap shot work. Or for tripod work they can be focused from the glass screen. For all time exposures a tripod should be used. Our line of folding cameras we believe to be the best on the market, and are listed by us considerably below the manufacturers' prices. If you are at a loss to know what kind of camera you should have, if you will write us stating what kind of work you wish to do, we shall be glad to give you the benefit of our experience.

THE PREMO "D" CAMERA.

No. 6518.

No. 6518. The Premo "D" is the cheapest folding camera on the market, but at the same time it is a thoroughly well made instrument and will do excellent work. It has sliding front for adjusting sky and foreground, single achromatic or rapid rectilinear lens with rotating diaphragm, and the new safety shutter, which is a neat and effective device for both time and instantaneous work. The shutter is set by a lever at the side, the leaves remaining stationary. The camera is furnished with a reversible view finder attached in a convenient position on the bed. When closed the 4x5 size measures only 5¼x5¼x6¾ inches, and has space on the inside for three plate holders, or roll holder and weighs but a trifle over 2 lbs. It is a thoroughly practical camera using glass plates, cut or rolled films, and will fully meet the demands of a large class of amateurs.

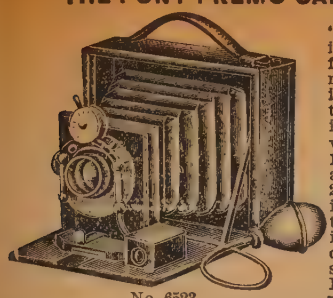
THE PREMO "B" CAMERA.



No. 6520.

No. 6520. The Premo "B" is one of the most popular hand cameras on the market. It is strictly high grade throughout. great care having been exercised in its construction, and for a high grade camera at a moderate price it stands second to none. It is fitted with the Victor shutter having iris diaphragm with pneumatic release, and can also be released by the lever; has the new center swing back with rising and falling front thus adapting it to either snap shot or tripod work. It is furnished with either a single achromatic or Victor rapid rectilinear lens, as may be preferred. A reversible view finder is fitted to the bed for both vertical and horizontal pictures; has spring actuated ground glass screen and two tripod plates. It has room inside for three double plate holders, weighs a little over 2 lbs., and the 4x5 measures only 4⅝x5⅝x5⅞ inches when closed. It is covered with fine grained black leather; has handle for carrying. It will use glass plates, cut or rolled films, as may be desired. Price includes camera, lens, shutter and one plate holder.

THE PONY PREMO CAMERA.

No. 6523.

No. 6523. The "Pony Premo" is the smallest folding camera made, and while it takes a picture 4x5 inches, it measures when closed but 1⅜x5x6 inches, and weighs but 26 ounces. Owing to its extreme portability and lightness of weight, this style of the Premo camera will appeal directly to wheelmen and tourists generally, yet it is a favorite among a large class of amateurs who desire a thoroughly practical outfit to occupy the smallest possible space. Although it is extremely compact, every part is perfectly adjustable and works so perfectly that its manipulation is a pleasure. It is made of thoroughly seasoned mahogany; is handsomely covered with fine black leather, which, in contrast with the polished interior and lacquered brass trimmings and rich red leather bellows, presents an elegant appearance. The back is spring actuated and recedes to allow the insertion of the plate holder. The panel covering the ground glass will open upward to allow the image to be focused, and act as a shield for focusing. When it is desired to use a roll holder, the back is removed by simply pressing a small brass lever, the roll holder is then attached to the supports at top and bottom, which change can be made in a few seconds. The "Pony Premo" is furnished with the Victor rapid rectilinear lens and shutter, which is well adapted to all classes of work. The shutter is fitted with iris diaphragm and pneumatic release, same as the Premo Sr. It has reversible view finder and two tripod plates. The "Pony Premo" is furnished with a neat leather case, as shown in illustration, which holds the camera, lens, shutter and three plate holders, or roll holder, and may be carried by the shoulder strap or attached to the frame of a bicycle in the same manner as a tool bag. The roll holder is the latest pattern, fitted with automatic indicator for registering the number of exposures made. The roll holder is fitted with a shield, which permits its being attached or detached in full daylight. The price includes the camera, lens, shutter, one double dry plate holder, leather case and strap.

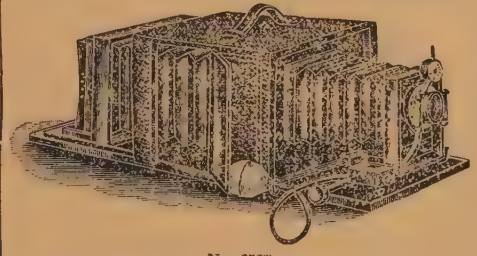
THE PREMO SR. CAMERA.

No. 6526.



No. 6526. The "Premo Sr." in our estimation represents the very highest type of the folding hand camera. It is thoroughly equipped with the latest improvements, making it highly prized by the advanced worker and at the same time equally well adapted to the use of the novice in the art. This instrument has been constantly gaining favor until we now believe it is one of the best known hand cameras made. The "Premo Sr." is made of selected mahogany throughout and is covered with fine black leather. The finely polished bed and inside work, with lacquered metal trimmings, makes such a perfect contrast with the black leather covering that it gives the camera an extremely handsome appearance when open. It is fitted with all the essential features necessary for either hand or tripod work, snap shots or time exposures and at the same time is very simple and easily manipulated. It is fitted with a double swing back and double sliding front, which enables the operator to take full sized pictures of tall buildings, or of objects in confined locations. It has rack and pinion movement for focusing, the working parts of which are entirely within the case. When the camera is closed it is merely a neat leather-covered box, presenting no appearance of what is within. It has both the horizontal and vertical swings, which are at the center of the plate and may be quickly adjusted by means of a spring lever, working in a series of notches in a brass plate at the side. A spring lever secures the "swing back" in any position it may be placed. The double sliding front is of equal importance with the swing back for working in confined situations. The "Premo Sr." is fitted with two tripod plates, has a panel at the back for focusing, and a reversible view finder on the bed, which can be used for either horizontal or upright pictures. The view finder is used for snap shot work. The lens used in the "Premo Sr." is the Victor rapid rectilinear, which possesses great power and is constructed especially for hand camera work. It may be removed from the shutter and a wide angle lens substituted when desired, as the cells of both lenses are interchangeable. The wide angle lens is principally of use for taking pictures indoors, in order to expose as much of a room as possible, also buildings, architectural or other subjects in confined places. It is fitted with iris diaphragm for regulating the amount of light and the new Victor shutter, both being practically first class in every respect. Both diaphragm and shutter works between the lenses, the shutter working without noise or jar, may be adjusted for time exposures as well as for rapid instantaneous work. The speed for snap shots may be varied from one second to one hundredth of a second, working automatically. It is set by revolving the metal disc at the top to the right or left until the pointer indicates the speed desired. Glass plates, cut or roll films may be used. The Perfection Jr. holder, with rubber sides, is furnished for use of glass plates. The roll holder is the latest pattern, fitted with automatic device for measuring the film, an indicator for registering the number of exposures made. The change from glass plates to films is but the work of a moment and can be made in full daylight. The size of the "Premo Sr." when closed is only 4⅝x5⅝x7 inches, with space inside for three double plate holders or roll holder; weight is 2½ lbs. The price includes camera, lens, shutter and one plate holder.

THE LONG FOCUS PREMO CAMERA.

No. 6527.

No. 6527. The "Long Focus Premo" is a new departure in hand cameras. It is a most complete instrument, and will be very highly appreciated by many. It combines all the features of advantage in the Premo Sr. camera; is similar in appearance and may be used in the same manner for either hand or tripod work. While when closed it is no larger than the Premo Sr. it has double the focal capacity, adapting it to use for copying and many other purposes, requiring an extended length of bellows. It uses the Victor lens, which is symetrical and allows the front combination to be removed and the camera used with the rear lens alone when desired, which approximately doubles the length of focus. For different views this is very desirable, as objects in the view are about twice the size that they would be with the regular lenses. There are many views which can be brought out to better effect at a long distance with this camera than could possibly be done by taking them at a short distance. As the lens board is removable, any other lens can be readily attached if desired. It is also interchangeable with the wide angle lens. It is made throughout of mahogany, handsomely polished, and is covered with fine black leather; in fact, in every other respect is like the Premo Sr.

THE STEREOSCOPIC PREMO CAMERA.

No. 6528.

No. 6528. As Stereoscopic Photography has become such a fascinating and interesting branch of the art and as the hand camera is especially adapted to this class of work, this camera has been designed to fill a popular demand. It is in construction the same as the Premo Sr., except that it is furnished only in sizes 5x7 and in 6½x8½, and the lens board is made wider than for the regular "Premo." A matched pair of 4x5 Victor rapid rectilinear lenses are used, fitted with Bausch & Lomb stereo shutter, which works on the principal of the diaphragm shutter. The shutter may be regulated automatically, so as to give a speed of from three seconds to the hundredth part of one second, and by turning the time lever exposures of any length can be made. Both finger and pneumatic release are used, same as on the Premo Sr. The price includes a Victor rapid rectilinear lens and shutter for full sized views and also a pair of stereo lenses and shutter, together with a division in the camera and one plate holder. Glass plates, cut or roll films may all be used. The roll holder is of very late design. Wide angle lenses may also be used, same as in the Premo Sr.

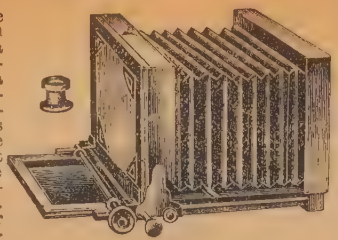
VIEW CAMERAS.

View Cameras are intended principally for taking landscapes, architectural, buildings and other outside views, also interiors and portrait work, but cannot be used for tintype work. Tintype work requires a special camera and lenses. We have outfits suitable for both tintype and portrait work combined, prices of which will be furnished on application. All of our View Cameras are made to fold, thus making them very compact and portable. The prices quoted for View Cameras, with a few exceptions, do not include lenses or tripods. A lens must be selected, and if desired we will fit the same to the front board of the camera before shipping it. If at a loss to know what kind of an outfit should be purchased, we will give our patrons the benefit of our experience if they will advise us what class of work is to be done.

THE NEW MODEL CAMERA.



No. 6535.

No. 6535. The New Model Camera has now been on the market for 12 years, and has become so popular and well known that we consider that comment on its merits is unnecessary. It is very light, compact and makes a very desirable outfit for the amateur who wishes to invest but a small amount of money. It is made of selected cherry, well finished and has nickel trimmings. It is provided with sliding front, folding bed and is easily reversed for upright pictures by the use of a new adjustable reverse clamp which places the strain entirely on the bed where it belongs. The folding part of the bed is held rigid and firm by a new clamp hook, which is the quickest, easiest and most effective device that can be used for the purpose. The price includes a good single-view lens, standing folding tripod, a carrying case with handle and one Perfection plate holder (except the 8x10 size, with which neither lens or tripod are included.) The carrying case will hold two extra plate holders.

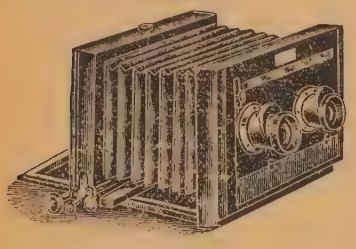
The 8x10 does not include lens or tripod.

THE NEW MODEL IMPROVED VIEW CAMERA.



No. 6536.

No. 6536. The **New Model Improved** is a strictly first-class camera with all necessary improvements, but is sold at a price which brings it within the reach of the ordinary amateur. It is made after the same general style as the New Model, but is much better finished and enjoys the reputation of being the most popular amateur camera on the market. The New Model Improved is made of the best Honduras mahogany, highly polished with nickel trimmings, has sliding front, folding bed and is reversible by means of a new adjustable reversing clamp. It is very light, compact and an excellent instrument for a small amount of money. It has rack and pinion for focusing and folding bed held rigid by a new clamp hook. The price includes a fine single view lens with Carlton sliding tripod, carrying case and one Perfection plate holder (except the 8x10, which has neither lens nor tripod.) The carrying case will hold two extra plate holders.

THE NEW MODEL STEREOSCOPIC CAMERA.

No. 6537.

No. 6537. The **"New Model Stereoscopic" Camera** has an enviable reputation, which has been well earned. It has found favor with all who are interested in this most fascinating branch of photography. It is patterned closely after the New Model Improved Camera, and is the lightest, most compact and simplest instrument yet placed on the market, combining the many features needed for stereoscopic work. It is made of the best Honduras mahogany, highly polished and has nickel trimmings. It has rack and pinion for focusing, sliding front, folding bed and is reversible by means of the new adjustable reversing clamp. The folding bed is held rigid and firm by a clamp hook, which is considered the quickest, easiest and best device for the purpose. The partition and front board can be removed so that the camera may be used if desired with a lens of sufficient focus to cover the full plate. Each camera is furnished with a neat canvas case with room for two extra plate holders. It will be furnished only in size 5x8 with a matched pair of achromatic lenses, improved sliding tripod and one Perfection double plate holder complete $18.70

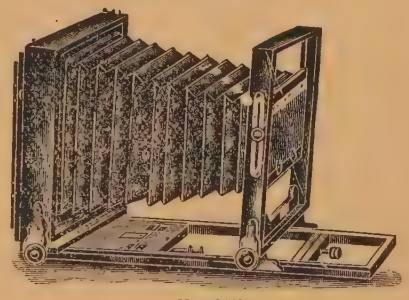
THE EMPIRE STATE CAMERA WITH REVERSIBLE BACK.

No. 6539.



No. 6539. The **Empire State Camera** has all of the adjustments necessary for general work, and while sold at a moderate price it fully meets the requirements of the professional as well as the amateur, and is constantly gaining favor. This camera is constructed with an idea of satisfying all the movements necessary in a camera for both indoor and outdoor photography rather than beauty and fine finish. It is, however, made from selected mahogany, well finished with trimmings of polished brass. It has a front rack and pinion movement for focusing, which is held firmly after being set, by turning a milled head placed inside of the one used for focusing. The bed is hinged with two joints and folds completely under the camera, thus allowing lenses of extremely short focus to be used. The front board is made wide enough for stereoscopic lenses and there is ample rise and fall which is a desirable feature for work in confined situations. It has both single and double swing, both swinging from the center, a feature which is rare in modern priced cameras, but which will be appreciated by the professional. The horizontal swing is attached in a very simple manner, occupying no additional room, consequently the double swing takes up no more room than would the single swing. The back of the Empire State Camera has a spring actuated, ground glass frame, which allows the plate holder to be inserted between the ground glass and the camera back. The slide may be drawn from the top, bottom or either side. We feel that we can thoroughly recommend the Empire State Camera as being a practical instrument, which will in every way meet with the approval of the professional as well as the amateur, and we believe that those not familiar with the instrument would be agreeably surprised after examining the same. The 14x17 and larger are made in back focus, focusing with a handle instead of rack pinion. With sizes above 11x14 the English book plate holder will be furnished. The carrying case will hold two extra plate holders.

THE IDEAL CAMERA.

Reversible Back

No. 6540.

No. 6540. The **"Ideal" Camera** is one of the best view cameras ever placed on the market. It is made of selected mahogany, is finished in the best possible style, every part being as nearly perfect as possible. All metal parts are made of brass, polished and lacquered.

The perfection of this camera is the result of much study and many experiments and is a favorite for both professional and amateur photography. It has reversible back with spring actuating ground glass frame, by which the plate holder is inserted between the ground glass and camera back. The bellows are cone shape but the 5 x 7 and all sizes above are made with fronts wide enough for stereoscopic lenses. By using a very simple method of attaching the horizontal swing it takes up no more room than does the single swing. The bed has two joints which admit of the use of lenses of short focus.

Sizes up to and including 6½ x 8½ are made the same as the above engraving; but sizes 8 x 10 to 11 x 14 inclusive are made similar to the "Empire State." The 14 x 17 and larger are made with back focus and with focusing handle instead of rack and pinion.

The price includes one perfection plate holder and canvas carrying case (which will hold three plate holders in addition to the camera) but has no lens or tripod. With sizes above 11 x 14 the English book plate-holder is furnished instead of the regular type of plate-holder.

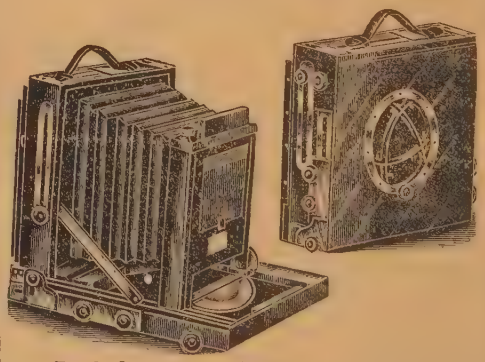
THE MONITOR CAMERA.

Reversible Back.

No. 6542. The **"Monitor" Camera** is a new form of the compact style of view camera and while similar in general appearance to the Carlton and designed with a view of making a strictly high grade compact camera possessing all the latest improvements, it is furnished for a much lower price. It is made of mahogany throughout, highly polished with brass work polished and lacquered, bellows of the finest leather and is finished with the same care as the Carlton, which gives it an exceedingly handsome appearance. It is provided with a leather handle by which it can be carried without case if desired. It has extra long draw; thus allowing the use of the lenses of extreme length of focus while the back will slide forward by loosening two milled heads which is necessary when using extreme wide angle lenses.



The Monitor is provided with double swing back, rising and falling fronts and rack and pinion movement for adjustment. The rising and falling front is controlled by a spring working in a rachet which does away with milled heads. The back is easily reversed for either vertical or horizontal pictures. The ground-glass is spring actuated and recedes for the insertion of the plate holder, which slides between the ground-glass frame and the back of the camera.

The Monitor Camera up to and including 8 x 10 are supplied with either short or long canvas case. The short case carries the camera with three holders, while the long one carries six holders and combination tripod and in sizes up to 6½ x 8½ inclusive, there is space for lenses. In ordering be sure to state which size case is wanted. This camera is furnished only in double swing.

THE CARLTON CAMERA.

Reversible Back.

Partly Open. No. 6544. Closed.

No. 6544. The **"Carlton" Camera** without question represents the highest perfection attained in professional view cameras. This camera has achieved great popularity throughout the United States and Canada, which it fully deserves as it is complete in every respect, with all modern improvements. Ideas suggested by practical experience have been carefully watched and all those which were deserving of merit have been as near as possible combined in this camera.

It satisfies the ideas of the enthusiastic amateur as well as the most fastidious professional, who is not satisfied without having the best of everything.

The Carlton Camera is made from selected mahogany throughout; is finished in the best possible style and has all the latest improvements. No pains have been spared to make every part as near perfect as possible.

The camera box is square and has a reversible back by which pictures can be taken with the plate either horizontal or vertical, the change being made in five seconds. The ground glass frame is held to the front by two springs which allow it to recede for inserting the plate holder between the glass and the camera

back. This method prevents the necessity of removing the glass screen, which prevents the liability of breaking. While very compact the camera is very simple of manipulation and has no loose screws or parts. It has a fine rack and pinion movement for adjusting the focus and all metal work is of brass, polished and lacquered.

The camera back has a forward movement for adjustment when extreme wide angle lenses are to be used. The movement is quickly made by the use of two milled heads, which when loosened permit the back to be placed above the bed, in which position it can be moved forward.

A very great improvement in the Carlton Camera is that it carries its own tripod top, which is adapted to the combination tripod. The top is made of metal; is neatly fitted in the bed and revolves easily and with great smoothness, permitting the operator to adjust the camera in any position. A small milled head secures it firmly when set. It has double swing back and is furnished with one mahogany perfection double plate holder, with rubber sides, mahogany combination tripod and canvas case, but no lens. Sizes to 8x10, inclusive, are furnished with either a long or short canvas case. The short case carries the camera with three plate holders only. The latter will hold the camera, six holders, combination tripod, and in sizes 6½x8½, inclusive, there is a compartment for lenses.

In ordering be sure to state which size of case is desired.

VIEW FINDERS.

No. 6565. **A View Finder** is made on the same principle as a small camera, having a lens and ground glass; is about 1¼ inch square and assists the operator in locating the view. They are attached to the camera by means of a spring clamp. They are principally of advantage when snap shots are to be taken. As the plate is in the camera for exposures the operator is unable to obtain the exact location of the picture in any other way. They can be attached to any camera. Price.....$1.35

PLATE HOLDERS.

No. 6566.

When ordering Plate Holders it will be necessary to state the name of the camera for which they are wanted.

No. 6566. **The Perfection Plate Holders** are to be used in the View Camera listed under Nos. 6535 and 6544 inclusive. This is one of the simplest plate holders on the market, the plate being held in place by a spring bar at the lower end. By simply pressing the spring bar with the thumb the plate will fall in or out of place. As the plate is held in place by the ends only the full width is exposed and but 1-16 of an inch is cut off from each end. The Perfection Plate Holders are also made of mahogany, polished and with rubber slides, as a few customers who buy the higher priced cameras prefer them. It is, however, only a matter of satisfaction, as they are not any better than the regular holders. The regular holders have pressed board slides.

TRIPODS.

No. 6572. **The "Gem Folding" Tripods** for cameras 5x7 or smaller; has folding ash legs riveted to the head with brass trimmings, and screw for attaching to camera is included with each. Length extended 52 inches, when folded 28½. This is we believe far the best cheap tripod on the market. Each.....$1.25

No. 6574. **"Sliding" Tripod.** The legs are made in three pieces which render the tripod firm when set up, and it has a special advantage over the folding tripod, as it is easier to level the camera in rough places by adjusting the length of the tripod legs. It can be set up or taken down very quickly. The tripod is of wood and has cloth covered top, brass clamps and is in every way a thoroughly well made tripod.

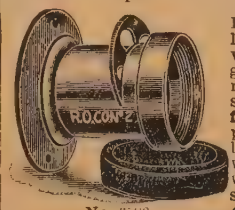
LENSES.



No. 6581.

No. 6581. **The "Excelsior" Rapid Rectilinear Lens,** will meet the wants of the amateur who desires a better lens than the single view lens, and yet at a moderate cost. They are perfectly rectilinear, have great depth of focus and flatness of field, giving brilliant definition. They will be found excellent for landscapes, architectural subjects as well as groups and portraits. They will be fitted with Water House stops or with iris diaphragms. We confidently believe this lens to be the best value of any lens on the market, and equal to many lenses sold at a much higher price.

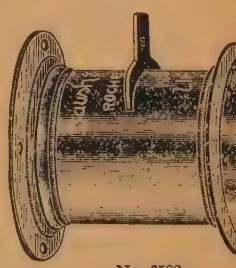
Our aim is to list a line of lenses which will meet with the requirements of the amateur as well as the professional. The selection of the lens is very important, inasmuch as the quality of the work depends largely on the quality of the lens used. A single view lens will do work which will satisfy the average amateur when the conditions are favorable, but for fine work a rapid rectilinear lens should be used.



No. 6580.

No. 6580. **The Single View Lens** although designed for landscape work, will make very good groups and even good portraits. It must be remembered that our descriptions of these lenses is from a professional standpoint, and that a single view lense will give results which will more than please those who have not had a considerable amount of experience.

No. 6582. **Bosh & Lomb Rapid Universal Lenses** are among the best known on the American market and have gained a popularity which we believe is beyond any of their class. They are of the rectilinear compound type, especially adapted to studio work as well as all kinds of outdoor photography. They are in no manner an imitation of any form, but have a construction peculiarly their own, which is the result of years of experiment and practical observation. The glass used in the lens is of unusual hardness and brilliancy with the practical advantage that the lenses are not liable to become scratched or undergo chemical changes. The mountings are of neat design, well finished and carefully centered. Every lens is supplied with morocco cap case and eight stops. Unless otherwise mentioned brass stops will be furnished, but they can be furnished with hard rubber stops, if desired. The hard rubber being very light and especially adapted for the purpose, it is preferred by many.

THE UNIVERSAL DROP SHUTTER.

No. 6600.

No. 6600. The **"Universal"** is a very simple yet effective form of shutter. The slide when released falls of its own weight, and by the use of a rubber band any degree of rapidity may be obtained. The body of the shutter is made of mahogany and is very heavy. A thin strip of rubber is placed on the top of the shutter to lessen the concussion caused by the falling slide. Maximum opening 3 inches. Price with spring release.....85c

Price with buttons, pneumatic release bulb and tube.....$1.15

UNIVERSAL SHUTTER FOR STEREOSCOPIC LENSES.

No. 6601.

No. 6601. This shutter is similar in construction to the universal drop shutter, except for two lenses, and as the slides move horizontally they are moved by a rubber band. Price, each. $1.35

THE WELLER WING SHUTTER.

No. 6502.

No. 6502. The **"Weller Wing" Shutter** is for both time and instantaneous work. We consider it one of the best shutters on the market for either amateurs or professionals. It is very simple in its construction and cannot well get out of order. It works with only a slight jar and is nearly noiseless. It is made to fit on the end of the lens. The maximum opening is 2¼ inches, Each.....$3.30

THE LOW "KAZOO" SHUTTER No. 1.

No. 6603.

No. 6603. The **Low "Kazoo" Shutter No. 1** is made of metal handsomely finished and nickel plated. It is provided with a spring back that will fit any size of lens tube, and is intended to be used on the front end of the lens. It can be instantly changed from time to instantaneous exposures by simply moving the small lever to one side. It gives the correct exposures and requires no setting after either time or instantaneous movement, as it sets itself after every exposure without opening the wings. It is one of the most desirable shutters on the market.

THE LOW "KAZOO" SHUTTER NO. 2.

No. 6604. The **Low "Kazoo" Shutter No. 2** is designed to be placed on the inside of the camera and attached to the front board. It can be operated entirely from the outside of the camera and at any distance away. It can be changed from time to instantaneous exposures by simply pushing in or pulling out a small brass pin which is passed through the front board and into the lens cap. It will balance open for any length of time for focusing. It gives the correct exposures, lighting the drapery or foreground most.

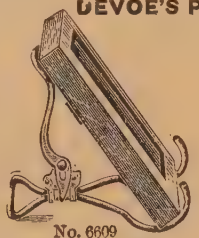
PRINTING FRAMES.



No. 6607.

No. 6607. Our printing frames will be found to be lighter than the ordinary frames, a feature which will be very much appreciated. They are very carefully made and well finished and equally as serviceable as the heavier frames. When printing with film negatives a plain glass should be used on top of the film. The heavier frames can be furnished when desired at a slight advance.

FLASH LAMP.

No. 6630. The **"James" Flash Lamp** is the simplest yet most practical device ever invented for burning flash light powders of all kinds. It dispenses entirely with the use of alcohols gasoline, etc. The powder is ignited with a common parlor match by simply pulling the trigger with the finger when you are ready. The action lights the match which is forced by a spring into the powder in the flash pan exploding it. The charge of powder can be governed to suit the requirements.

Price.....$1.60

No. 6631. The "Perfection" Magazine Flash Lamp is one of the best yet produced for pure magnezium. The magazine when loaded to its full capacity contains powder sufficient for 20 flashes. An instantaneous flash or a continuous flame of light may be produced, thus making the length of exposures to suit the will of the operator. A piece of circular wick saturated with alcohol produces a large flame, which entirely consumes the charge of powder. A mouthpiece and rubber tubing is supplied with each lamp, but a bulb can be attached if preferred. The Perfection lamp is easy of manipulation, extremely simple and the results produced will commend it to all. Price.....$1.80

BURNISHERS.

We list but three styles of burnishers, but have made a careful selection which will fill the requirements of both the professional and the amateur. They are three of the best burnishers on the market for the money, and we take pleasure in recommending them to our customers. We can furnish the old style drag burnishers if desired, but do not recommend them. We can also furnish other styles of burnishers.

THE MODEL DUPLEX BURNISHER.

No. 6655. This is a new machine built to meet the growing demand for a good double roll burnisher in small sizes at lower prices than heretofore offered. It is well made in every detail. The top roll is hinged and the pressure can be quickly and perfectly adjusted, and does its work in a first-class manner. It will be furnished with either oil or gas heater at the same price. Be sure to state which is wanted when you order.

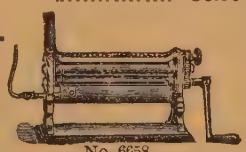
The above in 8 and 10 inch only.

The COLUMBIAN POLISHER



PAT'D

No. 6657. **The Columbian** is the best solid double roll two-cog burnisher ever produced. The rolls do not sweat and the heat is so confined that it does not inconvenience the operator. The fire box for heating the lower roll is a new device with closed bottom and chimney attachment at the opposite end from the crank for conducting the surplus heat. These are the most important improvements for solid two roll machines ever introduced, and does away almost entirely with sweating. It will be furnished with either gasoline or gas heater, which will heat in about half the time required by the oil heater; are more powerful, cleaner, smokeless and in every way more satisfactory than oil. They have automatic spring above the bearings which makes the pressure always uniform and quickly adjusted with one hand wheel. This machine fills all requirements for the professional as well as the amateur.

GLOBE ENAMELER.

No. 6658.

No. 6658. The **Globe Enameler** with quadruplex system of gearing rolls; has Humphrey's patent hollow roll, the advantages of which are as follows:

They heat in three to five minutes, save 75 per cent. of gas, no smoke; either gas or gasoline can be used, gives the finest gloss, does not scratch, rolls never sweat a particle, pictures not liable to stick to the roll or pull off the cards, oil from the journals does not get on the rolls and soil them, the polishing roll does not attract the dust and moisture from the atmosphere and become soiled, as in solid rolls: has a chimney for conducting the heat and creates a circulation of air through the roll, which secures perfect combustion of gas.

"OUR SPECIAL" ARISTOTYPE ALBUMA PRINTING PAPER.

No. 6700.

No. 6700. This paper is the simplest working paper on the market and has many points of superiority over other papers. The film is insoluable, will not soften in warm water, tones in either combined or separate bath, and in any good alkaline bath requires no hardener in the mixing bath or at any other time during manipulation. It prints quickly and tones to any tint with clear whites. The superiority of this paper and the low price commends it to all. The smallest size we list is 3½x3½, but if smaller sizes are desired, you can purchase the most convenient larger size which can be divided to the size you desire.

CELERITE PAPER.

No. 6703. **A new process Matt Surface Paper;** nothing like it or even similar to it in the market; no gelatine, no colodion; uses no gold and no hypo. The results are somewhat similar to those obtained on platinum paper, but are much more preferable. It is almost as simple as making a blue print. It prints in about half the time required for other papers, hence, a great saving of time; makes strong prints from weak negatives, or soft prints from strong ones. Can be toned to suit any taste from sepia to coal black. The prints never curl; always lie flat and can therefore be bound in book form without mounting. The finished prints cost less than any other, except blue prints, and but little more than the latter. No prints produced by the action of light are more permanent, and if you do not continue to use it, you will be a rare exception. Not sold in less quantities than ¼ gross. If smaller sizes than those listed are wanted, get the most convenient size which can be cut in two. The papers will keep in good condition three or four months, or even longer. Prints have been made on paper over six months old that could not be distinguished from those on fresh paper.

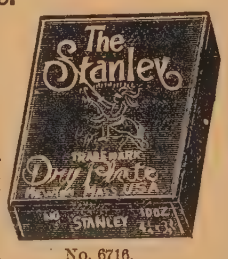
FERRO-PRUSSIATE OR BLUE PAPER.



No. 6705. **Blue Paper** is very easy to manipulate, as it requires no toning. Prints can be made from it very rapidly and no chemicals are necessary. It is merely printed for about 10 minutes in the sunlight and then washed thoroughly in clean water. It will retain its sensitiveness longer than any other paper, and full instructions for working accompanies each package. It is a good paper for beginners for printing landscapes, etc. The prints are in blue on white, put up in light proof packages of 24 sheets.

DRY PLATES.
The "Stanley" and "Wuestner New Eagle."

No. 6715.

No. 6716.

No. 6715-16. In the following list we quote both the Stanley and the Wuestner New Eagle. The Stanley plates are made in sensitometers, both No. 35 and No. 50, of which the 35 is medium and 50 is rapid. The Stanley plates have an enviable reputation among the leading photographers, who consider them among the best plates for portrait work, flashlight and out-door photography, and amateurs find them to give most excellent results for snap shots and short exposures. If used according to instructions they are guaranteed to give the best results. We carry a very large stock of the Stanley plates, and it will be seldom that we will not be able to fill orders the same day they are received. The Wuestner New Eagle plates are made in sensitometers, "Jersey Beauties XX," medium for landscape and general viewing and "Cyclones XXX" for snap shots, quick studio work or flashlight. If you do not state which we should send we will use our best judgment. Please state in your order whether we may substitute or not, provided we happen to be out of the particular brand you order.

WUESTNER NEW EAGLE "ORTHOCHROMATIC" AND "IMPERIAL NON-HALATION" PLATES.

No. 6716. The **Orthochromatic** plates are especially valuable by reason of their being sensitive to yellow, red and green, which makes them particularly adapted to the photographing of oil paintings, water colors and general landscape photography. They are guaranteed to keep for years. The **Imperial Non-halation** are patented and are of value for all interior work, and especially wherever halation is present, such as photographing machinery, silverware, signs, etc.

No. 6731. **Anti Tache** is an article which will be appreciated by all. It prevents the fingers and nails from becoming stained, and the hands from becoming rough and chapped. It is perfectly harmless, antiseptic and condensed. The emulsion is of a rose tint, and forms an absolute protection to the hands against the action of any developer, toner or acid solution. It renders the hands impervious to all, whether hypo, metol, silver, iron or acid stains. Its action on the skin is softening, healing and cleansing and it will not contaminate with the most delicate solution.

MOREHOUSE PHOTOGRAPH ALBUMS.

For Mounted or Unmounted Photographs.

The **Morehouse Album** furnishes a very desirable means of preserving pictures and has several advantages over other albums.

The first number is for unmounted photos. The leaves are full size and prints can be mounted on the leaves instead of on cards. It is desirable with medium sized prints to select a size which is large enough to mount two on a page. It affords a precaution against those who are inclined to take photographs from a collection, which is often very annoying. Leaves can be taken out or put in when desired, as the extensions are adjustable. As many as 50 or 60 leaves may be put in without injuring the appearance of the book.

No. 6870. **Album for Mounted Photographs.** These books are furnished with 25 gummed stubs to which the already mounted photographs can be attached. The stubs being gummed, all that is necessary to be done is to moisten them and attach to the mounts to form a perfect leaf which will fit neatly in the album.

CARD MOUNTS.

Card Mounts are the cards on which the print is pasted after having been toned and finished. A photo is very much improved in appearance by a neat and pretty card mount. Card mounts are put up by the manufacturers in packages of 25 each, and we cannot

sell less than that number. On Nos. 6875 to 6878 we give the outside measurement only. It will be necessary to order the cards a little larger than the prints you wish to mount, Photographers should use their own judgment as to the amount of margin, but it will be found that a liberal margin always looks best. Professionals are now leaving much larger margins than formerly.

MANTELLO CARD MOUNTS.

No. 6880. **Mantello Card Mounts** are the latest and most stylish mount on the market. We furnish them in both gray and white. They have raised center with an embossed or matted border, are heavy and of fine quality and improve very largely the appearance

of the pictures. This style card mount is now being almost exclusively used by the leading professional photographers. We recommend the gray as being most desirable, as it is not easily soiled and the tint seems to harmonize with the picture much better than the white. Try the gray and we believe you will be well pleased.

DEVELOPING OUTFITS.

For the benefit of those who are not familiar with photography, and who are at a loss to know what they should have, will say that a complete outfit for finish-

ing photographs in addition to the camera consists of the following items:

A ruby lamp for the dark room.
Trays for developing and toning (three).
Glass graduate for measuring liquids.
Printing frame.
Developing solution.
Toning solution.

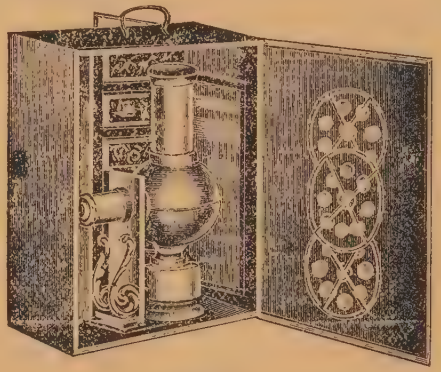
MAGIC LANTERNS.

The magic lantern is an optical instrument by which transparent views made on small plates of glass are illuminated by means of condensed light, and are projected on the surface of the wall or screen, and thus made visible as enlarged images, and may be viewed by large crowds of spectators. The origin of the magic lantern, like that of many other useful inventions is unknown. It has been claimed that the priests of ancient Egypt used such instruments to further mystify their religion. The first authentic account of them dates back about 300 years, and even though they must at that time have been a very rude and primitive affair, the revelations appeared so marvelous to the uneducated people of that period that the instrument was named "Magic Lantern." For centuries afterwards it was regarded as a toy for the amusement of children; but eventually its value as an educational adjunct and a source of intelligent entertainment was recognized, which has resulted in the perfecting of the apparatus, until now the magic lantern has been elevated to the position of a scientific and popular instrument of vast and varied utility.



TERMS OF SHIPMENT.

Magic Lantern Slides, etc., will be sent C. O. D. when desired. Orders amounting to $15.00 or less will be sent on receipt of $1.00 with order as guarantee of good faith. With orders amounting to over $15.00 will require $2.00 with the order. **Magic Lanterns cannot be returned for exchange** after they have been used, for even though they have been used but little they are second-hand and we have no means of disposing of second-hand goods. This rule, however, does not refer to any goods which might be defective. We guarantee all of our goods to give entire satisfaction.

We recommend that you send cash in full with your order and save both the return charges on the money and the cash discount of 3 per cent.

Juvenile Magic Lanterns and Outfit.

We believe that money cannot be spent to better advantage for the amusement of children than for a magic lantern and outfit. They derive a great deal of pleasure from giving magic lantern exhibitions, posting circulars, and all of the detail connected with an amateur entertainment.

"BRILLIANT" MAGIC LANTERN SLIDES.

No. 61041. The cheapest outfit of slides for amateurs' lanterns on the market. These are transparencies printed on mica, giving a class of pictures never before offered in anything but high priced slides; they are two inches wide and are substantially bound with metal, and so perfectly transparent that low priced lanterns will show them up with a great brilliancy. They can be used in any lanterns that will take slides two inches in diameter or larger, but when used with larger lanterns they must be used with a carrier, which can easily be made of pasteboard or light wood, so as to center them before the lenses. Each series consists of 12 slides, with three pictures on each slide, making 36 views in all.

Series A—Noted places around the World, 36 views, per set.....50c

Series M—American and Foreign Scenery, 36 views, per set.....50c

Series H—Bible Views, spirited drawings from the Old and New Testaments, 36 views, per set.....50c

THE POLYOPTICON.

No. 61050 Is a wonderful invention by which views from newspapers, magazines, portraits, photographs, cromo cards in all colors, flowers, etc., can be thrown upon a screen in the parlor and enlarged about 400 times One is always finding cuts in magazines or pictures on cards that would make a pretty parlor exhibition if they could only be thrown upon a sheet by some means that would not be too complicated or costly. In the invention of the polyopticon this problem has been solved. It throws pictures upon a screen or wall four to five feet in diameter.

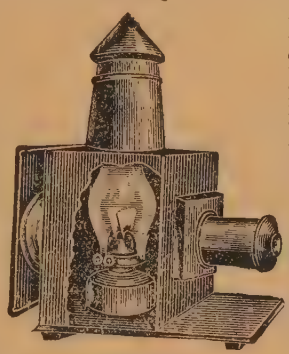
The instrument consists mainly of two wooden boxes, with highly polished nickel plated brass reflector, lamp and burner, large lens, and a door so swung that the exhibition of pictures, when properly cut and mounted, is very convenient and speedy. The wooden boxes are preferable to metal for this reason that they do not become too hot to handle; there are special means for ventilating and cooling not possessed by any other magic lantern apparatus.

Polyopticon parties are becoming very popular in both city and country. Each guest will bring with him a few of the ordinary advertising cards and a photograph, or natural flowers, whereby an entire change of views can be seen every evening.

Over 100 plain pictures are furnished with each Polyopticon, thus affording a number of diversified subjects for immediate use, including, Around the World in 80 sights; Bible pictures (Old and New Testaments), Ancient and Modern Statues, Portraits of Prominent Persons, Illustrations from Robinson Crusoe, Illustrations of a Temperance Lecture, Comical German figures in Procession, Silhouettes, Animals, Insects, Fishes, Birds, Comic Scenes, Balloons, Transformations, etc.

Price of the Polyopticon and 100 pictures, complete, each $4.40. Weight, complete, about, 3½ lbs.

Extra pictures (series No. 2 or 3), colored, over 100 different subjects, each series.....50c



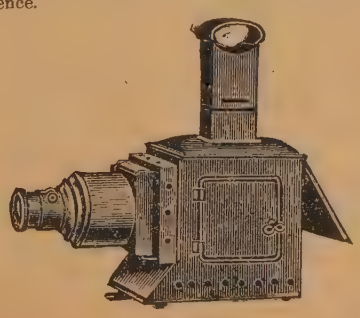
PROFESSIONAL MAGIC LANTERNS.

Magic Lanterns are now being used for the purpose of illustrating lectures, showing up foreign and domestic scenery, by Sunday schools, for illustrating Bible scenes, by secret societies for illustrating the different signs of the order together with the history of the same, by colleges for illustrating scientic views, miscoscopic pictures, by both the amateur and professional theatrical companies and in fact its use is almost unlimited. There is in every locality an opening for someone to do a good business in giving exhibitions in the way of public entertainments to Sunday-schools, churches, families, etc. They are usually given on the shares for the use of the hall, church or Sunday school room. There is practically no expense connected with the business and it is very remunerative.

As a means of raising funds for Churches, Sunday schools, etc., we know of no better method than by giving magic lantern exhibitions, and the nature of the views used can be strictly in accordance with the ideas of the congregation.

We are at all times ready to give suggestions or information to those about to engage in the business, and all questions will be cheerfully answered by a thoroughly competent person.

All professional lanterns are quoted without slides. Slides must be purchased extra, and will be found listed after the magic lanterns.

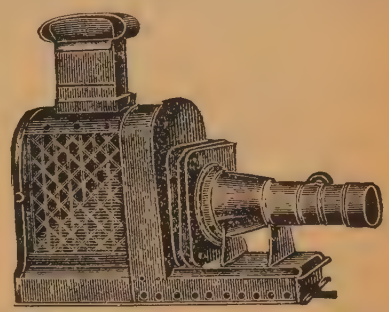


No. 61075

No. 61075. **The Duplex Lantern**, while low in price, combines good quality and simplicity in construction. It is made of metal, with japanned body 6x8 inches square and is mounted on a neat walnut base 7x14 inches. It is provided with an improved duplex lamp using kerosene oil, and one first quality 3½-inch plano-convex condensing lens. One first quality double object glass which will admit any of the standard size professional slides listed further on and will enlarge the slides to 5 feet in diameter. Price complete without slides.....$9.50

No. 61076. A pair of No. 61075 lanterns arranged together on one large base for dissolving views. Price complete.....$19.50

A dissolving view apparatus consists of two magic lanterns similar in construction, magnifying power, etc., and so placed that the views projected from both will cover exactly the same disc on the screen. By a simple device which is furnished with the lantern and called a dissolver the views proceeding from one lantern is gradually blended or dissolved into that proceeding from the other lantern; one view fades away and the other replaces it, the screen never being vacant and no handling of the views being perceived by the audience.

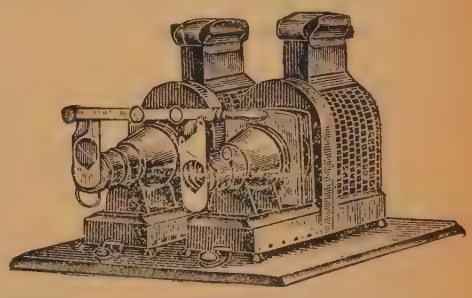


No. 61080.

No. 61080. **Ajax Magic Lantern**, is made of sheet iron; has a pair of 4-inch plano-convex condensing lenses mounted in a cell; has achromatic object lenses with rack and pinion for adjustment of focus, first quality three-wick lamp, sheet iron carrying case; is good quality throughout and will give excellent satisfaction. Price complete without views.....$15.00

No. 61085. **The Imperial Sciopticon** (similar to the Ajax) is made of Russian sheet iron, has extension fronts with brass hood, which shuts off all reflected and diffused light, spring clip for holding carrier with slide, patent Tri-unial lamp, the light of which is intensely white, the flame is regulated by an opening in the rear of the lantern through a tinted glass, which avoids confusing the sight, giving a picture about 10 feet in diameter. Has fine achromatic objective lenses, with rack and pinion for adjustment of focus; a pair of 4-inch plano-convex condensing lenses mounted in brass, adjusted to heat and cold (contraction and expansion). Packed in a neat Russian sheet iron case, which can be used as a stand for the lantern. Price complete without views.....$20.00

NOTE--The above lantern can be furnished in matched pairs for dissolving views if desired. Prices quoted on application.

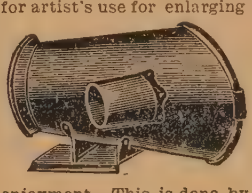


No. 61090. **The Peerless Sciopticon with Peerless Tri-Unial Lamp.** A most excellent lamp for public entertainment, army posts, societies, Sunday schools, etc. The Peerless is made of Russian sheet iron, has double body--the outer one being perforated to avoid heating. Extention front, with nickel plated hood which shuts off all diffused light, spring clip for holding carrier for slide; has patent tri-unial lamp—the light of which is intensely white. The flame is regulated by an opening in the rear of the lantern—

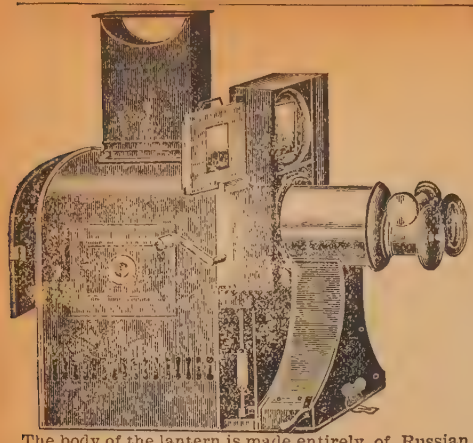
through a tinted glass which avoids confusing the eyesight, and gives a uniform 10-foot sharp cut picture at a distance of about 18 feet from the screen. Has fine Achromatic Objective Lenses, with rack and pinion and adjustment for focus: a pair of 4-inch plano-convex condensing lenses for condensing the light upon the view, mounted in brass. The mounting for the condensing lenses is adjusted to heat and cold (expansion and contraction) which is a safeguard against possible breakage of lenses. The lantern is packed in a neat Russian sheet iron case, with rack which can be used as a stand for the lantern. Price, complete, without views, each.....$27.50

NOTE.—The above lantern, with opaque attachment No. 61092, is very extensively used by photographers for enlarging crayon portraits.

No. 61091. A pair of Peerless Sciopticons, with tri-unial

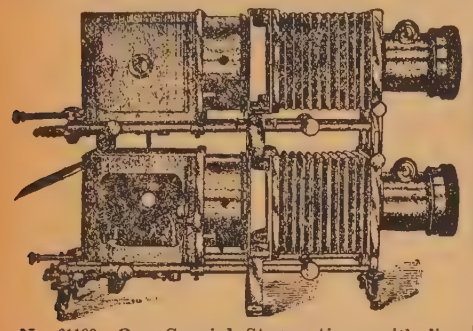


lamps mounted on wooden platform, with dissolving apparatus for dissolving views. Price, complete $60.00



For explanation of dissolving view apparatus, see note following No. 61076.

OPAQUE ATTACHMENT.



No. 61092. A newly constructed apparatus which makes a very excellent accessory to lantern No. 61090, for parlor entertainments and class instructions: also for artist's use for enlarging photographs to life size, for crayon and portrait drawing, also for architects, draughtsmen and civil engineers. For obtaining working drawings of increased size, engravings, illustrations, watch movements, coins, medals, flowers, etc., can be shown affording an inexhaustible source of enjoyment. This is done by reflected light from the object, but does not however, equal in brilliancy that of the transparent glass magic lantern views. Price, each.....$4.75

No. 61098. The **Metamorphoser**, a new patented lantern by which are produced dissolving effects from the one single lantern. This effect is accomplished by means of a double carrier which works vertically—changing one view for the other—without any interval between, and is operated by means of a lever. This enables one view after another to be shown, thus dispensing with the unsightly disc of light seen on the screen while changing the slides in an ordinary lantern.

The body of the lantern is made entirely of Russian iron and riveted throughout with copper rivets and the front tube and sliding O. G. tube for the lenses of solid brass beautifully finished and lacquered. The lantern is fitted with a 4-inch compound condensing lens mounted in a brass cell (two plano-convex lenses) and a one-fourth plate portrait lense front with specially large sized lenses in the back combination (thus giving greater light) and has double pinion to the rack attachment. It has also a high-grade 4-wick lamp with wicks 2 inches wide (placed to form two wedges like the letter "W" (M) inverted. thus preventing the flicker of the wicks seen on the screen when they are parallel to one another) and the tall jointed Russian iron chimney with a large oil can and filler; the oil can when not in use fits into the chimney, and the chimney then slides into the lantern body underneath the lamp, thus making the box into which the lantern is packed as small as possible. (Size 6x11½x15 inches.) Price for this most excellent lantern complete without views. Each.....**$45.00**

No. 61100. **Our Special Stereopticon** with lime light apparatus for using hydro-oxygen gasses. (Can also be used with lamps.) In response to the general demand for a cheaper instrument for use with hydro-oxygen gasses we have been induced to make special arrangements whereby we could furnish our patrons with an apparatus not only for less money than they have heretofore been sold, but one which we could guarantee in every respect.

In our Special Stereopticon we have included all of the good features of the higher-priced instruments and are in a position to offer an outfit which we can guarantee to give entire satisfaction. One of the special features of this lantern is the leather bellows with the sliding telescope frame arrangement which enables the lantern to be packed in a very small space. It has 4¾ inch condensing lenses of the best grade. The objective or front lenses are made by Darlot, of Paris. The jets are of brass with stop cocks and mechanical lime movement for revolving the limes. Price complete, including medium pressure dissolving key for using gasses from bags.....**$98.00**

NOTE.—In the above lantern the dissolving effect is accomplished with the dissolving key which gradually extinguishes the light from one lantern while the light in the other lantern at the same time develops until one has been so far extinguished that only a blue flame remains, which gives no light and the other is turned out in full.

GAS MAKING OUTFIT.

No. 61101. For a complete gas-making apparatus including bags for holding the gasses, the generating outfit, etc., ready for use, add to the above price $67.50. The production of gas for these outfits is very simple and costs but a few cents for the light of an evening's entertainment. The light from a gas outfit is intensely white and approaches nearest in intensity to an electric arc light.

Lime light is used almost exclusively in the fancy stage effects in the theatres. For further details on limelight outfits, professional views, etc., see our Special Magic Lantern Catalogue.

CONDENSING LENSES FOR MAGIC LANTERNS.

Condensing lenses are those which are used between the light and the view for condensing the light for the purpose of increasing the intensity.

Quotations furnished on larger sized screens if desired.

LECTURER'S LAMP.

This lamp throws a sufficient amount of light for reading the lectures accompanying the views, and is so arranged that it will not illuminate the hall so as to interfere with the brilliancy of the views on the screen. Price complete .**$2.25**

BOOK OF THE LANTERN.

No. 61168, No. 61168. This book is a very valuable assistant to anyone expecting to engage in the business or giving magic lantern entertainments. It gives full and precise directions for making and coloring lantern slides and manipulating the magic lantern, the size, appearance and value of the different lenses both condensing and objective in a business like way without being superficial. The book is written in such a way as to interest those who have a slight knowledge of the subject and without being too technical it gives a practical explanation of the minute details of construction and operation.
Price each.....**$1.80**

SLIDES OR VIEWS FOR MAGIC LANTERN AND STEREOPTICONS.

The regular size of slides for use in the Standard Magic Lantern is 3¼x4 inches, one view on each slide; but we have recently made arrangements whereby we are able to offer a very desirable collection of slides, known as the Gem Slides which have three views on each slide and we can sell the slides at 45 cents each. This reduces the price of each view to 15 cents, while the regular slides cost 45 cents for each view. The Gem slides are 2½ inches wide by 8 inches long and each slide has three views each 2 inches in diameter. The quality of the views is beyond question and they will make a picture on a screen two-thirds as large as the regular 3¼x4 inch slides and they are suitable for use in any lantern having a slide stage not less than the width of the slide which is 2½ inches.

The list of Gem Slides comprises illustrations from Natural Scenery, History, Comic, Statuary, Temperance, the Bible, Anatomy, Astronomy, etc., topics of educational and special interest. They appeal particularly to lantern exhibitors who do not aspire to exhibiting on a large scale, to Schools, Sunday schools, amateurs and the home circle. We cannot guarantee the price to remain at 45 cents; it is liable to advance at any time.

We quote herewith a list with abridged descriptions of the Gem Slides. For detailed list, see our Special Catalogue on Magic Lanterns.

LECTURE SETS.

Our lecture sets consist of choice photographs used in carriers, each set accompanied by an interesting descriptive lecture. To render an exhibition thoroughly enjoyable a proper description of the views presented to the audience is an absolute necessity, and to obtain the exact information requires access to extensive libraries, books of travel, etc., beyond the reach of many. The following sets of views have therefore been arranged with an interesting lecture for each set covering the points of historical or other information necessary for the proper information of each view used, thus enabling a lecturer to go before an audience and fully describe the various scenes intelligently. Each view is on a slide 3¼x4 with a protecting or covered glass both sealed together and can be used in any of the carriers for any of the professional lanterns.

CHROMATROPES OR ARTIFICIAL FIRE-WORKS.

These slides are singularly curious, the effect being very similar to that of the kaleidoscope. The pictures are produced by brilliant designs painted upon two circular glasses, and the glasses made to rotate in different directions. An endless variety of changes in the patterns are caused by turning the wheel—sometimes slowly, then quickly—backward and forward. Size, 4 inches wide.

GRAPHOPHONES OR TALKING MACHINES.

A Graphophone Exhibition.

You can hear in your own home all of the latest songs, instrumental music, speeches, etc., from the best artists in the metropolitan cities. The Graphophone or Talking Machine is a most wonderful invention, but until recently the prices were so high that their use has not become very general. All this is now changed and they are becoming so popular that thousands of private families are purchasing them for home entertainment. They also afford a most excellent means for money making by traveling from place to place and giving public exhibitions. By using the horn they can be distinctly heard in every part of a large hall. An outfit with records complete for an evenings entertainment can be purchased for a small amount of money. We list here but one style of machine, but the coin-in-the-slot machines as well as a large variety of records, etc., will be found listed in our special phonograph catalogue, which will be sent on application.

Graphophones, records, etc., will be sent C. O. D. when desired, on receipt of $2.00 with order as a guarantee of good faith. The balance can be paid at the express office after having examined the goods, but we advise sending the full amount of cash and save the 3 per cent. discount, also the return charges on the money.

OUR HOME ENTERTAINMENT OR EXHIBITION OUTFIT.

No. 6400. **Our Home Entertainment or Exhibition Outfit** consists of the following pieces:
One graphophone talking machine and oak carrying case, one recording diaphragm, one automatic extra loud reproducing diaphragm, one speaking tube, one bottle of oil and one screw driver, complete....$25.00
12 Musical and Talking Records, your own selection..... 6.00
1 Hearing Tube for three persons..... 3.00
1 Small Horn for concert work..... 1.00

Price of outfit complete.....$35.00

On the complete outfit we will allow a special discount of three per cent. for cash in full with order. The above machine is so much simplified that anyone can operate it. The motor is a very simple arrangement which is wound up by a detachable crank in a similar manner to a musical box. The cover is fastened by safety hooks, and when attached makes a complete carrying case with handle. An instruction book accompanies each outfit, and they are guaranteed to give entire satisfaction. The recording diaphragm can be used to make any records desired, which can be made on blanks furnished for the purpose. Any of the records can be shaved off many times and others put on.

CARRYING CASE.

No. 6445. **Canvas Carrying Case,** for holding 36 records. Each.....$5.00
No. 6447. Blank Cylinder, made of wax, for the phonograph or graphophone. Each..... 20c
No. 6448. Same as above, but prepared for recording music. Each..... 25c
No. 6449. **The Bijou.** A new shaving device for shaving off old records to prepare them for new. Each..... $5.00

MUSICAL AND OTHER RECORDS READY PREPARED.

We have a large list of records, including the latest songs, instrumental music, dances, speeches, etc., but for want of space will list but a few of them.
Those who are interested should send for our special phonograph catalogue if a larger selection is wanted than the list following.
The list of records we quote here includes the latest and best pieces, and we would advise that you either make your first selection from the same or leave it to us and we will select for you.
Price 50 cents each. A special discount of 5 per cent. will be allowed when ordered in lots of one dozen or more. This is in addition to the 3 per cent. discount for cash with order.

OUR ORGAN AND PIANO DEPARTMENT.

Our aim is to put high grade Organs and Pianos on the market at less money than they can be sold to any other concern. **To furnish our customers** strictly high grade instruments at less money than the retail dealer can buy, and for far less money than other catalogue houses quote them. **In order to do this** we have contracted with two of the largest makers in the country for their entire output of high grade **organs and pianos. Our organs and pianos** should not be classed with the cheap, poorly constructed instruments which are being so extensively advertised, but we do invite a close comparison of our instruments with any of the high class standard makes in the market. **We build them on honor, send them out on trial, send a most binding ten years' guarantee, and for quality, beauty, style and price, WE DEFY COMPETITION.**

OUR SPECIAL TERMS AND CONDITIONS OF SHIPMENT

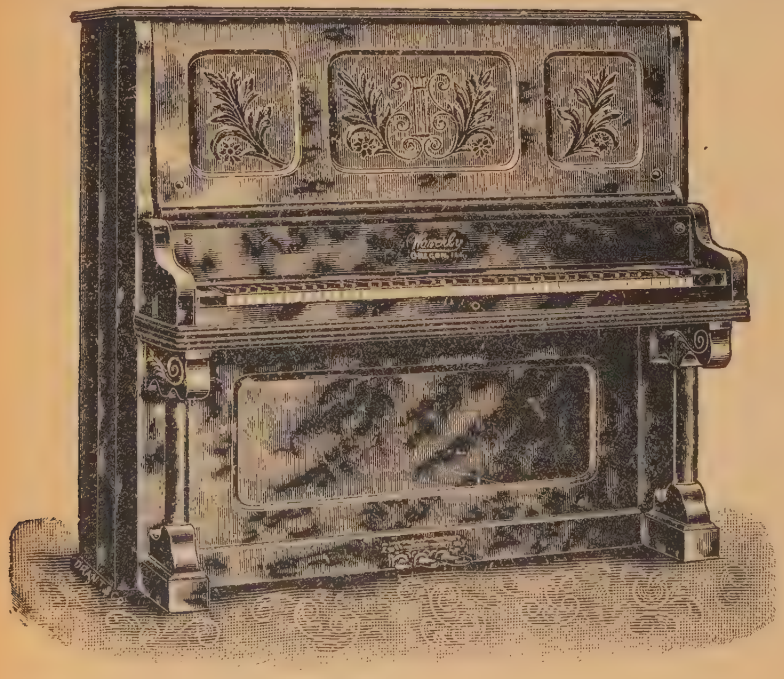
We have so much confidence in the excellency of our instruments, and we are so anxious you should compare them with any instrument you can buy elsewhere, **WE MAKE THIS MOST EXTRAORDINARY OFFER. Send us $10.00 with your order** as a guarantee of good faith, and we will send any **organ or piano** to you by freight; you can examine the instrument at the depot, and if found perfectly satisfactory and exactly as represented pay the agent our price and freight charges, less the $10.00 sent with order. If not satisfactory, **return it at our expense,** and we will refund your $10.00. **After 30 days' trial,** if you become dissatisfied with the instrument, return it at our expense and we will refund your money. **STILL ANOTHER OFFER.** Deposit with your banker the price of instrument wanted, take his receipt which should read as follows:

Received from Mr. ....., ... Dollars in payment for one of Sears, Roebuck & Co.'s ..... I agree to hold this money until instrument has been received by Mr. ..... and he has had fifteen days' trial, when I shall forward the amount to Sears, Roebuck & Co., unless in the meantime Mr. ..... returns the instrument to Sears, Roebuck & Co., and presents railroad company's bill of lading for same to me. when I shall return all money to Mr. .....

Banker Signs Name Here.

Send this receipt to us. We will then ship the instrument direct to you, your banker will hold the money deposited fifteen days after arrival of instrument, during which time you can give it a thorough trial and if you are not in every way satisfied you can return the instrument to us, present the railroad company's receipt to your banker and he will refund all your money. **THREE PER CENT. CASH DISCOUNT.** We allow a discount of three per cent. if cash in full accompanies your order. **If** you send the full amount of cash with your order you may deduct three per cent. from our prices. **The best way** is to send cash in full with your order, for you not **only save** the three per cent. discount, but you save all trouble of making arrangements at your bank, and you save return charges on money to us if sent C. O. D. **Nearly all our customers send cash in full,** and take advantage of the three per cent. cash discount. **Yot take no risk,** for we will immediately refund your **money** if you are not perfectly satisfied.

OUR BINDING TEN YEARS' GUARANTEE. The longest, strongest and most binding guarantee given with **any** instrument, is sent with **every** instrument we sell. During the ten years if any piece or part gives out by reason of defect of material or workmanship, we will replace it **free of charge.**



ABOUT THE FREIGHT. In the introductory pages of this catalogue we quote a schedule of rates per hundred pounds by freight to various points in **every** state and territory. As the shipping weights are given with each instrument, you can readily estimate just what the freight will be. You will find that the transportation **charges** are a very small item and not worth considering when you think of the 30, 40 or 50 per cent. we save you in the price of the instrument. Pianos and organs **are accepted** by the railroad companies as first-class freight.

THE SEARS, ROEBUCK & CO.'S PIANOS

Are instruments of great solidity, every part being thoroughly and honestly made. **The tone** is powerful, yet full, rich and sonorous. **Our cases** are double veneered **and** of very finest select hardwood, thoroughly kiln dried and seasoned. **Our pianos** contain full iron frame, covering the wrist plank, with the exception of the space **occupied** by the tuning pins. Our wrist plank is made of rock maple composed of a number of layers, with the grain running diagonally, which insures the piano keeping **in** tune. **The back** is of hardwood, containing six posts four inches square, each post being made of two pieces so glued together that the grains run different ways, which **insures** strength and solidity. **The action** is finely constructed, containing the best felts and materials to be had. It is double repeating, and regulated with a view of **giving** the piano a light, easy touch, so much desired by artistic players. **Only the most skilled labor** is employed, and the material used is the very best money **can buy. There is no piano more honestly made,** and wherever one of our pianos go people will have no other.

OUR $125.00 S., R. & CO., SPECIAL PIANO. || YOU CAN'T DUPLICATE IT FOR LESS THAN $300.00.

We send the piano to any address on receipt of $10.00, balance to be paid after piano is received. **We will ship piano to any address** on fifteen days' trial, if $125.00 is deposited in your bank. (See terms and special offer above.) **Three per cent. discount** or $121.25 pays for the piano if cash in full accompanies your **order. We refund your money** if you are not perfectly satisfied. **Our binding ten years' guarantee** goes with every piano. This piano is **very large and showy.** Height, 4 feet 8½ inches; width, 2 feet 3½ inches; length, 5 feet 3 inches; **weight, 800 pounds.** See the rate per 100 pounds for 1st class freight to points in **your** state. Multiply the rate per 100 pounds by 8 and you have the amount of freight on this piano to your place.

Description of our No. 75, $38.95 Organ.

In putting this design on the market we do so to fill the demands of people who cannot afford to pay for our more elaborately designed organs, and yet insist on an organ with our superior action at a low price. The style of this case is entirely constructed with a view towards making a very presentable appearance, yet being inexpensive in the cost of the construction. To do this we are compelled to employ the latest, greatest labor-saving machinery, in the possession of which we lead all other factories. The case is made of Solid Oak or Walnut Lumber, thoroughly seasoned, handsomely carved, and finished with three coats of varnish and hand-rubbed in oil. The action is the same as in our most costly cases, made up of the best wires, leather, felts, etc.

Bellows are made of the best rubber cloth, and of three-ply bellow stock, and the finest sheep-skin leather in the valves.

Among the fittings of this organ you will find Bevel Face Celluloid Stop Knobs, Nickel Plated Pedal Frames, with best Brussels Carpets, Casters, Extension Lamp Shelf and Handles.

No. 75. Action 580, 5 Octaves. Contains 4 sets of Reeds, two of three Octaves, two of two Octaves each. Eleven (11) Stops, as follows: Diapason, Principal, Dulciana, Melodia, Celeste Cremona, Bass Coupler, Treble Coupler, Diapason Forte, Principal Forte, Vox Humana; 122 Reeds.

$41.50 BUYS A $100.00 PARLOR ORGAN.

This organ retails at $100.00 to $125.00. For elegance of design, finish and durability you will find no organ equal to our S., R. & Co. instruments. A 10-years' guarantee with every organ. Your choice, Solid Antique Oak, Quartered, or Black Walnut.

Dimensions: Height, 77 inches; length, 42 inches: depth, 23 inches. Weight, boxed for shipping, 400 pounds.

Our special price, $41.50. Stool and instruction book free.

Description of Our No. 78, $51.00 Parlor Organ.

In putting this design on the market the manufacturers realize that their conception of the ornamentation is entirely novel, and different from what has ever been produced in an organ before, and yet at the time of this writing, wherever it has been shown, it produced the greatest enthusiasm and approval. Nothing has ever been received with such favor. Description—The case is made in such a manner that its construction will be approved and admired by the most critical cabinet maker. The ends are paneled like those of the most costly piano, and the entire front or every large surface is paneled, which makes it impossible for any part to crack or warp, and gives it besides the most imposing appearance. The scroll work and carving is of the latest aesthetic design. The top for solidity is built on the same principle as the base, the beautiful canopy—which is a work of art and an ornamentation anywhere—is securely fastened to the paneled back and held by heavy pillars which are firmly secured on a very heavy base. The shelf which surrounds the French Plate Mirror is such that it harmonizes with the design throughout. The panels in the top are deeply carved, in fact all our ornamentation is cut into the wood. We have no "pressed" figures as are commonly used in organs because they are cheaper. This, as in the materials and construction of the interior, is of the highest grade obtainable. No cheapening will be considered. Our policy is to improve. The action is the feature to which we always point with pride. Through our especial facilities we are enabled to make it in such a way that it never varies in perfection. No two organs of the same grade have ever been found to vary in tone and effect. The felts, leather and wires we use are unequaled. The bellows are made of the best rubber cloth and three-ply built up stock, and are made after our improved system, which necessitates the least possible physical energy to operate the organ. The tone which these improved features develop is of the richest order, With the Dulciana and Cremona stops only in use you have a tone so soft, yet clear and distinct, so sweet that it suggests ethereal voices. Then add the various more powerful stops and you eventually reach the climax of a volume of music which in its power, beauty and grandeur have never been equaled. **No. 78 Action. 5 Octaves** Contains 4 sets of Reeds, two of three Octaves, two of two Octaves each. Eleven (11) Stops, as follows: Diapason, Principal, Dulciana, Melodia, Celeste, Cremona, Bass Coupler, Treble Coupler, Diapason Forte, Principal Forte, Vox Humana; 122 Reeds. Price, **$51.00. DESCRIPTION OF OUR NO. 80 HIGHEST GRADE ORGAN.

The illustration of this style proves it to be a Case of the richest design, having an appearance of massiveness and solidity, yet being in accordance with good taste in its entirety. The raised carving and turning is of the heaviest order, the scroll work in the frets is of that peculiar pattern that harmonizes so well with the style of carving that we employ. It will be easily noticeable that every line of architecture of this Case has something in common with the others. The greatest feature of our Cases is their finish, on which is used three coats of the **best piano varnish and hand rubbed in oil,** giving it that superior finish found on pianos. The action, as in all our Organs, consists of the best grade of Reeds, Felts, Leathers, etc., obtainable, and are made only by highly experienced men, who produce the most accurate workmanship, for which the best results alone are responsible. The bellows are made of the best rubber cloth and three-ply built-up stock, and are made after our improved system, which necessitates the least possible energy to operate the Organ. These organs are fitted with a 10x16 inch Bevel French Plate Mirrror and Bevel Faced Celluloid Stop Knobs, Nickel Plated Pedal Frames, Best Brussels Carpet and Extension Lamp Shelf.

The back is perfectly finished with handsome panels and fancy open fret work and presents a rich appearance. Height, 4 feet 2 inches; length, 3 feet 8 inches; depth, 2 feet. Weight, 300 pounds.

DESCRIPTION.—OUR NEW $36.90 ORGAN.

In this Chapel Organ we present a style that being simple in design, should lack neither in dignity nor in a presentable appearance for any surrounding for which a Church Organ would be appropriate, and our assurance that we have succeeded, is attested to by the increasing demand for this particular style. Though its popularity is attributable in part to its outward appearance, yet most is due to the superior construction and finish of the action, which possesses properties that make a tone of the greatest delicacy, power and expression, and an almost perfect imitation of the small pipe organ, for which it has often been found a most satisfactory substitute. The case is made of solid Oak or Walnut lumber, thoroughly seasoned, handsomely carved, and finished on all sides with three coats of varnish and hand-rubbed in oil. The action is made of the best Wire, Leather, Felt, etc. Bellows are made of the best Rubber Cloth and three-ply built-up stock, and are made after our improved system, which necessitates the least possible physical energy to operate the organ. Among the fittings will be found Bevel faced Celluloid Stop Knobs, Nickel Plated Pedal Frames, with best Brussels Carpet, Extension Lamp Shelf and Handles.

Musical Goods Department.

No Department in our vast establishment has grown more rapidly in popular favor than that of musical instruments. Under the **supervision of a competent and experienced manager,** our trade in this line has been cared for with the **greatest satisfaction** to ourselves and **our customers.** No better evidence of this fact exists than the second, third and constant orders from the same customer and orders from entirely new customers who have seen our goods in the hands of friends and neighbors. We have included in this department an assortment of musical instruments that positively has no equal for quality, cheapness and variety. We are better prepared than any other house in existence to serve you, not only by furnishing the best goods at the lowest prices, but we offer an assortment from which all tastes may be satisfied. Our terms are the most liberal of any. We are ready and willing and anxious that prospective purchasers may be sure of getting just the instruments they want. By our fair and easy C. O. D., subject to examination plan you may be sure of securing just the article that will suit you. Except when otherwise specified we will ship any instrument to any one, any where, C. O. D., subject to examination and approval, on receipt of $1 with order as a gurantee of good faith. You can examine the instrument at the express office, and if it is to your entire liking you can pay the agent the balance due, with charges, and the instrument is yours. Otherwise it can be returned to us and money will be refunded less express charges. Furthermore, in order that there may be the most entire satisfaction we shall allow you to return any instrument to us prepaid after five days' careful trial if you find that it does not meet your requirements.

Bear in mind three facts: Fact 1—All the instruments and sundries are imported by us directly from European manufacturers or purchased by us direct from the most reliable American manufacturers, and purchasers may rest assured that they are getting only the very finest goods it is possible to produce. Fact 2—Our prices are based on our one small profit plan, direct from manufacturer to consumer, and you own the goods at about what the retailer himself pays. Fact 3—Our terms are most liberal. We give you the same chance that the retailer does to see and examine the goods before paying for them. These three facts make it very plain that nowhere else can you get invariably select goods, nowhere else can you secure such low prices and nowhere else can you avail yourself of such fair and liberal terms.

☞Remember, we allow a discount of 3 per cent. where cash in full accompanies order. It is better to send full cash, as you save the 3 per cent., besides the express company's charge for returning money to us. Our guarantee on the goods is just the same, and any article not satisfactory may be returned and money refunded.

☞The line of musical merchandise is so enormous that even with the space allotted for same in this catalogue we cannot list everything. If you do not find just what you want quoted herein write us. We shall be pleased to give you net wholesale prices.

Violins.

We can sell a violin for 44 cents, but we would not accept an order for the inferior instrument at that price. Those quoted below are up to **the standard of quality** demanded by critical buyers and are our own importations from largest and most reputable European manufacturers. Our entire confidence in these superior instruments prompts us to make the most liberal terms of sale. We will send any violin to any express office C. O. D., **subject to examination,** asking only a deposit of $1.00 with the order as a guarantee of good faith. If the instrument is not found satisfactory or not as represented, **it can be returned to us and money refunded.** We further agree that where full cash accompanies order, customer will have the privilege of returning the instrument to us, if, after **five days' trial,** it proves unsatisfactory. We appreciate the desire to secure a violin that will give the most pleasing results, and take this method of enabling customers to test the instrument just as fully as though examined in a retail store.

As to our prices, they speak for themselves. No one who has ever examined our Violins has failed to express the greatest surprise at the invariable high quality, at prices beyond all competition. For instruments of fine model and finish, as well as for full, round, resonant and beautiful tone, our violins will stand in competition with any others in the world.

We include a valuable instruction book free with each instrument, and pack it in a pasteboard case. We list in this catalogue a very complete line of violin furnishings, at one-half to one-third retail prices. **All sorts of violin furnishings quoted farther on in this book. An Unexampled Sale of Violin Outfits.

FOR CASH we have imported direct from the largest European manufacturers one of the largest consignments of violins ever shipped into the United States. The makers of these violins have a world-wide reputation. Only the most expert and experienced workmen are employed. Only the finest selected material is used in the making. The result is that every violin is the acme of perfection from a mechanical standpoint,

The Cheapest Instrument we quote, possesses a beautiful tone and finish. We could buy cheaper ones, but it is our settled policy to handle none but such as will give the most perfect satisfaction. What the instruments cost to make, with the small import duty added, is but a small proportion of the price of a violin when it passes through all the numerous middlemen's hands finally to the consumer. **We bridge over the wide chasm** between maker and user, and by our perfect economic factory-to-consumer system lay the goods down at your door **at even less than the retailer himself pays.** In fact, many retail dealers endeavor to buy all their stock from us, knowing the fact that we are direct importers and can undersell the wholesale house. **Buying these superb violins** through us on our one small profit plan you are practically securing them direct from Europe. In most cases we offer violins of a grade not found in the retail stores at all or only in the largest cities. The cheap grades we refuse to sell are the instruments most frequently found in local dealers' shops. **Our desire to get our trade in musical instruments thoroughly established** in every community leads us to make an offer unsurpassed in liberality, an offer that no competitive concern cares to make. Such is our implicit confidence in the violin outfits, fully illustrated and described below, that we make the following liberal offer. Select any violin outfit and inclose $1.00 with your order as a guarantee of good faith. We will ship the outfit selected to you, **C. O. D., subject to examination and approval,** All that we ask is that you give the outfit a careful examination, see that every piece and part is exactly as we say; judge for yourself the quality and model of the violin. **If you do not find it the most complete and the handsomest violin and furnishing** you ever saw or heard of at the price, the privilege is yours to send it back at our expense and get your money. We will have **no dissatisfaction on the part of our customers.** We realize fully that our continued trade, our reputation, in fact, depends on the class and quality of goods we send you, we realize, also, that quality only is remembered, long after the price is forgotten. Hence we supplement this remarkable offer by holding out to every purchaser of these violin outfits the privilege of returning any instrument after 5 days' trial. If it does not prove satisfactory or does not meet requirements, it can be returned to us prepaid, and we will either refund money in full or exchange for any other instrument.

In opening up to you an avenue for escape from the exorbitant prices of retail dealers and in the development of this new factory-to-consumer method of merchandising, we ask as a special favor that each customer who receives one of these outfits and finds it even far better than expected, shall do us the great kindness of speaking a favorable word for us to their friends and neighbors. You will not only oblige us greatly, but you will at the same time be rendering your acquaintances a service by pointing out to them **a sure, safe and sensible way of economizing.**

A liberal discount of 3 per cent. is allowed **where full cash is sent** with order. This is the wisest method of ordering, as you save not only our cash discount, but also the return charges of money to us. **In all cases** our guarantee assures you that anything unsatisfactory may be returned to us, and **full cash refunded.**

12 FROM 1000.

Much time and money have been spent by our experienced buyer in examining over a **thousand samples of guitars** and from all the vast array of instruments, good, bad and indifferent, he has selected twelve of the choicest, made by the acknowledged leading manufacturer of the world. **No sharper contrast exists** between the heaped-up-profit prices of the retailer and our Factory-to-Consumer prices, than on Guitars. Our cash purchases of guitars to meet the season's demands exceed the combined yearly purchase of hundreds of retailers. Furthermore, buying direct from the factory, and not from the wholesaler as in the retailer's case, we have a further immense advantage. Buying for spot cash, the manufacturer is absolutely safe from bad accounts. These three important facts secure to us, prices that no retailer can even approach, and enable us to place these elegant guitars in your hands at the actual cost to make, with only one small margin of profit added. Aside from the matter of price, the quality is beyond criticism. In fact, few retail dealers outside of very large cities, carry in stock such elegant instruments as are herein illustrated and described. The manufacturer has a reputation for superior goods, that is second to none. The fact is that the name of the maker is so widely known and the products of the factory have become so justly famous, that the mere name is sufficient guarantee of the superb quality.

Every scrap of wood that enters into the construction of these guitars has been seasoned in the drying rooms of the factory for from one to two years, thus insuring the instrument against cracking or checking in any climate. The most expert workmen only are employed. The skilled artisans in our factory are amongst the highest salaried workmen in the world. Material and workmanship are absolutely guaranteed, and **we warrant each instrument for one year.** No other house can compete with us on price and no other concern can meet **our liberal terms.**

On receipt of $1.00 we send any guitar C. O. D., subject to examination. You have the privilege of making a rigid examination of the instrument, and if you find it just as represented and satisfactory in every respect, pay the express agent the balance with express charges and the guitar is yours.

THIS LIBERAL OFFER is intended for the benefit of those who are not acquainted with our house and our business integrity. Old customers almost invariably send full cash in advance, thus taking advantage of our 3 per cent. cash discount, which we allow on all orders accompanied with full amount.

SPECIAL GUITARS.

Anybody can learn to play without a teacher. We include a complete instruction book free. Full set of strings with each guitar. Every instrument comes ready to play. On account of the general inferiority of imported Guitars and the constant tendency of some to check and crack, we have entirely ceased carrying them in stock. We hence **quote below only the American** made instrument, **the finest in the world.**

Bear in mind that even after the acceptance of any guitar, you are extended **the privilege of returning the instrument prepaid, after 5 days' fair** and honest trial, if it does not meet your requirements. We shall refund your money in full in such a case, or will send another instrument as you may wish. We desire in all cases that **you shall be entirely pleased with each and every purchase.**

No. 7100.

No. 7100. Our Spanish Guitar, American make. The best low priced guitar on the American Market. Not only well constructed and handsome in appearance, but made to withstand all climates. So far as quality of tone is concerned, it will far exceed the expectations of the most critical buyer. We can safely say that this instrument is far superior to other makes, retailed at double our price. Has select birch back and sides, finished in imitation mahogany, with imitation cedar neck, accurately fretted, inlaid sound hole, and patent head. Weight packed, 15 lbs. Our price, each.....**$3.95**

No. 7101. **Our Columbian Standard American Guitar.** Regular size, solid birch back and sides, fine rosewood finish, colored wood inlaying around sound hole, ebonized finger board, position dots. We caution intending purchasers against imitations of this instrument. While it is true that imitation is the sincerest flattery, it is also true that the imitation is always inferior to the original. Weight, boxed, 15 lbs. Our Special price.....**$5.20**

No. 7102. **Our "Euterpe" Guitar,** made in selected quartered oak, a most desirable and resonant wood when selected and properly prepared. The finish is extremely handsome; the scale is perfect; the neck delicately proportioned; the patent head is of American make and the best in the world. The strings furnished are of the very best quality. Our old customers who have purchased this guitar have been delighted with it and pronounce it far superior to any instrument ever seen at anything near our price. As stated, it has solid quartered oak back and sides, antique finish, inlaid around sound hole, ebonized fingerboard, position dots, orange top, patent head, standard size. Weight, boxed, 15 lbs. Our price.....**$5.75**

No. 7103. We have the same instrument as Guitar No. 7102 above described, but in special concert size. The concert size is a much larger instrument than the regular size and possesses a much more powerful tone. A size especially in favor with professionals. Weight, boxed, 18 lbs. Our Special price.....**$10 65**

Bear in mind our liberal C. O. D. terms. We ship any guitar C. O. D., subject to examination. Note terms at head of the page. You will find a full line of guitar cases and all other furnishings farther on.

No. 7102.

No. 7104. **Our "Collegian" Guitar.** A guaranteed guitar that is the most thoroughly satisfactory low priced instrument ever put on the market. As with all our guitars, this instrument is warranted for one year. Instruction book with each guitar. This beautifully modeled guitar is made of quartered sycamore, the stock being selected from handsomely figured wood. The instrument is most attractive in appearance. It is finished in imitation rosewood and mahogany, and is neatly inlaid around sound hole. The neck is imitation cherry, nicely finished, ebonized finger board, position dots, with patent machine head of American make. We present the **"Collegian"** as the best guitar for anything like the price that has ever been offered. The tone is remarkably good for such a low priced instrument, and the general appearance is such as to command for it immediate recognition. Weight, boxed, about 15 lbs. Our Special price.....**$6.45**

No. 7106.

No. 7105. **Our "Famous" Guitar.** This instrument is made by a celebrated manufacturer whose guitars have a world wide reputation. Absolutely guaranteed to stand all climates. Is made of the finest selected bird's-eye maple sides and back, with beautiful cedar front. Dark rosewood oval fingerboard. Inlaid sound hole and position dots. Patent machine head. One of the most beautiful guitars made. You would pay $20.00 or $25.00 for a guitar at retail, and not secure an instrument so fine in construction or perfect in tone. Weight, boxed, 15 lbs. Our Special price.....**$9.65**

See another page for guitar strings and other furnishings.

No. 7106. The **"Troubadour"** was the first mahogany guitar to score a success. Previous to its appearance, the few instruments that had been offered in this wood had proven failures; but the "Troubadour" with its splendid tone, neat and substantial appearance, fine finish and absolutely correct scale, leaped at once into public favor and is now one of the standard guitars of the country. The result was that many cheap dealers began to copy it, and now these imitations are legion. The best of them is not for a moment to be compared with the original and reliable "Troubadour." Be sure to see and try this guitar, you will buy no other. "Troubadour," solid mahogany back and sides, Brazilian cedar neck, ebonized convex fingerboard and bridge, pearl position dots, patent machine head, colored wood inlayings around sound hole, finished with orange colored top, handsomely hand polished.....**$8.65**

No. 7107. Same as No. 7106, with white celluloid inlaid edges.....**8.95**

We offer Nos. 7106 and 7107 guitars as products of the finest factory in the land. As such, they are warranted positively flawless in construction and possessing a beautiful tone found only in the very highest grade of instruments. See another page for guitar furnishings and strings. Do not forget that we ship any guitar C. O. D., subject to examination.

No. 7108. Our improved **"American Artist"** guitar. A beautifully modeled instrument that is pleasing alike to amateur and artist. Every piece and part that enters into its construction is the most select and perfect. Finely finished solid rosewood back and sides. Handsome French polished, beautiful orange colored front, patent American made machine head, cedar neck. Absolutely correct in scale, as all guitars offered by us are guaranteed to be. Colored wood inlaying around sound hole, white inlaid stripe down the back, plain edges, ebonized finger-board, position dots. Weight boxed, 15 lbs. Our Special price.....**$11.95**

No. 7109. **"American Artist"** guitar precisely the same as No. 7108 above described, but extra large concert size. Weight packed, 18 lbs. Our Special price, **13.95**

No. 7110. **The Celebrated Washburn Guitar.** Standard size. A guitar perhaps better known than any other make. It is as perfect in all the details of construction as the most expert and experienced workmen can make it. Not an ounce of inferior material enters into its make-up, but on the contrary, the markets of the world provide no better than that used in making the Washburn guitar. Made of beautiful rosewood, with plain finished edges. Colored wood inlayings around sound hole, and handsome inlaid stripe down the back. Oval finger-board, with pearl position dots. Weight packed, 15 lbs. Sent C. O. D. anywhere on receipt of $1.00. Our Special price.....**$22.00**

No. 7111. We have the Washburn guitar exactly same as No. 7110 above described, but in large Concert size. Weight boxed, 18 lbs. This special concert guitar is particularly designed to meet the demands of expert players who are only satisfied with the choicest in the market. Our Special price.....**$27.00**

NOTE.—On our American guitars gut and silk wound strings are recommended under all circumstances. The efforts of the manufacturers are directed toward the production of a rich mellow tone, and in order to accomplish this result they use a sensitively constructed sounding board, which is not made to withstand the strain of wire strings. By using great care some of them will stand this heavy strain without serious detriment, but we wish it understood that we will not be responsible for the failure of a guitar where steel strings are used. See another page for guitar strings and all kinds of guitar furnishings.

BEST BARGAINS IN BANJOS.

The banjo is a popular instrument. It deserves to be. The main reason for its comparatively little use lies in the fact that retail prices have been so outrageously high, that most people have been kept from buying. It gives us pleasure to announce **AN ENORMOUS DEAL**, putting us in possession of our season's supply of banjos at a price far below any other price ever named to wholesale buyers. Our season's contracts cover only the finest output of the factory. Our expert buyer made a personal selection to meet the demands of the most critical player, and we are now putting in the hands of the user a line of banjos never seen in retail stores outside of large cities. Or, if found at all the prices asked were at least double what we name. Our aim is to supply our trade with banjos that have intrinsic musical value. The perfect Scale, artistically Shaped Neck, first quality Head, as well as the accurately made and fitted metal parts, are features that distinguish our banjos from all others sold. These distinguishing features apply to our cheapest instruments as well as to our best. The manufacturers with whom we have contracted for our entire stock have unlimited facilities and the finest machinery known, as well as the most skillful workmen, enabling them to turn out the most exquisite productions of modern musical instruments at the lowest cost of production. The prices we name for these highest grade banjos are the lowest ever known. Our economic, factory-to-consumer plan revolutionizes trade relations, cuts off the constantly increasing expenses and profits of middlemen and enables the user of the article to procure it at the very door of the factory that makes it. By the time-worn system—manufacturing, wholesaling and retailing—it costs twice as much to sell an article as it originally cost to make it. Every customer who purchases on our method of merchandising has learned the lesson of economy as we teach it. Aside from the matter of price, our terms are so liberal that the most skeptical can readily be convinced that we have harnessed price and quality together, and that our goods are as superior as our prices are low. **On Receipt of $1.00** we send any banjo **C. O. D., Subject to Examination.** You inspect the banjo at your express office, and see that it is just as represented and entirely satisfactory, and pay the express agent the balance and charges and the banjo is yours at half the retail price. If it is not as represented, you return the banjo and we refund your money. This is the most liberal offer ever made. You can't say you buy a "pig in a poke." We combine quality, price and fair and easy terms to such a degree that we deserve the liberal patronage of every reader of this catalogue. With every banjo we include free an excellent Instruction Book. Each instrument is full strung with fine strings and ready to play.

Weight, boxed, 18 lbs. **Our Special Price** **$16.10**

BANJORINE.

Banjorine.

This instrument is intended for use with one or more Banjos as a leading instrument; the tone being of a penetrating quality is consequently prominent in duets, quartettes, etc. The neck is made short, being less in length than the diameter of the shell, the Fingerboard extending over the head similar to a guitar. It is very easy of execution, the frets, of course, being nearer together than on the ordinary banjo neck. The instrument is tuned differently from the regular banjo—being a fourth higher. For instance: When the banjorine is played in Key of E, the regular banjo should be tuned to A.

12-Inch German Silver Shell.

No. 7140. Wood lined, finished in black inside, both edges wired, plain strainer hoop, birch neck, ebony finger board, with pearl position dots and raised frets, black pegs, 25 nickel plated hexagon brackets **$13.35**

12 1-2 Inch German Silver Shell.

No. 7142. Wood lined, rosewood, veneered inside, both edges wired, rabbeted strainer hoop, French polished birch neck and metal stay piece, heavy ebony finger board, position ornaments and raised frets, imitation ivory pegs, 31 nickel globe brackets with safety nuts. Our special price **$18.65**

It is past the comprehension of our competitors how it is possible for us to offer such liberal terms of shipment of goods. The explanation is simple. We do not try to make all the profit on one order. The smallest possible margin is all we ask on each order, and customers come again.

A SPECIAL DRIVE IN MANDOLINS

MADE POSSIBLE BY A TREMEDOUS DEAL ON A SPOT CASH BASIS.

In contemplation of a large purchase, our expert buyer spent much time in visiting the largest American factories. We have discarded all imported mandolins on account of their worthlessness as a musical instrument. Hence only American made instruments were considered. The result of our investigation was the weeding out of all but strictly the best, and we finally settled on a line which presents a sharp and welcome contrast to the cheap instruments found in retail stores, a line of mandolins made by the largest manufacturer in America, whose reputation for high grade goods is second to none.

THESE ELEGANT MANDOLINS

Combine to an unexampled degree, the four essential points, Tone, Finish, Model and Durability.

The Tone is accomplished by a delicate and proper construction of the instrument. The mandolins herein quoted are made in the most thorough manner by experts, who have had years of experience and a knowledge gained by time and many costly experiments. **The Finish** has made these mandolins justly celebrated. The work is done by men who are simply perfect in the art. It is the finish that appeals to the eye. These goods are not equaled in the world for handsome finish, beautiful shadings and perfect lustre.

These mandolins are **genuine Neapolitan models**, considered by artists the most desirable model made.

The question of **durability** comes in especial importance, and, in selecting our line, our buyer required that the manufacturer should **positively guarantee these mandolins for one year.** The guarantee might just as well be for ten years. Not a scrap of wood enters into the construction of these instruments but what is seasoned in the dry rooms of the factory for twelve months, and in fact some of the more important parts are seasoned for twice that length of time. **There are no weak spots in any of these instruments.**

In closing our contract for our season's stock of mandolins, the persuasive power of spot cash secured for us prices far below any prices ever before quoted even to the largest wholesale buyers. On our one small profit plan we offer these elegant mandolins at the actual cost to produce, with only a narrow margin of brokerage added. You are brought to the door of the factory, as it were, and, through us, you secure your goods from the hands of the manufacturer who makes them. Our economic system is revolutionizing trade and bringing about an entire change in business methods. According to the old way it cost far more to deliver an article to the actual user, by the doubled and tripled expenses and profits of several middlemen, than it cost to make it. By our economic system we point the way to economy on a large scale. Heaping advantage on advantage, we not only give the consumer the tremenduous benefit of unheard of low prices, but we enable him to actually see and examine his goods before paying for them. This is, of course, a desirable priviledge to those who have never dealt with us and who are unacquainted with our integrity and business methods.

To those who are not familiar with our house we make this liberal

SPECIAL OFFER:

Remit $1.00 with your order for any of the special mandolins quoted herein, and we will ship it at once to you. You can examine the instrument at the express office to see that it is exactly as represented and perfectly satisfactory in every way. If (and there is no doubt) you are entirely satisfied that the mandolin is just as we say, you pay the agent the balance, and you are the possessor of the instrument. Otherwise you return it at our expense and we will cheerfully refund your deposit.

Furthermore, should you accept the mandolin and after five days' honest test, find it unsatisfactory or not suited to your wants, you can return it to us prepaid, and we will refund the entire amount paid.

In relation to our liberal and unheard of terms, let us say in explanation that we are prompted to make them so fair, from the fact, that many so-called mail order houses have imposed on the confidence of the people. Our regular customers are acquainted with us and our honorable dealings, but there are many who have never dealt with us. In order that they may not class us with the numerous swindlers, we make it possible for new customers to see and examine their goods before paying for them.

To our old customers, or in fact to all who prefer to send full cash with order, we allow a discouut of 3 per cent., when amount in full accompanies the order. By remitting entire cash with order you thus have the benefit of the 3 per cent. discount and also save the return express charges on the C. O. D.

We invite your special attention to the following mandolins at the **best prices the world has ever seen.**

THE APOLLO HARP.

The most simple and attractive Musical Instrument the mind of man could conceive of. **With absolutely no knowledge of music whatever,** the merest novice can soon learn to play this remarkable instrument, and that, too, **positively without the aid of a teacher** No use paying hundreds of dollars learning to play the organ or piano, when with the Apollo Harp you can have the finest music in the world.

No. 7230.

The Action is somewhat that of a **Piano.** Each string is vibrated by means of a small felt hammer, which strikes the string when pressed by the finger. **The picture shows** the cross bars with the hammers between. By running your finger over one row of hammers a complete chord is sounded.

You can readily see that the playing of chords is simplicity itself. **The execution of more complicated music** is rendered easy by reason of the simple and comprehensive instructions we send with each instrument.

Anyone can play the Apollo Harp with skill in a very short time, and produce **high-class music.** There is absolutely nothing in the range of musical ability that cannot be beautifully and **expressively played** on it. **The Apollo Harp** is beyond the shadow of a doubt without a rival in the **production of sweet, pure music** of every variety known, with so little effort on the part of the performer.

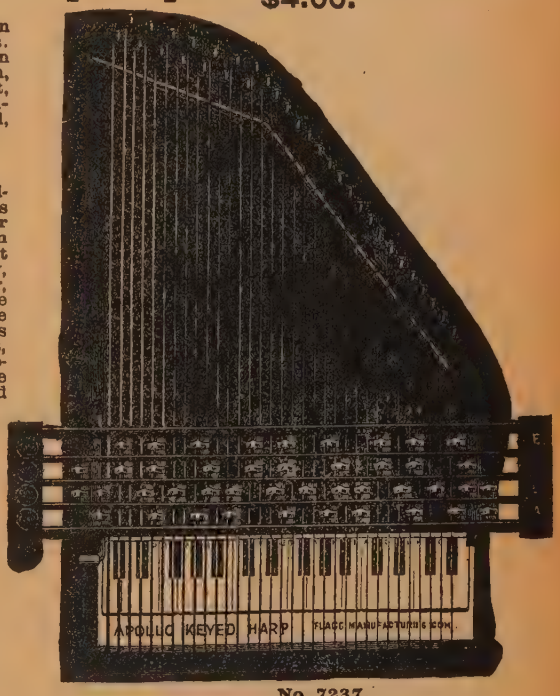
Buy one of these elegant Harps, and delight the whole family. **If there is no musical ability** in your family, that need make no difference, as anyone can play it whether he has any knowledge or not. **The price** is not "boosted up" because it is a new thing, and there is a patent on it. **We are on the inside** when it comes to the price.

Our Economic Factory-to-Consumer-Plan cuts off the host of middlemen's profits and expenses, placing the consumer on the same footing as the largest dealer when it comes to buying. We ship C. O. D., subject to examination, on most **liberal terms.** You are under no obligation to **keep unsatisfactory goods.**

No. 7230 Apollo Harp as illustrated, fitted with a fixed 3 bar keyed bridge, set in key of **C.** This Harp has 19 strings and produces 3 principal chords. An ordinary range of select music can be played on this instrument. Weight, boxed, 7 lbs.

OUR PRICE, - - $3.00.

No. 7235. Apollo Harp is chromatically strung with 33 strings. It is fitted with 3 bar keyed sliding bridge. This Bridge can be adjusted to play in any of the following keys, viz.: C, C sharp, D, E flat, E or F, and produces 3 chords in each or 18 chords in all. The range of the instrument is unusual for one so low priced. Weight, packed, 10 lbs.



OUR PRICE, EACH, - - $4.00.

No. 7237. Apollo Harp is made of handsome imitation Rosewood and is chromatically strung with 33 strings. Has a sliding 4 bar keyed bridge, as illustrated, which can be adjusted to play 4 chords, viz.: Tonic, Dominant 7th, Sub-Dominant and Minor in keys of C, C sharp, D, E flat, E, F, F sharp and G, **or 32 chords in all.** This instrument permits a wide range of music, simple or classical, sacred or gay. Weight, packed, 12 lbs.

OUR SPECIAL PRICE, - $8.85.

No. 7239. Apollo Harp is 12½ x 21 in. in size and handsomely made in imitation of Rosewood. It has 34 strings chromatically strung, and is fitted not only with **a 5 bar sliding keyed bridge which produces 5 chords in every key,** but has an additional attachment of great merit. This is known as the Symphonic attachment, like shown in the illustration of No. 7244 below, except that it has only 5 bars. This Symphonic attachment is made similar to the sliding keyed bar, but is covered with felt on the underside, with openings to correspond exactly with the keys in the keyed bar. The latter is removed and the Harp played with Symphonic attachment instead. With the keyed bridge, the most beautiful and wonderfully perfect Dulcimer effects are obtained, and all kinds of music, even the most rapid and repeating notes are played. Yet with the Symphonic attachment, "ear hath never before heard" such exquisite tone, nor has any known musical instrument ever approached in distant degree, such delightful and sympathetic harmony as can be brought forth on the Apollo Harp with the Symphonic attachment. Complete with both Keyed Bar and Symphonic and Instruction Book. Weight, packed, about 15 lbs.

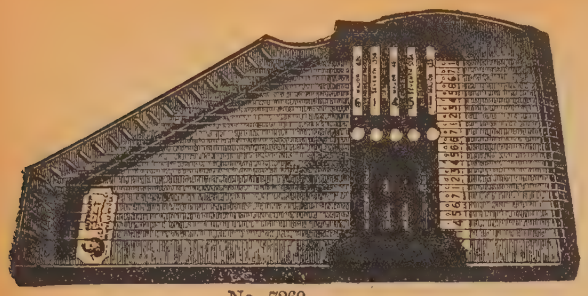
OUR SPECIAL PRICE, $16.75.

No. 7237.

No. 7244.

No. 7241. Apollo Harp, is finely finished and handsome in design; exactly the same as No. 7244 illustrated but plain in finish. Has 36 strings, strung in chromatic scale and fitted with 6 bar sliding keyed bridge, which can be adjusted at the will of the performer to produce **any and every chord in any key.** The Symphonic attachment fully described with No. 7239 Harp, and illustrated with No. 7244 is included free. This instrument has every requirement for producing the most difficult and classical music in any key, and gives opportunity for modulating from any key to another, equal to the Piano or Organ. Thus a grand result is obtained in this elegant instrument that can be found in no other. Weight, packed, about 15 lbs.

OUR SPECIAL PRICE, $20.00.



No. 7244. Apollo Harp is exactly as illustrated. It has 6 bar sliding keyed bridge, as well as Symphonic attachment, producing all chords in all keys. In capacity and capability it is just the same as No. 7241 above. But upon No. 7244 have been exhausted the skill of the designer, the carver and the finisher. The result is the most beautiful instrument of its kind. In it are preserved all the delightful tone qualities and capabilities, and added to them is an especially elegant appearance. A harp that will grace any parlor or music room. Weight, packed, about 15 lbs.

OUR SPECIAL PRICE, $29.30.

The Apollo Harp is constructed on an entirely new principle. The novel feature of extending the strings from the pin block down and around the end of the Harp and back to the other side of the same block, is of great importance: the compressing of the sounding board renders a clearer, sweeter, and very much better tone or singing quality than in any box, or other form of Harp. The liability of twisting or bending is entirely obviated, so that when the strings are once stretched they will stay in tune indefinitely, while in all other Harps even after the strings are stretched the possibility of twisting, curving, and bending always exists and usually happens, thereby upsetting the most careful tuning. All the material in our Harps and slides, both Keyed and Symphonic, is the most carefully selected and of the very best quality to be found, and the workmanship and finish of the highest grade.

THE AUTOHARP.

No. 7260.

The Autoharp has become one of the most popular musical instruments. There are two of the very best reasons for this popularity. It requires but little practice or musical ability to master the instrument and play it in a manner enjoyable alike to audience and player. At the same time its simplicity does not preclude the playing of difficult and classical music, and while the amateur musician will find it remarkably easy to play, the autoharp is in decided high favor with the finest professional musicians. A second reason for its popularity is the remarkable sweetness and purity of tone, rendering the music delightful to amateur and artist alike. The Autoharp has a handsome case, full strung, and with three or more bars. These bars have felt dampers at proper intervals on the under side, and when any bar is pressed on the strings a complete and perfect chord is played by drawing the pick across the strings. Otherwise it is played similar to the zither.

No. 7259. Autoharp No. 1 has 21 strings, 3 bars and produces 3 chords. Complete, with instruction book, music and ring for playing. Our special price, each, **$2.75.**

No. 7260. Autoharp No. 2¾ has 23 strings and 5 bars, producing 5 chords. Instruction book, music and ring for playing. See illustration above. Our special price, each, **$3.60.**

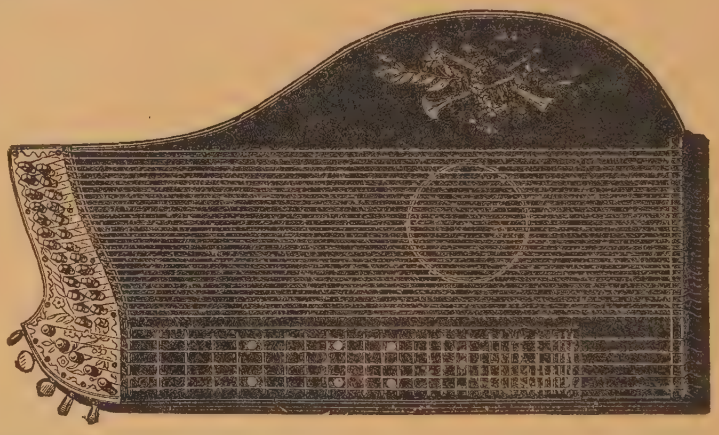
No. 7261. Autoharp No. 2⅞ is an entirely new style just on the market. It has 28 strings and 7 bars, producing 7 chords. Every nickel paid for this elegant instrument represents more music than can possibly be secured from other sources for twice the money. Weight, boxed, about 8 pounds. Our special price, **$6.00.**

No. 7262. Autoharp No. 3 has 28 strings and 4 bars with shifters, producing 9 chords. Complete, with instruction book, music and ring for playing. Our special price, each, **$8.60.**

No. 7263. Autoharp No. 4 has 28 strings, 5 bars with shifters, producing 11 chords. This elegant instrument is made of imitation rosewood, with inlaid edges, sides and bottom. Complete, with music, instruction book and ring for playing. Each, **$10.65.**

No. 7264. Autoharp No. 5 has 28 strings, 5 bars with shifters and produces 13 chords. Made of beautiful rosewood, veneered, with inlaid edges, tops and sides. A charming instrument for solos, accompaniment or for concerts. Complete with music, instruction book and ring for playing. Our special price, each, **$13.50.**

No. 7265. Autoharp No. 6 is a special instrument designed for the highest class of music. It has 32 strings, 6 bars and produces 16 chords. Is made of handsome imitation rosewood, with inlaid edges, sides and bottom. Complete with music, ring for playing and instruction book. Our special price, each, **$18.50.**



ZITHERS.

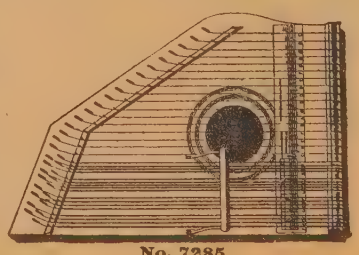
CONCERT ZITHER.

No. 7275. Solid rosewood, highly polished, inlaid sound hole and edges, full strung, patent head. A very fine instrument. In excellen pasteboard case. Each, **$11.90**

DULCIMERS

No. 7279.



No. 7279. The Dulcimer illustrated is selected for our trade, having in view the fact that the best is none too good. We are aware that there are Dulcimers on the market that are cheaper in price. They do not compare with the one we illustrate, either in appearance, tone or durability, and purchasers are invariably disappointed because of their general inferiority. This Dulcimer is finely finished, in imitation rosewood, and with neatly decorated body, chromatically strung. Can be perfectly tuned in any and all keys. Positively the most complete and most carefully made instrument of the kind. Weight, packed, 15 lbs. **Price, each, $22.90.**

THE COLUMBIA ZITHER.

No. 7285 is a Musical Instrument in every sense of the word. It requires but little practice or musical ability to master and play in a manner enjoyable alike to audience and performer.

The 17 plain or melody strings at the right are played with the right hand, while the bass and accompaniment strings are played with the left hand, and the combination of sounds thus evoked is of a most agreeable nature.

34 Strings, Imitation Rosewood, Fine Finish, Complete in Pasteboard Case, with Picks, Tuning Key, and Instruction Book, containing also many pieces of Figure Music. **Each, $4.50.**

No. 7285.

THE REGINA.

No. 7300.

The Queen of Automatic Musical Instruments. The first of the kind ever manufactured in America, and it surpasses anything of similar nature manufactured by anyone anywhere. The mechanism of these music boxes is entirely different from any other. Interchangeable music sheets are used instead of the round cylinder in the old style music box. In the case of the latter, only one to a dozen tunes could be played without the great expense of an extra cylinder. With the Regina however, the expense of extra tune sheets is only about that of ordinary piano and organ music and they can be obtained in any quantity. The latest airs on the market can be secured almost simultaneously with their publication in paper form. This one fact is sufficient to render the Regina the most popular instrument of the kind on the market. The motive force in the Regina consists of an extremely solid, and yet in its unique combination, an extremely simple clockwork. One valuable feature of this clockwork lies in the fact that all the parts are interchangeable and we are able to supply duplicates of any part that may be broken by accident or otherwise.

The Regina is therefore an instrument of the highest standard, and one that with reasonable care will last a lifetime. Of an equally high degree of perfection, are the musical appointments. A clear melodious tone combined with a most remarkable sounding capacity has made the Regina the favorite of the music loving public.

The various features of the Regina are protected by many patents, some particulars of which we will mention:

In the larger sizes, the tune sheets are actuated from the outside by a sprocket wheel, engaging in holes near the edge of the disc, a very ingenious device, securing steady and easy motion. All instruments are provided with a speed-regulating device, by means of which an even tempo is obtained from beginning to end. Independent steel dampers are used, and their construction is the most perfect in existence. A silent winding arrangement is a special feature of the "Regina," and does away with the disagreeable noise occasioned in winding other music boxes. A safety winder is introduced, to prevent the over-winding or breaking of the main spring.

The Regina is the only music box having duplex combs. The two combs face each other; the steel tongues are tuned and actuated in pairs, by corresponding star-wheels. An extraordinary volume and sweetness of tone is the result, and makes it possible to have as many as 156 keys in a small space, a range far exceeding that of the piano. All cases are made of solid American wood, such as mahogany, oak, walnut, etc., and are of elegant design and finish. The list of tunes increases every day, and is already large and varied enough to meet the taste of every purchaser. The metallic tune sheets are easily interchanged, thus making it possible for each individual box to play an unlimited variety of airs. The sale of these tune-sheets at very reasonable prices will continue for years after the boxes are sold. A guide for operating, oiling and repairing the Regina music box goes free with each instrument.

No. 7300. Regina music box as illustrated is one of the smaller ones, but is just as perfect in its working parts as the most expensive. The case is made of solid oak or solid mahogany and is highly polished. Dimensions are 9¾ inches long, 8¾ inches wide and 7 inches high, tune sheets are 8½ inches in diameter. Has 41 steel tongues. Spring movement. Plays classical music, sacred and popular airs, in fact every kind that can be produced on any instrument. Weight packed, about 20 lbs. Our Special price, complete with one tune sheet.....$14.95
Extra tune sheets, 30 cents each. List of nearly 200 airs for this instrument sent on application.

No. 7301. Regina is precisely the same as No. 7300 described above, but instead of having a spring movement and running automatically, it is played by turning a crank. It is just the same size, has same tune sheets and same mechanism with the exception of motive power. Extra tune sheets 30 cents each. Our Special price.....$8.70

No. 7302. Regina music box shown in the illustration is made with handsome oak and mahogany case highly polished. This case is 13 inches long, 12 inches wide and 8¾ inches high. The mechanism contains 56 steel tongues. Tune sheets are 11 inches in diameter. Weight, boxed, about 25 lbs. Our Special price, complete with one tune sheet.....$29.75
Extra tune sheets, 55 cents each. List of music for this instrument sent free on application.

No. 7302.

No. 7305

No. 7305. Regina music box. Case is made either of mahogany, maple or oak beautifully polished. Size is 21 inches long, 18½ inches wide by 9½ inches high. Working part contains 156 steel tongues, while the tune sheets are 15½ inches in diameter, rendering possible the rendition of the most difficult and classical music with perfect precision and charming execution. With this magnificent instrument, you can have rendered in your home, such music as the most brilliant pianist is capable of and that without the slightest musical talent or the expenditure of the hundreds of dollars necessary to secure musical education. The extra music costs little more that would the same were it in paper form. Weight boxed, about 40 lbs. Our Special price, complete with all attachments and one tune sheet.....$78.95
Extra tune sheets 76 cents each. List of over 300 musical selections free on application.

We ship these Magnificent Instruments C. O. D., subject to examination, on receipt of $5.00 with order, balance to be paid to express agent when you find everything to your satisfaction.

We are more than anxious to introduce a Regina into every neighborhood. It is so novel in action, so wonderful in perfect and accurate mechanism and so exquisite in its music producing qualities, that one sale in a locality will mean a certain sale of many more. All the power and purity of piano music is duplicated on this most unique and elegant instrument of the age. Years of study at an expense of hundreds of dollars would not enable a musician to execute more accurately or produce more pleasing music than the Regina renders automatically. An instrument for the wealthiest homes and just as popular and desirable for those who are less able to invest in luxuries.

The Price of the finest Regina is much less than would have to be paid at retail for an inferior Parlor Organ which requires a musician to render it of any value. **We guarantee every Regina** absolutely perfect in mechanism and will replace any defective part free of all charge.

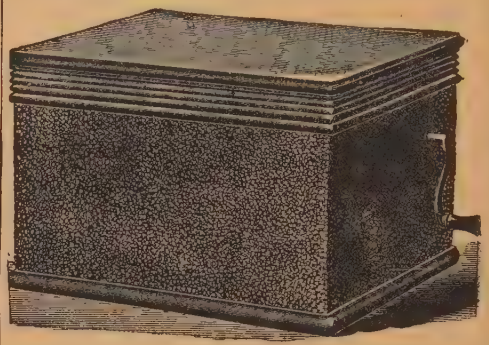
Not A Toy.

No. 7340. Our Favorite Roller Organ for $4.95 is made to please the artistic ear of the most accomplished musician. At the same time, it is so simple that a little child can play it. One of the most perfect musical instruments ever produced. Thousands would not think of being without a musical instrument of some kind in the house, if it had not been for the expense of the instrument itself, and the time and money it would take to learn to play it.

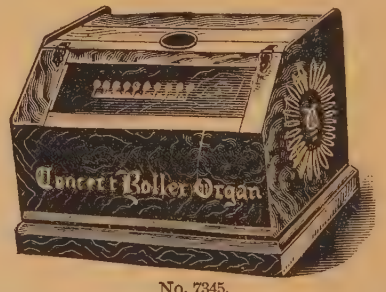


No. 7340. Roller Organ.

We are happy in offering our customers as sweet-toned an instrument as heart could desire. We are especially pleased that we can make the price at a point within the reach of everybody. Furthermore, the Gem Roller Organ requires only the simple turning of the handle, and the music is yours.

As you will note in the picture, the music is obtained from the roller, which has teeth or pins like those on the roller of a music box. These pins operate on the valve keys, and the roller is turned by gearing, which also works the bellows. The mechanism is after the same plan of the parlor organ. You can get rollers of anykind of music you want—Sacred, Spanish or German music, popular airs, waltzes, or any kind of dance music. These rollers cost only the same or less than ordinary sheet music. This is an especially durable instrument. The reeds are of full organ size, and the volume of tone is equal to that of a fine parlor organ. The case is an elegant one of Imitation Black Walnut, and is 16 inches long, 14 inches wide, and 9 inches high. Weight boxed, 15 pounds. No. 7340 our special price with three rollers of music free.....$4.95

Send for complete list of extra music rollers.



No. 7341. The Angelica.

No. 7341. You might spend hundreds of dollars in music lessons and not be able to produce sweeter music than this most wonderful musical instrument of the age. No knowledge of music necessary, Just turn the handle and any popular or religious air can be played. If you couldn't see the Angelica when it was being played, you would think there was a grand parlor organ in the house, played by an artistic musician.

The Angelica is the greatest and latest improvement over the old style Organette. It contains fourteen reeds, and the case is made of black walnut moulding and cover, with real leatherette sides. The entire case is beautifully finished, and makes a pleasing and elegant ornament for any house, be it ever so rich or ever so humble.

The size of this beautiful musical instrument is 12½ inches long, 10 inches high, and 9½ inches wide.

The music is produced by means of perforated paper, which is rolled on spools. We have all the latest tunes in stock, as well as the old time melodies. Extra music costs you less than the sheet music for organ or piano. We furnish one roll of music free with the Angelica. We have printed lists of music, and will send list on application. These lists include Sacred, German, Norwegian, Swedish and Spanish music, popular airs and dance music. If you want to dance, the Angelica will give you the music. If you want to sing, the Angelica is just the thing for an accompaniment. For church service, for lodge, for the home, the Angelica is an inexpensive instrument that will delight everyone. The price cuts no figure, it is so small. We want to introduce one of these Angelicas into your neighborhood. We know that you will be delighted, and everybody else will be crazy for one. Just to get you started to buying your musical instruments through us, we make you a special price. No. 7341, packed in a neat light box, complete with one roll of music, $6.50.

No. 7345.

No. 7345. The Concert Roller Organ is a delightful instrument for the household. It is of quite good size, and hence capable of producing a greater volume of tone than most roller organs. Important.

Proper care must be taken of clarionets, flutes, piccolos and similar wooden instruments. They are liable to crack or check at any time through carelessness on the part of the owner or user. They are susceptable to changes of atmosphere and especially so when damp from usage or otherwise. Always after using they should be wiped dry, inside and outside, and rubbed with sweet oil. No music dealer will be responsible for checking or cracking. We examine each instrument with scrupulous care and we warrant every one to leave our house in perfect condition.

We are Outfitters for Drum Corps.

We will quote special prices on application for complete Fife and Drum Corps outfits. The line of Snare or Tenor Drums, as well as of Bass Drums, is made by a well known manufacturer, who makes a specialty of this particular kind of instrument. The shell, hoops, heads and trimmings are all of special quality, warranted extra select, and put together by skilled workmen, whose expertness is the result of years of experience. We consequently offer prospective purchasers a line of drums that must not be compared with the cheap, dingy instruments found in ordinary music stores, or by competitive houses. In fact, few retailers outside of large cities carry a stock of Drums. The retailer has to send away to some wholesale house. The advantage is very apparent for you to get such goods direct from the factory.

Anticipating the unusual demand for Drums during the presidential campaign, we have contracted for a very large supply. To prevent carrying over any stock we cut right into the bottom price at once and name prices on the best drums made that cannot be duplicated by any concern.

We scarcely think it possible to duplicate these prices again. But, while our contracts hold good with the manufacturer, we shall stand by the prices we make below. We ship any drum C. O. D., subject to examination, on receipt of $5.00 as a guarantee of good faith.

As stated above, we shall be glad to name a special price on quantities to clubs. In writing, always state the exact style and number of instruments you want. If you do not find described herein just what you need, write us.

Additional supplies for drum corps, in the shape of fifes, piccolos, drum majors' batons, etc., will be found in this catalogue farther on.

☞ **Many imitations of these special pattern drums are now on the market. Bear in mind that price alone does not make a bargain. Quality must have just as great consideration.**

Through our factory-to-consumer plan we combine quality and price in a degree of economic perfection never seen before. We claim the best goods at the least money, and only ask a fair chance to back up every assertion.

SNARE DRUMS.

We are headquarters for Snare Drums. We are especially well prepared to furnish complete outfits for Fife and Drum corps. We invite correspondence where it is desired to purchase the drums and fifes for an entire corps. The quotations in this catalogue are based on our economic factory-to-consumer methods, and we invite comparison of our prices with those of anyone, anywhere, quoting the same high grade of goods. We ship goods C. O. D., subject to examination. We guarantee all instruments to be as represented. Shipping weight of snare drums is about 16 pounds.

TURKISH.

THE LINE OF BAND INSTRUMENTS QUOTED FARTHER ON IS MOST COMPLETE. THESE INSTRUMENTS ARE THE BEST THE MARKETS OF THE WORLD AFFORD. WE INVITE CORRESPONDENCE FROM BANDS AND DRUM CORPS. OUR TERMS ARE MOST LIBERAL.

Band Instruments.

There is perhaps no line of musical instruments on which a larger profit is made than on band instruments. Few dealers carry anything like an adequate stock and what few sales they do make are subjected to an enormous profit. The actual first cost of the cornet, bass, or trombone is completely buried beneath a mass of middlemen's expenses and profits

Dealing, as we do, on the economical factory to consumer plan, we practically hand you the instruments from the manufacturer's door, with only our one small margin of brokerage added. One can well imagine what a saving we effect.

As regards the superb quality of these instruments, we need only say that they are made by a manufacturer whose reputation for superior workmanship is such that his very name is sufficient guarantee to professionals, of unexcelled quality and purity of tone.

Added to the quality of the instruments themselves, and the factory prices we name, are **the exceedingly liberal terms on which we ship.**

Send $1.00 with your order as a guarantee of good faith and we will ship you any band instrument listed, no difference how expensive, subject to examination. You have the privilege of seeing and examining the instrument at the express office. If you find it perfectly satisfactory and just as represented, pay the express agent the balance, with express charges and the instrument is yours. Otherwise, return it to us and we will refund your money, less the express charges.

We make the above offer wide open to every one. We allow 3 per cent. cash discount where full cash accompanies order. Customers who have dealt with us once almost invariably send full cash in advance, thereby taking advantage of our cash discount and saving the express charges on return of C. O. D.

We are especially well prepared to fill orders for complete band or orchestra outfits. We handle any instrument, from the least expensive up to a double B♭ bass listing at $230.00, or a saxaphone for $135.00. If you do not find all the instruments wanted quoted herein on account of limited space, write us with specifications and we shall be glad to send pictures and quotations.

On our exceedingly favorable terms you can buy any instrument made, with just as satisfactory a personal examination, and at from 33 1-3 to 50 per cent. lower price than at any retail store.

We allow a further privilege to every purchaser, of returning any instrument to us prepaid after 5 days' fair trial, if it is not satisfactory or not up to requirements. We make this additional liberal offer in order that every prospective purchaser may be assured of entire satisfaction.

We give below a variety of combinations for bands, indicating the proper assortment of instruments.

If you sell the product of the farm at one-third less than it is worth why should you pay half more than it's worth for what you buy? An article is actually worth only what it costs to produce, with the producer's fair profit added. The natural method of trade is hence from producer to consumer. We argue this question, and the prices in this catalogue are the best arguments.

Not an ounce of inferior stock can be found in any of our Harness.

WE COULD FILL A VOLUME WITH VOLUNTARY TESTIMONIALS FROM PEOPLE WHO HAVE BOUGHT OUR MINNESOTA SEWING MACHINES. THEY SAY THEY WOULD HAVE TO PAY FROM $40 TO $60 FOR THE ONE WE SELL AT $21.75.

Strings.

We import direct from European manufacturers and handle none but the best strings made. Not an inferior string sold by us at any price. We guarantee every one to be perfectly made of the best quality material. We do not guarantee them against breaking, but they will stand anything that can be expected of the best strings made. We solicit your orders on this particular line, knowing that we can please you to an eminent degree and save you from 50 to 60 per cent. on every purchase.

We wish to caution our trade in buying strings against being misled by "fancy" names and high prices quoted by other dealers. We buy all our gut strings (steel and wound strings are made in this country) direct from the best European manufacturers, select only first quality, and are selling them at "rock bottom" prices. A trial order will convince you that this statement is correct. Violin and banjo strings, weight 2 oz. per set; guitar and violoncello strings, 4 oz. per set.

The metronome is used by students of music, especially of the piano, to indicate the tempo or time. The upright rod moves backward and forward like an inverted pendulum, the movement being actuated by a spring which is wound up with a key. The time is indicated both to eye and ear, the movement being in sight and ticking similar to a clock. The time is regulated fast or slow by the sliding weight on the "pendulum," while the latter has a graduated scale. This is an invaluable instrument for pupils of the piano or organ especially.

INCORPORATED

SPORTING GOODS DEPARTMENT

WE ARE HEADQUARTER FOR EVERYTHING In Guns, Revolvers, Ammunition, Gun Implements, Hunters' Clothing, Fishing Tackle, Tents, Base Ball, Tennis and other athletic goods and Lake and River Seines.

WE CAN SAVE YOU MONEY on everything in this line, no matter how little or how much you wish to buy we will be just as thankful for your order and will save you 33⅓ per cent.

GUN CLUB MEMBERS Are especially invited to compare our prices with those of other houses. **WE ARE SUPPLYING GUN CLUBS** everywhere. If your club does not buy from us, they are paying too much for goods, and we would thank you for calling their attention to our prices herein.

WE HAVE NO COMPETITORS In this line, so far as price is concerned. **NO ONE MEETS OUR PRICES.**

WE MAKE THE PRICES BELOW ALL OTHERS By contracting each season with different manufacturers for a seasons supply, always a very large amount, and **ALWAYS FOR CASH**, **SMALL EXPENSE OF HANDLING** is another advantage in our favor. We believe we have the most economically managed **Sporting Goods Department** in America. It is but **one of many departments** in our house; therefore we are not compelled to look to this department alone to defray all our expenses, and to satisfy our entire earnings. On the contrary, we can add the **smallest kind of a profit** to the actual **NET COST** on **seasons cash contract purchase basis, allowing nothing** for bad debts, for we have none, and that is our prices to you. **COMPARE THESE PRICES**—**Take Guns.** We sell the Parker Gun as low as $36.45 Hammerless Parker, $41.70; Colt Hammerless, $51.30; L. C. Smith Hammerless, $31.75, and everything in the line in proportion. Does another firm meet these prices?

..TERMS..

We will ship **Guns, Revolvers, Sporting Goods** by express, C.O.D., subject to examination on the **following conditions: REVOLVERS**—We will send any revolver to any address by express, C.O.D., subject to examination, on receipt of **One Dollar** as a guarantee of good faith. You can examine it at your express office, and if found perfectly satisfactory and exactly as represented, pay the express agent the balance and express charges. **GUNS**—We will send any **gun** to any address by express C. O. D., subject to examination, on receipt of **three dollars** as a guarantee of good faith. You can examine the gun at your nearest express office, and if found perfectly satisfactory and exactly as represented, pay the express agent the balance and express charges. **GUN IMPLEMENTS, AMMUNITION** and **other SPORTING GOODS** we will send to any address by **express** or **freight**, C.O.D., subject to examination, on receipt of a sufficient **cash deposit** to pay freight or express both ways, balance to be paid when received.

DISCOUNT FOR CASH.

We allow a discount of **Three Per Cent** if cash in full accompanies your order. **If you send the full** amount of cash with your order you may deduct **three per cent from our prices. NEARLY ALL OUR CUSTOMERS** send cash in full. **Always consider our 3 per cent cash discount** when comparing our prices with other houses. As a rule the 3 per cent will nearly and in many cases more than pay the freight or express charges.

OUR BINDING GUARANTEE. We guarantee every article we show in this department to be **exactly as represented** and of the **very highest grade, and** if not found so we will return your money. **IF YOU HAVE ANY DOUBT AS TO OUR RELIABILITY** you are at liberty to send your order and money to any Express Co. in the city, to the **Metropolitan National Bank** or **National Bank of Commerce** with instructions not to turn it over to us unless they know us to be thoroughly reliable. **GIVE US ONE ORDER** for ammunition or other goods, and if we don't save you 20 per cent or more send the goods back and we will refund your money and pay freight both ways.

THE WELL-KNOWN PARKER HAMMER GUN FOR $36.45.

If you will compare the price of $36.45 with any price you have seen quoted on any Parker gun, you can then appreciate what it means by placing your orders in our hands, what our economic one small profit plan saves the consumer on the merchandise bought. See that your Parker guns are stamped "Parker Bros." All others are only imitations and cheap grade common guns.

The above is an illustration engraved from a photograph of the celebrated breech loading double gun, top lever, made by Parker Bros., of Meriden, Conn. All grades of these guns as quoted below are breech loading, all have the top lever action, double bolt and improved check hook and pin, fore-end lock, solid head plunger, extension rib, rebounding locks and low hammers. In ordering guns give first and second choice on weights and dimensions. We shall always do our best to give the first choice, and generally will be able to do so. All Parker guns are choke bored for close shooting and are accompanied by a target made at the factory. 12 gauge weigh 7½ to 9½ lbs.; 10 gauge, 9¼ to 10½ lbs. Length of barrels, 30 or 32 inches as desired. Our guns are the very best made in these grades, every gun warranted, all bored for long range, and the cheapest will shoot as well as the most expensive.

THE CELEBRATED COLT'S NEW HAMMERLESS BREECH LOADING GUN FOR $51.30.

We guarantee our prices on these guns to be below any competition, and if upon comparison you do not find this to be the fact we will not ask you to favor us with your orders for anything in the merchandise line.

The above is an illustration of the new Colt's Hammerless Breech loader engraved from a photograph, made by the Colt's Patent Fire Arms Mfg. Co. at Hartford, Conn., and every genuine gun bears their name. The 10 bore is a long range duck gun, a gun that generally retails at $75.00 to $90.00, and at our price we consider it one of the best guns on the market for the money; the finest material, best workmanship, beautiful finish, and no better shooting gun at any price. Safer than a hammer gun, simple and few parts, no better gun made for durability and shooting qualities; all have pistol grip, all are choke bored, all have extension rib, all are warranted as represented or can be returned at our expense; long range, hard shooters, all warranted highest quality to the grade.

NOTE OUR SPECIAL BARGAINS IN THE FAMOUS L. C. SMITH HAMMERLESS GUNS.

We carry everything in the line of L. C. Smith guns, and at prices 25 per cent lower than your local dealer can buy in quantities, in fact, there is no dealer in America who pretends to meet our competition in the way of prices on the famous L. C. Smith hammerless shot guns. We only ask you to compare our prices with those of any other concern in existence, and if you do not freely admit that we have no competitors then we will not ask for your patronage; but if after a close comparison of our prices with those of others you find you can save money by placing your orders in our hands we would ask that you favor us with your orders for such goods in the sporting goods line as you require, and if you will use your kind influence in our behalf with your friends who are in need of sporting goods we will feel amply repaid for the effort we have made in pounding down prices.

THE WORLD RENOWNED W. W. GREENER EJECTOR GUN FOR $187.50.

This gun is one that sells everywhere at $250.00. You have never seen it listed at any less price.

The above illustration engraved from a photograph shows the W. W. Greener high grade ejector gun, made at Birmingham, England. The Greener gun is made as a fine gun, in fact, is the highest development of the sporting gun in every particular. Workmanship and material are the very best. The ejector gun only throws out the shell that is fired or both shells when both are fired. Breech action is self-fastening, the lock is self-locking and the extractor is self-ejecting. Beautiful in design and finish. The Greener gun is so well known that it is not necessary to mention all its superior qualities.

No. 822. No. 3 quality Greener ejector, hammerless, finely engraved, fine Damascus barrels, treble wedge, fastening self-acting ejector, has all the improvements of the higher cost guns but made plainly finished, still a high grade gun; 12 gauge, 30 inch barrel, 7¼ to 8 lbs., our special price.....$187.50

THE FACILE PRINCEPS GREENER FOR $93.75,

A gun that wholesales at $125.00.

The above illustration engraved from a photograph shows the Facile Princeps grade, the most popular gun of the Greeners. More of them are used by noted trap shooters and sportsmen than any other high grade gun in the world. They are made for downright hard service and are long range close shooters.

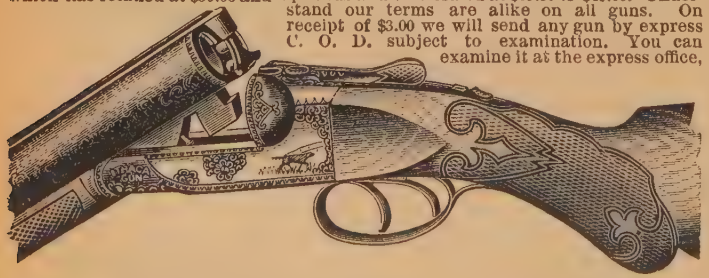
No. 823. Facile Princeps, quality Greener, cross bolt, treble wedge, best hammerless gun made, best material, neatly finished, well balanced, light and strong, fine Damascus barrels, matted ribs and a good one. Made especially to order for trap shooting; no better shooting gun at any price. 12 gauge, 30 inch barrel, 7¼ to 8¼ lbs., our special price.....$93.75

FORESTER GRADE GREENER FOR $69.95.

No. 824. No. 6 Greener Forester Hammerless gun, Anson & Deely action, treble wedge fast, cross bolted. Matted ribs, laminated barrels, finely finished, well-balanced, choke bored, made for service and a good shooter. The value of these guns is in the barrels and lock work which are made specially for us. They shoot just as well as the higher priced ones and wear just as long. 12 gauge, 30 inch barrels, 7½ to 8 lbs., our special price.....$69.95

$27.50 BUYS A $50.00 HAMMERLESS SHOT GUN.

We offer you at $27.50 a hammerless shot gun which can not be duplicated in any market for less than $50.00. This gun is made expressly for us by the Crescent Fire Arms Co. under patents controlled by Charles Lancaster. We guarantee this gun equal to any gun on the market, regardless of price. There is no better shooting gun made at any price. Our sale of these guns has been enormous, and from everywhere we are receiving the most flattering testimonials. We are able to offer the special price of $27.50 by reason of having contracted with the manufacturers for the entire product, and on the basis of the actual cost to produce the gun with only the manufacturer's profit added, and the result is we can offer you a strictly high grade hammerless gun for less money than your retail dealer can buy in quantities. These guns are made by a concern whose reputation for the manufacture of high grade guns ought to be a sufficient guarantee for their quality. Every gun is warranted in every respect, and if not found perfectly satisfactory it may be returned to us, and your money will be cheerfully refunded. Our terms are very liberal. Send us $3.00 as a guarantee of good faith, and we will send you the gun by express C. O. D., subject to examination. You can examine the gun at the express office, and if found perfectly satisfactory pay the express agent the balance, $24.50, and express charges, and the gun is yours. A discount of 3 per cent. will be allowed if cash in full accompanies your order, in which case $26.65 pays for the gun, and you will also save 25 cents to 50 cents express charges on return of money to us. You take no risk for if the gun does not suit you in every way you can return it at our expense, and we will cheerfully refund your money.



No. 825. ORDER BY NUMBER.

The above is a picture of our special $27.50 gun, engraved from a photograph, and will give you some idea of its general appearance. There is no better gun made. This gun is known as the genuine Triumph hammerless double barrel shot gun, manufactured by the Crescent Fire Arms Co., under patents owned by Charles Lancaster. Everything up to date, the latest and best full choke bored, no stronger shooter made, treble bolt, strongest made, long strong extension rib, matted rib, 12 gauge only, 12 gauge with 28, 30 or 32-inch barrels as desired, weight 7 to 8 lbs. Be sure to state weight and length of barrel wanted. Barrels very finest quality twist, latest and strongest top snap break, very fine checkered and imported Italian walnut stock, patent fore end, line engravings, diamond matted rib, full choke bored, fancy rubber butt plate. This gun is simple in construction and superior in workmanship. It has rebounding locks and the barrels can be taken off and put on again without cocking the gun. These two features will commend the gun. The tipping of the barrels and cocking of the gun is done as easily as on a hammer gun, which is a great point in favor of the Triumph. Most hammerless guns are hard to open and put together. The automatic safety bolt is so constructed behind the lever that the gun is always safe when the word "safe" is exposed, and by pushing the safety bolt forward it is ready to shoot. The lugs are steel and swing on a circle, which makes the gun open and close easily. The extension rib is L shaped, which grips the frame firmly and makes a strong lock. The frame is forged, which is far superior to case or malleable iron frames. The Triumph is a strictly high grade American gun, manufactured in this country under valuable patents owned by Charles Lancaster, who stands at the head of English gun makers. It is bored and guaranteed to shoot hard and close. Every gun is tested as to its shooting qualities before leaving the factory, and the target of each gun is on the tag attached to the gun when you get it.

While we have figured the price of every gun as low as possible, figured on the basis of a very small percentage of profit added to the actual cost in large quantities under season contract with the manufacturers, we believe there is no gun offered of so great a value for $27.50 as our Triumph, and we are extremely anxious to receive your order because we know it will lead to many more orders from your neighborhood.

THE CELEBRATED ITHACA HAMMERLESS GUN FOR $26.00.

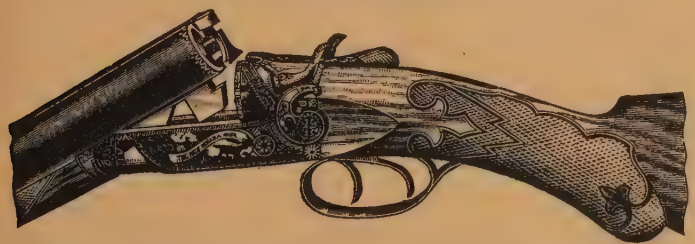
Our Greener action No. 859 at $17.90. **No such bargains were ever offered before.** In addition consider our liberal $3.00 in advance, C. O. D. terms of shipment and our 3% discount for cash in full.

Our stock is immense, but we may sometimes be out of the exact weight or length of barrel. If you will give us the privilege of sending the next in length or weight it will insure the prompt filling of your order.



THE NEW ITHACA EJECTOR HAMMERLESS GUN.

THE ABOVE ILLUSTRATION is engraved from a photograph of "THE NEW ITHACA EJECTOR HAMMERLESS GUN" and will give you an idea of the appearance of this gun. The Ithaca Gun is so well known that it is unnecessary for us to make a full description of every detail. "The New Ejector" in addition to having all of the advantages of the Ithaca Hammerless Gun, has the "New Automatic Ejector" made expressly for this gun and is more simple than any other ejector on the market. That it works direct on the Extractor and is all contained in the lug, makes it less complicated, and therefore less likely to get out of order. It is all made of tool steel, and is not only more durable, but is stronger and more positive than the other ejectors, which are made more complicated.

No. 828½. With fine English stub twist barrels, with checkered walnut pistol grip stock, 10 or 12 gauge, 30 or 32 in. barrels. Our special price..... **$36.00**

. . .DAVIS HAMMER GUN. . .

No. 849.

$17.90 BUYS A $30.00 DOUBLE BARREL BREECH LOADING SHOT GUN.

A genuine Davis American-made gun for $17.90. No such a bargain has ever been offered before in the way of an American double barrel breech-loading shot gun. This is a genuine Davis gun, warranted in every respect. There is no better shooting gun made, no stronger gun made.

The above illustration is engraved from a photograph and will give you some idea of the appearance of this gun. It comes in 12 gauge only, 30 or 32 inch barrels, finest grade twist, weight, 7½ to 8½ lbs. Bar rebounding locks, strongest and most simple lock made, double bolt, so constructed and and so strong that the gun can never wear loose re-enforced breech, patent applied only on the Davis gun. The barrels are double thickness over shell chamber, fine selected imported walnut stock, fancy checkered full pistol grip, fancy rubber butt plates, latest style low circular hammers, best and latest top snap break, strong, long extension rib, large firing pin, best automatic shell extractor, case hardened and engraved mountings, choke bored. Every gun is tested to target before leaving the factory, and for a perfect target and penetration gun there is no better gun made. At our special price of $17.90 there is no American gun made that will compare with it. We will allow you a discount of 3 per cent. if cash in full accompanies your order, or the gun will be sent C. O. D. subject to examination on receipt of $3.00 as a guarantee of good faith, balance and express charges payable at express office.

THE DAVIS HAMMERLESS GUN.

No. 847½. Best quality Twist Barrels, Choke Bored, extended matted rib, double bolt, one on Lug of Barrel and square Cross Bolt through extended rib, patent fore end. Full pistol grip stock, stock and tip checked. All parts nicely engraved. Cocks by the opening of barrels, and by the action of closing them the Sears and Triggers are both blocked by a positive motion, thus avoiding all danger from jarring off or premature pulling off, by trigger or otherwise, and is absolutely safe. Safety can be used as automatic or independent, a very desireable feature for rapid firing. Gun can be put together or taken apart with hammers in any position, and without any extra operation. Hammers may also be let down without snapping, which is always preferable.

THE NEW S. R. & CO. HAMMERLESS DOUBLE BARREL SHOT GUN.

We offer at $35.00 a gun that sells regularly at $65.00. We offer at $29.00 a gun that sells regularly at $50.00. We guarantee it equal to any gun in the market, and there is no better gun made at any price.

The above illustration engraved from a photograph shows the general appearance of the **Sears, Roebuck & Co.** high grade hammerless shot gun with all the latest and best features of the high priced guns, and the latest model for the season of 1897. Made of best material, handsome in design and finish, well balanced, easy booking—the weight of the barrel doing the work; for beauty of outline it has no superior at any price. Top lever, cross bolted, pistol grip, English walnut, patent compensating snap fore-end, case hardened lock plates and action, finely matted tapering rib, wide heavy breech, narrow at muzzle, neatly engraved, bored for nitro or black powders, will shoot either kind, good at trap or in the field, in fact a first-class all around gun for a small amount of money, no better shooting gun at any price. Come in two grades only below mentioned, the same in design and finish, the only difference being in the grade of barrel stock and finish. The twist barrels are just as good as the Damascus. All choke bored unless otherwise ordered. Every gun tested, and target accompanies each gun.

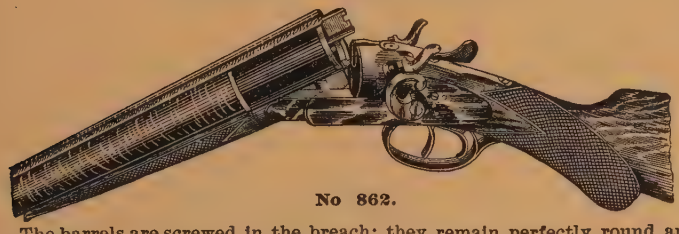
Under our system of one small profit direct from the manufacturer to the consumer, you will own this gun at less money than your local dealer can buy in quantities.

OUR $19.90 BARGAIN.



No. 861

The above illustration is engraved from a photograph, and shows one of the finest guns made in Belgium and a gun that is sold in this market at two and three times our special offer price. Under the old system of handling guns it costs about as much to sell them as it does to make them, but we change this and you pay the actual cost to produce with only one small profit added. We guarantee every gun to be exactly as we represent it, and if you find it is not at any time you may return it to us and we will refund your money.

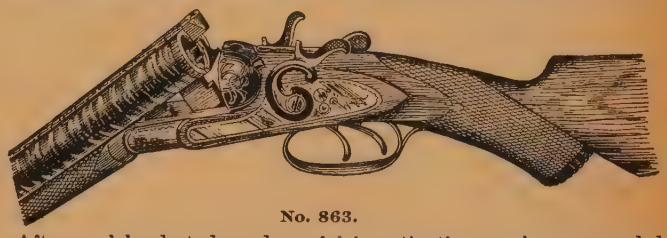
This beautiful machine-made gun has fine laminated steel barrels, top snap break, rebounding bar locks, solid plungers, low circular hammers, tapered and extended matted rib, double bolt, snap fore end, English walnut pistol grip, stock checkered and engraved, rubber butt plate, left barrel full choked, right barrel modified choked, comes in 10 or 12 gauge as desired, and 30 or 32 inch barrel as desired. 12 gauge weigh 8 to 9 lbs., 10 gauge weigh 9 to 10 lbs. Price..... $19.90

PIEPER'S PATENT, MODIFIED DIANA PATTERN. GENUINE MACHINE MADE.

No 862.

The barrels are screwed in the breach; they remain perfectly round and straight, and are not pinched together, as is the case in the old way of manufacture. The lumps and the steel breach are in one solid piece thus avoiding, lumps becoming loose.

The barrels being independent of each other, the expansion is even, and the penetration and shooting qualities in general is thereby increased. Barrels are choked after the most approved system and are flat at the breech.



This gun has the Scott patent lever top snap, genuine laminated barrels, matted extension rib, improved patent snap fore end, rebounding bar locks, low circular hammers below line of sight, full checkered pistol grip stock, rubber butt plate, left barrel full choke bored, right barrel modified. The peculiar construction of this gun positively prevents it from getting loose and shaky and makes it especially adapted to nitro or smokeless powders. We furnish them in either 10, 12, 16 or 20 gauge as follows:

10 gauge, 30 or 32-inch barrels, weight 8½ to 10 lbs., price..... **$17.90**
12 gauge, 30 or 32-inch barrels, weight 7¼ to 8¾ lbs.. price..... **17.30**
16 gauge, 28 or 30-inch barrels, weight 6¼ to 7 lbs., price..... **17.65**
20 gauge, 28 or 30-inch barrels, weight 6 to 6½ lbs., price..... **17.80**

NOTE—There are cheap imitations of this gun on the market with breech ends of barrels painted instead of being made separate and barrels screwed into the blued breech—LOOK OUT FOR THEM! OURS ARE THE GENUINE.

NOTE—We can furnish any of these guns in Damascus barrels at $5.00 extra.

OUR GENUINE ENGLISH MACHINE MADE GUN.

No. 863.

After much hard study and careful investigation, we have succeeded in obtaining a gun for all purposes, which combines the fine material and workmanship together with the beauty and finish of the high-grade American guns as well as the strength and durability required to withstand the heavy charges of nitro or smokeless powder.

The above illustration, taken from a photograph of **Our Genuine English Machine Gun,** will give you an idea of the appearance of this gun, which is high grade and strictly first class in every sense of the word. This gun has genuine fine twist barrels with fine matted extension rib, double bolt. **Case hardened locks and mountings finely engraved.** Low circular hammers below line of sight, top lever brake, full checkered pisto grip stock and checked patent fore end, fancy engraved rubber cap on grip and checked rubber butt plate; the left barrel full choke bored, right barrel modified. While this gun has all the advantages of a $50.00 American gun we furnish it to you in either 10 or 12 gauge, 30 or 32 inch barrels; 12 gauge, 7½ to 8½ lbs., 10 gauge, 8½ to 10 lbs.

No. 864.

Description.—No better shooting gun made. The barrel can be examined and cleaned from the breech. The magazine and carriers hold five cartridges, which with the one in the chamber, makes six at the command of the shooter. The forward and backward motion of the finger lever, which can be executed while gun is at shoulder, throw out empty shells, raises a new cartridge from magazine, and puts into the barrel. The gun is then ready to be fired. Finest quality rolled steel barrels, case hardened frame and pistol grip, walnut stock. All guns are full choked, and no gun will be sent out that will not not make a perfect target. The standard gun will have a stock 12¾ inches in length and 2⅝ inches drop, any variation from standard length or drop will be charged for extra.
12 gauge, 30 or 32 inch barrel, weight 7¾ lbs., our special price.....$16.88
10 gauge, 30 or 32 inch barrel, weight 9 lbs., our special price..... 16.88
The best gun made for ducks, chickens, partridges, etc., as you can fire much more rapidly than with any double barreled gun, besides, the penetration of these guns is simply wonderful.

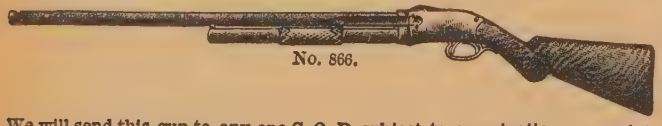
We will ship C. O. D. to any one anywhere on receipt of $3.00 as a guarantee of good faith, examine the gun at express office, and if found satisfactory, pay the express agent the balance, $13.88, and express charges, otherwise pay nothing and the agent will return it to us and we will refund your $3.00 less express charges.

Description.—Best gun made for ducks, chickens or partridges, no stronger shooting gun made, has wonderful penetration and makes a perfect pattern. Operated by sliding fore arm below the barrel. When the hammer is down the backward and forward motion of this slide unlocks and opens the breech lock, ejects the cartridge or fired shell and replaces it with a fresh cartridge. The construction of the arm is such that the hammer cannot fall, or the firing pin strike the cartridge until the breech lock is in place and locked fast, while the hammer stands at the full cock notch, the gun is locked against opening. In this position the firing pin must be pushed forward to open the gun; when the hammer stands at half-cock, the gun is locked both against opening and pulling the trigger.



To load the magazine turn the gun with the guard upward, lay the cartridge on the underside of the carrier and push it into the magazine.

Finest quality, patent rolled steel barrels, fine selected walnut stock, pistol grip, length of stock 13 inches, drop of stock 2¾ inches, weight 7¾ lbs., shoots six times, 12 gauge only, 30 or 32 inch barrel. Our special price.....$16.88

This gun is simple in construction, very few parts and not liable to get out of order, most rapid action made, choke bored to do the best shooting possible.

$6.75 for the New York Arms Company's Latest Patent Automatic Ejector, Single Barrel Breechloading Shot Gun.

No. 869¼ For $6.75 we offer you a gun which you cannot duplicate in your retail market at less than $12.00. This is one of the best single barrel ejectors on the market.

At our special price of $6.75 we will send this gun to any address by express C. O. D., subject to examination, on receipt of $3.00 as a guarantee of good faith. You can examine the gun at your express office, and if found exactly as represented and perfectly satisfactory, and such a gun as you have never seen before at anything like the price, pay the agent the balance of $3.75 and express charges.

Three per cent. discount will be allowed if cash in full accompanies your order. If you send the full amount of cash with your order you may deduct 3 per cent. from our price, when $6.55 pays for the gun.

We furnish this gun in either 12 or 16 gauge. 30 or 32 inch barrel, as desired. In ordering be sure to state gauge and length of barrel wanted.

No such gun was ever before offered at anything like the price. We consider this the best Automatic Ejector Single Barrel Breechloader on the market, and at our special price of $6.75 we think we are entitled to your order by reason of making a saving to you of from $5.00 to $6.00. This gun is made by the old reliable New York Arms Company, which is a guarantee in every respect. It is made from the very best material throughout. The barrels are of fine rolled steel with beautiful blued finish. They are full choke bore, which makes them shoot very hard and close. For a perfect pattern and penetration this gun is equal to breechloaders that sell at ten times the price. You will get the same service, the same execution, the same convenience from this automatic ejecting single barrel gun that you would from a $200.00 ejector. The hammer is hung in the center so as to strike the cartridge square. The automatic ejector device is very strong and simple and cannot get out of order. The barrel is detachable, making it convenient to carry with ejector apart in a Victoria style gun case. The stock is made of selected walnut, pistol grip, fancy butt, rebounding lock, top snap break. The frame and trigger guard are case hardened and beautifully finished.

At $6.75 shipped C. O. D., or $6.55 cash in full with order, we feel confident of a very large trade on these guns; so confident, in fact, that we have accepted a proposition from the manufacturer for a quantity by reason of which we are able to make this price. We would advise you when looking for a single barrel shot gun to consider this before all others. When you stop to consider that for only $6.55 you get a thoroughly first-class, high grade New York Company's breechloading shot gun, and with the latest patent self-acting automatic shell ejector, we believe we are entitled to your order.

Do not forget the price, $6.75 when shipped C. O. D., $6.25 if cash in full accompanies your order.

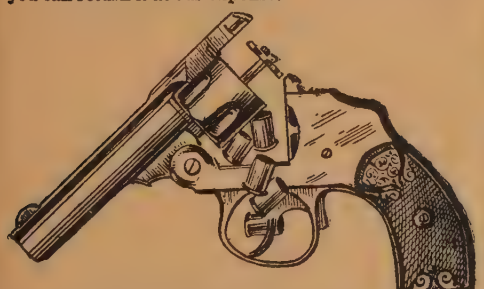
$2.75 BUYS AN $8.00 HAMMERLESS REVOLVER.

We say an $8.00 hammerless revolver for the reason we believe this revolver is equal to many that retail as high as $8.00. We are able to offer the price of $2.75 by reason of a very large quantity we have purchased and at a forced sale.

No. 892. The above illustration engraved from a photograph will give you some idea of the appearance of this revolver, and at our price of $2.75 it will surely prove a death blow to competition. It is a genuine American hammerless revolver. Dealers may say it is impossible. Some may say we do not furnish it but we do. We propose to demonstrate to the consumers of the world that our trade, reaching into every State in the Union and then into every country on the globe, places us in a position to go to the manufacturers with such large orders for cash that we can buy and offer our leaders at prices that will strike terror to dealers and competitors. We use the word "competitors" but we have none, and a comparison of our prices with those of other houses will convince you of this fact. Our policy is 10,000 revolvers at a profit of 10c. each which amounts to $1000.00 rather than 100 revolvers at $2.00 each and amount to only $200.00. It pays to sell cheap. We make more money by selling a revolver at 10c. profit than at $2.00 profit. Every one who buys from us talks for us. We treat them right, we give them unheard of values for their money, and in consequence they will talk—talk words of praise. You can't stop them. Dealers try to, so do certain would-be competitors try to stop them, but they can't. Our customers sound our praise, and as a result our bargain list grows bigger and bigger as each leader succeeds the other.



This new hammerless revolver is made by the New York Arms Co., and is known as the Bull's Eye Hammerless. Solid frame, full nickel plated, fancy ornamented rubber handle, patent safety lock so arranged that accidental discharge is impossible, uses Smith & Wesson central fire cartridges, 22, 32 and 38 caliber as desired. 22 caliber is adapted to rim fire cartridges, 22 caliber has 2½ inch barrel and weighs 9 oz. 32 and 38 calibers have 3¼ inch barrels and weigh 14 and 17 oz. respectively. If you buy one you will buy more.

You can sell them at $5.00 each.

Our terms are C. O. D. to any one on receipt of $1.00 as a guarantee of good faith. Examine the revolver at the express office, and if satisfactory pay the express agent the balance, $1.75, and express charges. The best way is to send cash in full. You can then deduct 3 per cent. cash discount, and for 23c. extra we will send the revolver by mail, postage prepaid.

A $10.00 HAMMERLESS REVOLVER FOR $3.95.

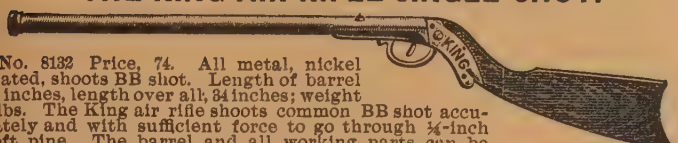
AIR RIFLES AND BELONGINGS—THE CHICAGO AIR RIFLE.

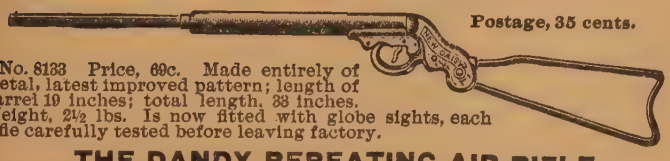


Our prices on all air rifles are far below all others and our assortment is complete.

No. 8131 Price, 73c. **Description:** The Chicago air rifle shoots regular air gun darts and bullets. Entire length over all, 33 inches. It will shoot a common BB shot 40 rods, and kill small game at 50 feet. No powder or caps, no noise not dangerous to handle. By its use a person can become a perfect shot. It costs but one cent to shoot 100 times. The barrel, air chamber and all working parts are made of brass and steel. The stock is maple, nicely stained and varnished, representing rosewood. The air chamber and barrel are of mandrel drawn brass, accurately bored and polished. The barrel has a perfect device for holding the ball tight to place. The plunger and piston is of the very best of steel and made specially for this purpose. All parts are made to stand continued usage and not get out of order.

Postage Extra, 35 cents.

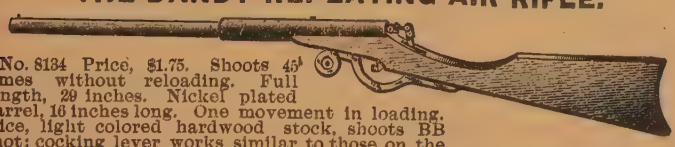
THE KING AIR RIFLE SINGLE SHOT.



No. 8132 Price, 74. All metal, nickel plated, shoots BB shot. Length of barrel 19 inches, length over all, 34 inches; weight 2 lbs. The King air rifle shoots common BB shot accurately and with sufficient force to go through ¼-inch soft pine. The barrel and all working parts can be easily removed by simply unscrewing the metal cap on front part of gun, a feature when seen that must be appreciated, as it makes the removal of shot that are sure to become lodged in all muzzle-loading air guns a very simple and easy matter. Each gun is sighted with movable sights and packed in paper box, with sample package of shot and directions.

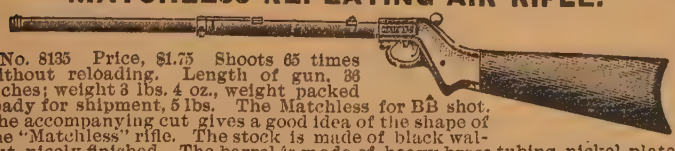
No. 8132½ New King Repeater, shoots 150 times, made by the same concern that makes King single shot and the appearance of the rifle is almost the same. Best repeater made. Our special price, $1.15.

Postage, 35 cents.



THE DAISY AIR RIFLE.

Postage, 35 cents.

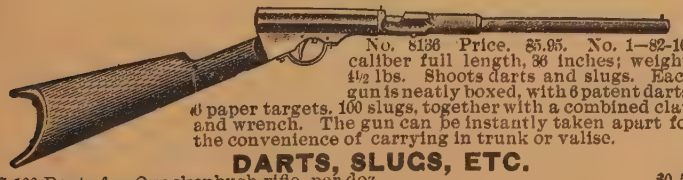


No. 8133 Price, 69c. Made entirely of metal, latest improved pattern; length of barrel 19 inches; total length, 33 inches. Weight, 2½ lbs. Is now fitted with globe sights, each rifle carefully tested before leaving factory.

THE DANDY REPEATING AIR RIFLE.

No. 8134 Price, $1.75. Shoots 45 times without reloading. Full length, 29 inches. Nickel plated barrel, 16 inches long. One movement in loading. Nice, light colored hardwood stock, shoots BB shot; cocking lever works similar to those on the Winchester repeating rifle.

MATCHLESS REPEATING AIR RIFLE.



No. 8135 Price, $1.75 Shoots 65 times without reloading. Length of gun, 36 inches; weight 3 lbs. 4 oz., weight packed ready for shipment, 5 lbs. The Matchless for BB shot. The accompanying cut gives a good idea of the shape of the "Matchless" rifle. The stock is made of black walnut, nicely finished. The barrel is made of heavy brass tubing, nickel plated with block nickel.

No. 8135¼ Same as No. 8133, except has wood stock and is more finely finished. **Our special price each, 85 cents.**

MARLIN REPEATING RIFLES.

All arms of this make have solid top frames and eject to the side. The solid top keeps out rain, snow, twigs, pine needles, alkali dush, sand, etc., and protects the head of the shooter from any accident. The side ejection is much more convenient than the old-fashioned systems that throw the shell into your face, fill your nostrills and eyes with smoke and gas and generally interfere with a quick second or third shot. All barrels are exactly the same as **Ballard Target Barrels** made by the Marlin Company and so long recognized as the standard of accuracy throughout the world.

Our Terms Always the Same. Send us $3.00 as a guarantee of good faith and we will send any gun by express C. O. D., subject to examination, you can examine it at the express office and if found perfectly satisfactory pay the express agent the balance and express charges. **3 per cent discount** if cash in full accompanies gun order.

MARLIN REPEATING RIFLES, MODEL 1895.

Rifles of this Model have Case Hardened Receivers.

The barrels in rifles of this model are made of nickel steel and guaranteed to fill government tests. The increasing use of nitro-powders makes this feature important. The barrels are also slighly tapered, giving extra strength around the chamber and making the balance of the rifle much better.

WINCHESTER MODEL 1892 REPEATER.

The system is the same as the Model of 1886, now so well known. Manipulated by a finger lever, the firing pin is first withdrawn; the gun unlocked and opened; the shell or cartridge ejected, and a new cartridge presented and forced into the chamber, the firing pin held back until the gun is again locked. The locking bolts are always in sight, and when the gun is closed, support the breech-bolt symmetrically against the force of the explosion. The same cartridges are used as in the Model of 1873—.44, .38 and .32 Winchester center fire, their widely extended sale having proved their value for general use, and in addition the W. C. F. cartridge. The gun is light, strong, handsome and simple in construction.

WINCHESTER RIFLES.

On rifles, our terms are exactly the same as on all other guns; C. O. D. to any one on receipt of $3.00 as a guarantee of good faith, the balance and express charges to be paid after you receive the rifle. If not satisfactory return the rifle to us and we will refund your money, less express charges.

Three per cent. discount if cash in full accompanies your order. You take no risk. If the rifle is not in every way satisfactory return it at our expense and we will refund your money.

Description.—Although this rifle is a recent production, it has become almost as famous as the "Winchester Repeater," and stands in the "front rank" with the very best target rifles of this and other countries. This gun has the old Sharp's breech block, and lever, and is as safe and solid as a Sharp's. The firing pin is automatically withdrawn at the first opening movement of the gun and held back until the gun is closed. The hammer is centrally hung, but drops down with the breech block when the gun is opened, and is cocked by the closing movement. It can also be cocked by hand. This arrangement allows the barrel to be wiped and examined from the breech. In our line everything has been done to make the gun pleasing to the eye. All of these guns have case hardened lock plates and dark walnut stock, other styles and caliber made to order.

Every rifle warranted perfect and accurate. These rifles are not made with double trigger. The set locks are adjustable by a little screw in rear of trigger, and can be set to pull as desired or not used at all. Pushing the trigger forward places it in the "hair pull" notch, same as working a double trigger. All rifles have sporting rear sights.

MACHINE LOADED PAPER SHOT SHELLS

Every Shell warranted.

Loaded Shells can go by freight, or express, alone or with other goods.

The shells used are the celebrated WATERPROOF RIVAL and Club, U. M. C. and Winchester make. (Waterproof paper shells.) Put up in boxes of 25 shells, 20 boxes or 500 shells to the case. These shells are loaded with two thick black edge wads, and one CARDBOARD wad over the powder, and one thin cardboard wad over the shot.

NO BETTER MADE.

The uniformity of the material used and the regularity of the machine work, insure level seating of wads and even pressure of powder, the compression being such as to secure the *highest explosive force*, thereby giving absolute perfection of loading, and becoming at once the most salable form of fixed ammunition. We can usually furnish these goods, loaded with Dupont, Laflin & Rand, or Hazard dead shot powders.

Prices subject to change without notice. Weight per case, 12 gauge, 65 lbs.; 10 gauge, 77 lbs., 500 shells in a case.

N. B. 5 per cent. discount for cash on 500 lots or over. 10 per cent. discount for cash on 1,000 or over in case lots.

SHOT SPREADERS.

PATENTED.

256.

8401. Full chokes made to spread MORE than cylinders. SHOT SPREADERS do it. A FULL CHOKE makes a circle of about 12 inches at 15 yards. Shot spreaders make the same gun scatter from 24 to 30 inches. No use of carrying two sets of barrels on a hunting trip. They are made of pasteboard, and pass loosely through the choke. Very successful in the bushes where shooting is done at short range. Just right for quail, woodcock, partridge and rabbits. Do not mangle the game at close quarters. No trouble to load them.

12 gauge and 10 gauge. To load: In a 2¾ inch shell use 2¾ drs. powder; 1 B. edge and 1 card wad on powder. Drop the spreader down onto the powder wads and then pour in 1⅛ ounces shot. 1⅛ ounce fills the spreader and a little over. Lay on an ordinary card wad and turn over the shell. If your shell is more than 2⅝ inches long use any load of powder and wads you have room for. Price, per 100, 50c. Box of 50, 25c.

All 12 gauge will work in 10 gauge, also.

No. 8433. **The New Thin Top Shot Wad.** For trap shooting, made of specially prepared paper, less than one-fourth as thick as regular card wads. Advantages of this wad: Evener distribution of shot; closer pattern, more space for powder wads and shot, blows to pieces when "fired" and offers less resistance to the shot, and yet stiff enough to hold shot in place when crimped, and does not "bulge" in crimping.

	Per box.	per 1,000.

Dupont Smokeless or Nitro Powder.

The Dupont Smokeless Nitro Powder is a fine grain, hard powder, safe and reliable. It may be loaded the same as black powder, except the quantity should be less; use paper shells only; load measured in regular powder measure; 16 ga. 2 to 2½ drams; 12 ga. 2½ to 3 drams; 10 ga. 2¾ to 3½ drams. One of the most satisfactory nitro powders.

12½ pound cans, equal in bulk to 25 pounds black powder	$13.20
6¼ pound cans equal in bulk to 12½ pounds black powder	$6.75
3⅛ pound cans equal in bulk to 6¼ pounds black powder	$3.45
⅛ pound cans equal in bulk to 1 pound black powder	$0.60

See directions on package for loading.

N. B.—All nitro or smokeless powders can be shipped by express or freight, either alone or with other goods.

Schultze Powder.

These powders are made for first-class guns.

No. 8458. **Schultze Powders for Shot-guns,** very little smoke. 1 pound (bulk) cans $0.50
10 pound (bulk) drums $4.80

Follow the directions on can for loading.

E. C. Powder.

No. 8444. **E. C. Shot-gun Powder,** little or no smoke. It is becoming more popular every year.

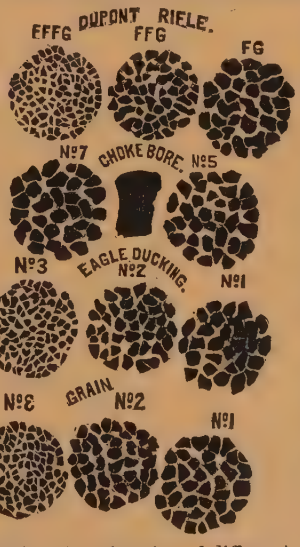
1 pound (bulk) cans, per can	$0.55
10 " " " "	5.35

Great care must be taken in loading these powders to obtain the best results. Directions for use on each can.

The great advantage of Dupont's Smokeless, Schultze S. S. and E. C. Powders over common powders is the fact that there is much less recoil and no smoke to prevent seeing game or target for second shot.

THE NEW GRADE (S. S.) SMOKELESS POWDER.

THE BEST SMOKELESS OR NITRO POWDER YET PRODUCRD.



No. 8445. **The New Smokeless (S. S.) Shot-Gun Powder;** does not weigh as much, bulk for bulk, as black powder.

1 pound can (bulk) price	$0.50
10 " " " "	4.25

The superiority of the S. S. powder consists in its high velocity, long range, reduced recoil, reduced smoke, reduced fouling and more regular patterns. (S. S.) is the highest development in "nitro" compounds. In consequence of the absence of "jar" and the reduced recoil it is the most agreeable of powders to shoot.

DUPONT RIFLE AND SHOT GUN BLACK POWDER.

FRAZER'S PATENTED STRIKING BAG PLATFORM.

Description.

This entirely new design in a **Striking Bag Platfhrm** has been pronounced by experts who have used it to be so much superior to the ordinary platform that comparison is hardly necessary. **There is none of the objectionable noise** that is made by a solid platform, and vibration is reduced to a minimum. Much quicker work can be done on it, owing to the fact that the bag strikes a small and solid surface, causing a lively rebound. The bag striking in the same position on the rim causes it to swing true from all sides. **All parts are made of highly polished hardwood.** This platform, although designed for gymnasium purposes, is particularly well adapted for home use, its neat appearance makes it possible to put it up where it may be accessible to every member of the family. Price, complete, ready to attach to wall, without bag..$9.75

BASE BALL GOODS.

The largest and best manufacturers in the world contribute to this department. We show the most select line of Base Ball supplies ever put on the market. Our past and steadily increasing trade warrants our making an unusually large contract, and by so doing we have secured prices far lower than any retail dealer dreams of getting. We hence offer the best goods at prices against which none can compete. We have one favor to ask in connection with this department. Do not compare our goods with the cheap, trashy Base Ball supplies usually carried in stores. The greater part of such goods sold at retail are not worth carrying away. As stated above, our goods are made by the best factories, are good goods and stay good.

OUR LIBERAL TERMS.

On all orders amounting to more than $4.00 we ship C. O. D. by express, subject to examination, when one-fourth cash accompanies order, balance, with express charges, to be paid to express agent when goods are examined and found exactly as represented and perfectly satisfactory. You can easily dispose of a dozen balls and can sell at double the price you pay and **then undersell all local dealers.** make some pin money for yourself and let us supply you with goods that are of the very best that can be had in the country. We are anxious to push our Base Ball supplies this season, as it is going to be one of the greatest base ball years ever known. We can supply Base Ball Clubs at prices never equaled.

Our line of flannels for base ball uniforms consists of the best qualities in their respective grades, and the most desirable colors for base ball uniforms. Each grade is kept up to the highest point of excellence and quality improved wherever possible every season. Owing to the heavy weight flannels used in our Nos 81020 and 81021 uniforms, we have found it desirable, after many years of experience, to use a little lighter weight material for the shirts; this makes them more comfortable, much cooler, and wear just as well as the heavier weight. If, however, you prefer the heavier goods for the shirts, they will be supplied at same price, but only when *specially ordered.*

FISHING RODS.

In selecting the goods in this department we have endeavored to put only those goods that we could rely on as standard goods. We have looked over a great many lines of fishing rods and have endeavored to procure only those that are made of the best quality woods and finished in the best manner.

You will notice our line is very complete, ranging in prices that will suit almost any one. Our cheap rods are selected with just as much care as the high grade rods. As we sell a great many more of these rods than the higher grade ones, we endeavor to make a good advertisement for ourselves by sending out the best goods for the money.

Any rod not found exactly as described can be returned at our expense and money refunded, if returned as soon as examined and not used.

WOOD RODS.

Our prices are lowest jobbing prices on fishing tackle, that is why the prices made seem low for good goods.

BRISTOL STEEL RODS.

We take pleasure in presenting this line of Bristol rods, which is very complete and includes the new rods that have been lately added. No fisherman's outfit is complete without a supply of Bristol's steel fishing rods, in the latest pattern. The demand for this rod is constantly growing, and notwithstanding the competition of other rods, is used largely throughout the country.

These rods are all guaranteed from breakage, flaws or defects in the manufacture. They have been subjected to much abuse, such as being bent double and all manner of unnecessary tests. Against such tests we cannot undertake to guarantee our rods, but we will guarantee them from all breakage when in actual use, by reason of flaws in material or workmanship and within a reasonable time of their purchase.

SPECIAL FLY ROD.

No. 81314. We particularly call the attention of anglers to this special fly rod. This rod is made of absolutely perfect cane, the ferrules fit perfectly, being all taper ground to bear their entire length. The fitting and gluing of the sections are done by the most perfect process, the same as the highest grade rods made. The wrappings of silk are red and green and are extremely close to still further strengthen the sections. They are varnished most thoroughly with the best spar varnish. These rods have solid drawn ferrules and reel seat, and for a high grade of fly rod, we would recommend this one.

UNIVERSAL FISH ROD HOLDER.

No. 81360. For trolling and still fishing in a boat. It can be fastened either to the gunwale or seat. It enables a person, if he desires, to go fishing without a guide to row for him, or to have two or three rods in use without their being all over the bottom of the boat, to be stepped on and broken. By means of a thumbscrew it can be adjusted to any angle or any direction, as it works on a ball-and-socket joint. It is neatly and strongly made, is tinned, and forks are covered with rubber. It will take any rod, from ¾ to 2 inches diameter at butt. Weight, 26 oz. Each.....$1.00

FISHING REELS.

(Reels by mail, 10 to 15 cents extra.)

No. 81362. The Expert Reel. This reel has an entirely new device for use in casting or "playing" a fish, whereby the angler may vary the reel from a free-running to a delicate drag, heavy drag, or bring it to a complete stop, simply by the pressure of the thumb upon the guard. By this device the line may be stopped instantly at any desired point when casting. This guard is made of extra-hard spring metal, so that no matter how often used or struck by accident, it will resume its original position. These reels, having a large diameter of spool, will reel in a line faster than the best quadruple multiplying reel. All finely polished, heavy nickel plated and well made. All have patent hooks, with baiting needle, adjustable lip hook and treble swivel, best silk metal-wound gimp on hook to attach line to.

This is the most ingenious invention and radical improvement in trolling tackle yet made. Its manifest superiority over all gangs now in use is evident to every expert angler. A few of the peculiar excellences are: It is the only gang on which a bait can live. It is the only gang which can be adjusted to any sized minnow instantly and perfectly. It is not only the simplest, but also the strongest, gang made. It does not scare away the big and wary fish by a long array of treble hooks. The treble swivel insures perfect revolution of bait and reduces to the lowest possible point the liability of kinking the line.

TROUT FLIES AND HACKLE.

Our stock of trout flies is made up of the best known and most popular varieties and patterns, and adapted to all water, and seasons. We selected the most popular and best killing varieties made, and carry them in stock in three grades, viz: A, B and C, grade C being the best fly made; the B grade, the standard fly (sold by many dealers as the *best*), and the grade A being the same fly with less hackle and wing, and cheaper quality of tying. All of our flies are tied on Harrison spring steel needle pointed sproat hook and guaranteed as such. We list and describe the following most popular styles.

Sizes of hooks, 6, 8 and 10. These are the sizes used by expert fly fisherman. All flies tied on best single gut.

Always mention name and grade wanted when ordering flies. *We guarantee our flies to be a better quality grade for grade than any other dealer can furnish at these prices A comparison is all we ask.*

No. 81680 (901). 4-0 Hook.

No. 81681 (4 R). 4-0 Hook.

In addition to the great merits of this device as a weed guard, it is a sinker in the right place and helps out the bait-caster. It also lands the frog belly down and trolls the minnow in a natural manner. For casting a pork rind bait it is simply *perfection.* When using Nos. 900 to 902, hook the frog or minnow from the top down, the point of the hook pointing downward, as shown in the illustration. The guard will hang downward, leaving the point of the hook well exposed; when obstructions are reached, the guard instantly closes over the point of the hook. Nos. 2 R to 7 R are reversible and can be used in either way, making an absolute weed guard with the hook pointing downward and a three-quarter weed guard when pointing upward.

LAKE AND RIVER SEINES.

Made of the best quality cotton twine, all complete, with buoys, sinkers, etc., except hauling lines. We do not send seines C. O. D.

In ordering seines, give catalogue number, size wanted and price.

Special prices are given upon request, for large lake seines and other lengths and depths not in this list.

These seines all have top line ¼ inch manilla rope, tarred, and bottom lines ¼ inch manilla rope tarred, doubled, with reversed twist to prevent rolling. We use new improved cast lead sinkers on all our seines. Twine, Woodbury's best.

N. B.—A seine mesh is diamond shaped, and a 1 inch square mesh measures 1 inch on each of the four sides. A 1½ measures 1½ on each of the four sides, etc., etc. One inch square mesh is 2 inches stretched mesh; 1½ inch square mesh is 3 inch stretched mesh.

No. 82079. Cotton netting for outside of trammel nets from 6 to 8 inch square mesh. Per pound, 45c.

IMPROVED PERFECTION TRAMMEL NET.

It has three nets hung upon a single top and a single bottom line. Of the three nets two have large meshes of cotton seine twine. The inside net is made of best linen gilling twine, which is hung slack, forming a bag in which fish coming from either side are caught, unable to escape. These nets are not "drag seines," but are to be "set" in the water, the same as a gill net.

Price is per running yard in length, hung measure, the three nets combined, complete with leads and floats. Square mesh. Weight per yard, about one-half pound.

All No. 16, Soft Laid.

Other styles made to order. Meshes as given above are diamond square. Hung complete for use except hauling lines. When ordering nets give size, price, and catalogue number.

N. B.—Trammel Nets are made to order only, and if order is filled correctly we cannot take the goods back, as we seldom have any two orders "just alike" in every particular, consequently if the net was returned it would be a "dead loss" to us.

GILL OR SET NET.

A gill net is a single net, hung with floats and leads complete, without hauling lines. Made of best imported linen twine. These nets cannot be used for "drag" seines, the twine being too fine. They are set in the water and allowed to remain from 5 to 24 hours. Commencing at one end, "lift" gently when taking up net. The fish are caught by the gills, hence the name "gill" or "set" net.

Rigged complete. Ready for use. Made of linen twine. Price per running yard in length hung measure. Weight per yard, about ¼ pound.

TENTS.

How to Pitch a Tent.

Having unrolled the tent in the exact position you want it to be when up, place the ridge pole, rounded side up, inside the tent, and on a line with the large eyelet holes, which are in the center of the roof; then insert the uprights in the holes bored in the ridge pole, and let the pikes in the upright pole come through the top of the tent. If a fly is used let the pikes also go through that, in precisely the same way as the tent; then take hold of the uprights and raise tent and fly together; secure the corner guys first and then the others between them. Do not drive the stakes straight, but angling; they hold very much better in this way. The tent being now up and guys all adjusted so that they bear equal strain, then proceed to dig a V-shaped trench all around the tent, about three inches deep; this will insure you a dry floor at all times. Do not take the tent down when wet or even damp. Heat and dampness is the cause of mildew, which destroys more tents than all other causes combined.

SPECIAL NOTE.—If you are interested in other styles of tents not listed in this catalogue, we invite your correspondence. Quotations given on applications, and at bottom prices. We can meet your expectation.

Poles and pins included in above prices. Prices on any size of wall tent not mentioned above, given on application. Can furnish any style of tent wanted.

A tent fly makes an extra movable or double roof to a tent, and affords a greater pretection from sun and rain, and can bs made to serve as an awning, either in front or rear of tent. They are not really necessary, and are not included in prices of tents, but we can furnish them, if ordered, at one-half the price of tents of corresponding size and quality.

This Catalogue is intended to be to you a correct guide for economic buying. It is plain to the most skeptical that we are in a position to quote far lower prices direct from factory to consumer than can your local dealer. That we do quote lower prices is easily proven. Youhave the privilege of examining anything you may order.

BLACK OILED WAGON COVER.

These covers, although black and called tarpaulins, have no tar in their composition. Our waterproof dressing is an oil preparation and is entirely free from anything calculated to rot or burn the canvas, but adds to the durability of the cover, being impervious to water and very soft and pliable. It will neither rot nor mildew from damp, nor break from being too hard. They are invaluable to all persons who are shipping and receiving goods which are liable to damages from wet weather. In ordering give catalogue number, size and price.

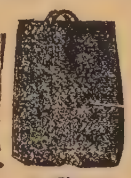
We list a fine line of Cameras in our Optical Goods Department. You can get a vast deal of pleasure from reviewing past scenes of outing trips where you have taken your camera along.

ARCTIC SLEEPING BAGS.

No. 82268. The Improved. Made of heavy waterproof tan-colored duck, lined with sheepskin with the wool left on; inside of sheepskin lining is a heavy drill lining that can be taken out and cleaned at any time. Large enough to cover any man entirely. Can cover up "head and ears," and still have plenty of air. Loops on sides, so that it can be hung up with ropes if desired. With these bags all beds and bedding can be dispensed with. It rolls up into small package, so that it can be fastened to a saddle or "packed on back." The best bed ever invented for out door sleeping or tent camping. Weight, about 20 lbs. Each.....$13.00



CAMPERS' CLOTHES BAG.

No. 82269. These bags are made of heavy white duck, round bottom, drawing string top fastening; handy for extra clothing, shells, boots and other "truck." Regular sailor's bag. Doesn't cost much; always useful. Every family needs them. Each.....60c

CAMPERS' "CARRYALL" BAG

(Try one on your next outing trip.)

No. 82270. This bag is made of heavy waterproof, tan-colored duck, with leather lap over mouth, leather lock-strap, fastening mailbag style. Durable and strong, large size. The BEST and most USEFUL bag a "cowboy," hunter or camper could suggest. No camper's outfit complete without one; about 20x30 inches. Each.....$3.50

KIT BAG.

No. 82271. Made of 10-ounce brown canvas, fastened with straps and buckles. Neat, handy and durable. Length, 27 inches; width, 20 inches. Each...$1.20

THE ACME FOLDING CANVAS BOAT.

No. 82285. (2) The Acme folding canvas boat. Painted dark green. Length, 12 feet; beam, 45 inches; depth at stem and stern, 22 inches; depth amidships, 14 inches; weight, light form, 35 lbs.; weight, complete, 46 lbs.; capacity, two and three passengers. Complete with one pair 6½-foot oars, pair adjustable oar-locks, 2 folding seats, 1 adjustable back and shipping case. Price, complete.....$35.00

This is our most popular boat. It is a good general purpose boat. It can be made up in a light form, weighing but 35 pounds, by leaving out some of the parts which are necessary only when the boat is loaded to its full capacity. It can be made up into two bundles of equal size and weight. For from one to three passengers, we would recommend it above any of the other sizes.

THE EUREKA CANVAS FOLDING BOAT.

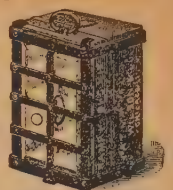
No. 82286. (No. 1.) Length, 10 feet; beam, 36 inches; depth at ends, 20 inches; depth at center, 12 inches; weight 35 lbs.; capacity, one to three passengers. Price, with one pair 6-foot ash oars, malleable row-locks and two folding seats, Grade A.....$24.00

The No. 1 has a full model, the full beam being carried well up to the ends. It has great carrying capacity for a boat of its length and weight, and is very steady on the water. It is a boat capable of carrying safely two or three persons, and yet light enough and compact enough to be easily carried long distances by hand.

The Eureka does not fold as compactly as the Acme, and, of course, is not as well made, but yet is strong and durable.

THE KOSHKONONG HUNTING SKIFF.

"Sets on the water like a duck."



No. 82288. The celebrated Koshkonong Hunting Boat is without doubt the best in the world, all things considered. Fifteen feet long, three feet beam, cockpit five feet long, two feet wide, pointed at both ends, deck boarded and canvas covered—can walk all over deck. Folding canvas wing around cockpit. Oar-locks not fitted, can put on any kind of locks desired. Water and air tight chamber in each end, good in open rough, as well as shallow water. Can not be tipped over, easy rowing, foot rack in bottom, made especially for running easily over grass and weeds, sets low on the water. Capacity, 1,200 to 1,500 pounds. Just what every hunter and fisherman has been looking for; "easy as a rocking chair." Weight about 90 pounds. Boat only.....$22.00

BICYCLE DEPARTMENT.

For the season of 1897 we offer a line of STRICTLY HIGH GRADE BICYCLES, which for price, beauty of design, quality of material used, workmanship, and, in fact, general perfection, is not excelled, if, in fact, equalled by any line of Bicycles made. We have made our arrangements with a view to selling at least 10,000 Bicycles this season, and to do this it is necessary to put our prices below all kinds of competition. We have not only done this, but by a careful comparison you will observe that our prices are far lower than any other concern, and yet by the terms of our guarantee you can see that we have not cut the prices at the expense of quality. On the contrary, we make and stand ready to defend ourselves on this bold statement: **Every one of our Bicycles, excepting the $24.95 Wheel, is STRICTLY HIGH GRADE;** every one is covered by the same binding guarantee; no matter what you pay, you cannot buy a poor bicycle from us.

Do not buy your Bicyles at retail and pay $75.00 to $100.00, when you can buy a strictly first class, two year guaranteed **Electric Wheel** from us at **$29.90,** or a cheap wheel, such as is sold by others at $40.00 to $50.00, for **$24.95,** and our **Strictly High Grade Uno Bicycle for $35.00.**

You can see and examine the Wheels at your own express office before paying for same. You will not be expected to take the Bicycle unless it is found exactly as represented, perfectly satisfactory, and much cheaper than you could possibly buy elsewhere.

OUR BINDING GUARANTEE. **While our Bicycles will with care last a lifetime, to confirm our statements regarding quality,** we send with every Wheel **a Special Certificate of Guaranty for Two Years,** during which time we agree to make all repairs and keep the wheel in perfect order against trouble occasioned by **defect in material or workmanship.** This guaranty is practically as good as if it was for ten years, for if a wheel will stand two years without showing the slightest defect, it is a mechanical acknowledgement that it will stand ten years. **This guaranty does not cover our Special Electric $24.95 Bicycle,** which is offered with **no guaranty,** simply to compete with cheap wheels on the market, but every wheel except our special $24.95 Electric is **guaranteed for two years, and a written binding guaranty accompanies the wheel. Please understand by this guaranty that we do not hold ourselves responsible for damages occasioned by carelessness or accident.** Repairs of this kind sent us will be charged for at the actual cost of the labor and material. **Pneumatic tires are all guaranteed by the manufacturers,** and they earnestly request that all tires for repairs be sent direct to them and not to us. **In making claims for new parts to replace those which are broken or defective,** the old ones must in every case be sent to us prepaid, accompanied by a written statement from the sender, giving the name and number of the wheel and when purchased. If you fail to state the name and number of the wheel and when it was purchased it is liable to lead to serious delay. Please do not overlook this.

TERMS AND CONDITIONS OF SHIPMENT. **To make it easy to see and examine our Bicycles, we make this most extraordinary offer: On receipt of $1.00 we will ship any Bicycle by express C. O. D., subject to examination,** to the following States: Illinois, Indiana, Wisconsin, Michigan and Ohio. **To all other States east of the Rocky Mountains we will ship Bicycles on receipt of $5.00,** balance and express charges to be paid at the express office after you have seen and examined the wheel. Understand, if you live in any of the five States mentioned, you can see and examine any bicycle by sending us $1.00; from the other States east of the Rocky Mountains, $5.00. Orders for Bicycles from States and Territories west of the Rocky Mountains must be accompanied by cash in full.

DISCOUNT FOR CASH. **WE ALLOW A DISCOUNT OF 3 PER CENT. IF CASH IN FULL ACCOMPANIES YOUR ORDER.** If you send the full amount of cash with your order, you can deduct 3 per cent. from the prices quoted. **You take no risk in sending cash in full,** for we will immediately refund your money if you are not perfectly satisfied. You have this advantage, you save the 3 per cent., save the express charges on return of money to us, and besides you insure prompt delivery, as C. O. D. goods are sometimes delayed a trifle to complete shipping records.

OUR SPECIAL $24.95 1897 MODEL GENTS' BICYCLE.

Our Special Electric Wheel for $24.95.

To meet a class of competition which is offering poor wheels at $30.00 to $40.00 we have arranged to supply this **Special Electric for $24.95.** We offer the wheel in competition with all other low grade wheels, but do not feel safe in guaranteeing it. In fact, it is like all cheap wheels on the market, made to sell and not for service. **If you want a cheap wheel** we can furnish you this for **$24.95** with full assurance that it is as good a wheel as you can buy elsewhere at from $30.00 to $40.00.

It should be distinctly understood that we are under no obligations whatever, and for any defect in material or workmanship, for any breakage or accident that may accur from any cause, we are not to be held responsible.

TOO MUCH CANNOT BE SAID IN FAVOR OF OUR UNO BICYCLE AT $35.00. As is illustrated and described below, we have them in both ladies' and gents'. The price is the same, **$35.00**, and this bicycle will compare favorably with any bicycle you can buy in your local market at $75.00. **IT IS STRICTLY HIGH GRADE IN EVERY RESPECT.** Nothing has been spared or left undone to make this a wheel that will give the very best service. **IT IS A WHEEL THAT WE CAN GUARANTEE** in every respect and we issue with each **a binding guarantee for two years.** As will be seen by the description it is the very latest 1897 model, thoroughly complete in every respect. **WE FEEL PERFECTLY SAFE IN ASSURING** you, that if favored with your order, you will receive such a bicycle as has never been seen in your section at anything like the price.

DO NOT OVERLOOK OUR LIBERAL TERMS. We send these wheels C.O.D., subject to examination, on receipt of from **$1.00** to **$5.00**, according to distance, the bicycle to be examined at the express office, and if found perfectly satisfactory and exactly as represented, pay the agent our price and express charges, less the amount sent with order and the bicycle is yours.

No. 83002 We Offer in this Wheel one that cannot be equalled either in quality or price, by any other firm in existence. **We ask you to read the specifications of this wheel carefully,** and compare them with the specifications of other high grade wheels, and be convinced of what a rare bargain we offer.

SPECIFICATIONS.

FRAME—Is a true diamond, 24 inches deep, made of 1⅛ inch tubing in the main frame, and ⅞ inch in the rear forks and stays, and 1¼ inch in the head. This combines to make the strongest frame on the market, and the depth, 24 inches, is just what everybody wants.

FORK AND CROWN—Are two features to which we wish to call your special attention. The crown is the beautiful arched crown; it is the strongest made, and is used on nearly all high grade wheels. The fork, crowns and ends are nickeled, giving it a beautiful appearance. A strong fork is one of the most essential features of a bicycle, and we know from tests that have been made, that this fork is one of the strongest made.

HANDLE BARS—Are made of ⅞ inch tubing, very gracefully curved, up or down, or ram's horn as desired. Our ram's horn bar is the neatest and most comfortable made.

WHEELS—Are made of the best material. They are 28 inches in diameter; front wheel containing 32 spokes, rear wheel 36.

SPOKES—Are Washburn & Moen's extra select, 14-16 swaged; these spokes cannot be excelled, and tests have proved that 14-16 is the best size.

HUBS—Are tubular, with an improved oiling process. They are turned from solid bar steel and are very handsome.

RIMS—Are the best non-warpable wood, highly polished, and will not split or crack. They are fastened with a dovetail joint the strongest made.

WHEELS—Are fitted with the following guanteed tires: Morgan & Wright double tube, Akron India Tire Co's arrow tread single tube or the new Brunswick Tire Co's "Messenger." Basket Tread Single Tube. Always specify what tire you wish. The above tires are the best made, and we work on the plan throughout that the best is none too good for our patrons.

PEDAL—We use a very handsome rat trap pedal on this wheel, but the combination will be supplied if desired.

CRANKS—Nothing but the finest forgings are used in the cranks on this wheel, which are 6½ inches long, round and threaded and heavily nickeled on copper.

CONNECTIONS—All connections in this wheel are extra select drop forged and selected steel.

BEARINGS—Are the finest tool steel and are properly hardened Balls are accurate and true to gauge, thereby making an easy running wheel. Large size 5-16 inch in hanger. The tread is 4⅞ inches—the most desirable, and neatest width.

SPROCKETS—Are both select forgings, heavily nickeled; rear sprocket is detachable. We use the large sprockets, which does away with a great deal of friction, and makes a wheel look much neater.

CHAIN—Is as good as the best, ¼ of an inch with hardened centers, and one that will last a lifetime. Any gear from 64 to 76 will be furnished. As the gear of 70 is the most desirable, our wheels will be shipped with this gear unless otherwise specified.

SADDLE—Is another point that demands attention, and our wheels are fitted with either a B. & W. Hygeinic, or a Garford Road Saddle, as desired. These are just as good saddles as there are made.

We use a very handsome T seat post on this wheel. Each wheel is furnished with a handsome tool bag, and complete set of tools, pump, repair kit, wrench, and oiler. The entire weight of this wheel is 23 lb. They are enameled with 4 coats of enamel, handsomely striped and transfers and varnished over all, which prevents scratching off, and always retains its beautiful lustre. Your choice of blue, black or green as desired.

DO NOT FORGET THAT THIS WHEEL IS GUARANTEED FOR TWO YEARS TIME. THIS IS AN UNQUESTIONED PROOF OF ITS QUALITY

No. 83003 This is the Companion to our Gent's "Uno" Wheel, and the same high-grade material and fine workmanship is maintained it in its make up.

SPECIFICATIONS.

FRAME—In this wheel is a very handsome one, as the cut shows, made of 1⅛ inch tubing in main, 1¼ inch in head, and ⅞ inch in rear forks and braces. This is without doubt one of the strongest drop frames made.

CONNECTIONS—Are selected steel and drop forgings.

FORK CROWN—The arched fork crown on this wheel makes it a very beautiful one, and is certainly a thing of beauty and joy forever. A ladies' wheel is **hard to keep out of the repair shops.** We have built this one so it will **stay out,** and we know that our customers will find it so. **The fork ends and crown** are nickel plated. **HANDLE BARS**—Are made from selected ⅞ inch tubing, very gracefully up-curved.

WHEELS—Contain the best material obtainable. They are 28 inches in diameter, 32 spokes in front, and 36 in rear.

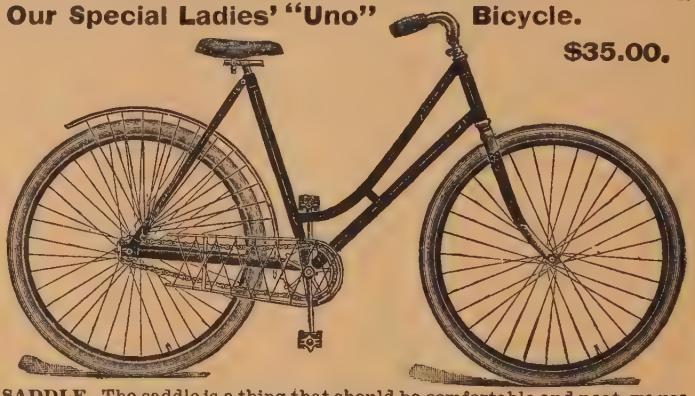
SPOKES—Are Washburn & Moen's extra select 14-16 swaged.

HUBS—Are turned from solid bar steel, tubular in shape and have improved oiling process. The cups and cones in this wheel, throughout, are case hardened, and will always give satisfaction.

RIMS—Are the best non-warpable wood, highly polished.

TIRES—The wheel will be fitted with either Morgan & Wright tire, or the Akron India Tire Co.'s single tube tire, as desired; both are guaranteed.

PEDALS—We use a very light and beautiful rubber pedal that can be changed to a rat-trap if so desired.



CRANKS—Are 6½ inches, round and threaded, and heavily nickeled, nothing but the best forgings are used in making these cranks.

BALLS—Are large size throughout. **TREAD**—Is 4⅞ inches.

SPROCKETS—Both are handsomely nickeled, the rear being detachable. The large sprockets are used and do away with a great deal of friction, and also make handsome wheels. **CHAIN**—Same chain is used on this wheel as the one on the Gent's "Uno." **No better made.**

GEAR—Furnished in 64, 68 or 72 as desired. **GUARDS**—We have paid especial attention to the mud and chain guards, and we have as pretty and strong guards as there are made. They are very handsomely laced.

Our Special Ladies' "Uno" Bicycle. $35.00.

SADDLE—The saddle is a thing that should be comfortable and neat, we use the B. & W. Hygenic or the Garford road saddle as desired.

T POSTS—Are put on every wheel.

TOOL BAG—Each wheel supplied with a tool bag and tools, complete, consisting of pump, repair outfit, oiler, and wrench.

ENTIRE WEIGHT—Of this wheel is 23 lbs. It is finished in four coats of enamel, handsomely striped and ornamented with transfers; varnished over all to prevent scratching off. Your choice of blue, black, or green, as desired. Unless otherwise specified, this wheel will be shipped in blue, 68 gear, and Morgan & Wright tires.

Our Gent's Utah. Price, $43.00

No. 83004 In presenting this wheel to the public, we have have endeavored to combine strength, beauty and price, to meet with the approval of all. Special attention is called to the **fork crown,** which is a patented feature, and is protected. We alse call particular attention to the **two piece crank** which we use on this wheel, which is unequalled for simplicity and beauty, as well as strength. It will be noticed that we give you the option of gear, saddles, handle bars and tires, a feature which should not be overlooked. We can say without a doubt that our gents' and ladies' "Utah" wheels are the market for any where near our price. The gents' Utah is made in the following manner:

SPECIFICATIONS.

FRAME.—24 inches deep, best seamless tubing, 1⅛ inch in main frame, 1¼ inch head and ⅞ inch rear forks and braces.

CONNECTIONS.—Are all drop forged and selected steel.

FORK CROWN.—On this wheel is one of the special features. It is first a rough forging, but after it goes through the factory, comes out a very beautiful and one of the strongest crowns made. The cut shows its exact appearance. **FORK.**—Is tapering and is one-fourth nickeled, making a very handsome fork.

HANDLE BARS.—Made from select steel, ⅞ inch; either drop, up curve or ram's horn, as desired. Wood bars will be furnished if preferred.

WHEELS.—28 inches in diameter, 32 spokes in front, 36 in rear.

SPOKES.—Washburn & Moen's best 14-16, heavily nickeled. **HUBS.**—Turned from solid bar steel, tubular in shape, with improved oiling process.

CUPS AND CONES.—All turned from tool steel and hardened in bone, a process which makes them as near perfect as it is possible. **RIMS.**—The best made. We use nothing but the finest rims obtainable, on this wheel.

TIRES.—Your choice of Morgan & Wright double tube tires, or Vim, and Volt basket tread single tube tires. These tires are as good as any that can be obtained, and are found at the head of the list.

PEDALS.—Can be furnished either rat trap or rubber, as desired.

CRANKS.—6½ inches, made of the best forgings. The two piece crank which we use on this wheel is another feature found only on high grade wheels.

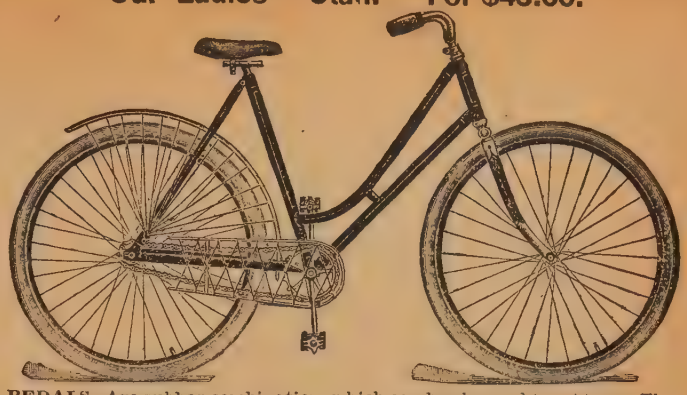
BALLS.—Finest made, large size throughout.

TREAD.—4⅞ inch, which is considered just right by all riders.

SPROCKETS.—Both drop forged, heavily nickeled, and detachable. The large sprockets are used on this wheel also. **GEAR.**—Any gear from 64 to 76 will be furnished. Unless otherwise specified we will ship in 70 gear.

SADDLE.—For a saddle we use the famous Messenger, which is unequalled for comfort. For those who desire a road or racing saddle, we recommend the American, which is made on the pattern of the famous "Brooks." T seat post. **TOOL BAG.**—A tool bag and outfit complete accompanies each wheel. **WEIGHT.**—22 pounds.

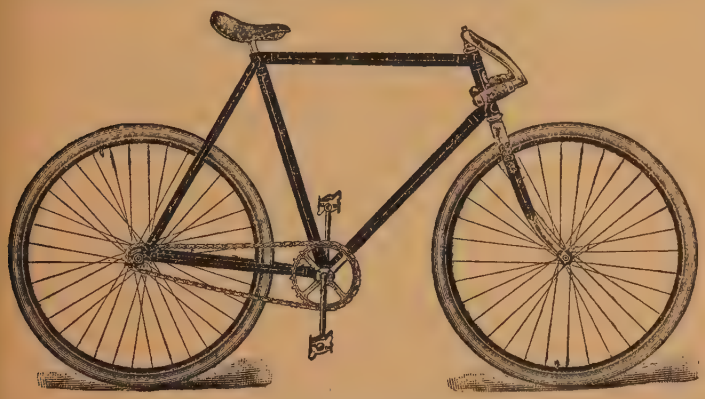
FINISH.—Finished in a manner which is the envy of all other manufacturers. It never loses its handsome appearance or lustre. It is handsomely striped in gold and ornamented with transfers.



COLOR.—Unless otherwise specified, will be shipped in blue. Other colors, black, maroon, coach green and yellow.

No. 83005 The Companion to No. 83004, is one of the Finest Wheels made. The handsome hollow crown adds greatly to the appearance of this wheel, and the two piece crank makes the mechanism so simple, that any lady can take apart and assemble the wheel with ease. The chain and mud guards are of the finest material and are closely laced. The saddle is the most important point of a ladies' wheel, and, with this fact in view, we have fitted our "Utah" with a Messenger saddle. This saddle is unequalled for comfort and that is what a lady desires in a wheel, as much as anything else.

SPECIFICATIONS.



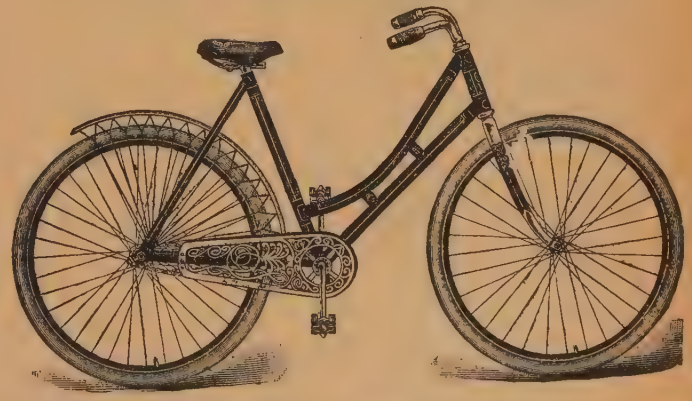
FRAME—In this wheel is the drop style like cut, 22 inches high, made of the best grade seamless tubing, 1⅛ inch in main frame, 1¼ inch in head, and ¾ in rear forks and braces.
CONNECTIONS—Are all selected steel and drop forgings.
FORK CROWN—On this wheel the same as on gents' "Utah" and fork is tapered and ¼ nickeled in a like manner.
HANDLE BARS—Are curved upward, made of the best ⅞ inch tubing. We use nothing but the best material in the construction of the wheels; they are 28 inches in diameter; front wheel has 32 spokes, rear wheel 36.
SPOKES—Are Washburn & Moen's extra select, heavily nickeled. The wood rims are of a very superior quality, and will not break or split. The method of dove tailing joints is used on these rims, and they are consequently almost impossible to get apart at the joint.
HUBS—Are the same high grade as the ones on the gents' wheel, and are very handsome. The question of tires is settled at your option; you have your choice of Morgan & Wright, Vim, or the Messenger basket tread. The latter tires are single tube, and are unequalled for their easy riding qualities. Where a great deal of road riding is done, we recommend the Vim or the Messenger.
CRANKS—Are of the same two piece pattern as those on gent's wheel, and are very simple, and strong, as they are made of the best forgings.
SPROCKETS—Are ¼ inch, both detachable and both heavily nickeled. The large sprockets are used on this wheel also, as we have found that they reduce friction to a great extent. A very handsome ¼ inch chain is used, and which is subjected to a very severe strain before being allowed to pass. Any gear from 64 to 72; unless otherwise specified 68 gear will be sent, as it is the most desirable.

Our Ladies' "Utah." For $43.00.

PEDALS—Are rubber combination, which can be changed to rat trap. They are very light and handsome.
T POST—On each wheel, and each one fitted regularly with a Messenger saddle. Garford will be sent if preferred.
TOOL BAG—Set of tools, consisting of pump, wrench, oiler and repair kit is furnished with each wheel.
ENTIRE WEIGHT—Is 22 pounds.
FINISHED—In the colors of blue, black, coach green, maroon or yellow. Each wheel is hand striped, transfers and varnished over all. This manner of finish cannot be equalled by any other concern making wheels.
Our special price **$43.00**

Our Special "Yukon" Gents' Bicycle. For $56.50.

No. 83006 Our Yukon Bicycle is without doubt the finest production of mechanical skill, fine material and beauty, that will be put on the market for 1897. The cut, we are very sorry to say, does the bicycle an injustice, as it is not one-third as handsome as wheel really is. **The special features, such as the Fauber Hanger, Internal Expanders, and the drop in hanger,** are never found anywhere but on $100 wheels, and we challenge the world on **Our Special $56.50 Wheel.** The rims are laminated, making the **strongest one made.** The hubs and hanger have ball retainers, and while we do not claim the hubs to be absolutely dust proof, they are as near it as the best mechanical skill can make them. **The arch fork crown** is another feature worthy of particular attention, as it is the handsomest and strongest crown made. **The finish of these wheels is unequalled, and is the admiration and envy of the whole cycling world.** They are enameled in four coats of enamel, then hand striped and the transfers put on, and over all this is put a coat of transparent varnish which protects the enamel and gives it a lustre that never dulls. **The D tubing also adds greatly to the appearance of this wheel,** and it is another feature that is found only on $100 wheels. **Why pay $100 for a wheel that is no better than Our "Yukon" for $56.50?** Bear in mind that this wheel is guaranteed for two years time, while all others are guaranteed from six months to a year. There is not one piece of material used in the construction of this wheel that is not of the highest order, and we are therefore able to say **that our wheel is as good as the best,** and it certainly stands second to none. We ask you to read carefully the specifications printed below, and when you have finished you cannot fail to see what a bargain this wheel is at **$56.50.**



SPECIFICATIONS.

FRAME—22, 24 or 26 inch, made of 1⅛-inch seamless tubing in main frame, 1¼-inch in head, and ¾-inch D shape in rear stays.
CONNECTIONS—All drop-forged and selected steel.
FORK-CROWN—The handsome and strong arch crown; nickel plated.
FORK—Large size, tapering; ¾ nickeled.
HANDLE BARS—⅞-inch, 7-inch bar as shown in cut, or regular up-curve, or drop bar; wood or steel as desired. The expander used here does away with the objectionable handle bar clamp, and makes it look much neater.
WHEELS—28-inch; 32 spokes in front wheel, 36 in rear.
RIMS—Best rock elm, laminated. Conceded to be the best on the market.

PEDALS—The Record '97 model; rat trap or rubber.
CHAIN—¼-inch; the handsomest chain made; "B" links.
CRANKS—6½-inch round, and threaded for ½ by 20 pedal; made of select drop-forgings.
CUPS AND CONES—Turned from tool steel the best that can be made.
HANGER—The celebrated "Fauber," one piece crank and hanger with a drop of 2 to 2½ inches, is used on this wheel.
BALLS—Large size throughout; 5-16-inch in hanger.
TREAD—4¾-inches.
SPROCKETS—Drop-forged, detachable front, 19 to 25-tooth; detachable rear, 7, 8 or 9 tooth. Heavily nickeled.
GEAR—64, 68, 70, 72, 76, 80, as desired.
SADDLE—Your choice of a Hygienic or Racing saddle. The Messenger Hygienic, or the Plew or American racing saddle.
SEAT POST—The Forward L pattern, with internal expander, which does away with the aggravating seat post bolt.
FURNISHED—With a handsome tool bag and tools complete.
ENTIRE WEIGHT—22 pounds.
COLOR—Your choice of the following: Vermilion, royal blue, coach green, yellow, black and ivory white. It will be sent in vermilion unless otherwise specified.

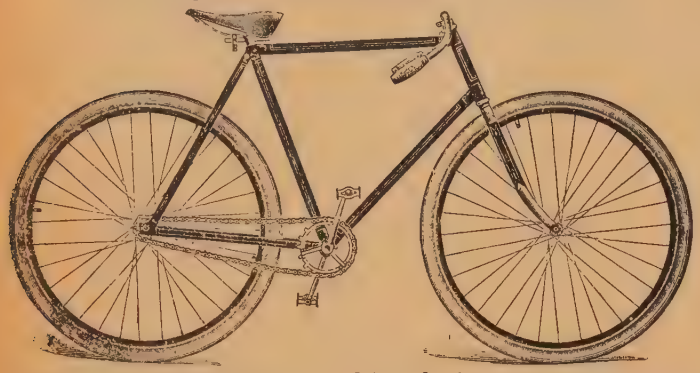
JUVENILE BICYCLES.



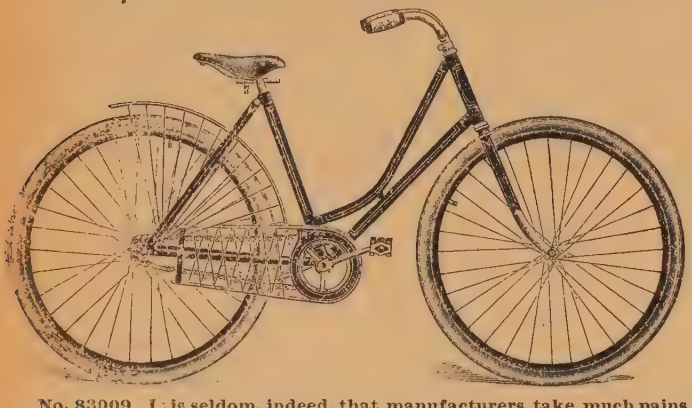
OUR LINE OF JUVENILES FOR 1897 IS THE MOST COMPLETE, as well as the best line that has been put before the public. They are built of the SAME HIGH GRADE MATERIAL THAT IS USED IN OUR REGULAR BICYCLES, as our experience has taught us that the juvenile wheel must be built just the same as the regular size wheel, except of course it must be smaller to suit the respective sizes. THE JUVENILE WHEEL receives rougher usage, and is more apt to be broken than the regular size wheels, as a child can not take the care that an older person would. WE HAVE ENDEAVORED TO BUILD A WHEEL which will contain the following points, viz: STRENGTH FIRST, BEAUTY NEXT, and last but not least, a wheel that will give excellent service and one that will stay out of the repair shops. The same material is used throughout our entire line of juveniles. For instance, Our Child's 20 Inch Wheel Has Just as Good Material in it as Our 26 Inch Wheel. The difference in price is caused by the difference of expenses in making the different sizes. To make juvenile wheels, a factory must have special tools which necessitates a greater outlay of expense, and for this reason there are so Few Juvenile Wheels on the Market, Which Can Absolutely Be Called HIGH GRADE.

ANOTHER IMPORTANT ITEM, OUR JUVENILES ARE GUARANTEED. The majority of juveniles are not. AS REGARDS OUR PRICES, we wish to say that in some unaccountable manner, people have an erroneous idea that a small wheel can be built much cheaper than a regular size. As a matter of fact, there is NO manufacturer who would not rather build a 28 inch wheel and sell it for $35.00 than to build a juvenile and sell it for the same price. THEREFORE WHEN YOU ARE COMPARING OUR PRICES ON JUVENILES with those of the cheap and entirely out of date wheels, we wish you to also COMPARE THE DIFFERENCE IN MATERIAL AND CONSTRUCTION.

We have found that it is poor policy to give a child a cheap wheel, for in the end, after you have paid for numerous repairs, to say nothing of the dissatisfaction of the child and yourself, you will readily see that it would have Been Much Cheaper to Purchase a Wheel of Good Quality and to Have Paid More For It. You would be dissatisfied with a wheel that was ever out of order, so will the child.

Make the little one doubly happy by purchasing a HIGH GRADE JUVENILE from us.

Our Boy's 26 Inch Wheel for $33.00.



No. 83008 Our Boys' 26 inch Wheel, is made of exactly the same material as our Special "Uno" bicycle, except it is fitted with 26 inch wheels instead of 28 inch. This wheel is very suitable for small men, and it will safely bear up any weight that can be put on it.

SPECIFICATIONS.

FRAME—Which is made of 1⅛ tubing in main, 1¼ in head and ¾ in rear forks and braces, is the strongest frame ever used on a Juvenile wheel.
FORK CROWN—Is one that cannot be excelled for strength and beauty.
WHEELS—Are 26 inch—14-16 spokes highly nickeled. The same hub is used as is used in No. 83000. **RIMS**—Are as good as any rim made.
CUPS AND CONES—Are all turned from tool steel and properly hardened.
BALLS—Are perfect gauge, and therefore make the wheel easy running.
SPROCKETS—Are both nickeled, made of the finest steel forgings. Any gear will be furnished from 60 to 70. We recommend 68 as it is the most desirable.
CRANKS—Are 6¼ inches long, round and threaded.

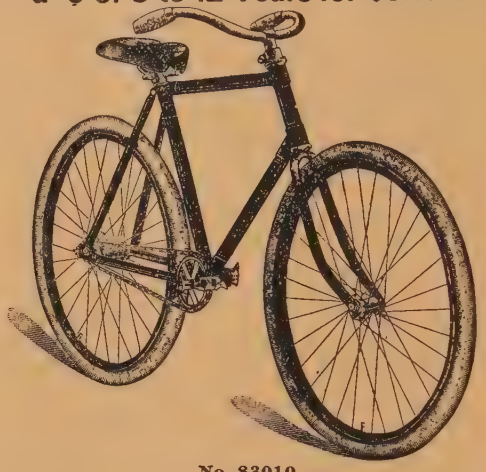
Our Special 26 Inch Girl's Wheel for $33.00.



No. 83009 It is seldom, indeed, that manufacturers take much pains with juvenile wheels, and we do not hesitate to say that more care is taken with our line of Juveniles, than any other on the market. The **same careful workmanship and high grade material** that is put in our regular stock is put on this wheel. It must be remembered that in order to be able to guarantee our wheels for two years' time, we must put in good material, and careful workmanship. Read carefully the specifications of our Special 26 Inch Girls' Wheel. Suitable for girls from the age of 12 to 16, and for small ladies. For ladies who do not wish to ride a 28 inch wheel, we recommend this one as just the thing.

Unequaled for Beauty and Fit.

Torrington, Conn.

SEARS, ROEBUCK & CO.

Gentlemen—I am very much pleased with the suit I bought of you, and I think that I could not have done better anywhere. Everyone remarks on the beauty of the suit, and the fit could not be better if your tailor had measured me. I will gladly recommend to any desiring to purchase of you.

Yours respectfully, E. W. JERVISS.

Our Goods Sell Themselves on Sight.

DENISON, TEXAS, Jan. 10, 1897.

SEARS, ROEBUCK & CO., Chicago, Ill.

GENTLEMEN: Many thanks for the prompt manner in which you filled my order for a mackintosh, the coat received all O. K., it is much better than I had expected; I think it will be the means of selling others; I will do all I can to sell more, it would not be any trouble to sell if it were not for the scarcity of money. With best wishes I remain,

Tricycles and Velocipedes.

Notwithstanding the immense popularity of the bicycle, the tricycle and velocipede still remain in favor. Many parents prefer them for their children by reason of their safety, convenience and the ease with which they can be run by the little girl or boy. The tricycle, which we illustrate, is made for girls or boys from two to fifteen years. They are constructed with especial care and will stand the abuse they very frequently receive. They are very easy running and handsomely finished. The improved spring seat takes all vibration, and being upholstered in plush and furnished with back, makes riding easy and comfortable. Frame is enameled black. Quoted with iron tire wheels or C plate rubber tire wheels. The illustration shows the tricycle with fenders. We quote without fenders. The following are our special prices with iron tire wheels:

Boys' All Steel Velocipede.

Give the boy all the fun he wants at an expense of a few pennies.

We show an all steel velocipede that will stand a "heap of racket" on the part of the restless youth. There are no nuts or bolts in the head connections to rattle or come loose. It is adjustable and can be taken apart in shipping. The coil spring in seat does not sag or get out of repair. We use the best drive wheel made, in this velocipede. The manner in which the fork and backbone are secured to head and axle is a new method, far superior to any other, and makes them doubly strong. The handle is of one piece and stationery. The frames are made of malleable iron. Made both with steel tires or rubber tires. Prices as follows:

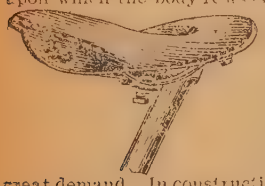
Saddles.

No. 83020 Our Special Hygienic Padded Saddle. This saddle has undergone innumerable critical tests during the last year by every class of riders. It has also been submitted to the most eminent physicians in the country, and has earned unlimited approval and praise from all who have used it. We have placed it on the market at a price within reach of all, and for those who saddle desire a padded but do not care to pay a high price, this is the saddle. It is made from the finest selected black leather, the cantle and springs are of the finest steel, and the workmanship cannot be excelled. It will never lose its shape. Our special price.....**$1.55**

N. B.—Every Saddle Positively Guaranteed.



No. 83021 Our Special Road Saddle, made of the best quality black leather. The same material is used in this saddle as that in 83020, except this one is not padded. Has a very unique device by which it is made to keep its shape. For general riding this saddle can not be excelled. Our special price.**$1.20**

No. 83022 The American. For track or road riding cannot be excelled. It is the most durable and comfortable saddle on the market at present. The leather is a special English tannage, soft and pliable, and reinforced. It is made on the same pattern as the famous Brooks Saddle, which was so popular in 1896. We can honestly recommend this saddle to all of our customers. Our special price.....**$1.65**

The Plew. Its Nose Is Soft.

No. 82023 The Plew is so constructed as to fill the wants of the many riders who prefer a firm saddle without the objectionable hard pommel. The part upon which the body rests is shapely and firm, with a nose not too long, narrow and perfectly soft, thereby creating that which is rarely found in saddles—security and absolute comfort.

The Plew is the only padded saddle on the market with a pneumatic nose, and is in great demand. In construction only the very finest materials are used. The base is stamped out of cold drawn sheet steel stock and will not break. The pneumatic bag is made from the best pure rubber tubing, vulcanized at each end and provided with valve of standard make. Being held in place by facing it is easily accessible. The spring is bent out of best quality wire spring steel and guaranteed not to break. Clamps are of a pattern which allows saddle to set low on seat post. **Finished in a superb manner, in two styles.**

No Hard Projection in Front.

No. 83024 The Duplex Saddle has no metal or rigid projection in front, on to which a rider can be thrown and injured, the pommel carries no weight—you cannot sit on it, it is simply an extention between the legs of the rider so that he cannot slip sideways. The saddle has been greatly improved by the addition of soft pads, covered with soft, durable leather, making the easiest seat ever designed either for the new and experienced rider of either sex, yet permitting the springs to act with the body as heretofore. Price.....**$2.75**

No. 83025 Messenger Saddle is something new and a saddle that will be very popular with all riders who are looking for an easy-riding and strong saddle. Construction: Woven tape base, first to make the seat firm but elastic. This is then covered with felt for soften, and this in turn covered with leather and adds durability and comfort. V shaped aperture is cut through both felt and leather to relieve all injurious pressure. The most popular, the best saddle in the world. Costs more, but is worth more. Men's and boys', Price each.**$3.00**

No. 83026 Same, women's and girls'. Price. **3.00**

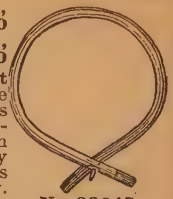
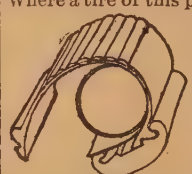
The dotted lines show the position when up curve is desired. Our special price.....**$2.50**

N. B.—See our Special Bicycle Catalogue for a complete list of Handle Bars.



No. 83046 The Morgan & Wright Quick Repair Tire was the most popular double tube tire on the market in 1896, and will be just as popular in 1897. By aid of the quick repair outfit, this tire can be easily and permanently repaired in almost all cases, without removing the tire from the wheel. This is a great advantage in itself. The quick repair device in the inner tube does not change the tire in any of its essential features, as it is merely an addition of a thin web or film of rubber, which goes inside the inner tube. It has no effect on the resistancy of the tire and it is simplicity in the plainest form. The merits of this tire are too well known for us to go into details, and we therefore leave it to our customers to decide which tire they want to ride for 1897. Our special price, per pair of 24, 26 or 28x1⅝ tires, including pump and quick repair box.....**$8.40**

For one tire only..... **4.25**



No. 83047 Inner Tubes, each.....**$1.60**

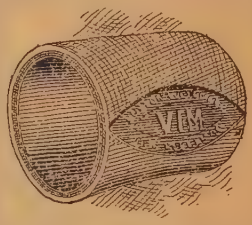
No. 83048 Outer Casings, each.....**$2.60**

No. 83049 Owing to the great demand for a "Clincher" tire, we have decided to list the famous Gormully & Jeffrey tire of this pattern. This tire is too well known to go into details, but we will say that it has won hosts of friends throughout the entire country. Where a tire of this pattern is desired, we should recommend the G. & J. above all others, and as the price heretofore has been quite high, we beg to call our customers' attention to the reduction which we have made.

No. 83047

For one pair of 26 or 28x1⅝ tire, include rims and pump, **$12.00**

For ½ pair of above, no pump included..... **6.00**

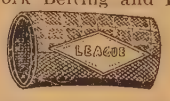


No. 83050 Inner Tubes, each..... **1.00**

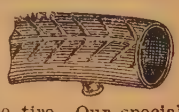
No. 83051 Rims Only, per pair..... **1.50**

No. 83052 Outer Casings, each..... **3.50**

Tandem and Special Tires Quoted on Application.



No. 83053 As we have had a great demand for a single tube tire, we list the Vim Pebble Tread for those who desire a "bang up" single tube tire. The Pebble tread has made this tire famous on the track as well as in a number of road races. It also gives the tire a very handsome appearance. Vim tires do not puncture easily, but if they should, they are easily repaired with "Vinoid," the very useful tool which accompanies every pair of tires sent out. This is a great advantage over the '96 tire, as plugs were used to repair punctures, and many riders were disgusted with a single tube on that account. A pump accompanies every pair of tires. We furnish them in green, or the natural color, which is the same color as other tires. Our special price per pair of 26 or 28 in. by 1¾.....**$10.00**



No. 83054 The Vim Tandem Tire. Same as above, only heavier and stronger. Per pair..**$15.00**

League Tires.

No. 83056 The League Tire is made by the New York Belting and Packing Co., and is one of the most famous single tube tires on the market. The League tires "Get There and Get Back." It is very hard to puncture, is easily repaired when punctured, and it is a strong, durable and fast tire. The entire weight of a pair of these tires is 4½ pounds. Furnished in the embossed or smooth tread as desired. Guaranteed the same as all other high grade tires. A pump and repair accompanies every pair. Our Special Price per pair of 26 or 28x1½ or 1⅝.....**$8.25**

No. 83058 For those who desire a **Single Tube Tire of superior quality,** and handsome appearance, and who do not care to pay so much for a tire, we recommend the Akron "Arrow Tread." This is destined to be a most popular tire for 1897, and our patrons will appreciate the fact that we are putting within the reach of all a good single tube tire. Our special price per pair of 28 inch x1⅝, including pump and repair kit.....**$7.00**

The "Arrow Tread" on this tire prevents slipping.

Manufacturers' Guaranty on Tires for 1897.

We agree to make good by repair or replacement, when delivered to us, transportation prepaid, any imperfections or defects in material or manufacture of tires, not caused by misuse or neglect. Provided such tire is accompanied by a signed statement from the owner, together with the name and number of the wheel on which it was used, and that all imperfect or defective tires shall be referred to us, before any claim for repairs or replacement shall be allowed.

We agree to repair, free of charge, any tire that can be repaired, Providing such tire is delivered to us, transportation prepaid.

This agreement does not apply to tires into which any of the so-called anti-leak preparation has been introduced.

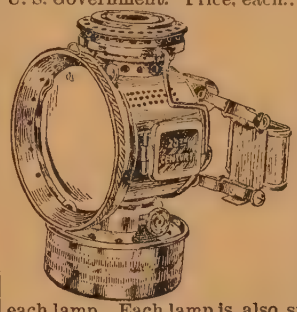
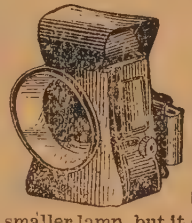
Lamps.



No. 83080 No More Greasy Lamps. The Light of 1897. The never out lamp for bicycles and carriages, is in our opinion the handsomest and best lamp on the market. It is honestly built on scientific principles, made of best drawn brass throughout, riveted. No solder to melt. The insulated kerosene reservoir renders it impossible to get oil on the hands or clothing, and is an absolute preventative against explosions. It has an automatic wick lock device, which renders the wick jar proof. An intense, steady, and piercing light is obtained by means of a properly focused double convex photo lens, backed by a most powerful reflector. The rear danger signal, together with the handsome appearance of this lamp, makes it a beautiful ornament for any wheel or carriage. The reversible rigid bracket permits the lamp to be used on either side of the fork or dashboard. (No other bracket required). All up to date improvements such as red and green lights; cotton packed reservoir, etc. Burns kerosene 16 hours at one filling. This lamp costs more than the average lamp, but as our patrons will discover by experience with cheap lamps, it is worth it. Our special price each.....**$4.00**

N. B.—Every Lamp Positively Guaranteed.

No. 83081 The "Search Light." A high grade lamp, burning kerosene oil. Will burn ten hours without trimming. Made entirely of brass. Perfect in mechanical construction, always cool. Wick is held firmly in position by means of a jam nut and will not work down from jarring of wheel. Can be easily taken apart and cleaned. Filled and lighted from the outside. Locked to wheel with removable key, finished in nickel only. This lamp has been adopted by the U. S. Government. Price, each.....**$3.75**



The 20th Century Lamp for '97 is made on the same standard of excellence as was the '96 pattern; stays lit; as a driving lamp with the detachable carriage attachment, it can be placed on the dash board or side irons, at any angle. By raising bail handle it makes a very superior hand lantern. An extra red lens accompanies each lamp. Each lamp is also supplied with a fine gossamer lood to protect it when not lighted. Entire weight, nickel 9 oz.; aluminum 7 oz.

Illuminating Oil for Bicycle Lamps.

This Illuminating Oil is made by a concern that has had years of experience in this line, and has profited by same. We therefore can honestly claim that our illuminating oils rank with the finest, and furthermore we guarantee it, as we do all the rest of our goods. Your lamp will not burn well with cheap oil. Use nothing but good oil and your lamp will certainly be a jewel. Too many good lamps are ruined by using poor oil. Do not be among the class that cannot keep a lamp lighted, but buy a can of our illuminating oil and your lamp will never be found wanting.

Bicycle Lubricating Oil.

Too much care cannot be exercised as regards oiling a bicycle. A great many people have trouble with their wheels because they use an inferior grade of oil. Our Lubricating Oil stands second to none, and while there may be cheap oils on the market, yet we caution our customers against their use. We think the best is none too good for our trade, and we know that there is none better. We put our goods in cans, in order that our customers may order by mail or express without fear of breakage,

OUR WONDERFUL COMBINATION OFFER!

TO INDUCE a wider range of combination orders and to outbid all possible competition, we will allow a SPECIAL CASH DISCOUNT OF 5 %, when cash in full accompanies order for the DINING TABLE below in any size, together with 6 DINING CHAIRS, any one style on this page.

A $6.00 DINING TABLE FOR $3.30.

When we name the above price on such a table as we illustrate in the picture and such a table as we describe, customers will more than likely think that it is certainly poorly constructed or something is the matter with it. We would say in this connection, however, that the main reason why this doubt will arise in our customers' minds is the fact that they have been accustomed to pay the exorbitant retail prices charged by local dealers. They have not yet learned, perhaps, that there is a more economical method of distributing goods. They forget the fact, perhaps, that before the goods reach them through the retail dealers, they have passed through several middlemen's hands, and the profits and expenses have been accumulating, until the price which they pay is two, or three, or four times the actual cost to produce the particular article. We have developed an entirely new system for the distribution of merchandise, and ship from the door of the factory to your door every article that you need for household or personal use. You can readily see that by cutting off all the middlemen's profits, how it is possible for us to furnish you this elegant and substantial dining table at the remarkable low price of **$3.30.**

This table when closed has a 42x42 inch top and is made of the very finest selected and kiln dried ash, both top, rims and legs. The rim of this table, as shown in the illustration is plain. We have persuaded the manufacturer, however, to make a special feature of this table for our customers, in the way of decoration, and the purchaser will find it very much more handsome than the one shown in the illustration, from the fact that the one which we shall ship will have fancy ornamentation and moulding on the rim. The legs are of extra strength and are fancy turned and carved, while the center panel and cross pieces are also decorated and carved. This table, as shown in the illustration has six legs, with a complete set of fine patent castors. We pack all our tables carefully, so that there will be no danger of rubbing or scratching, and the customer may be sure of receiving the goods in the best of condition. The finish is beautiful, being our best gloss finish, equal to the polish finish of other factories. We make this table in four lengths, viz.: 6 ft., 8 ft., 10 ft. and 12 ft., and the prices which we name are less than one-half the ordinary price charged by retailers for the same or inferior goods. The weight of this table ready for shipment is about 100 lbs.

No. 926. 6 ft., price.....**$3.30** **No. 927.** 8 ft., price.....**$4.45** **No. 928.** 10 ft., price.....**$5.60** **No. 929.** 12 ft., price.....**$6.75**

THIS SPECIAL DEVIATION from our regular **cast iron terms of 3% for cash is only made possible by special large spot cash contracts with leading manufacturers, and from our desire to induce you to place all your furniture order with us. The table is a great bargain** at $3.30, $4.45, $5.60, $6.75.

No such table can be found in retail stores at 50% more than our prices.

THE DINING CHAIRS are the latest designs for 1897, and for price and quality are marvels.

REMEMBER our special cash offer of 5% off is only when cash in full accompanies order **for table and set of six chairs.**

FOR EXAMPLE, you order table No. 927, 8 ft., price $4.45, and set of 6 chairs, No. 917, price $7.00; total, $11.45 less special offer cash discount of 5%, **and the combination costs you but $10.88.** The chairs alone would cost you that much at retail. **REMEMBER,** if chairs alone or table alone is bought, our regular discount of 3% only will be allowed.

A Leader for $2.85.

No. 935 The Rocker which we show in the illustration is one of the **old fashioned comfortable rockers,** for which there is such a large demand not only on account of their beauty but by reason of their durability and comfort. This rocker is something entirely new, in fact, we are securing from the factory the first consignment that they have turned out. You will not find anything like this in your retail store. It is made of the very choicest rock elm, **beautifully finished in antique oak.** As shown in illustration, it is handsomely carved, and you will be even more pleased with it on its receipt than you think you will from seeing it in illustration. **It is put up in the most substantial manner,** the arms being securely bolted to the seat; easy woven cane seat, strong legs with rockers securely fastened. One advantage in the rocker is that it is built on scientific principles and hangs very comfortably. Most cheap rockers on the market swing too far forward or too far back, and are not built on proper lines.

Our special price, each.. $2.85

No. 935

Our $8.00 Rocker for $5.85.

We are offering so many handsome and stylish ladies' rockers that it is difficult to suggest which one is really the nicest. The one shown in the accompanying illustration is an entirely new pattern just brought out, and, in fact, as the catalogue goes to press has only been manufactured in comparatively small quantities. Fancy star pattern woven reed back surrounded by **very ornamental hand woven reed.** All scrolls on our reed rockers such as the scrolls shown in this rocker are **tied to posts** and frame instead of being tacked on as is the case with the cheap rockers on the market. This gives them additional strength and durability, a point which you must not overlook when comparing these goods with others which you will see advertised. **Fancy cane wound arms,** close woven cane seat with fancy ornamentations in front and sides. The legs are cane wound, well braced with cane wound braces. Legs are securely attached to rockers. We furnish this rocker **either in natural finish or shellac finish,** as desired.

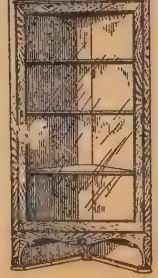
Our Finest Sideboard for $25.00.

No. 9193 You cannot expect to find such a Sideboard as we show in illustration in any retail store at **less than $40.00,** and, in fact it is **difficult** to presume that you would find such a quality of goods in any of the smaller local dealers' stocks. These goods are the very latest and most fashionable designs for 1897, goods that are just being made for the first time by the leading manufacturer, and goods that we offer at an unheard of price from the fact that we are able to contract for them in large quantities. It is scarcely possible to describe this sideboard and do it half justice. We know that the illustration will not give you an idea of **its superb and massive appearance.** The style of the **carving on the top,** the fancy **pattern shaped mirror,** the elegantly **ornamented front,** are things whose value you can only perceive by seeing the sideboard itself. The large shelf at top has fancy hand carved front and is supported by unique supports decorated with hand carving. The two additional shelves at each side of the mirror are very convenient for vases, etc. The mirror itself is made of the very best **French bevel plate,** is oval in shape and 18x36 inches in size. The top of base is fancy carved pattern and is 23x53 inches in size.



The height of the sideboard is 6 feet 4 inches, so you can see it is not only very attractive in appearance but very large and massive. The drawers and doors in base are fitted with cast brass knobs. The doors are decorated with fancy molding, and one small drawer is **lined with plush for silverware.** The base board is beaded and sides are handsomely paneled. This sideboard is made of choicest oak, beautifully quarter-sawed, showing the grain of the wood perfectly and so finely polished that it presents an elegant appearance. Weighs complete when packed for shipment, about 250 pounds. Our special price, each.....**$25.00**

Our $24.50 Buffet.

PARLOR TABLES.
OUR 95c BARGAIN.

No. 9200 It does not seem possible that any manufacturer can turn out an elegant, large parlor table, thoroughly well made, at anything like the price we offer. This table is made by the leading manufacturer in this line, a manufacturer whose reputation is second to none in the quality of the goods that he turns out. We contracted for a large supply of these **tables, and our only fear is that we may not be able** to supply the immense demand which will naturally result from putting on the market a fine, high-grade table at the low price we name. **This table is made of the choicest selected and well seasoned ash,** finished in antique oak. Size of the top is 24 x 24 inches. Fancy turned legs, large shelf, which is convenient for books, magazines, etc. This center table can be taken apart and shipped knocked down, thus saving very largely on the freight. It is very easily set up, extra strong, and just as handsome as you could wish. Weighs about 25 pounds. Last year we could not secure a table of this quality to sell for less than $1.20.

Our special price now, each.....**$0.95**

Fine Parlor Table for $1.30.

No. 9202. This table is very similar to **No. 9200,** illustrated and described above. It is the same size and is made of the very best kiln dried ash, **finished in antique oak.** The extra feature about this table is the **solid brass claw feet,** which add very greatly to its appearance and save the carpet from the wear occasioned by other tables. This table can also be taken apart and shipped knocked down, weighing about 25 lbs.

Our Special Price, each..... **$1.30**

A Large Solid Oak Parlor Table for $1.35.

No. 9204 No retail dealer could possibly afford to sell you this table for less than $2.25 to $2.50, and, in fact, it is scarcely possible that you will find any of the new designs such as we are showing herein in your local dealer's store. This is one of the newest patterns for 1897, and, in fact, the illustration which we show is made from the first **sample turned out. The stock will scarcely be on** the market until this catalogue reaches your hands, and hence you will not be able to find such goods in your town. We are making the price exceedingly low for we want your trade. As stated above, this table is made of the **very finest solid oak,** top is 20x20 inches in size, with a **very fancy pattern** below. Legs are fancy turned with brass feet. Weight about 35 lbs. Our special price, each.....**$1.35**

A $3.25 Table for $2.05.

No. 9206 The Side Table which we show in the cut is a very desirable piece of furniture, and at our factory to consumer price is within the reach of the most limited means. This table is made of the very finest kiln dried ash with an **elegant antique oak finish.** The size of top is 20 inches wide by 28 inches long. It has one **drawer with cast brass handle.** This table is thoroughly well made, and the lower shelf is decidedly convenient. Weight packed for shipment, about 40 pounds. Our special price, each.....**$2.05**

A Solid Oak Table for $1.48.

No. 9207 The top is 22 x 28 inch. in size, and the table entire is made of the very best solid oak, handsomely finished throughout. Top has solid rim, fancy ornaments. **The lower shelf is ornamented** with similar design as top. This table weighs about 35 lbs., ready for shipment, and if you do not consider it upon receipt the best bargain you ever saw for the money you are at liberty to return it to us and we will cheerfully refund you the amount paid. We want you to be pleased, and are prepared to do everything in our power to satisfy you.

Our special price, each.....**$1.48**

A $3.00 Table for $2.00.

No. 9209. We illustrate in this table another very great reduction in price which our buying facilities have secured. In fact, we are offering this table now at 20 per cent. less than last year's price. Size of top is 22x30 inches, **with solid rim** all around and fancy lower shelf handsomely decorated. The legs are very strong and elegant in appearance. We offer this table as one of the best bargains that we have ever secured, and guarantee that every customer receiving it will be **delighted with the value** which he gets. Nothing can be secured from retail dealers of the same value for **less than 50 per cent.** more than our price. Remember our 3 per cent. discount when cash in full accompanies order.

Our Special Price for this table.....**$2.00**

A $4.50 Table for $2.90.

No. 9211 The Table which we show in this illustration is also made of the very finest selected solid oak, beautifully polished, legs turned and carved, **fancy shelf with ornamental braces.** The top of this table is 22 inches wide and 30 inches long with solid rim. The illustration does not do the table half justice, and we can only assure our customers that they will not be disappointed in its unusually high quality; in fact, it is impossible to give you more than half an idea of the appearance of any of these goods from the illustrations herein.

If you will take our word for it that no such bargains exist elsewhere as we are able to catalogue; we will guarantee you entire satisfaction, and assure you that if goods are not entirely up to our representations they may be returned and we will promptly refund your money. We want your trade and are determined that if we once secure it we shall keep it by giving you such goods as you could not secure elsewhere for the price.

Our special price.....**$2.90**

Our Wonderful $1.38 Offer.

No. 9212 From the Samples of Over Twenty Different Manufacturers we have selected this beautiful parlor table as representing the most value for the least money of anything it is possible for us to secure. On our factory to consumer system we offer to you this table at about half what you pay your retail dealer. It is made of fine solid oak with a top 22 inches by 28 inches, has a very **heavy solid ornamental rim,** is well finished and well made. The fancy shaped legs are well braced by cross pieces, decorated in the center with turn balls. We would like nothing better than to introduce one of these tables into your neighborhood for we know if your neighbors would know you had paid but $1.38 for this table they would be anxious to become our customers for similar goods. **We depend upon our old customers** for new trade, and take extra pains to serve them and save them money on every article they purchase. Our special price, each.....**$1.38**

Our $2.98 Parlor Table.

No. 9214 We are giving wonderful values in parlor tables, and this is not better illustrated than in the case of the table which we show in the accompanying cut. It is made of the **very finest solid oak, with a beautiful polished top,** having an elegantly carved rim. The **fancy shaped legs** are handsomely carved, while the oval lower shelf is a very great convenience and also adds to the appearance of the table itself. This table weighs about 50 lbs., packed for shipment, and the freight will be very little compared with what we can save you in price. In fact, we can lay this table down at your freight depot and when you have paid the freight on it you will find that **you have secured it at 50 per cent less** than your local dealer would charge you for goods put up by inferior manufacturers and goods that will not stand the usage this table can receive.

Our special price, each.....**$2.98**

A $6.00 Table for $3.50.

No. 9216 It is impossible for us to show in an Illustration but a few of the points of beauty, strength and finish which are contained in this elegant parlor table. It is of unique and **graceful design, handsome enough for the parlor of the richest home** and cheap enough to be within the means of the poorest. This table is made of the choicest selected **quarter sawed oak,** very finely polished and finished, in fact, has a finish equal to that of the finest piano. Very fancy pattern shaped rim with elegant hand carving. The top of legs are also **handsomely decorated** while the pattern-shaped lower shelf is very convenient and adds greatly to the appearance and strength of the table. OFFICE DESKS.

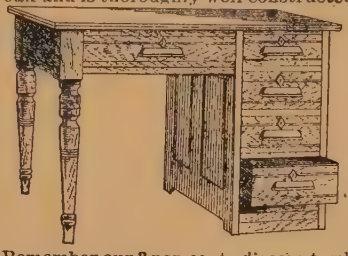
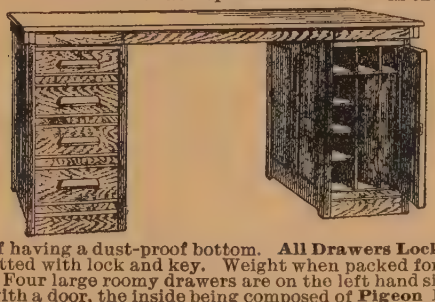
Any Desk shipped C. O. D. on receipt of $5.00, balance to be paid after examination. 3 per cent off for full cash with order.



Our $14.50 Curtain Top Desk.

No. 9260 We have used the utmost care in selecting our line of office furniture. We are perfectly well aware of the fact that the market is flooded with a large variety of cheaply constructed office desks. **A curtain desk in order to be serviceable** must necessarily be made of the most select material and put together by expert mechanics in such a way that it will stand usage. The difficulty with the cheap desks on the market is that material is inferior and poorly seasoned, and hence after short usage the desk will warp and crack and the joints come apart, and your desk is practically worthless. **We guarantee the goods which we illustrate and describe** to be the best the market affords, and we are able to sell you these goods at the prices of the cheapest. **The desk illustrated is made of solid oak,** perfectly kiln dried and thoroughly seasoned. Nicely finished throughout. It has convenient roll top, which moves up and down very easily. This curtain top is fitted with spring lock. The interior is fitted with 4 pigeon holes, 6 open drawers and 2 closed drawers, also with pen and pencil racks, etc., etc. On the left are 4 large roomy drawers, and the right is fitted with compartments for books and small pigeon holes for papers. Ends and inside are handsomely paneled and thoroughly well finished throughout. Further convenience arises from the fact that arm rests are fitted on both sides. Weight, packed for shipment, about 235 lbs. All drawers lock automatically when curtain top is pulled down. We furnish this desk in three sizes, but in all cases the desk will be 2 feet 6 inches deep, and 3 feet 9½ inches high. Prices as follows:



Desk as above described, 5 feet long **$20.00**

No. 9317.

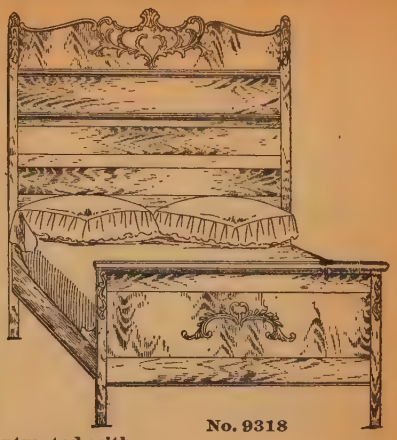
No. 9316 Our artist has endeavored to give you some idea of the appearance of this elegant suit by drawing it direct from a photograph, but we regret that many of the details have been left out, and you can not form an accurate idea of its value. We should desire nothing better than to have one of these suits shipped **into your neighborhood,** knowing the value it would be to us as **an advertisement.** We are exceedingly anxious to get you started buying your furniture from us, as we know that we can give you better value than you could secure elsewhere, and that after having made one purchase in this line you will find it to your interest to make all your purchases from us where you can secure the best value to be had anywhere.

This Bed Room Suit is one of the best examples of our facilities for buying at lowest spot cash prices. This suit is made of the **choicest quarter-sawed oak,** a quality of wood that is susceptible of a very high finish and which presents in quarter-sawed effect a beautiful appearance. **The bed** is 6 feet 1 inch high with 4 feet 6 inch slat. The top of bed is fancy pattern shaped with handsome hand carving. The foot is also decorated with carving to match the head board. All panels are handsomely finished and do not present the crude appearance which you will find in the cheap suits held at high prices by retail dealers. **The dresser top** is 20x41 inches in size, fancy pattern shaped. **The dresser** is fitted with large roomy drawers, having cast brass handles, each drawer having lock and key. Sides are handsomely paneled and finished. **The wash stand** is not shown in the cut, but is of a quality and style to match the other pieces of the suit. The top is 18x22 inches in size and is fitted with towel rack, drawers and compartment. The suit is furnished **complete with casters** and weighs, packed for shipment, about 250 pounds. Our special price for complete suit, concisting of **No. 9316 Bed, No. 9316 Dresser** and **Wash Stand** to match.....**$22.75**

Special $24.00 Suit.

No. 9317 We can also furnish the same suit as above described with **Bed No. 9316** and the **Wash Stand described** with suit above, but with **Cheval Dresser No. 9317** as illustrated above. **This dresser** is a very popular design. The top is 20x41 inches in size and stands about 6 feet high. **It is decorated** in the same style of ornamentation as the bed, and is **beautifully finished.** The fine bevel plate mirror is 18x40 inches in size and is the best imported **German bevel plate** to be secured. At the side of the mirror is a handsome drawer and large compartment for ladies' hat, gloves, etc. The weight of this suit, complete, packed for shipment, is about 275 pounds.

Our special price, each.....**$24.50**



Complete suit consists of Bed No. 9316, Chevalle Dresser No. 9317 and handsome commode to match.

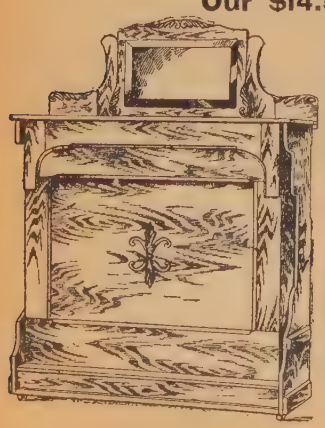
FOLDING BEDS.

Our $6.75 Folding Bed.

No. 9330 The Mantel Folding Bed is a great convenience in that it will take up very little room when closed and furthermore that it can be used in many rooms which are not usually intended for bedrooms. The bed which we show in illustration is much more handsome in appearance than you would judge from illustration which does not do it half justice. It is **remarkably well made** when you consider the extremely low price at which we are able to furnish it. It is made of selected kiln dried elm, thoroughly well put together by the best workmen, and will stand the usage of an ordinary lifetime. It is made **for curtain front,** so that when the bed is closed it can be concealed by drapery. The head and foot-board are alike, giving choice of ends for the head. The legs close up when the bed is closed. The bed is handsomely finished and will please any one. **We furnish free** with the bed a **woven wire mattress.** Size of bed when closed 53 inches high, 81 inches long and 14 inches deep. When opened inside measurements are 48 inches wide and 72 inches long. Weight, packed for shipment, about 100 lbs. Our special price.....**$6.75**



An $18.00 Bed for $11.50.

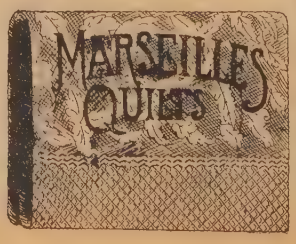
No. 9331 A Folding Bed in order to be desirable in every respect must be **thoroughly well constructed** on the best scientific principles, so that it can be handled with ease, and also that it may be thoroughly substantial in every respect and stand the usage of many years. While the **folding bed shown in illustration** is remarkably cheap in price, it is very finely made of the best selected rock elm with very handsome built-up **veneered oak panels** and is finished in **antique oak,** a very handsome and desirable finish. The size of this bed when closed is 54 inches high, 55 inches wide and 20 inches deep. When opened, the size, outside is 55x75 inches, and inside 48x72 inches. A **mattress** to fit this bed should be 3 feet 10 inches wide by 6 feet long and should be made of such material as will fold easily, such as wool, moss, cotton, hair, etc. **This folding bed** is best known as the mantel style, and when opened the footboard, which is the top of the bed when closed, is drawn out, stretching the **wire mattress, furnished free** with the bed, tightly and making the bed full size. This bed is **easy to open and close,** a very convenient and attractive piece of furniture, especially desirable where bed rooms are of comparatively small size. Weight, packed for shipment is about 200 pounds. Our special price.....**$11.50**

Our $14.50 Bargain.

No. 9334 This bed is made to **supply the demand** for a kind of furniture which is convenient, well made and low priced. The material is the best kiln dried and seasoned elm with **built-up veneered oak panels,** and finished in **antique oak.** The legs drop down when the bed is opened, while the end or foot board pulls and tightens the woven wire mattress with which the bed is fitted. The ornamentation of the bed is **decidedly handsome,** and adds much to its already neat appearance. It is fitted with a **handsome bevel plate mirror,** 14 inches high by 24 inches wide. The size of the bed when closed is 57 inches high, 55 inches wide and 20 inches deep. Size when opened, outside, 55x75 inches; inside, 48x72 inches. As stated above, **woven wire mattress is free.** Filled mattress should be 3 feet 10 inches wide by 6 feet long, and made of such material as wool, moss, etc., which will fold easily. Weight, packed for shipment about 250 pounds.
Our special price.....**$14.50**

A $28.00 Folding Bed for $18.50.

No. 9335 We offer the folding bed which we show in the illustration as one of the best and most substantial as well as attractive beds ever offered at anything like our factory to consumer price. It is made of the **best kiln dried rock elm** with **built-up veneered oak panels,** and is as handsome as most beds sold by retail dealers at 50 per cent. more than our price. It is finished in antique oak, hand rubbed and given an elegant polish such as is found on fine pianos. **It has self-adjusting and self-locking metal legs** which swing automatically when the bed is lowered. This bed is made on the best scientific principles, and is so perfectly adjusted that there is no danger of the back tipping over. The size of the bed when closed is 78 inches high, 57 inches wide anp 24 inches deep. Size opened, outside, 57 inches high and 80 inches long; inside, 50 x 72 inches. We furnish a substantially **woven wire mattress free** with each bed. Filled mattress for it should be 4 feet wide by 6 feet long and should be made of such material as will fold easily. Weight packed for shipment about 400 pounds. Our special price.....**$18.50**



A $35.00 Folding Bed for $21.25.

No. 9338 We have found the folding bed which we illustrate herewith to have given such **unusual satisfaction** to our customers during the past season that we have made new contracts with the manufacturers so that they will supply us for the coming season for the same bed, gotten up in their usual high class style and with the best workmanship. This bed is made of the best selected elm that can be secured with **built-up veneered oak panels.** It is finished in antique oak and **very highly polished,** giving it an elegant appearance. Everything about this bed is in accordance with **late patents and improvements. It has self-adjusting** metal swing legs which swing down and lock themselves automatically when the bed is opened. The bed is so perfectly adjusted that in no possible way can the back tip over. The very handsome **hand carvings** and ornamentations throughout give the bed a beautiful appearance, and it will be an ornament to any bed room. The **elegant bevel plate mirror** is 18 x 40 inches in size. We give a fine woven wire mattress free with each bed. Size when opened 57 x 80 inches outside, or 50 inches x 72 inches inside. Size when closed, 78 inches high, 57 inches wide and 24 inches deep. A filled mattress to fit with the bed should be 4 feet wide by 6 feet long, and should be made of material that will fold easily. Everything about this bed is of the same class of workmanship and quality of material as will be found in the most expensive kept only in high class stores. It is very easily handled—a child can open and close it with ease. The bedding is perfectly ventilated from the back. Weight packed for shipment about 400 pounds. **Woven wire mattress free with every bed.** Our special price.....**$21.25**

The Best Folding Bed Made.

No. 9341, with glass turned and elevated for use as cheval or pier glass.

The New Departure Mantel Folding Beds. Recent patents have been given, covering certain **improvements on folding beds** which are of such unusual desirability that we have made arrangements with the manufacturers to act as selling agents to our customers. These arrangements have been completed on the most satisfactory terms, and we are now in a position to offer folding beds such as you will only find in the very largest stores in cities, and when found the prices are of such magnitude that only the wealthy are enabled to purchase. **By our factory to consumer system** we place our customers on the same footing as the largest trade. We enable them to take advantage of the newest and best goods on the market at prices which retailers would charge for inferior furniture. **These beds, which we attempt to illustrate** in the accompanying cuts, are provided with an **adjustable mirror.** This mirror is so mounted as to be entirely concealed by the back when the bed is opened. This is a very desirable feature for many purchasers of folding beds find difficulty in preventing the glass from being broken from underneath when the bed is opened. **Another decided advantage** in this adjustment can be seen from the two illustrations which we show. This advantage is that the glass may be retained in the ordinary **horizontal position** when the bed is closed, or it may be turned to an **upright position** and elevated so as to be at a very convenient height for use as a pier mirror. The size of this beautiful and **massive French mirror** is 18 inches wide by 40 inches long. The bed itself is made in either elm or oak at the prices named below. In either case the wood is hand rubbed and beautifully polished, while the panels are surrounded and decorated with **beautiful molding and carved work,** adding greatly to the already attractive appearance. The top of the bed is handsome pattern shaped, also decorated with carved molding. The size when closed is 55 inches wide and 58 inches high by 20 inches deep. Size when opened completely, outside, 55x75 inches; inside measurement, 48x72 inches when opened. We furnish a **woven wire mattress with each bed.** Filled mattress for the bed should be 3 feet 10 inches wide by 6 feet long, and should be made of wool, moss, cotton, hair, etc., or such material as will fold easily. We offer this New Departure Bed with the assurance that **every customer will be highly delighted** with it. It is strictly **up-to-date** with all the latest patents, and it has the exclusively desirable feature in the way of pivoted mirror. The weight when packed for shipment is about 300 lbs. We pack and crate all of our folding beds with extreme care, so that they may be sure to reach our customers in the very best condition. We solicit your order on any of these folding beds, and can assure you if you do not find it to be exactly as represented and entirely satisfactory it may be returned to us and we shall refund your money.

Our $13.75 Solid Oak Dresser.

No. 9354. The Beautiful Solid Oak Dresser which we illustrate is one of the latest designs for 1897 trade. The most expert artists have used their skill in bringing out patterns which are extremely **tasty and rich in appearance.** This is one of the most desirable. It is made of **choice solid oak,** beautifully quarter sawed, handsomely finished in finest polish and elegant throughout. The top is handsomely ornamented with choice hand carving, while the **fancy pattern mirror** in swing frame is 24x30 inches in size and is made of the very best imported **German bevel plate glass.** The top of the dresser base is fancy pattern shaped, the sides and ends being curved handsomely instead of square. The dresser base has also **curved front,** or swell front, as it is sometimes known, a feature of the dresser which we can not bring out in illustration. The base is fitted with two small and two large, roomy drawers fitted with **cast brass knobs** and handles and having locks and keys. These drawers are all perfect fitting and move in and out readily, a feature not to be found in the **cheap dressers for sale in retail stores.** The sides are handsomely paneled and perfectly finished. The dresser is furnished complete with a fine set of castors; weighs when packed for shipment about 350 lbs. This will be a **very popular dresser** to be used in connection with one of our fancy iron beds; in fact, the demand for iron beds and odd dressers is much greater than formerly, a great many people preferring a suit of that style to the complete wood suit.
Our special price..... **$13.75**

Our Finest $22.00 Dresser.

No. 9355 The illustration can not do half justice to this elegant piece of furniture, a dresser that would be an **ornament to any chamber,** and, at our factory to consumer price, is placed within the limit of moderate means. It is **decidely rich and imposing** in appearance, being decorated throughout with the finest of ornamentation. The very large and massive mirror is fancy **pattern shaped** and fitted in a **swing frame of ornamental design,** being decorated with beautiful hand carving. The sides or supports of the mirror are also ornamented in a manner which harmonizes perfectly with the balance of the dresser. The dresser base is a beautiful curved pattern shape. The top is the handsome late style swell front, and has large and small roomy drawers fitted with cast brass knobs and handles and locks and keys. The dresser base has handsome paneled sides, and in its completeness the dresser is beyond a rival at anything like the price, being made of the **best quarter sawed solid oak,** finished with a handsome polish equal to that of the finest piano. At our factory to consumer price you have a dresser equal to those which retail at $40.00 or more. We furnish it complete with **best plate castors** and pack it very carefully for shipment. It weighs complete when packed about 175 lbs.

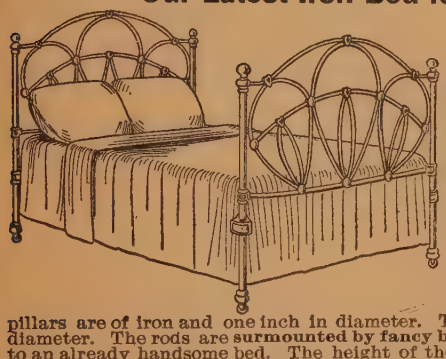
9386 Where it is desirable to use a coil spring mattress, or a wire mattress which is not made on a wooden frame, a necessary addition to an iron bed is a slat of some kind which will sustain the mattress. **We call special attention** to the patent spring slats shown in the accompanying illustration. They are ingeniously constructed and composed of strips of untempered steel, set on edge and riveted together. This forms **a complete bed bottom,** and it is the strongest for the purpose that could possibly be built. It is very compact for shipment and far stronger than wood slats. **It is perfectly adjusted** to slight variations in length or width of bedsteads, and by means of the adjustable hangers can be so adjusted as to drop the spring bed down to suit any taste as regards the height of the bed. Our special price.....**$0.90**

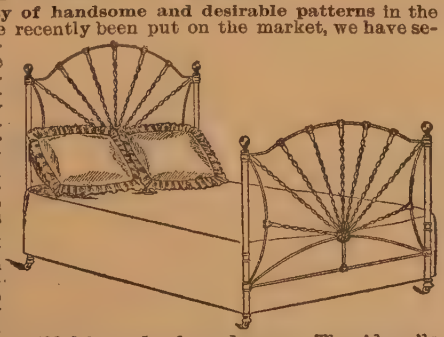


A $7.00 Iron Bed at Half Price.

9388 We have had an unusual demand during the past season for iron beds with odd dressers, and the trade has been very rapidly increasing. In order to meet the demand for **an extremely cheap bed** which will be handsome in appearance as well as strong and substantial, we offer the one which we show in the accompanying illustration as the most desirable low priced bed it has been possible to secure. **This iron bed,** is made with 1⅛ inch iron pillars, while the cross rod and fillings are made of 5-16th and ⅜th inch material. The posts are surmounted by **very fancy brass mounts** and vases. We furnish this bed either in 3 feet, 3 feet 6 inch, 4 feet, or 4 feet 6 inch width. In all cases the bed is 6 feet, 4 inches long. This bed, being **finished in white enamel,** presents a very elegant appearance and is very substantial in every respect, being made by one of the leading manufacturers in this line in this country. The weight, when packed for shipment, is about 65 lbs.

Our special price.....**$3.50**

Our Latest Iron Bed for $4.85.



9390 An entirely new departure in the way of fancy designs has been taken by the manufacturer with whom our contracts for iron beds have been placed this season. The design which we show in illustration is one of the **latest for 1897 trade,** and we feel certain that any purchaser who is fortunate enough to secure this bed will be delighted with it, not only by reason of its handsome appearance, but furthermore by reason of the unusual strength and **durability of the material** of which it is made. The pillars are of iron and one inch in diameter. The filling is 5-16ths inch in diameter. The rods are **surmounted by fancy brass vases,** adding elegance to an already handsome bed. The height of the head is 51 inches and the height of the foot is 46 inches. We furnish this bed in three sizes, 3 feet 6 inches, 4 feet or 4 feet 6 inch wide, as may be desired. In all cases the bed is 6 foot 4 inches long. It is finished with **a very desirable grade of white enamel** in several coats. With any of the separate dressers which we show in this catalogue, together with wash-stand, you have a bedroom suit which is out of the usual order of things, and will give you a great deal of satisfaction. Weight, packed for shipment, about 100 lbs.

Our special price.....**$4.85**

An $8.00 Bed for $5.60.

9392 From the variety of handsome and desirable patterns in the way of iron beds which have recently been put on the market, we have selected the one shown in illustration as one of the most desirable and attractive designs that can be secured. **This bed is made by a manufacturer** whose reputation is well known for the unusually high quality of the goods he makes, and we offer this bed as a substantial and durable piece of furniture, which is as durable as it is cheap and as cheap as it is thoroughly well made. **The solid iron pillars** are 1 inch in diameter and the cross rods are 5-16 inch in diameter. **Fancy iron work** at head and foot.

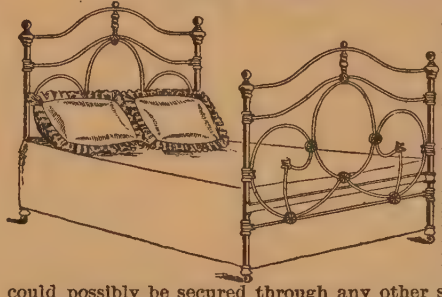
Pillars are surmounted by **beautiful brass knobs and vases.** The side rails are of unusual strength and are fitted accurately and closely in the joints, giving the bed a rigidity which can not be found in cheap articles of furniture on the market. This bed is made 4 feet wide, or 4 feet 6 inches wide. The bed is **finished in very handsome white enamel** of the best quality, and presents a very beautiful appearance. Weight, when packed for shipment, is about 100 pounds. We pack and crate these beds very securely, so that they may be certain to reach you in proper condition.

Our Special Price.....**$5.60**

A $12.00 Iron Bed for $7.25.

9394 The Massive and Rich Appearing Iron Bed which we show in the illustration is unusually strongly constructed from the very best and most selected materials by the the same leading manufacturer who makes all of our iron beds. **The very best workmen** are employed in making these goods, and we are therefore assured that our customers will be very highly pleased with them. The pillars are made of iron 1⅛ inch in diameter, while the rodding throughout is ⅝ inch in diameter. **The pillars** at both head and foot are surmounted by very handsome brass knobs and vases, and are connected at the top with a solid brass top rail ⅝ inch in diameter. **The side rails** are very heavy and strong, and are fitted at head and foot in tight fitting joints, leaving no room for vermin. **We finish this bed in very choicest white enamel** in several coats, giving it a beautiful finish and adding to its already handsome appearance. We make this bed in three sizes, either 3 feet 6 inches wide, 4 feet wide or 4 feet 6 inches wide, the beds in all cases being 6 feet 2 inches long. Bed is fitted **with casters free of charge.** In ordering coil spring mattress for this bed you should also order extra slats, which are quoted on another page. The steel slats are necessary for mattresses of the kind mentioned. If a woven wire mattress is used you will not need steel slats as we make them with extended rails especially for iron beds. This bed, when carefully packed and crated for shipment, weighs about 100 lbs.

Our Special Price.....**$7.25**



A $12.50 Iron Bed for $7.95.

9396 It is impossible for you to gain any idea of the handsome appearance of this iron bed from the illustration. The artist is not able to do it justice, although he has drawn it from a photograph. However, we can assure you that this is **one of the most desirable bargains** in the way of iron beds ever offered, and we should be pleased to send it to you C. O. D. subject to examination on our liberal C. O. D. terms. If you do not find it exactly as represented and entirely satisfactory it can be returned to us and **we will cheerfully refund your money.** If you wish to send cash in full with order, remember that we allow **a discount of 3 per cent.** and in all cases if goods are not up to our representation they may be returned to us and money will be refunded. This handsome iron bed is made with swell extended foot end, a feature of whose attractiveness you can gain but little idea from the illustration. The corner posts are made of **heavy and massive 1⅛ inch iron,** while the rodding and filling throughout are made of ⅝ inch iron. The posts are surmounted by **handsome brass knobs and vases** connected with **a solid brass top rod** at both head and foot, this top rod being ⅝ of an inch in diameter. **The finish** of this bed is of the same high order as all our best beds, viz: in several coats of beautiful white enamel, very durable and handsome. The bed is fitted with the **best casters** free of charge. We make this bed in three sizes, viz: 3 feet 6 inches, 4 feet, or 4 feet 6 inches wide, in all cases the beds being 6 feet 2 inches long. Weight, when very carefully packed and crated for shipment, 100 pounds. Bedding, of course, is not included.

Our special price.....**$7.95**

Our $8.50 Brass Trimmed Iron Bed.

9398 To appreciate the wonderful values which we are giving in the line of iron beds, it is absolutely necessary that you see one of the articles themselves. **On our liberal C. O. D. terms,** we should be glad to have you take the opportunity to examine one of the beds, providing you desire to make such a purchase. We know that you can not help admitting that the **bargains we are offering** are such as you have never seen or heard of, and that we are giving you better value than could possibly be secured through any other source. **This beautiful and substantial iron bed** is made of the best selected material with one inch iron pillars and 5-16ths inch filling. **The ornamental iron work** is of the highest degree of art, and the pillars are such as you will find only in the most expensive furniture. We make this bed in two sizes, either 4 feet or 4 feet 6 inches wide by 6 feet 2 inches long. We furnish casters free of charge. Weight when packed for shipment about 100 lbs.

A $16.00 Bed for $10.00.

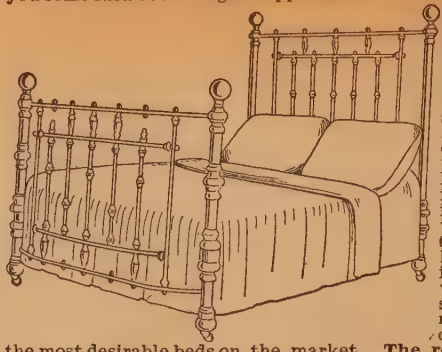
9400 Such value as we are offering in the bed shown in illustration is unusual, in fact, were you to see the article itself you could hardly believe that it was possible to make it at the price which we name. We have placed our contracts for the year of 1897 with the best manufacturer in the country, a manufacturer whose line of iron beds is superior to anything else turned out. We make it a point to contract for such goods with only the best makers, knowing that our customers deserve the choicest goods that the markets afford. We hence take great pleasure in bringing to your attention the bed which we illustrate, knowing that its purchase would result in great credit to us and entire satisfaction to the purchaser. It is solidly constructed of the best material, the pillars being one inch in diameter and the uprights and cross rods being 5-16ths inch in diameter. The pillars at both head and foot are surmounted by beautiful two inch brass knobs or vases, connected at both head and foot with top rod of solid brass, beautifully polished, and very handsome brass ring at center. The side rails and all parts of the bed throughout are substantially made, thoroughly well put together, and you will have an article of furniture which possesses the strength and durability to last a lifetime of wear. We make this bed in two sizes, 4 feet or 4 feet 6 inches wide by 6 feet 2 inches long, and finish it in beautiful white enamel. Weight, packed for shipment, 125 lbs. Our special price..... **$10.00**

A $15.00 Iron Bed for $10.50.

9402 It is impossible for us in a short description and a small illustration to give you a complete idea of the value and durability as well as elegant appearance of this remarkably cheap iron bed. We show this bed in a larger illustration in our Special Furniture Catalogue, and would recommend that you send for that catalogue if you contemplate placing a furniture order. This bed is made of the best selected iron, all rods and cross pieces, pillars, etc., being of the very best material. The pillars are one inch in diameter, the spindles, cross rods, ornamental iron work being 5-16 inch in diameter. The pillars are surmounted by handsome brass knobs. The Design is new and ornamental while the extended foot rail adds to its already handsome appearance. The pattern is one which you will not find in local stores, as the bed is only sold by the finest retail dealers in large cities. We furnish this bed in two sizes, either 4 feet or 4 feet 6 inches wide by 6 feet 2 inches long, and finish it in handsome white enamel of the very best quality. Weight packed for shipment, 125 lbs. We crate these beds with the utmost care that they may reach you in the most perfect condition. Remember our 3 per cent. discount when cash in full accompanies order. Our Special price..... **$10.50**

A $6.50 Child's Bed for $4.50.

9306 The Great Advantage in iron beds is their cleanliness, in fact that is one of their great points of superiority over the old fashioned wood bed which always gives so much chance for dirt and vermin. These Beds are substantially constructed of the very best material with ½ inch posts and strong iron filling. We finish these beds in handsome white enamel, the same beautiful finish as is found in all our best work. Size, 2 feet 6 inches wide by 4 feet 6 inches long. Weight when packed for shipment about 65 lbs.



Our special price..... **$4.60**

Our $42.50 Solid Brass Bed.

9404 The Illustration of Our Very Finest Solid Brass Bed will give you some idea of its elegant appearance. It is made with swell foot end, has 2 inch solid pillars decorated with handsome ornaments and surmounted by 3½ inch solid brass knobs. The cross rods and upright rods are ⅝ inch in diameter. The end rails are solidly constructed, very heavy, fit very tightly at either end and give the bed very great strength. The height of the head is 58 inches; height of foot is 37 inches. We make this up in three sizes, all beds being 6 feet 4 inches long. You have your choice of 3 foot 6 inch, 4 foot or 4 foot 6 inch width. Price in all cases the same. The handsome ornamentation and the solid construction render it one of the most desirable beds on the market. The rods throughout, all posts, uprights, knobs, ornamentations and decorations are solid brass. We fit the beds with the very finest casters and it is easily handled and most substantial in every respect. It is a bed that would ordinarily retail in high class retail stores, in which it would only be found, at from $75.00 to $85.00. To those who are in the market for a most substantial and desirable piece of furniture which can be handed down to future generations we recommend this as the best purchase they could possibly make.

Our special price..... **$47.50**

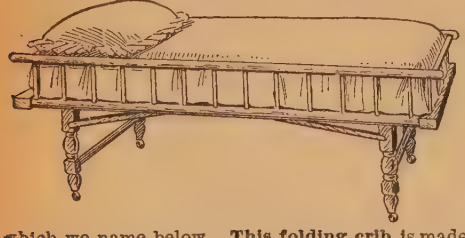
Our Special $5.95 Child's Iron Bed.

9408 We show in illustration a very choice pattern of Child's Iron Bedstead. It is very substantially made of the most select material and will stand long and rough usage. The bed is all iron with fancy iron scroll fillings. The posts are ½ in. in diameter, and all parts are put together with the utmost care by skilled workmen, thus insuring you an article of furniture which would be not only handsome and ornamental but most desirable and serviceable. The bed is 2 feet 4 inches wide by 4 feet 6 inches long, and all the iron work is carefully coated with the finest white enamel. We furnish steel slats free with each bed. Casters also free. Weight, packed for shipment, about 75 pounds. Our special price..... **$5.95**

A $12.00 Iron Bed for $8.75.

9410 These Child's Beds are made by a manufacturer who has a world-wide reputation for the unusual high quality of his goods. Not only is the material (which is iron) the most select procurable, but the workmanship is unusually fine, since the manufacturer employs none but skilled workmen, men who have been in the business for years, and hence thoroughly understand the business of making furniture of this style, which will be extremely durable as well as handsome. The corner posts of this bed are ½ inch in diameter, with beautiful brass knobs or vases, and brass top rods. The handsome iron scroll work adds much to the appearance of the bed. We furnish iron slats free. The side rails are heavy, of unusual strength, and the bed on the whole is far superior to anything of the kind made by other manufacturers. Size, 2 feet 6 inches wide by 4 feet 6 inches long. Sides are made to let down for convenience. The weight packed for shipment is about 80 lbs. Our special price..... **$8.75**

We furnish a superior woven wire mattress with above bed at $1.10 extra.

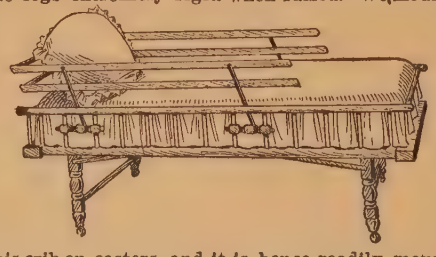


Our $1.95 Child's Crib.

It is difficult to imagine how it is possible for manufacturers to turn out a crib which possesses so many points of general excellence as the one which we show in illustration at the unheard-of price which we name below. This folding crib is made of choicest maple, either natural finish or imitation mahogany, either finish being extremely desirable. It has adjustable brace, and is held extremely rigid when open. The legs are made to fold close to bottom of bed so that it occupies but little space when not in use. The side rails are well constructed and securely fastened, giving unusual strength. The wire mattress furnished free is of excellent material. We furnish the crib in two sizes, and it weighs, packed for shipment, about 50 lbs.

No. 9412 Child's Folding Crib, size, 30x34 inches. Price..... **$1.95**

No. 9414 Child's Folding Crib, size, 36x60 inches. Price..... **$2.25**



Our $2.30 Folding Crib.

The Folding Crib which we show in illustration is practically the same as No. 9412 above, but is fitted with folding top which adds considerable to the height when opened, and by means of the patent folding attachment does not occupy any more space than the ordinary crib when closed. This crib is fitted with new adjustable brace which makes the legs extremely rigid when raised. We mount this crib on casters, and it is hence readily moved about. The castings are all made of malleable iron, and the crib throughout is substantially constructed, making it the neatest crib of the kind on the market. The extra high sides secured by the folding attachment are the most practical folding sides on the market and add greatly to the desirability of this article. Weighs, when packed for shipment, about 65 lbs. We furnish the crib in natural maple or imitation mahogany, as desired. It is made in the following sizes:

No. 9416 Child's Folding Crib, size 30 x 54 inches. Price..... **$2.30**

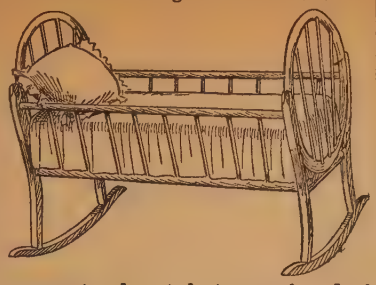
No. 9417 Child's Folding Crib, size 36 x 60 inches. Price..... **$2.65**

Child's Folding Bed for $4.30.

9419 The Child's Folding Bed which we Show in the Illustration is one of the most economical pieces of furniture that can be purchased. This folding bed contains all the latest improvements in the way of folding devices, etc., is very light and put together with an idea of strength and neatness. The castings are all malleable iron and thoroughly well made. The material is the best selected maple handsomely finished. At the end of the bed there is a drapery rod so that when the bed is closed the front can be covered with drapery, and when opened the drapery can be thrown over the end of the bed as shown in illustration. The drapery and bedding are not furnished. We guarantee that customers will be delighted with the bed, not only from the fact that it is unusually cheap but that it is desirable in every respect by reason of the superior quality of material and excellent workmanship. It weighs when packed for shipment about 75 lbs. It is consequently light and easy to handle. We finish the wood in either natural maple or imitation mohogany. Size of bed is 30 inches wide by 60 inches long.

Our Special price..... **$4.30**

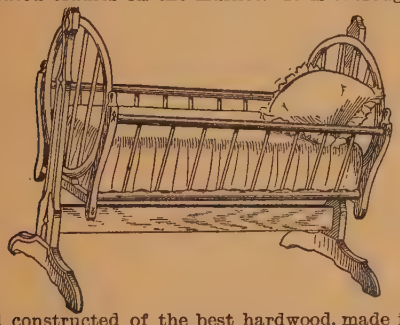
No. 9420 We have the Same Folding Bed as above illustrated and described, 40 inches wide and 60 inches long.



Our Special price..... **$5.00**

OUR YELLOW KID SHOES ARE WONDERS FOR THE PRICE. SEE COLORED PAGES IN SHOE DEPARTMENT.

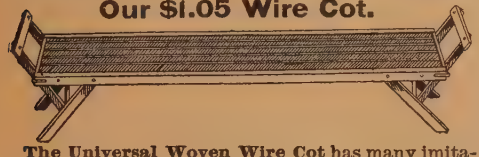
A $2.50 Cradle for $1.40.



9423 You would not think after seeing this cradle that it was possible to make it for the price, but the manufacturers are long on cradles and short on cash, and we are hence able to name our own figures. We give our customers the **advantage of every squeeze in the market.** We recommend this article as most desirable in every respect and quoted at an unheard of price. **This cradle** is made of the best selected hard wood with bent wood work and finished in antique or dark finish, as desired. The size is 24 inches by 44 inches, and is shipped knocked down when taken apart, thus saving very largely on freight. It is very easily set up and put together with screws.

Our special price..... **$1.40**

A Bargain for $2.00.



This is one of the most unique and desirable Cradles ever put on the market. The base is very strongly constructed and extremely rigid. **The cradle swings very easily,** the body being hung on patented hangers, making it one of the most easily operated cradles on the market. It is thoroughly

well constructed of the best hardwood, made in a fancy shape and finished either in **antique oak or dark finish,** as may be desired. It presents an elegant appearance, and your neighbor will not believe you when you mention the price which you paid for it. Comes in size 24 x 44 inches, and is taken apart for shipping, thus saving very largely on the freight.

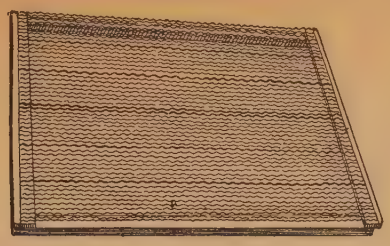
Our special price..... **$2.00**

Our $1.05 Wire Cot.

The Universal Woven Wire Cot has many imitations on the market, which is the best proof in the world of its general excellence. This cot is the most desirable low priced article of furniture on the market, and is so constructed that the head and foot are raised by opening the legs. **It is very substantial,** the frame being made of selected hard wood and fitted with a woven wire mattress. No house is complete without a c cot of this kind. When not in use **it takes up very small space,** and being unusually light is easily moved from one part of the house to another when convenience demands it. We make this cot in two sizes, prices as follows:

No. 9426 2 feet 6 inches wide by 6 feet long. Our special price..... **$1.05**

No. 9427 3 feet wide by 6 feet long. Our special price..... **$1.20**

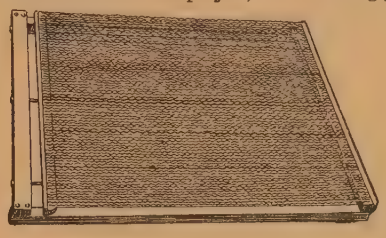


$1.75 Cot for $1.10.

9428 The cut represents the latest improved Folding Cot on the market. We offer it to our customers as an article of comfort, neatness, strength and simplicity. It is constructed with the **latest improved head rest or pillow,** which is in itself a most valuable feature, forming as it does a perfect rest or pillow for the head. The lower illustration shows how compactly the cot can be packed together, and for camping parties, hotels or private use the **Eclipse Cot is without a rival.** The frame is made of the best selected hard wood, and is constructed throughout with a view to durability as well as compactness and neatness. In size it is 29 inches wide. Our special price..... **$1,10**

Our 95 Cent Wire Mattress.

No. 9429 This is the Regular Standard Mattress for the Million. The frame is made of thoroughly hard seasoned maple and with thick batten. It has **perfectly tight joints** between end rail and batten, while the batten crowning as shown gives great



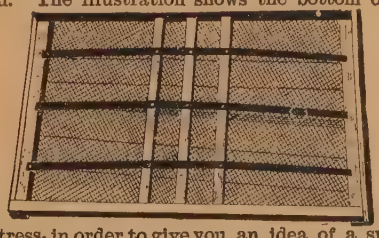
strength. No putty is used as this mattress is made by a leading manufacturer in his line and who puts out goods which will invariably add to his reputation. This is the **best low priced mattress made.** It has patent end fasteners for the fabric, making it impossible for any of the wires to become loosened by such strain as will be put upon them. This is a feature which no other wire mattress in the market posesses. Our special price, each..... **$0.95**

No. 9438 Woven Wire Mattress. This mattress possesses the same good qualities as No. 9429 above with medium weave wire composed of the very **best drawn steel** very heavily corded. The frame is manufactured with especial care from the very best selected kiln dried stock. **This Mattress has a Special Advantage** not posessed by No. 9429 above, viz: **a Special Screw Extension.** This extension is shown in the cut of No. 9431 below. The advantage posessed by this attachment lies in the fact that the best woven wire fabric will after long usage stretch somewhat and lose part of its tension. By use of the screw attachment the mattress can be drawn taunt again, giving it the **same tension as it originally possessed.** Our special price..... **$1.60**

A $2.00 Mattress for $1.20.

No. 9431 The Mattress which we show in the illustration is made on the very best selected hardwood frame and carefully put together by the best mechanics that can be employed, hence having per-

fectly tight joints, in which case no putty is needed as is the case with the cheap mattresses on the market. By means of the double end bar and side screw extension, of which the illustration gives you some little idea, **the fabric can be stretched to any desired tension** when after long usage it becomes slightly loose. This is the only positive and practical extension made. Having this double end bar and the fabric being made of a high grade of steel wire, this mattress will last a lifetime.



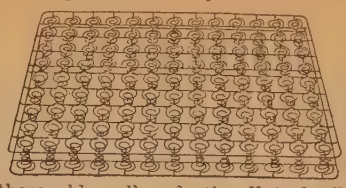
Our special price..... **$1.20**

No. 9432 This Woven Wire Mattress differs from No. 9531 above in that it has an extra heavily corded spring and is made of finer material throughout than the one above. **It is made on the same general principles as the one illustrated** with the latest practical set screw extension, and is very durable in every respect. Always state size of bed when ordering mattress.

Our special price in regular sizes..... **$1.75**

$1.45 Buys a $2.50 Mattress.

9434 The illustration will give you some idea of the unusually desirable features of this bed. It is made of the **finest corded woven wire fabric,** on a thoroughly seasoned and unusually well built frame of selected and thoroughly seasoned hard wood. The illustration shows the bottom of the

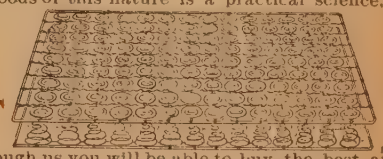


mattress, in order to give you an idea of a special feature. This is an extra support made of **three rows of steel coil springs,** on the slats. These slats are supported by three substantial iron straps running from the head to the foot of the spring. The slats are free at the end and the support is very rigid and substantial. It is impossible for us to express the general excellence of the spring better than to say that it is positively the most comfortable and durable mattress of the kind ever put on the market. It is made in regular sizes. Always mention size of bed when ordering.

Our special price for any regular size..... **$1.45**

Our Special $1.40 Mattress.

9436 We acknowledge no competition on this class of goods. We invite you to compare this mattress with those you will see in any other catalogue. You will be compelled to admit that we set the pace for low prices. Not only do we believe our prices are lower than anyone else can make, but we have confidence in the unusual superiority of the goods which we sell. **This mattress is**

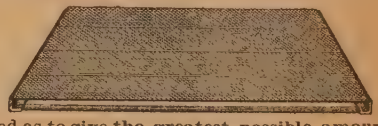


thoroughly well made, the **all steel coils** being handsomely japanned. The top and bottom surfaces are alike, the cone springs being double and connected by broad steel clasps of great strength. This bed is **elastic and yielding** in all its parts, conformiug perfectly to the form and weight of the person lying on it. It is **unusually simple in construction,** which adds to its durability from the fact that there is scarcely anything to get out of order. Full size mattress has 117 double coil springs.

Our special price for regular size..... **$1.40**

A $4.00 Bed Spring for $2.25.

No. 9439 This is a Famous Spring and is in every way worthy of the reputation which it has established for itself. We only ask that you give this mattress a trial to be assured that you will be thoroughly satisfied with it. The manufacture of goods of this nature is a practical science, and

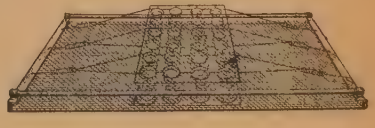


through us you will be able to buy the best at the price of the cheapest. The **scientific construction** of a satisfactory bed spring is only carried out in detail by the best manufacturers. The spring is made of the finest No. 12 steel wire and has **117 springs, tempered perfectly** and finely japanned. Each spring is made of a **double reverse coil,** made on a neat and perfect principle. Always state size of bed when ordering.

Our special price for regular size..... **$2.25**

No. 9440 We have the same spring as No. 9439 illustrated and described above, but **made to fold in the center** so that when moving from one bed to another it can be folded together and handled more readily, or if not in use will occupy much less space. Our special price..... **$2.50**

Special Steel Frame Bed Spring.



No. 9442 The Woven Wire Mattress which we illustrate is the most desirable from the fact that it is made on a **metal frame composed of solid angle steel.** Sides are composed of iron pipe. **The woven wire fabric is stretched tightly** and is the very best on the market, being composed, as it is, of the steel tempered wire. This wire mattress is so ar-

ranged as to give **the greatest possible amount of strength** for its weight, and is beyond a doubt the peer of any mattress on the market, while on the other hand it is superior to the majority of cheaply constructed mattresses which you will very frequently find in local retail stores. It is especially **desirable for metallic bedsteads,** but can, of course, be used for any bed, whether wood or iron. We furnish this mattress in four sizes, all being 6 feet long. The widths are 3 feet, 3 feet 6 inches, 4 feet or 4 feet 6 inches. In ordering be sure to state the width wanted. Our special price..... **$3.38**

A $7.00 Wire Mattress for $4.25.

No. 9444 The Mattress which we show in the illustration is precisely the same as No. 9442 illustrated above, but in the illustration we show the bottom of the mattress which has an additional feature not possessed by No. 9442 above, viz: **a steel supporter** attached to the frame with **six extra strong springs.** This supports **four rows of coil springs,** giving not only additional strength to the mattress itself but also adding **great elasticity,** both

of which features commend themselves to the careful buyer. While No. 9442 above is unusually desirable you can readily perceive that these additional features render the mattress much more valuable, and we can assure any purchaser that they will find it the most satisfactory article of the kind ever purchased. We make this mattress in the following widths: 3 feet, 3 feet 6 inches, 4 feet, and 4 feet 6 inches, all mattresses being 6 feet long. Always mention size wanted when ordering.

Our special price..... **$4.25**

Filled Mattresses.

We have every reason to congratulate our customers as well as ourselves on the very favorable contracts which we have made for this season in the line of mattresses. **We appreciate as well as** any one can that inferior goods of this class are not only unsatisfactory but entirely undesirable. We have consequently taken particular pains to **contract for our stock from a leading manufacturer,** one whose reputation has been made on **a high grade of goods,** and who turns out a quality equal to or better than anything else in the market. We quote a superior line of **excelsior, wool, cotton, moss and hair mattresses** that are guaranteed to give thorough satisfaction, are just as represented in every respect, and if not found to be up to our representation we will cheerfully refund money upon their return to us. Always state size of bed for which mattress is intended when ordering.

No. 9446 This is an all excelsior mattress made with plain ticking filled with excellent, pure and clean excelsior; easy and comfortable.
Our Special Price, each..... **$1.70**

No. 9448 A superior excelsior mattress made with wool top. The excelsior which we use in this mattress is of the very best and cleanest quality, and the wool top adds greatly to its comfort. The ticks are bound and ticking used is of a superior quality, far better than you would ordinarily find and what retailers would consider cheap for $3.00.
Our Special Price, regular size..... **$2.05**

No. 9450 An all excelsior mattress with cotton top. Like all our excelsior mattresses the quality of material is very nice and clean. The cotton top makes the mattress all the more desirable, giving it ease and comfort. The ticks are bound and the ticking is of superior quality. Our special price for regular size..... **$2.15**

No. 9453 All Excelsior Mattress with Cotton Top and Bottom. The mattress is consequently reversible, and when side becomes hard or packed, can be turned over and your mattress is just as soft and comfortable as when new. The material is clean and pure, while the ticking is of the very nicest quality. Ticks are bound. Special price, each.. **$2.75**

No. 9454 Plain Husk Mattress. The husks which we use in these mattresses are thoroughly well cleaned and are free from sticks or other foreign matter which loses for the mattress a certain extent of its comfort. The mattress is thoroughly well made of a superior quality of ticking.
Our special price for regular size..... **$2.70**

No. 9455 Mixed Husk Mattresses with Wool or Cotton Top. For a cheap mattress there is nothing better made. The husk is elastic and is not liable to crack like other filling, while the wool or cotton top gives added comfort. Ticks are bound and the ticking is of superior quality.
Our special price for regular size..... **$2.85**

No. 9456 Extra No. 2 Wool Mattress. Full weight, superior quality wool, thoroughly first class ticking, bound ticks—a very durable, soft and comfortable mattress. Our special price, each ... **$3.00**

No. 9457 Palm Leaf Mattress. Palm leaf is a quality of filling used in some of the most desirable mattresses made, in fact, many people prefer a palm leaf mattress to anything else on the market. We make this mattress with wool or cotton top, thus giving you an elastic mattress, as well as one that is soft and comfortable. Ticks are bound and have two rows of tufting on edges. Special quality of ticking used. Our special price for regular size, **$4.25**

No. 9459 Sanitary Sea Moss Mattress with Cotton Top. This mattress possesses many sanitary qualities which are gained from the moss. **Many physicians consider a mattress of sanitary sea moss** to be of great benefit to invalids. This mattress is made with cotton top and is extremely comfortable. The ticks are bound with two rows of tufts on edges. Ticking of superior quality.
Our special price for regular size..... **$4.35**

No. 9460 Extra No. 1 All Wool Mattress. A wool mattress is very desirable, especially when made of perfectly clean and pure wool such as the manufacturer uses in these goods. The mattress is full weight and covered with the **latest and most desirable pattern of ticking.** Ticks are bound with two rows of red tufts on edge.
Our special price for regular size..... **$4.65**

No. 9461 Extra No. 2 Cotton Mattress. Many of our customers will buy nothing but the cotton mattresses, considering them, as they have good reason to do, the best medium priced mattresses that are made. The one which we quote here is **extra choice, guaranteed full weight** and strictly first-class in every respect. **The workmanship is No. 1 throughout.** The most desirable pattern and best grade of ticking is used. The ticks are bound and have two rows of tufts on edges. Our special price..... **$5.75**

No. 9463 Extra No. 2 Doubled Ginned Moss Mattress. In the opinion of many the moss mattress is equal in every respect to a hair mattress. **possessing all the elasticity and other features for which the hair mattress is considered especially desirable.** This moss mattress is filled with best selected moss, and we guarantee it to be satisfactory or money will be refunded. The ticking is very desirable and of superior strength. Ticks are bound and have two rows of tufts on edge.
Our special price for regular sizes..... **$5.75**

Hair Mattresses.

Particular attention is called to the fact that the hair we use in these mattresses is **thoroughly cured and perfectly clean** in all cases, whether the mattress is cheap or high priced. We have the hair mattresses **made specially to order** after the order is received. This is a very desirable feature. The ticking used is either plain or fancy, and in all cases the **most desirable patterns** and thoroughly excellent quality. We guarantee these mattresses to be full weight.

No. 9465 No. 1 Black or Grey Mixed Hair Mattress. A very good quality of **clean pure hair** is used in this mattress, and you will receive one which will not only be comfortable but will give you a lifetime's service. Our special price..... **$7.25**

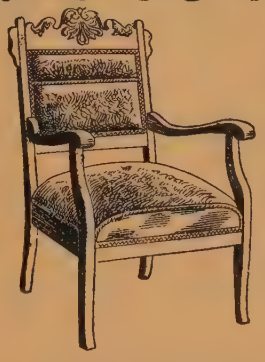
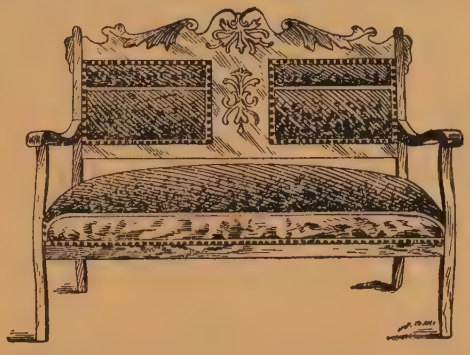
PRINCELY PARLOR FURNITURE.

WE ARE anxious for a trial order from each neighborhood in this particular line of furniture. It will be the best advertisement we could have in your locality. One of our Parlor Suits or Parlor Chairs is bound to sell others. When people once see our goods and learn our prices, our trade with them is assured. **This Elegant Furniture** is made by the three foremost factories in the United States. This is sufficient guarantee of its elegant quality and general style. Our line comprises the latest designs for 1896. Our prices speak for themselves. We ship anywhere to anyone, C. O. D., subject to examination, on receipt of $5.00 deposit as a guarantee of good faith. If as represented, you pay the balance and goods are yours. Otherwise, send them back and get money remitted. We pack our upholstered furniture with especial care. A parlor suit weighs about 130 to 290 pounds. **Our Upholstered Furniture is built on honor and for wear,** the material and workmanship is of the highest standard, and wherever we make one sale we have no trouble in making many more in the same neighborhood. We carry the furniture in tobacco, maroon, crimson, olive, blue, gold, steel, coral, nile, copper and pomegranate. Leather we have in maroon, dark olive and brown. The prevailing style in furniture is to have the various odd pieces upholstered in harmonizing colors of different shades.

WE SEND SAMPLES FREE ON APPLICATION. Always state which quality you desire. Please state just what sample is wanted, and thus save us the expense of sending samples which will be of no use to you.



Be particular to state what kind of finish is desired, whether mahogany or antique oak; also state grade and color of upholstering, and price any number. We would recommend that you leave it to our designer, as he is an artist in combining colors on Parlor Furniture, so as to harmonize with the colors in any parlor.



The grades of upholstery are as follows:

Grade A.—Good Cotton Tapestry.
Grade B.—No. 2 Corduroy or Kizer Plush.
Grade C.—High Grade Corduroy or Normandy Plush.
Grade D.—Brocaline Crushed Plush.
Grade E.—Silk Tapestry.
Grade F.—Wilton Rug.
Grade G.—Silk Brocatelle.
Grade H.—Satin Damask.
Grade I.—Silk Damask.

A $16.00 PARLOR SUIT FOR $11.35.

GRADE A UPHOLSTERING $11.35

GRADE D UPHOLSTERING $14.50

No. 9500. When we call this a $16.00 Parlor Suit, we are really very much underestimating its retail value. It is seldom that you can find any kind of a 5-piece parlor suit in a retail store at **less than $20.00,** and when you do it is of such inferior material and so poorly upholstered that there is no satisfaction to be gained from it. You get very little idea of the handsome appearance of the suit from the illustration. We can say, however, that it is well made on a solid oak frame, with a very handsome carved top, and the suit presents a handsome appearance and will be an ornament to any parlor. The suit consists of a **Large Sofa, Large Easy Rocker, one Large Easy Arm Chair and two Parlor Chairs.** Each piece has an easy spring seat with hard edge, the fronts being of plush handsomely corded. We furnish **casters free,** and the suit complete weighs about 195 pounds. It is difficult to imagine how it is possible for a manufacturer to turn out such goods at the price we name, but it is the fact nevertheless, and we will be glad to ship one of these suits to you **C. O. D., subject to examination,** as we know you will admit it the best value you have ever seen at anything like the price. **We pack these suits very carefully** and wrap each piece in burlap, so that it will reach you in the best possible condition. $18.50 PARLOR SUIT.

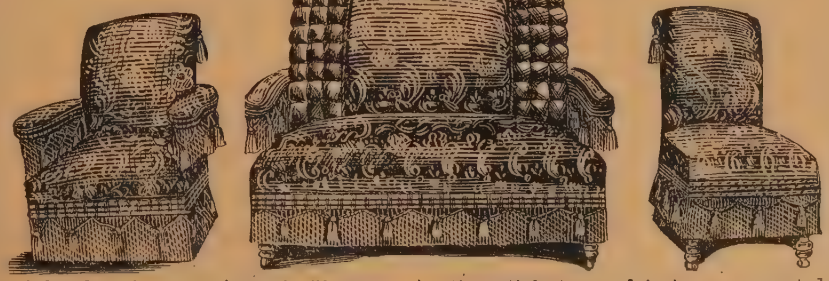
SIX PIECES.



No. 9501. We show herewith an illustration of a very handsome Divan, which is included with the above 5-piece suit No. 9500, and goes to make up **an elegant 6-piece suit.** In fact, this suit is just the same in appearance as No. 9500 above, but has the addition of the very handsome divan as shown in the accompanying cut. It differs very materially, however, from No. 9500, from the fact it is better made of better material, the seats having **spring edges** instead of hard edges, and in every other way it is much superior as well as being a larger suit. The bands on the back of each piece are composed of very **handsome silk plush.** The fronts are also of choice silk plush. This suit is upholstered in grades A, D, E or F upholstering. Grade A is a nice cotton tapestry; grade D, a handsome brocoline crush plush; grade E, a fine grade of silk tapestry, and grade F is the always popular Wilton rug. In all cases the **patterns will be artistic,** and the colorings will **harmonize perfectly.** We recommend that you leave the combinations of colors to our designer, who will combine them to blend with perfect harmony. The weight of this suit when packed complete for shipment is about 225 pounds.

A $50.00 PARLOR SUIT FOR $33.00.

No. 9505 It is difficult to imagine a more beautiful and artistic suit than the one which we show in the illustration. Our artist has endeavored to draw the different pieces so that you can get an idea of the handsome design. It is one of the richest and most stylish appearing parlor suits made for the season of 1897. It is after a design executed by **expert artists in this line,** and the manufacturers are taking particular pains that the suit shall be not only perfect in detail and handsome in outline, but thoroughly substantial and durable in every respect. It is a suit that **will last a lifetime** and a suit that you will never become tired of. It is made with a **solid oak frame** or a frame made of **curly birch with imitation mahogany finish.** Either wood is decidedly handsome and thoroughly substantial. The frames are beautifully carved after the most stylish pattern, and the suit as a whole has the appearance of one which would retail frequently at from **$75.00 to $80.00. It consists of 6 pieces,** a large sofa, a large divan, large easy rocker, large arm chair and two parlor chairs. We upholster this suit in five different styles of upholstering, D. E. F. G and H. D is a very fine blocaline crush plush; E is an **elegant silk tapestry;** F a superb Wilton rug; G a choice grade of silk brocatell and H a very handsome and durable satin damask. You have your choice of upholstering. In all grades the patterns are the very latest designs, and in coloring you will have your choice of all the popular shades. We recommend, however, that you leave the matter of coloring in general to our designer, as we make these parlor suits specially to order and will upholster the various pieces in the latest popular shades, **all harmonizing perfectly.** The weight of the suit when packed very carefully for shipment is 300 lbs. We pack each of these pieces with the utmost care, covering all parts with burlap so that they will reach you in perfect condition. Casters free.

OUR GREATEST BARGAIN PARLOR SUIT. ...A $75.00 PARLOR SUIT FOR... $47.00.

A Wonderful Offer in Parlor Furniture.

Divan, Large Arm Chair and Extra Parlor Chair INCLUDED.

No. 9506 We show in the accompanying cuts illustrations of three pieces of this most elegant and stylish parlor suit. The suit complete consists of large sofa, as illustrated, a very handsome divan of same shape and design as sofa but smaller in size, two parlor chairs like the one in illustration, one large easy rocker, as illustrated, and one large arm chair same as the large arm rocker but with legs instead of rockers. **This elegant parlor suit** is made of the very choicest **quarter sawed oak or solid birch** as may be desired. When furnished in birch it is finished in handsome imitation mahogany, an elegant finish which gives the suit even a nicer appearance than **solid mahogany** itself. The backs of all the pieces are elegantly carved by hand and are **exceedingly rich in design.** They are furthermore decorated with upholstered centers, the upholstering in all cases being the same as the seat. This parlor suit is made by one of the leading manufacturers, a manufacturer who takes particular pride in the quality of his goods, and we offer the suit as **equal to anything that can be found anywhere** at $75.00 or more. The seats are very easy and comfortable, being fitted with the **best Bessemer steel springs.** They have spring seats and the edges **are corded with silk gimp cord.** Fronts are banded with the same material as the general upholstering. A full set of casters are furnished free with each suit. We shall be glad to send this parlor suit to any address C. O. D., subject to examination on our liberal C. O. D. terms, and we know that you will be so well pleased with it that you would not sell it for **50 per cent more than you paid for it** if you knew you could not get another. Weight when packed for shipment about 350 lbs. We pack these parlor suits with the utmost care so that they may be sure to reach you in the very best possible condition. Upholstered as follows:

A $12.00 ROCKER FOR $8.95.

Our Wonderful $6.75 Rocker.

No. 9507 It is difficult to imagine a rocker which would present a handsomer appearance than the one which we show in the illustration. It is an entirely new design, something that you will not find in your retail stores, a pattern that will be very pleasing in effect and will add greatly to the appearance of any room. It is made of **choice curly birch,** a very popular wood, which we finish either in **natural color or imitation mahogany,** as desired. It is very finely hand polished and is elegantly finished throughout. The very easy spring seat is upholstered in the best grades of material, and taken as a whole considering the superiority of the material, **the handsome carving** and elegant upholstering, you will have a chair at a medium price that is superior to anything you would ordinarily secure from a retail store at less than $10.00. See description of rocker 9509 for materials used in upholstering.

Our special price upholstered in grade E..... **$6.75**
Our special price upholstered in grade G or H. **7.35**
Our special price upholstered in grade I..... **8.70**
Our special price upholstered in grade L..... **9.65**

$12.00 Rocker for $7.50.

No. 9508 It will be difficult for you to find anything in the stocks of your local dealers that will equal in appearance or quality the elegant large arm rocker which we show in illustration. This rocker is made of the very **finest birch** with an elegant mahogany finish, and **very finely polished.** It has mahogany veneer back with marquetrie, the new style decoration. The illustration does not do it half justice. We can only say that if you will order this rocker and are not satisfied that it is the finest bargain you have ever seen, you are at liberty to return it to us and we will cheerfully **refund your money.** We have no fears, however, but what you will be even more delighted with it than you would expect from the illustration. The seat is made extra easy with best **Bessemer Steel Springs,** and is upholstered in satin damask in the very choicest shades. This rocker is one that will last a lifetime and is put up in a way that will warrant it to do so with ordinary use.

Our special price, each..... **$7.50**

No. 9509 The Purchaser of the rocker which we show in illustration will have something that he will be proud of, a rocker that cannot be matched by those purchased by his neighbors for less than $12.00. In fact, it is **seldom** that such a rocker is **carried in any ordinary retail store.** The prices which retail dealers are compelled to charge for such goods are invariably so high that they generally do not find it worth while to carry them in stock. **The appearance of this rocker** cannot be exaggerated. The illustration does not do it half justice. **The arms** are handsomely ornamented with beautiful carving, while the back panels are also decorated with very fine workmanship. **The rocker** is constructed of the **finest curly birch,** and is either finished in natural color or in imitation mahogany with a very fine hand polish. Curly birch is a wood which is very popular for chairs of this nature, and is very stylish. **The easy spring seat** is upholstered in the best grades of material, either grade E, fine silk tapestry, grade G, which is a silk brocatell, grade H, a satin damask, grade I, a silk damask, or grade L, in genuine leather. In ordering, always state style of covering wanted. Prices are as follows:

Our special price in grade E..... **$8.95**
Our special price in grade G or H **9.65**
Our special price in grade I..... **10.50**
Our special price in grade L..... **11.40**

Our $12.75 Easy Chair.

No. 9570 The Large Gent's Easy Chair which we illustrate is a strictly new design, one which has just been put on the market, and by reason of its **wonderfully comfortable shape,** its splendid construction of high grade material, will undoubtedly meet with a very large sale. It is impossible for us to describe here in a few words the desirability of this easy chair. It is roomy and comfortable, has a **very soft easy spring seat and edge,** and is made with the **finest solid oak or birch** frame, as desired. It is handsomely decorated in front with hand carving and is fitted with casters. We upholster this easy chair in grade E, which is a fine quality of silk tapestry, or in grade L, genuine leather. We pack the chair very carefully, and when packed for shipment it weighs about 30 pounds.

Our special price upholstered in grade E..... **$12.75**
Our special price upholstered in grade L..... **14.50**

Our $2.00 Napoleon Chair.

No. 9511 There has been a steadily increasing demand for chairs similar to the one which we show in the accompanying illustration. We have taken particular pains to contract this season with the manufacturer for a line of these chairs such as will enable the man of limited means to be **strictly up to date in his furniture,** and we have succeeded in making the price so attractive that the purchase will not interfere materially with the condition of his pocket book. **This handsome chair** is best known as the **Napoleon Design,** and is finely constructed of selected material, thoroughly well put together and very substantial. The size of the seat, which is upholstered in various grades of material, is 18 inches square. We pack the chair very carefully for shipment and it is bound to reach you in first class condition. This article will be an **ornament to any home** and is a most desirable purchase.

STYLISH FANCY PIECES.

Our Wonderful $8.75 Bargain.

No. 9512 It is impossible for us in a short description to give you any more than a faint idea of the **elegance and desirability** of the handsome divan shown in the accompanying illustration. It is made of the very choicest curly birch in either natural finish or imitation mahogany with a beautiful hand polish which renders it very attractive. **You can get some idea** from the illustration of the style and **ornamental designs of the wood work.** The corners on the seat and back are decorated with the richest and most tasty hand carving. The fancy pattern back is odd shaped, which makes it striking in appearance. It is thoroughly well made by the best **cabinet makers that money can employ.** The easy spring seat is upholstered in either grade G, silk brocatell, grade H, satin damask, or in grade I, silk damask. In this divan you will have one of the handsomest pieces of furniture that can be put in the parlor, or that will be far handsomer than any thing your neighbors may have bought at 50% more than our factory-to-consumer price. We pack this divan with the utmost care to insure its reaching you in perfect condition.

Our $6.00 Corner Chair.

No. 9514 The Corner Chair which we Illustrate is a particularly **artistic** piece of workmanship, handsome in design and remarkably well constructed and durable. It is made of **selected birch** in natural finish or **imitation mahogany,** as desired, and its attractive appearance is added to by the very fine hand polish. The easy seat is upholstered in **grade G, silk brocatell, H, satin damask,** or I, **silk damask.** In any grade the chair is one which will be admired by all your friends and an article of which you will never become tired. This corner chair is one that ordinarily **retails at at least $9.00,** and, in fact, it is very seldom you will find it in a retail store. We are exceedingly anxious to get you started buying your furniture from us for we know we can give you **better service than you could secure anywhere else,** and that each piece of furniture sold will be an advertisement for us, and secure for us increased trade. Remember we allow a discount of 3 per cent when cash in full accompanies order. If you wish we shall be glad to send the chair C. O. D. subject to examination on our liberal C. O. D. terms. **We pack all our furniture** carefully and it is sure to reach you in perfect condition.

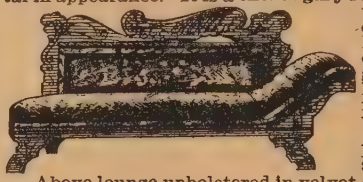
Our special price in grade I upholstering..... **6.50**

Our $11.25 Tabouret Chair.



No. 9513 The Tabouret Chair which we illustrate is made in very handsome curly birch in either natural finish or imitation mahogany. In the finishing, the wood receives a beautiful hand polish, making the **finish equal to that of the finest piano.** This chair is an odd design which is so **popular and fashionable,** and one that is exceedingly ornamental anywhere it may be placed. In making the chair the manufacturers have paid attention to comfort and not lost sight of the fact that the chair is to be used instead of to be looked at, and hence in offering you this **Handsome Tabouret Chair** we do so with the double assurance that it will give satisfaction, not only by its elegant appearance, but by reason of its **unusual comfort and durability.** In construction it has no rival. Only the most **expert cabinetmakers are employed** in work of this kind, and hence you may depend upon it that this purchase will be one for a lifetime. It will be a chair that will give long service. **It has an easy seat** and is upholstered in either grade, G, H or I. Grade G is a very fine silk brocatell; grade H is a satin damask, and grade I is the choicest quality of silk damask. In any of the grades of upholstering mentioned you will be delighted with the chair. The handsome hand carving on the front panel and back add wonderfully to the appearance.

Latest Style Sofa Bed at $10.75.

No. 9523 The Sofa Bed has become a most popular piece of furniture. It deserves to be for the simple reason that it is not only comfortable but decidedly handsome and striking in appearance. The one which we show in illustration is the leading product of one of the best manufacturers in this line of goods, and we offer it as a particularly desirable bargain. It is thoroughly well constructed of the **very best seasoned material** and is covered with various grades of upholstering, all being **of superior quality.** This sofa bed has an **advantage over the ordinary couch** from the fact that the back is made to drop down and part of the head falls over, all resting on the iron feet, making a **large and comfortable bed** when opened. When the bed is opened it is 4 feet 2 inches wide by 6 feet 4 inches long. When closed it makes a handsome and desirable sofa. The desirability of such an article of furniture is so obvious that it needs no argument. So far as the quality is concerned we offer it as superior in every respect and recommend its purchase, knowing it will give entire satisfaction. **Remember our liberal C. O. D. terms** or 3 per cent discount if full cash accompanies your order. Weight, when packed for shipment, 200 lbs. Made in the following grades of upholstering:

Our Special $12.00 Bed Lounge.

No. 9530 The bed lounge which we illustrate is one of the new designs for 1897 trade. It is just on the market, and doubtless will not be seen in your retail stores for a year, if at all. It is seldom if ever carried by small retail dealers. We give you **great advantages in purchasing furniture** from the fact that our contracts with the manufacturers are equal to the entire yearly purchase of large numbers of retail dealers combined. We are hence in a position to secure net spot cash prices and furnish you the goods at about what your retail dealer would himself have to pay. This is a great advantage to you, and, if you are ever in the market for furniture, we can please you. We guarantee all goods to be **exactly as represented** or money will be refunded. The lounge which we show in the illustration is one of the choicest bed lounges that can be produced. You will get some idea from the cut of the beautiful appearance it presents. **It is unusually large,** has a high back, beautifully hand carved and fancy shaped. It is further decorated with corded silk plush, upholstered panels and top. **The bed is fitted with wire springs** and cotton top matress, making it, when opened, just as comfortable a bed as you can desire. This is a convenient article of furniture and no one who can take advantage of our low price should be without one. We pack it very carefully, and when packed for shipment it weighs about 165 lbs. We furnish it upholstered as follows at the prices named:

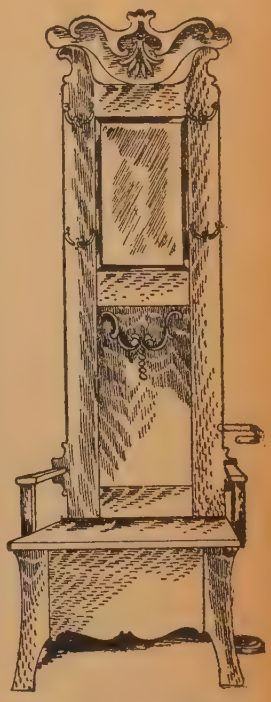
The Choicest Hall Trees Ever Manufactured.

MONEY WON'T BUY MORE STYLISH GOODS.

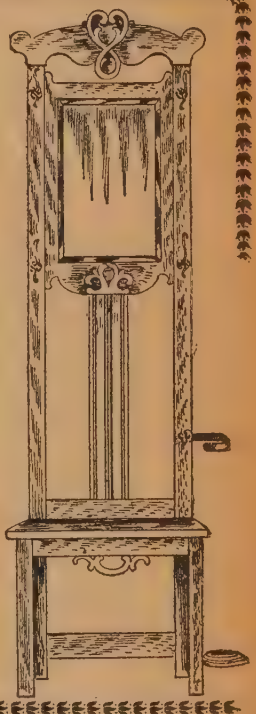
A $15.00 Hall Rack for $9.75.

No. 9533 This Hall Rack has hitherto been held by manufacturers at from $11.25 to $12.00 net jobbing price. We have placed **large contracts** for these goods, and are able to offer them at the **exceedingly low price named**, knowing that it is the best value ever offered for the money. We are willing to send these goods C. O. D. subject to examination on our liberal C. O. D. terms described elsewhere with our guarantee that if the article is not entirely desirable in every respect and just as represented it may be returned to us and we will promptly refund the money. This Hall Rack stands **6 feet 10 inches high** and 2 feet 9 inches wide, made of the very **finest quartersawed oak** with an elegant hand polished finish, and when placed in your hall will be one of the most attractive articles of furniture you could place there. It has **handsome hand carvings** throughout, box seat with lid and made to hold rubbers, etc., metal umbrella stand is very convenient while the **bevel plate mirror is fancy pattern shaped** and 14x24 inches in size. This rack weighs complete packed for shipment about 100 lbs., and at our factory to consumer price is an unheard of bargain. Our special price, each **$9.75**



A $25 HALL TREE FOR $17.90

This Hall Tree is Yours for $7.50.



No. 9532 This Hall Tree is specially manufactured for the finest furniture trade, and naturally would be bought by retail stores in large cities for wealthy purchasers, but with our enormous facilities for disposing of large quantities of these goods we are able to bring the price down within the reach of the most limited means. We have heretofore been unable to secure a Hall Tree of equal value to sell at less than $9.50. We are **offering this Hall Tree at the unusually low price named,** and we believe you will consider it equal to anything you can secure from a local dealer at double the money. It is made of the best quarter sawed oak with a very fine polished finish, with box seat and with a handsome **bevel plate mirror 12x20 inches in size.** The box seat has lid, and is made to hold rubbers, etc. Fancy metal umbrella holder and new style coat and hat hooks. Height of the case is 6 feet 10 inches and the width is 2 ft. 6 in. The weight packed for shipment is about 85 lbs. Our special price, each **$7.50**

☞OUR C. O. D. TERMS are very liberal. Any Hall Tree subject to examination on receipt of $5.00. **3 per cent. off** for full cash with order.

No. 9535 It is seldom or never that you will find a Hall Tree of equal value in any retail store, in fact, they are compelled to pay so high a price for such goods and exact so large a profit that their sales would be very few and far between, hence they can not afford to carry them. By buying at the **closest spot cash with order price** and by adding our narrow margin of profit we are able to place these goods in your hands at a less price than you would have to pay for inferior goods from your local dealers. This Hall Tree is made of quarter sawed oak with very **fine hand polished finish.** It is impossible for us to give you anything but a faint idea in the illustration of the very choice hand carving with which this Hall Tree is decorated. You can gain some idea however, from the cut, of what appearance it will present when in your hall. The **fancy pattern mirror** is made of the choicest extra heavy **French beveled plate.** The wide box seat has lid and is made to hold rubbers, etc. Heavy metal umbrella stand and holder. The height of the rack is 6 feet 10 inches and it is extra wide, the width being 3 feet 6 inches. Weight packed carefully for shipment is 150 lbs. Our special price..... **$17.90**

A Special Bargain for $10.95.

No. 9534 We ship this elegant Hall Tree to any address C.O.D. subject to examination on our liberal C. O. D. terms on receipt of a small deposit. Only a concern who has absolute confidence in the goods it sells can possibly afford to make such liberal C. O. D. terms. **If cash in full** accompanies order we allow a **discount of 3 per cent.** Under our guarantee goods shall be **exactly as represented** or they may be returned to us and money will be refunded. This hall tree is made of the **finest quarter sawed oak** with a beautiful hand polish finish. Elegant French bevel plate mirror is pendant shaped and 14x24 inches in size. Box seat with lid made to hold rubbers, etc. Fancy pattern front. Heavy **metal umbrella stand and holder.** Height of hall tree is 6 feet 10 inches; width is 36 inches; weight packed for shipment about 100 lbs. We pack and crate these hall trees very carefully so that they will reach you in perfect condition. Our C. O. D. terms are very liberal. Send $5.00 with your order and we will send this beautiful hall tree subject to examination.

Our special price, each..... **$10.95**

$5.45 Buys an $8.00 Hall Tree.

No. 9531 For a very desirable and well made article of furniture, we can recommend nothing that will be more substantial and more satisfactory than the hall tree which we show in the illustration. This article is made of the best quarter sawed oak and has a very handsome polished finish. The German beveled plate mirror in the back is 10½ by 17 inches in size. **The hall tree stands 6 feet 9 inches high** and 2 feet 2 inches wide. It is very **handsomely decorated** with fancy ornamentations and has **metal umbrella holder** and fancy coat and hat hooks. It combines the very necessary qualities of elegance and durability as well as cheapness. In compiling our list of furniture it is not a **question of how cheap but how good,** and in securing such goods as we list herein at the prices named we believe that we have reached the highest points in our expectations, and are able to give you better value for the money in the furniture line than you have ever been able to secure. This hall rack is carefully crated for shipment and will reach you in perfect condition. Weighs about 75 lbs.

1840

A $5.00 Picture for $2.00.

No. 9540. While the artist has done the best he could to give you some idea of the handsome fac-simile of the water color drawing, the illustration can not do it half justice. As stated, this is what nine out of ten would say is a genuine water color, so near has the original been imitated. The cut shows one of a **variety of 8 different landscape studies,** and should you order from us we will give you such a bargain in the way of a beautiful landscape as you have never seen or heard of. It is mounted in a 4-inch frame, finished in **ivory enamel** with tinted edges and **gold-tipped ornaments.** We believe this to be the greatest bargain ever offered in the way of a picture. It is something that agents and picture dealers would ordinarily ask $5.00 to $5.50 for. We solicit your trade on this line of goods, knowing that we could give you better terms than you could secure anywhere else. We know that we can please you and only ask a chance to give you such goods as you can obtain from no other concern at anything like our price. Remember our 3 per cent discount when cash in full accompanies order. Our special price.....**$2.00**

graphs for which you are asked a very large price. The frame is made of very handsome 3-inch gold leaf molding in raised figures and pebbled surface. We desire to call your attention to the fact that the **frame is not covered with cheap gold screwings** but covered with **genuine metal leaf.** We are able to offer such bargains in this line from the fact that we buy from one of the largest manufacturers of frames in this country. The pictures are artistic in workmanship and finish. The prices we name are based on our one small profit plan.

Our 45c Wall Pocket.

No. 9543 Almost every housekeeper knows what a **convenient receptacle** a wall pocket is. It is well known that **dealers make very large profits** on this class of goods from the fact that they are accustomed to double the money on everything of the kind they sell. By our economic system we are able to furnish these goods to our customers at about what a dealer himself would have to pay. The wall pocket which we show in illustration is made from imitation **oak finely reeded,** made in either light or dark finish. It is fitted with a 10x14 inch hand **painted Japan panel** in assorted designs, of which the illustration shows a very handsome one. It is full size, the outside measurement being 13½x17½ inches. They are so inexpensive and so convenient that you can not afford to be without one or more of them.

Our Special Price, each.....**$0.45**

A Special Bargain for 69 Cents.

No. 9545 This Wall Pocket is one of the choicest designs made by one of the leading manufacturers with whom we have placed contracts for large quantities, enabling us to give an **unheard of bargain.** This wall pocket at 69c. would not ordinarily be sold by retailers at less than double our price. It is 19 inches high by 22 inches wide, outside measurement, and is fitted with a **fac-simile pastel landscape** 11 by 14 inches in size. The illustration shows one design, and we have over 60 sets which are all desirable. The frame is made of very handsome moulding and you cannot help but be pleased with this unheard of bargain.

OUR PIANO AND ORGAN CATALOGUE Is the most elaborate and best illustrated ever published.

No. 9546 The handsome mirror which we show in the illustraton is very convenient for bath rooms or bed rooms, and at our factory to consumer price the cost is very small. **No house is complete without a** number of small mirrors which are handy in so many rooms, and we offer this one as the choicest bargain in the way of small mirrors we have ever had the pleasure of catlogueing. It is made with a very handsome solid oak frame, beautifully polished and finished, and is fitted with the best **French bevel plate** or **French plain plate,** as may be desired. It is made in the following sizes at the prices named below:

Size of Glass.	Plain.	Bevel
10x10	$0.50	$0.75
12x12	.75	1.00
14x14	1.08	1.42
16x16	1.35	1.80

A Heavy Pier Mirror for $6.50.

No. 9550 The handsome and thoroughly well-constructed heavy Pier Mirror shown in the illustration is quoted at a price far below anything for sale at retail, and at the same time is thoroughly well made and fitted with the very **finest plate glass.** The frame is made of oak, very handsomely decorated with hand carving, with a fancy pattern top, and in size is about 22x50 inches. The very **fine French plate mirror** is 18x40 inches in size. We pack these mirrors with the utmost care, and aside from accidents they are sure to reach you in the most **perfect condition.** We guarantee that you will be pleased with this article, and feel sure after you have received it you will find it one of the most convenient and desirable pieces of furniture you could add to your home. We allow a **discount of 3 per cent.** when full cash accompanies order. Our special price, with heavy French plain plates.....**$6.60**

Our special price, with extra heavy French bevel plate.....**$7.50**

A $1.50 Mirror for 86c.

No. 9549 A handsome mirror fitted with fine, clear glass is seldom if ever purchased at a retail store without paying exorbitant profits. Dealers take advantage of the fact that mirrors are easily broken to make the claim that extra high prices must be charged to cover the breakage occasioned by shipping. As we pack all our mirrors in the very best possible shape, and box each one separately, there is no danger whatever of breakage, and consequently we do not have to charge extra to cover losses. Furthermore, by contracting at unusually low prices for large quantities we are able to offer you these mirrors at about half the ordinary retail prices. This pier mirror is made with a solid oak frame with handsome carved top, and presents a very handsome appearance. **We fit the mirror with nothing but the best French plate glass,** which is of unusual quality and the finest that is imported. It is well known the cheap mirrors found in retail stores are fitted with very imperfect glass, which is entirely unsatisfactory. **We guarantee satisfaction** in all our mirrors and that the glass shall be perfect in every respect. We make these mirrors in various sizes, and fit them with either plain or bevel plate glass, as may be desired.

Size of Glass.	Plain.	Bevel.
14 x 14	$ .86	$1.08
14 x 17	1.08	1.35

Our Special $9.75 French Pier Mirror.

No. 9551 There is perhaps nothing that adds more to the elegant appearance of a room than a handsome and stylish pier mirror such as we show in the illustration. This article of furniture is made by a manufacturer **who caters particularly to the best trade,** and the article, reaching the consumer through the retailer, is necessarily held at such an unusually high price that it is scarcely within the reach of the average man's means. **By contracting for a large supply** of these mirrors, we are in a position to offer them at a price at least **33⅓ per cent. below any retail price** which you can possibly secure. It is very heavy and massive in appearance, and at the same time, elegant in outline and rich in ornamentation. The height of the frame is about 6 feet 4 inches. The frame is made of the **best solid oak, with very handsome finish** and fitted with a shelf below the mirror. The mirror itself is made of the very best French plate glass imported to this country, and is 18 inches wide by 40 inches high. It is consequently very large in size. We pack these mirrors very carefully and they are sure to reach you in the very best condition and give you the highest satisfaction.

Our special price with plain French plate $9.75
Our special price with finest imported French bevel plate 10.75

A Fine Plate Mirror for 30 Cents.

No. 9547 Dealers make a very large profits on this class of goods. They are compelled to from the fact that they sell at such high prices that their sales are comparatively small, hence they make up for their small sales by large profits. **This mirror is made with a handsome solid oak** frame, beautifully polished, and very finely fitted by the best workmen, We fit the mirror with the best French glass made, in the following sizes at the prices named below:

Size of plate.	Plain.	Bevel.
7x 9 inches	$ .30	$ .38
8x10 inches	.45	.58

Our Harness is Very Superior.

Frankfort, Ind.

Sears, Roebuck & Co.,
Gentlemen: Harness received and without examination at office. I took them home and put them on my horse and I am more than pleased with them; they are beyond my expectations, and I must say, if the horse was there with you, you could not have fit him better. A great many of my neighbors have examined them and pronounce them superior to harness bought for $12.00 and $15.00 here. I think you will hear from some of my neighbors soon.
Very respectfully yours,
WM. A. REID, Frankfort, Ind.

WHAT THE PEOPLE SAY

We always Please our Customers.

Sirs: Wagon and Harness received all right, every thing in good shape, am' well pleased. I think road wagon will stand our rough lumber country roads all right. I consider those long side springs just the thing for rough roads, the Wilson bit I got from you fills the bill excellently, I never used a bit I liked so well before, it is as easy as a common bit, still in an emergency will control any horse.

JOHN PAULSON,
Gordon, Wis.

I received the buggy yesterday evening, also harness, lap robe, sweat pad, fly net; I will say I am well pleased with them, the agent said it is the best buggy that has been shipped this season at this place, there was thirty of forty people gathered around it on the platform while I was setting it up together, all looking how nice and good it was; I am so proud of the buggy and when we get anything we always try to get something that shows out right well. Will show this buggy and harness and will do all I can for you. MISS MARY PRICE.

OUR CROCKERY AND GLASSWARE DEPARTMENT.

Our stock of tableware includes only the finest selection of crockery from the **best European manufacturers.** American made crockery is well known to be inferior to the English and French manufacture. Our orders have hence been placed in Europe for the best and most select patterns, with manufacturers whose goods are known the world over as the finest it is possible to produce. **Importing our own stock,** we are not only offering a line that has no superior on the market, but we are in a position to name prices against which the retailer cannot compete. You pay what he himself pays, for we sell to the consumer just as any other importer sells to the retail dealer. The advantage of our Factory-to-Consumer system is apparent. We are constantly breaking down the wall between maker of merchandise, and the actual user.

In connection with our crockery, we desire to say that **every set is most carefully packed** in barrels and casks, and we seldom or never hear of any breakage. The freight is a very small item indeed, when the great saving in price is considered. This class of goods ships as first-class freight.

It is impossible to examine these goods satisfactorily at your depot. Hence we request full cash in advance on all orders. However, we practically ship **subject to your approval.** Any goods not found as represented, or unsatisfactory, may be returned to us and money refunded.

GENUINE ENGLISH STONE WARE CHINA.

$7.95 BUYS A $20.00 IMPORTED 100-PIECE DINNER SET.

Manufactured by W. H. WETHERBY & SON, Hanley, England.

No. 9220. While this Dinner Set retails at $20, we succeeded in making an arrangement with the manufacturers which enables us to sell the complete set at the heretofore unheard of price for $7.95. This set is suitable to decorate the tables of the wealthy, and in price **is within the reach of all.**

BARGAINS are what our customers expect of us, and even in this line we cannot afford to disappoint them. This genuine English semi-porcelain ware, not first or second grade American, but the genuine English, decorated with delicate spray of anemone flowers and leaves, put on under glaze, which prevents its wearing off. We can furnish two colors: Blue and Brown. **Be sure to state** which color is wanted in ordering. They are the latest style and consist of the following 100 pieces: 12 Teacups with handles; 12 Tea Saucers; 12 5-inch Plates; 12 6-inch Plates; 12 7-inch Plates; 12 Fruit Saucers; 12 individual Butters; 1 8-inch Baker; 1 10-inch Platter; 1 12-inch Platter; 2 8-inch Covered Dishes; 1 Sauce Boat; 1 Pickle Dish; 1 Covered Butter Dish; 1 Covered Sugar Bowl; 1 Cream Pitcher; 1 Slop Bowl.

Only $7.95

Cash in full must accompany your order. We pack the set carefully in a barrel and deliver to any depot in Chicago free of charge. Our price—**$7.95** covers everything. The dishes will reach you in good order. We have never yet heard of a broken piece from any we have shipped. **This is a Rare Bargain.**

As soon as our present contract expires we will not be able to furnish any more at this price.

You should take advantage of this Special Offer while it lasts...

IMPERIAL SET.

The Napoleonic and Trilby fads are dead. The latest fad is Green Table Decorations, and by far the handsomest of the many beautiful designs in fine dinner ware, made to fill this want, is our IMPERIAL DINNER WARE, manufactured by Dunn, Bennett & Co., Burslen, England. It is a very handsome decoration in Olive Green, heavily traced with gold, and will not fail to please the most fastidious.

Wherever one of these sets is sold we shall expect an immediate increase in trade. We make it a practice to advertise ourselves by the value we give for the least money. One of these Elegant Imperial Patterns in a neighborhood is bound to attract great attention to our House, not only as the Cheapest Supply House on Earth, but as a House that is in a position to supply the very latest and best goods to be found in the markets of the World.

PRINCESS PATTERN.

Equal to the finest French China sold at double the cost. Manufactured by Alfred Meakin, Tunstall, England. This is the finest semi-porcelain set produced by any maker in the world. The ware is very light and the shape new, and all the pieces embossed with raised work traced in gold. The decoration is a delicate spray of flowers in natural colors, blue, brown and pink.

Lovers of Artistic Designs in tableware will find the Princess Pattern to their entire liking. Only those who are expert in judging different qualities and makes can possibly detect the difference between this pattern and the genuine finest French china, which wholesales at twice our Special Importers' Prices.

The Pattern is one of which you will never tire, as in the case of the common, and in most cases inartistic patterns usually carried in retail Stores.

A trial order on these goods will be sure to please you and lead to continued trade.

GENUINE HAVILAND CHINA.

This set is the Finest French China, manufactured by CHAS. FIELD HAVILAND, Limoges, France, they being the largest manufacturers of china in the world. Their name alone is sufficient guarantee of quality. The china is thin and transparent, the shape entirely new; every piece is embossed heavily and traced with gold. Plates have fluted edges. The decoration is a very beautiful design, being a spray of pink roses, handsomely executed. This set is a decided bargain, being sold at a price which dealers ordinarily ask for common earthen ware.

We can only make such low prices on this, the choicest of makes and patterns, by importing in large quantities from France and accepting a very small margin of profit. We prefer to sell at smallest margins, increasing our trade thereby, and thus receiving a fair return on an enormous business rather than the same amount of profit on a small business. That our patrons appreciate our fair and honorable dealings, is proven in no better way than by the fact that twice within fifteen months have we been absolutely compelled to seek larger buildings.

On this basis of One Small Profit from factory to consumer, we offer the following assortments of finest Haviland China at about one-half retail prices.

OUR $2.75 GLASSWARE OUTFIT -- 39 ELEGANT PIECES.

JUST LIKE CUT GLASS, AT ABOUT 7 CENTS APIECE ON AN AVERAGE.

Many a Rich Man's Table is Decorated with Glassware no handsomer than this pattern. We make it a point to carry a line that is just as handsome and stylish as the markets afford.

No. 9757. (Order by number.)

Would retail at $10.00 and upward. OUR SPECIAL CUT PRICE is $2.75. No charge for packing or delivering to depot. We do that free. An expert only could tell it from a $100 glass outfit.

No. 9757. This elegant 39 piece set must be seen to be appreciated. It is an exact reproduction of the celebrated English "Prism" cut glass and is finished so that it requires an expert to detect the difference. The large pitcher, in particular, is a very handsome piece of glass, and, if it were genuine cut, would alone be worth $20.00, but the glass manufacturers have so improved that we are able to sell this assortment at a fraction of the cost of a single item of the genuine cut glass, and very few could possibly tell the difference. Your neighbors will pronounce it genuine cut glass. These goods are very heavy, beautifully finished, and each piece is a work of art. This outfit consists of 1 butter dish, 1 sugar bowl, 1 spoon holder, 1 cream pitcher, 12 berry saucers, 1 8-inch berry or salad dish, 6 water tumblers, 1 ½-gallon pitcher, 1 celery tray, 1 silver plated salt shaker, 1 silver plated pepper shaker, 1 large footed fruit bowl, 1 molasses pitcher, 1 vinegar bottle, 1 toothpick holder, 6 goblets. Every one who sees this set will want one. Our price for the complete outfit.....$2.75

BABY CARRIAGE DEPARTMENT. OF SEARS, ROEBUCK & CO. INC.

FOR THE COMING SEASON WE WILL SHOW THE MOST COMPLETE LINE OF BABY CARRIAGES EVER OFFERED, WE HAVE CONTRACTED with one of the largest manufacturers in Chicago for a very extensive line, embracing almost everything conceivable in baby carriages from the cheapest to the very best. There is nothing desirable omitted from this line. The manufacturer of these carriages is one of the oldest and most reliable in the country, a concern which has established a reputation for making only the **highest grade work.** Our contract is for such a quantity on a cash basis that we can, after adding our one small percentage of profit, offer you a baby carriage for less money than local dealers can buy in quantities. You will find in the carriages we offer a distinctiveness in quality of materal, style and general construction which is superior to the goods carried in stock by the average retail dealer or other catalogue houses.

OUR BINDING GUARANTEE. We guarantee every carriage for **two years**, and during this time if any piece or part gives out by reason of defect in material or workmanship we will replace it free of charge

WE ISSUE A SPECIAL BABY CARRIAGE CATALOGUE. If you do not find listed and described in this, our General Catalogue, the baby carriage wanted, please send for our Baby Carriage Catalogue which will be mailed to any address free on application. This catalogue is in pages 9x11½ inches, and one large illustration on each page. The illustrations are engraved directly from photographs, and being so large they bring out every little detail. **The Special Catalogue shows our complete line** of everything conceivable in strictly high grade carriages at from $2.50 for the cheapest carriage we offer to $33.50 for the finest carriage on the market at any price. The illustrations shown in this catalogue are engraved from photographs taken directly from the carriages, and will give you a very good idea of the general appearance, though a better idea can be had from the large illustrations in the special book.

WE ARE EXTREMELY ANXIOUS to receive your order if in want of a Baby Carriage, not so much for the little profit there will be in it for us as for the good it will do us as an advertisement. We know that we can send you a better carriage than you could get from your local dealer **at within 33⅓ per cent. more than our price,** and we know that you will be so well pleased with it that you will not hesitate to recommend us to your friends and neighbors, and in this way we will receive more orders. If you will favor us with your order we will endeavor to send you such a carriage as has never been seen in your section at anything like the price.

OUR LIBERAL TERMS. To any point within 700 miles of Chicago we will send any Baby Carriage you may select by freight or express, **C. O. D., subject to examination,** on receipt of $2.00 as a guarantee of good faith. **You can examine the Carriage at your freight depot,** and if found perfectly satisfactory and exactly as represented, pay the freight agent our price and charges, less the $2.00 sent with order, and the carriage is yours. We believe our binding two years guarantee and our liberal terms of shipment emphasize the fact that our prices are beyond competition.

DISCOUNT FOR CASH. We allow a discount of **3 per cent. if cash in full accompanies your order.** If you send the full amount of cash with your order you may deduct 3 per cent. from our price. Nearly all our customers send cash in full. By sending us cash in full you not only save the 3 per cent. discount but you also save return charges on the money to us and the inconvenience of settling the C. O. D.

We crate all our Carriages carefully and the prices quoted are for the carriages carefully taken apart, crated and delivered on board the cars at Chicago.

RUBBER TIRES FOR $1.00 ONLY. At $1.00 extra we will furnish any carriage listed below with rubber tired steel wheels complete. We believe we are the first to offer rubber tires at $1.00, and we wish to say that the rubber tires we furnish are the highest grade. We can buy rubber tires, such as are used by many, at 30 per cent. less than we pay, but we believe our customers are entitled to the very best.

If you are in want of anything in this line we hope you will favor us with your order, at least give us the privilege of sending you a carriage to examine for we feel confident we are in a position to **serve you as no other concern can.**

Please observe the different Trimmings in which the different carriages come, and in ordering be sure to state the trimming and finish wanted. We are anxious there should be no mistake and that you will not only be satisfied but will receive a carriage even better than described or expected.

COLOR OF UPHOLSTERING. We furnish our Carriages upholstered in all of the standard colors, such as **dark peacock blue, coral, pomegranate. Nile green, cardinal, wine, olive, golden brown, bronze gold and steel blue.** In ordering **be sure to state color wanted** and we will send you the exact color desired.

Sewing Machine Headquarters.

We Say Headquarters

because we honestly believe we are prepared to furnish Sewing Machines direct to the family for less **money than any other concern in existence. We guarantee our prices** to be lower than any competitors, and we have many competitors.

FIRST. We have the country retail dealer, canvasser or peddler. **He will charge you three prices for a sewing machine,** and then try to convince you that you are getting value received. **Don't be deceived.** He is compelled to sell a machine for **three times it's value.** No wonder he talks. He has to. Why? The wholesaler sells him the machines on long time at a big profit, profit enough to pay for the risk taken. To the big price already paid the agent must add enough to pay all his expenses for traveling on the road, rent, help, etc., etc. To all this he must add his profit, for he must look to his sewing machine for a living. **No wonder you pay $40.00, $50 00 or $60.00** for a sewing machine worth $15.00. He may tell you that his machine at $60.00 is better than ours at $18.50. **Don't believe him. We say it is not** and we guarantee our statements. Whose guarantee is the best?

NOTE OUR REMARKS AS TO RELIABILITY ON ANOTHER PAGE.

ANOTHER COMPETITOR is the various catalogue houses, some of which are reliable, many are not. The reliable ones will sell you a good machine far cheaper than your retail dealer. The unreliable ones you can not afford to patronize. About this class of competition we have something to say. In quality and price they can not compete with us. **Our prices are far below all others.** If we were to depend on the sales of sewing machines alone to defray all expenses, including rent, salaries, etc., we perhaps would be compelled to ask as much as our competitors, but we do not depend on sewing machines to defray this expense. **It costs us very little to sell them.** When the expense of selling our merchandise is divided up, we find it necessary to charge but very little to the sewing machine department. We have nothing to charge for bad debts, no traveling men's expenses, no interests, no additional rent, very little additional help, and, what is of equal importance, **a small conservative profit.** Thus, while we believe we sell more sewing machines than any other advertising house, our profit on each machine is so little that in the aggregate it would not pay even the clerk hire and the rent of some of our competitors, who of necessity must ask more for their machines to defray this expense, as they do almost if not quite an exclusive sewing machine business.

For the Season of 1896

We have many special bargains to offer in Sewing Machines, bargains against which we have absolutely no competition. Our contracts for the season of 1896 are larger than ever, and on our system of selling direct from the manufacturer to the consumer, on our small-profit plan, we are able to offer the highest grade of work it is possible for mechanical genius to produce and at lower prices than ever before. We have in our employ one of the best sewing machine experts in the country. He has devoted a great deal of time in going over the different machines manufactured, with a view to offering our customers the best machine it is possible to produce—machines which embrace the good qualities of all with the defects of none, and we believe without dispute that we have the best line of sewing machines on the market regardless of price. In verification of our belief we are perfectly willing to send our machines to any address subject to examination and trial, and send with every machine a most binding ten years' guarantee, not only agreeing to make good any piece or part that may give out by reason of defective material or workmanship, but guaranteeing our machine to be equal to any machine made by any concern in existence, and our prices to be less than the same machine can be produced by any other concern.

IN OUR DESCRIPTIONS WE HAVE ENDEAVORED TO HONESTLY AND CLEARLY REPRESENT AND DESCRIBE EACH MACHINE.

By use of the engravings, which are made from photographs taken directly from the machines, we have endeavored to show you exactly what our line is. **We have no one on the ground** to talk for us, no one to repair our machines, consequently every machine we send out must be fully up to the representation and even better than we have described it, in strictly first-class condition, ready to run perfectly from the start and never get out of order. **We must also send a better machine** in appearance and finish than your dealer's machine. **This we always do. Our binding ten years' guarantee** accompanies each machine. It is the **on est, strongest** and **most binding** guarantee issued by any sewing machine concern. Before we would affix our signatures to such a guarantee we had to be satisfied that the machine was so constructed as to quality of material, workmanship and finish, that it would not only wear and give perfect satisfaction for ten years without expense of repairs, but it would with ordinary usage last a lifetime. We have handled these machines for about ten years, and so far have been put to no expense whatever for repairs. **This most extraordinary record** insures us of the safety of doing what we believe no other thoroughly reliable house has ever done, viz.: **Send a ten years' binding guarantee** with every sewing machine we sell, covering every piece and part in its construction. **Many irresponsible concerns** issue guarantees regardless of the quality of the goods and with no thought of protecting same. For that reason we would urge you to investigate any sewing machine manufacturers who are advertising extensively and learn what their responsibility is. **Unless a concern is honest** and reliable their guarantee is worthless.

OUR RELIABILITY can be ascertained by writing to any Express Company in Chicago, any National Bank in Chicago, any old reliable business house in Chicago, or you are at liberty if you choose to send your order and money to the National Bank of Illinois in this city, with instruction not to turn it over to us unless they know us to be perfectly reliable. Ask your nearest express agent about us. Nearly every express agent in the United States delivers our goods and knows of our reputation for fair and honorable dealing. We are authorized and incorporated under the laws of the State of Illinois with a cash capital of $150,000 paid in full. We have just moved into our entire new building, built especially for our exclusive use, one of the largest business blocks in Chicago, six full stories and basement; 100 feet wide by 180 feet deep, with 110,000 square feet of floor space. We employ over 500 clerks, and are in a position to serve you as no other concern can.

A Special Twenty Days' Trial Offer. We are so confident that our sewing machine will please you, that you will agree with us to its being as fine a machine as it is possible to produce, equal to any machine on the market at any price, finished in the highest style of the art, a machine possessing the good points of every machine with the defects of none, and you will agree the price is below competition, **that we make the following special offers:**

Send Us $3.00 **AS A GUARANTEE OF GOOD FAITH** and we will send any machine you may select by freight. You can examine it at the freight depot, and if found perfectly satisfactory and exactly as represented, pay the agent our price and freight charges, less the $3.00, and the machine is yours. Then give the machine a thorough trial for 20 days, and if not found perfectly satisfactory, return it at our expense and we will refund your money.

Another Way. **Go to your nearest banker,** deposit with him the price of the sewing machine, take his receipt, which should read as follows: "Received of Mr.....,$....., for one of Sears, Roebuck & Co.'s.....Sewing Machines, No.... I agree to hold this money until the machine has been received by Mr.....and he has given it a 20 days' trial, when I shall forward the money to Sears, Roebuck & Co., unless in the meantime Mr..... becomes dissatisfied with the machine, in which case he can return it to Sears, Roebuck & Co., and take receipt from the railroad agent, and on presenting the receipt to me I will return to Mr.....all the money deposited."

Another Way. **If you live within 500 miles of Chicago,** we will, on receipt of $3.00, send the sewing machine to you by express C. O. D. subject to examination. You can pay the express agent our price for the sewing machine and express charges, less the $3.00 sent with order, and take the machine. We will instruct the agent to hold the money 20 days, during which time you can give the machine a thorough trial. If not found entirely satisfactory and exactly as represented, you may return the machine any time within 20 days to the express agent, and he will refund all your money. The machine will be returned to us at our expense, and on receipt of same **we will return you your $3.00.**

We allow a discount of 3 per cent. when cash in full accompanies your order. If you send the full amount of cash with your order you may deduct 3 per cent. from our price. The best way is to send cash in full, for you not only save the 3 per cent. discount, but save express charges on return of money to us. Nearly all of our customers send cash in full. You take no risk, for we will immediately refund your money if you are not perfectly satisfied.

We want you to give our sewing machine a trial. Give the machine a fair trial in competition with any sewing machine made regardless of price. **Compare it as to general appearance,** finish, construction, durability, easy running, simplicity in operation, noiselessness, for variety of common and fancy stitching that can be done, and if you do not say it is the best machine you ever saw at any price, **return it at our expense.**

Accept one of our propositions for sending the machine on trial. With us a trial means a sale. In spite of local agents who would try to convince you that we can not sell you the best machine made for so little money, in spite of all competition, when our machine is placed side by side with any other machine in the market regardless of price, it requires no explanation, no instruction, our machine will always be accepted regardless of price. But when the price is considered, when you consider you can buy from us for $18.55 our highest grade Minnesota machine, a machine which you can not equal from any dealer at three times the price, and when **we only ask the privilege of sending the machine to you on 20 days' trial,** we believe we should have the opportunity of placing one of our machines in your house to examine.

Read the Descriptions Carefully. We have carefully and thoroughly described each machine we handle, the **Success,** the **Iowa** and the **Minnesota,** and in the different cabinets. **We offer the Success** in competition with the many cheap machines which are being so extensively advertised by catalogue houses. While we guarantee it to be equal to any of the so-called Singer machines and other cheap machines so extensively advertised, we do not especially recommend it. **On the contrary, we prefer to sell the Minnesota.** Not that there is any more profit in the machine to us, but because we know it will give the best satisfaction, and the best is always the cheapest in the end. **The Iowa is a high grade machine** which we guarantee in every respect, and which will give the best satisfaction; a machine that is thoroughly modern, and as you will find the description, possesses the good points of the best machines made. **It is equal to the best machines** that are being advertised by catalogue houses to-day, and far superior to the cheaper grades advertised by many concerns.

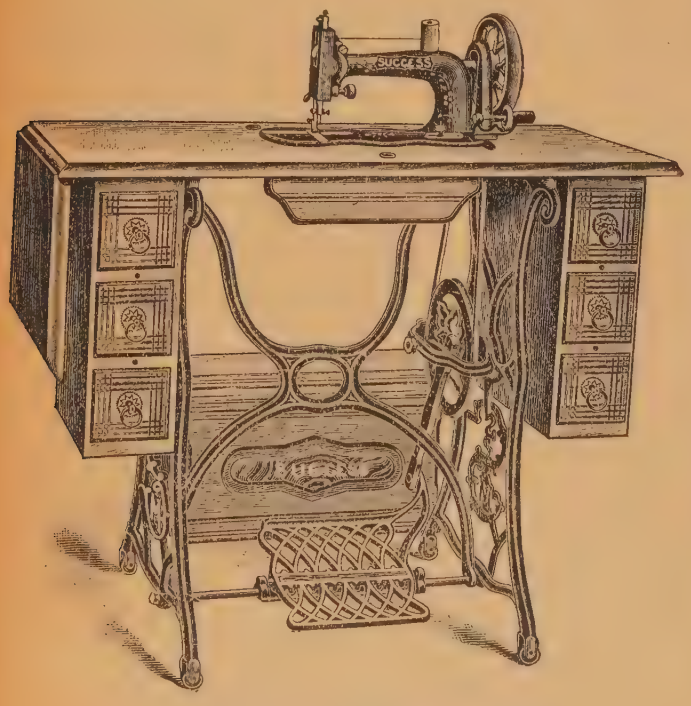
Our Success Machine for $8.50.

While we do not care to recommend this machine too highly, we do not hesitate to say it is fully equal to machines generally advertised at $18 to $25 and retailed at $25 to $35.



These machines are made after the latest models of the Singer Co.'s machines, and are perfect fac-similes of their machine in shape, ornamentation and appearance, with the exception of the lettering on the arm of machine and the trade mark. All the parts are made to gauge exactly the same as the Singer Co.'s parts, and are constructed respectively of precisely the same materials. The utmost care is exercised in the selection of the metals used, and only the very best quality is purchased. Each machine is thoroughly well made and is fitted with the utmost nicety and exactness, and no machine is permitted by the inspector to go out of the shop until it has been fully tested and proved to do perfect work, and run light and without noise.

NOTE.—Self-Threading Shuttle. A perfect steel shuttle with delicate and perfect tension opened to allow the bobbin to be inserted without displacing any part of the shuttle; holds more thread than any Singer machine shuttle; runs loose in shuttle with spring center and point bearings, thus insuring an even tension and all annoyance resulting from shuttle thread breaking while the machine is in motion, which is common to many machines, is entirely obviated. **The Stand** is among the handsomest in design. Finely japanned. Has large drive wheel. It rests on four casters and can be easily moved. The treadle is set on anti-friction bearings that run light and never need oil, thus saving the carpet from grease and spots. The dress guard over band wheel is large and protects the operator's dress from oil.

With every machine is furnished registered warranty for **ten years.** Any machine not satisfactory can be returned and money will be refunded. Where can you buy a machine on more favorable terms? Complete set of best attachments with each machine without extra charge, as mentioned hereon.

Quick Sales and Small Profits are the proper principles on which to do business, and we are determined to see how much the people will appreciate it.

Each Machine is nicely packed in a wooden crate, free of charge, also the following attachments free, accompany each machine, of whatever style. Is furnished with the following equipment of tools and accessories: One Foot Hemmer, one Screw Driver, one Wrench, one Oil Can and Oil, one Gauge, one extra Throat Plate, one extra Check Spring, one package of Needles, six Bobbins and one Instruction Book. In addition to the above we furnish with each machine an extra set of attachments, **free of charge,** consisting of the following: One Tucker, one Foot Ruffler, one set of plain Hemmers, five different widths up to ⅞ of an inch, one Binder and one Thread Cutter.

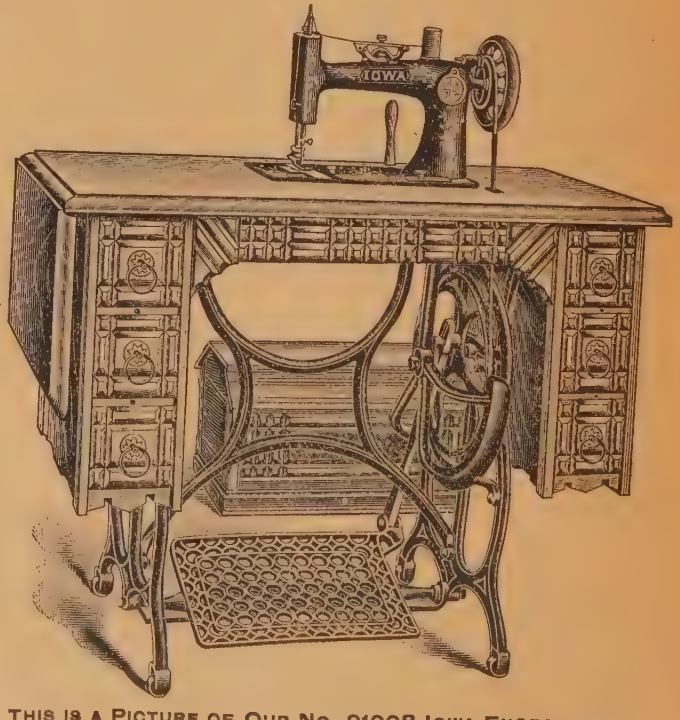
READ AND REFLECT! Ornamented head, nickel-plated balance wheel, handsome oil-polished best walnut or oak woodwork of the latest design; gothic cover, with beautiful veneered panels, convenient drawers, with nickel drop-ring handles and good locks; iron stand and casters, as illustrated above, with all the attachments.

The Success is a perfect working Sewing Machine in every particular. It is finely finished, the wood being of the best seasoned walnut or oak, and the greatest care is exercised in the manufacture of each part. Money will be refunded if not just as represented.

Remember, the Success is not a cheap machine in quality, but in price. Our great reduction in prices is to increase the demand for our goods.



When ordering give plain shipping directions, giving the Town, County and State, the number and price of the machine, and where to ship machine. You can send money by P. O. Money Order, Registered Letter or Bank Draft, any one of which is perfectly safe.

The Iowa for $13.25.

Guaranteed equal to machines retailed at from $35.00 to $45.00, far better than machines advertised by other houses at from $20.00 to $30.00. Everything about this machine is **strictly first-class.**

Read the Description.

The "Iowa" has been manufactured in order to meet a growing demand for a machine of this kind. **The Iowa is made with great care.** The special points claimed for it are as follows: **Double eccentric** on main shaft for operating the shuttle and feed levers, **made of one piece,** and so perfectly balanced that vibration is reduced to the minimum, requiring but one adjustment, **no slipping of eccentrics,** and therefore throwing machine out of time. Feed mechanism much lighter; less material to be vibrated by springs; mechanical in construction; no knocking or "side lash;" hence no **rawhide** to deaden sound required. **Double feed,** so operated that whether long or short stitch is used the middle section of teeth always starts from immediately behind the needle, insuring thereby **a perfect and uniform stitch.** Also, so arranged that the feed does not fall until point of needle enters the goods, the benefit of which is obvious. The guard for thread controller on inside of face plate prevents injury or displacement, a frequent source of annoyance in some machines. **Loose pulley device,** easily and quickly adjusted, relieving the shaft from friction and all wing shaft end to be neatly finished off, avoiding the unsightly "wabbling" of balance wheel which in time wears out of true. **Cylinder shuttle,** self-threading, large loose bobbin, a delicate and perfect tension; oil holes large and free. ☞ **The stand is beautiful in design,** light and graceful in appearance, and at the same time strong and substantial. **The belt replacer is simple and effective,** the utility of which the ladies will fully appreciate. Treadle hung on ball bearings, requiring no oil, hence no soiled carpets. ☞ **The Iowa is a perfect working Sewing Machine** in every particular, and is equal to any $45.00 machine in the market. It is finely finished, the wood being of seasoned walnut or oak, and the **greatest care** is exercised in the manufacture of each part.

OUR MINNESOTA MACHINE IS THE MOST POPULAR AND THOROUGHLY RELIABLE SEWING MACHINE ON THE MARKET. WE GUARANTEE IT EQUAL TO THE BEST AND HIGHEST PRICED OF THE SO-CALLED STANDARD MAKES.

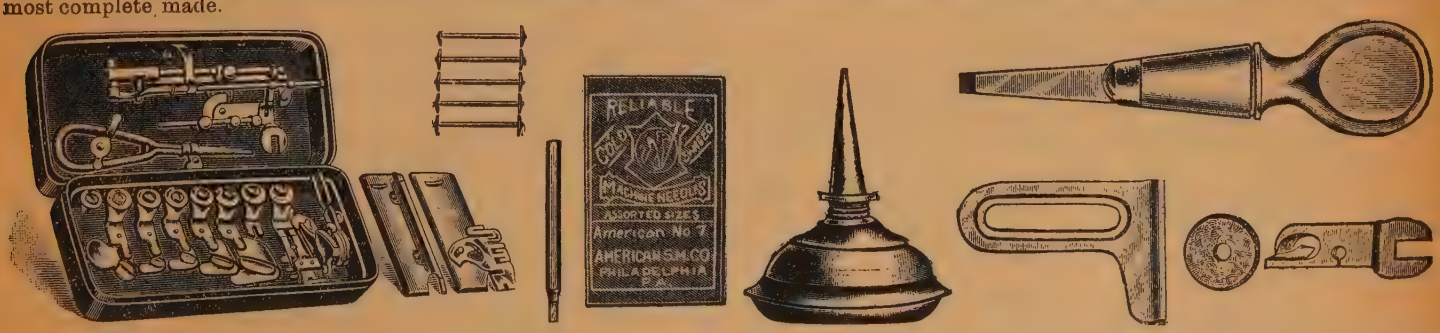
THE IOWA HEAD

Is shown in picture. Has a very high arm, it is beautifully finished in every way, very **simple** as shown in cut, almost **impossible to** get out of order. It is constructed on superior mechanical principles. The **lever and eccentric** which, as is well known, are used **only** in the first-class, high grade sewing machines. This combination requires but four working parts, and is the simplicity of sewing mechanism.

This is a picture of the under part of the head, showing the mechanical construction of the **Iowa.** Very simple, consequently easy running, no noise, no danger of getting out of order. Made of the best material and every part true to gauge. The **Iowa** uses the same needles as all first-class machines so you can get them anywhere.

THE IOWA'S ATTACHMENTS. **We furnish** a more complete and better outfit of attachments with the **Iowa** than you will get with other machines. The following attachments are furnished. One foot hemmer, one screw driver, one wrench, one oil can and oil, one gauge, one extra throat plate, one extra check spring, one package of needles, six bobbins, one instruction book, one tucker, one foot ruffler, one set of plain hemmers, 5 different widths up to ⅛ of an inch, one binder and one thread cutter.

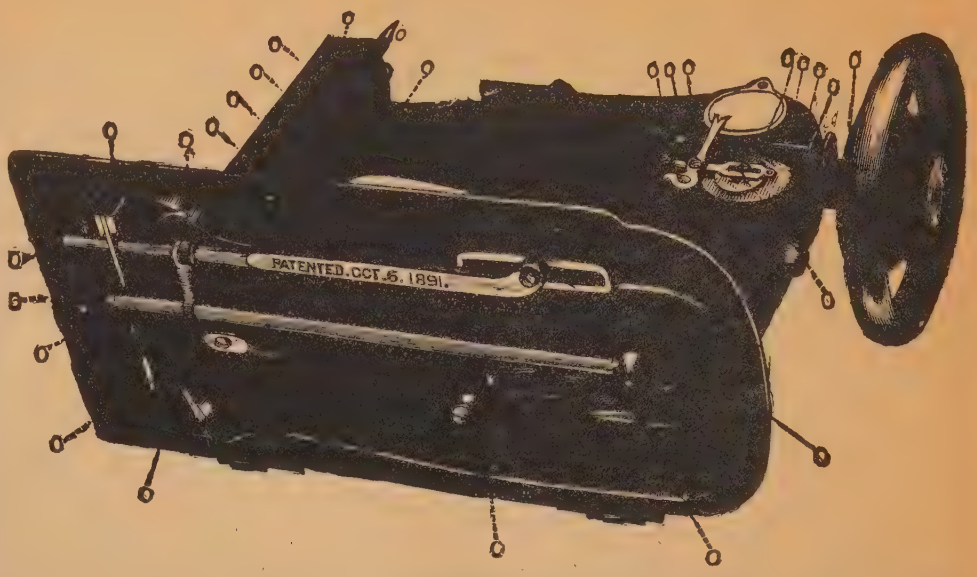
There are many inferior attachments, but we furnish only the best, a set you will never wear out.



Can you run it? Anyone can operate the **Iowa.** Our book of instructions makes it very plain, and as all is so simple even a child could run it.

ABOUT THE FINISH. Our machines are all the best constructed in every way, heavy antique oak or black walnut cabinet, as desired, beautifully finished, paneled, carved, ornamented and polished, heavy iron frame, hard enameled, standing on four casters, all trimmings nicely nickeled. **Our 10 year guarantee** goes with the **Iowa.** We guarantee safe delivery to any station in the Union, and guarantee the machine to do perfect work for ten years. ☞It will last a lifetime. **Cash in Full** must accompany all orders for sewing machines. **If not** found satisfactory, you can return the machine and we will refund all your money.

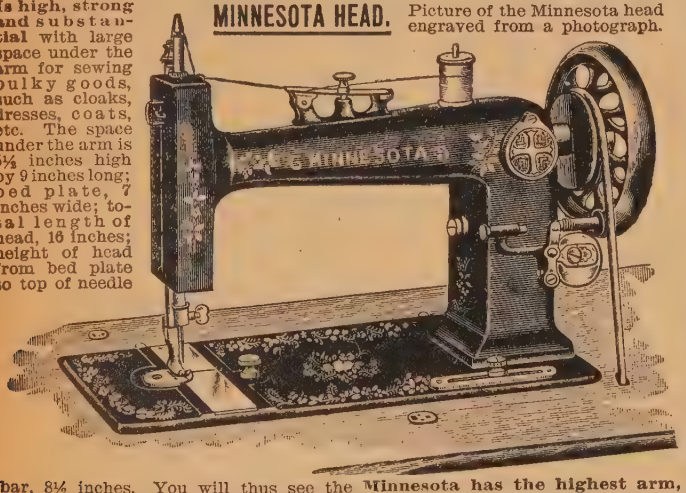
BUY THE MINNESOTA.



It is the **best machine on earth.** The Minnesota No. 91011 at $18.55 and the Minnesota Special No. 91014 at $21.55 **are wonders.** By all means buy the best, the Minnesota No. 91014. The **Minnesota** is a superior machine in many ways. First: The **attachments** are the best and most complete made.

THE MINNESOTA ATTACHMENTS Illustrated above, consisting of one foot hemmer, two screw drivers, one wrench, one oil can and oil, one gauge, one extra throat plate, one extra check spring, one package of needles, six bobbins, one instruction book, one tucker, one foot ruffler, one set of plain hemmers, different widths up to ⅛ of an inch, one binder, one thread cutter and quilter. These attachments are the highest grade made, nicely finished and polished, with a view of doing the finest work.

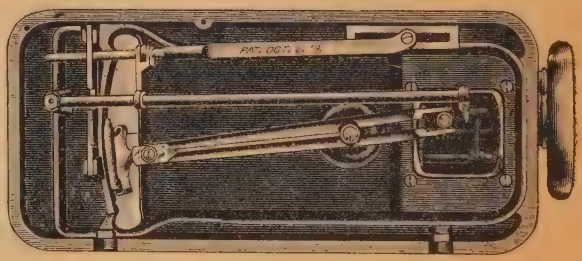
READ THE DETAILED DESCRIPTION OF THIS BEST AND CHEAPEST MACHINE ON EARTH. THE FOLLOWING PAGES TELL ALL ABOUT IT.



THE MINNESOTA HEAD.

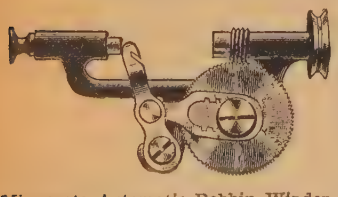
WE use this engraving of our Minnesota Machine to point out to you as clearly as possible the many advantages possessed over the ordinary sewing machine. From the marks indicated by the ciphers and by dotted lines, we point out the special features of the Minnesota as a confirmation that the machine possesses the good points of all the high grade machines with the defects of none, and if there is anything omitted in the construction of the head—the all essential part to a sewing machine, we are not aware of it. Every piece and part that enters into the construction of the head is the best that money can buy. **By this cut we wish to point out to you the best self-threading vibrating shuttle action ever produced; the most simple and best double thread lock stitch made; the most simple and durable automatic tension and stitch regulator,** which is equaled by no other machine; a tension liberator which is one of the greatest improvements over other machines; **an adjustable and automatic improved take-up; the latest style loose wheel; noiseless wear-resisting shuttle carrier; adjustable bearing needle bar** which can never get out of order; **an automatic bobbin winder,** the best automatic winder made. The Minnesota head is constructed on the most simple, wear-resisting, anti-friction eccentric principle, which makes the machine run almost entirely noiseless and lighter than any other machine made, so light, in fact, that a child can operate it, and the machine can hardly be heard in a room when running to its full capacity. For general appearance the cut does not in any way do the head justice, as it is very elaborately finished, highly enameled and ornamented, nickel plated and decorated. In fact, we believe we produce in the Minnesota the handsomest head which is made by any sewing machine concern. It is also very high, being somewhat higher than any other machine made, thus permitting the sewing of bulky goods with perfect ease. **There is no machine made which will do as great a variety of work as satisfactorily as the Minnesota.** You can, with the same needle, sew the finest fabrics or the coarsest woolens. In fact, one of our customers in writing says it will sew anything from the **finest tissue paper to sheet iron. Don't be deceived** by the many flattering advertisements that are circulating throughout the country from concerns who pretend to be sewing machine manufacturers, and who would endeavor to lead you to believe that they can furnish you a high grade sewing machine for less money than the Minnesota. If you send for their machine, send for ours also. Put them side by side, pass judgment on their general appearance and construction, then put them to the more important test of the work. The result will be our machine will stay in your house, the other will go back. We could fill a large volume and then not use all the testimonials we have received from customers who have purchased the Minnesota Machine and unsolicited have, of their own free will, written us strong letters of testimonial, and in every case report it the finest machine they have ever seen; nothing finer made at any price. **When you can save $30.00 to $40.00** and get the best machine it is possible to produce regardless of price; have it sent to you subject to examination with privilege of 20 days' trial, a machine backed by a most binding guarantee for ten years, during which time a concern with a capital of $150,000 guarantees to replace any piece or part which may give way by reason of defective material or workmanship. We think you must agree it is a proposition you cannot afford to ignore.

MINNESOTA HEAD.



Picture of the Minnesota head engraved from a photograph.

Is high, strong and substantial with large space under the arm for sewing bulky goods, such as cloaks, dresses, coats, etc. The space under the arm is 5½ inches high by 9 inches long; bed plate, 7 inches wide; total length of head, 16 inches; height of head from bed plate to top of needle bar, 8½ inches. You will thus see the **Minnesota has the highest arm,** it is neat and handsome in design, finely **polished, japanned and protected by a hard finish.** ☞It is ornamented in gold with enough delicate color to relieve it of plainness.



SIMPLE IN CONSTRUCTION

The Minnesota has 28 parts less than any other first-class shuttle machine made. **What's the result?** Runs the lightest, makes the least noise, less liable to get out of order, easy to repair, more simple, anyone can operate it. ☞The parts which make up the sewing mechanism, such as the needle bar, cross head, thread controller (or take-up), shaft, eccentric lever, etc., are piece for piece, measurement for measurement with and like those used in other well known sewing machines. **The Minnesota** uses the same needles as the Domestic and other first-class machines, so you can get them anywhere. Any dealer keeps them.

MOVEMENT—Double eccentric on main shaft for operating the shuttle and feed levers, made of one piece and so perfectly balanced that the vibration is reduced to a minimum, requiring but one adjustment, no shifting of eccentrics, hence impossible to throw machine out of time. **ADJUSTABLE BEARINGS**—All bearings are case-hardened steel and can be easily adjusted with a screw driver, no set screws, all lost motion can be taken up, therefore the machine will last a lifetime. **POSITIVE FOUR MOTION DROP-FEED**—The latest patent, absolutely positive, no springs. ☞The feed on a sewing machine is the **most important part** of its mechanism. You can readily understand that a spring adjusted for heavy sewing cannot be adjusted properly for light sewing and vice versa. **The Minnesota never misses a stitch. It has a double feed without springs** which extends on both sides of the needle and permits a greater variety of work than any other, never fails to take the goods through, never stops at seams, no rattling springs to break or get out of order, can be lowered and raised at will. The movement being positive and having no springs, it has a great power and never fails to perform its duty, will feed the lightest or heaviest goods with equal precision and will cross seams and hard places without missing or changing the length of stitch. It makes a double thread lock-stitch, which can be made either long or short by simply moving a thumb screw on the bed of the machine, **it will not break needles when sewing heavy goods, or pucker the cloth when sewing light goods.**

Improved Automatic Bobbin Winder.

Minnesota Automatic Bobbin Winder.

☞**The best bobbin winder made,** and only furnished with the **Minnesota.** So simple that a child can easily operate it. Winding the thread on the bobbin antomatically as evenly and regularly as the thread on a spool. This valuable attachment renders possible a perfect control of the shuttle tension, and thereby prevents the breaking of the lower thread which often occurs in other machines on account of not having the bobbin properly wound.

☞Machine does not run while winding bobbin.

Self-Threading Vibrating Shuttle.

Picture of Shuttle engraved from a Photograph.

A perfect cylinder steel shuttle, opened at one end, entirely self-threading, easy to put in and take out, holds a bobbin that carries a large amount of thread. There are no holes to thread through, no springs to thread under, no latches to open or turn, making it the most easily threading shuttle in use. It is so simple that it can be threaded in the dark by two motions of the hand, backward and forward. The tension is even and perfect, and can be changed without removing the shuttle from the machine, thereby saving much time and avoiding trouble and annoyance. Owing to its simplicity it is impossible to thread the shuttle wrong.

SELF-THREADING NEEDLE,—Both as to height and position with reference to shuttle with short blade and large shank, insuring great strength. By means of a simple device the needle can not be set wrong, thereby saving time and trouble and preventing the breaking of needles.

THE STITCH is a double-thread lock stitch, the same on both sides, will not unravel and can be made either long or short. By simply moving a thumb screw the stitch can be changed without stopping the machine, a feature not possessed by other machines.

AUTOMATIC TENSION.—The Minnesota has the improved tension on top of the machine, easily adjusted and always reliable. Both threads have practically the automatic tension, thereby preventing the breaking or bending of needles, also breaking of thread in removing the work. The upper tension will admit thread from 8 to 150 spool cotton without changing. ☞Never gets out of order.

Stitch Regulator.

The length of stitch is regulated by a thumb screw located on the bed plate directly in front of the upright arm, convenient for the operator, and does not vibrate with the motion of the machine and can not come loose, hence the length of the stitch can not vary; it also has a scale and can be changed from 6 to 32 stitches to the inch. **The length of stitch on the Minnesota can be regulated while the machine is in motion.** You can also stop the feed by pushing back the stitch regulator, thereby enabling the operator to do darning without attachments.

TENSION LIBERATOR. **The latest and one of the most useful improvements ever added to a sewing machine.** By its use all tension upon the upper thread is relieved by simply pressing down on a convenient lever adjusted to the tension plate, so that work can be withdrawn from under the needle without slackening the thread by hand. By this ingenious little device all danger of breaking or bending the needle, and of breaking the thread when removing the work, is avoided. Improved Take-up is adjustable and Automatic, controlling the thread perfectly on all grades of work.

IMPROVED LOOSE WHEEL Enables the operator to wind the bobbin without running the machine. This saves unnecessary wear of the machine and the trouble of unthreading and removing the work while the bobbin is being filled.

LIGHT RUNNING Is a great feature of the **Minnesota** machine. It does not fatigue the operator, makes little noise, sews rapidly and is acknowledged the **easiest running shuttle sewing machine on the market.**

ADJUSTABLE PRESSER FOOT. By simply turning a screw cap on the top of the face plate, back of the needle bar, the entire pressure can be taken off the goods, thereby enabling the operator to do all kinds of art work, including embroidery, aresene, etching, chenille, zephyr, worsted, tinsel, etc. Any fancy work that can be done on any other sewing machine is easily accomplished on the **Minnesota.**

IMPROVED SHUTTLE CARRIER. This has heretofore been the cause of nearly all the noise and racket made by a sewing machine in motion. We use the improved shuttle carrier, reducing the friction to a minimum, thereby making the **Minnesota almost noiseless.**

NEEDLE BAR. It is made of the finest steel carefully hardened, with adjustable bearings, thereby insuring great durability and requiring but little oil. The needle bar is fitted with our improved oil cup at bottom, preventing the oil from soiling goods while sewing. **It is self-threading.** There are no holes to thread through excepting the eye of the needle.

THE STAND Is handsome in design, It rests on four casters and can be easily moved about. The treadle is hung on adjustable, anti-friction, hardened steel centers or bearings that run very light. The pitman has "ball-joint" connections, no side draft. Our stand is the most perfect ever invented.

PIVOTED BALANCE WHEEL AND TREADLE. Each machine is fitted with our new style **Pivoted Balance Wheel and Treadle.** The former is adjusted on two hardened steel centers the object of which is to give a more steady motion, also to facilitate the light-running qualities.

THE DRESS GUARD Over band wheel is large and prevents contact of the dress with the wheel, **thus preventing soiled or torn garments.**

CABINET WORK. We furnish the **Minnesota** in two styles of wood work, viz.: The "Regular" and the "Special." ☞ See full description under following illustrations.

OUR MINNESOTA No. 91014.

"SPECIAL GRADE."

Our "Special" grade is very elaborate in style and finish, finest nickel plated Locks and Ring-Pulls. The cover is the handsomest bent wood style, and the frame work of the drawers is of the latest skeleton design, beautifully paneled, as shown in cut, nicely carved and joined together. It has a long center pull-out drawer instead of the swing drawer, making it the most expensive and richest machine cabinet work that can be secured, and heretofore has been used only on the highest priced machines, gotten up for exhibition at fairs, expositions, etc.

REMEMBER

This machine is no better than our **Regular Minnesota,** the **head,** and in fact all mechanism is exactly the same, it will wear no longer or give no better satisfaction than the regular **Minnesota,** the only difference is in the cabinet. This cabinet is a work of art and at the slight difference in cost is sure to please.

OUR SPECIAL BARGAINS.

We are anxious to increase the sale of our latest style New Drop Head Stand Minnesota Sewing Machines, because we believe they are the most perfect machines it is possible to make. As stated before, they combine in one the finest sewing machine possible to produce with a very elegant piece of highly finished furniture, an ornament for any library or sewing room, finished as they are in quartered antique oak, highly polished, carved, decorated and ornamented. They are especially recommended to your favorable consideration.

WE MAKE SPECIAL TERMS ON OUR NOS. 91016 AND 91018 NEW DROP-HEAD MINNESOTA SEWING MACHINES.

If you live anywhere within 700 miles of Chicago send us your order for the No. 91016 or the No. 91018. **Send no money with your order** and we will send the machine by freight. You can examine it at the freight depot, and if found perfectly satisfactory and exactly as represented, pay the agent our price and freight charges and the machine is yours. Then, after you have given the machine 30 days' trial, if the work is not satisfactory and you do not conclude it is the greatest bargain you have ever seen, return the machine at our expense and we will refund your money. **If you live more than 700 miles from Chicago** send us $3 00 as a guarantee of good faith and we will send the machine by freight and you can examine it at the freight depot, and, if found perfectly satisfactory and exactly as represented, pay the agent our price and freight charges, less the $3, and the machine is yours. **After you have given the machine 30 days' trial,** if not entirely satisfactory you may return it at our expense and we will refund your money and the freight charges you have had to pay. Or you can deposit the price of the machine with any bank with the understanding that the bank is to hold the money until you have received the machine and given it a 20 days' trial, the money then to be forwarded to us if the machine is satisfactory; if the machine is not satisfactory it may be returned to us and the bank will return the money to you. **We are anxious for you to see and examine our special drop-head machine,** and with that end in view we are willing to make almost any kind of an arrangement that the machine can be placed in your home along side of any machine made. As pictured in illustrations made from actual photographs, we have endeavored to show the construction of our special drop cabinet. While the pictures in no way do the machine justice, as you must see it in order to appreciate it, you can form some idea of the appearance and the way in which they are constructed.

The above cut represents our No. 91016 in drop head stand, which we are offering on very liberal terms at **$21.75.** By comparing our price with those of any other reliable house who sell at wholesale to dealers, you will find that we make a lower price on this machine complete with an elegant stand than is made by the largest manufacturers and wholesale houses on their cheapest stands. As you will see by the above cut, the head of the machine is closed from view as it sinks into the stand and is covered by the hinge table, and as shown in the cut, affords a very nice piece of furniture when not in use for sewing, and can be used as a center table, library stand or writing desk. It is made of solid oak, quartered and finished antique, highly polished, elegantly carved and ornamented, and comes complete with every known modern attachment which is furnished with any machine. In fact, with the Minnesota we furnish a more complete set of attachments than is furnished with any other machine made. At $21.75 we furnish this machine with 2 drawers as shown in cut. We have the same machine, **our 91017, $23.25,** with 4 drawers, 2 drawers on each side.

OUR NO. 91016—SPECIAL OFFER, LIBERAL TERMS. PRICE, $21.75.

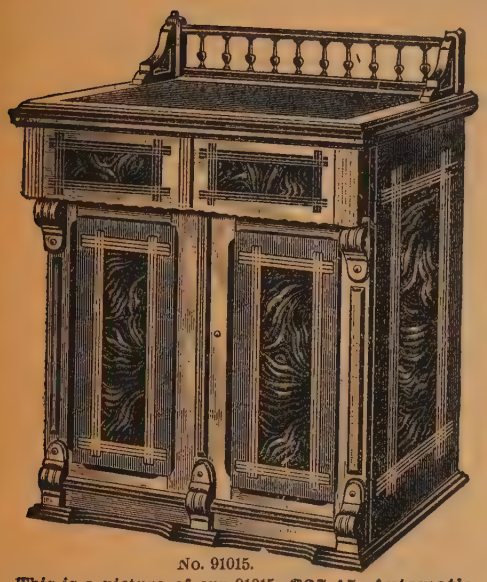
No. 91018 AT $24.75.

Our $24.75 New Drop-Head Stand Minnesota.

This is the highest grade drop-head stand made. It is covered by patents which we control, and while there are many imitations, there is no such a stand on the market as the one we offer at $24.75. It works automatically, and when open affords plenty of room for work; when closed, makes a very nice writing desk, library stand or table, and is in itself an elegant piece of furniture, being made of solid oak, quartered, finished antique, elaborately carved, paneled, ornamented and decorated; comes complete with 5 drawers, two on each side and one center drawer, furnished with the finest and most complete set of attachments given with any machine made, and is a machine that the owner may well be proud of. While our Minnesota heads, as before explained, are alike, and you can produce exactly the same results from our No. 91009 regular style Minnesota, at $16.65, as you can with those at $24.75, we by all means recommend our latest new drop-head stands at $21.55 and $24.75. They are the very latest style, and are being adopted by all the standard sewing machine companies. If you buy the old style sewing machine stand you will, in a few years, have an old style machine, as far as appearance is concerned. With a few dollars added now, you get the very latest thing out, and in all probability it will be many years before any sewing machine stand is brought out that will excel, if indeed equal, our special new drop-head stand, which we offer at the extraordinarily low prices of $21.75 and $24.75.

This illustrates our No. 91018 $24.75 new drop-head stand Minnesota Sewing Machine, closed, and, as you see, it would be an ornament to any room in the house. Illustrated in picture made from photograph, you see how easily the machine is brought in place for use. It works automatically and it is only necessary to raise the leaf, when the head automatically comes to its position. You have then the machine extended with a large table, and can proceed with your work. The bracket, which may from the above illustration look as though it would be an obstruction in operating the machine, raises automatically when the machine head is raised and brought into use. In addition to the better appearance one of our drop-head stands makes, in addition to the different uses to which it can be put, we also recommend it as a better protection to the machine against dust and dirt. The machine, when not in use, is securely encased and free from any dust or dirt, and for that reason the chances of getting out of order are next to impossible. In fact, if you buy a Minnesota machine, one of our latest style drop-head stand cabinets, it will last a lifetime, and the probabilities are it will never require a moment's time for repairs.

WE MAKE SPECIAL TERMS ON THE DROP-HEAD STAND MINNESOTAS



not because we make any more profit on the machine, but because of their many advantages and the general satisfaction they give. From every one to whom we have sold this machine we receive letters saying; "I am so glad I bought your drop-head machine. The cost was but little difference, and the machine is so much nicer, so much more convenient, and I am so much better pleased."

The head and working parts of our new drop-desk cabinets are just the same as in our Minnesota Special, the best sewing machine head made. All special attachments with our best machines are included with the Special drop-head stand cabinet machines.

THE FREIGHT ON A SEWING MACHINE TO ANY POINT IN THE UNITED STATES SINKS INTO INSIGNIFICANCE WHEN YOU CONSIDER THE $20.00 OR $30 00 WE SAVE FOR YOU. AND SPEAKING OF SAVING MONEY, WE WOULD AGAIN POINT TO OUR GUN AND SPORTING GOODS DEPARTMENT.

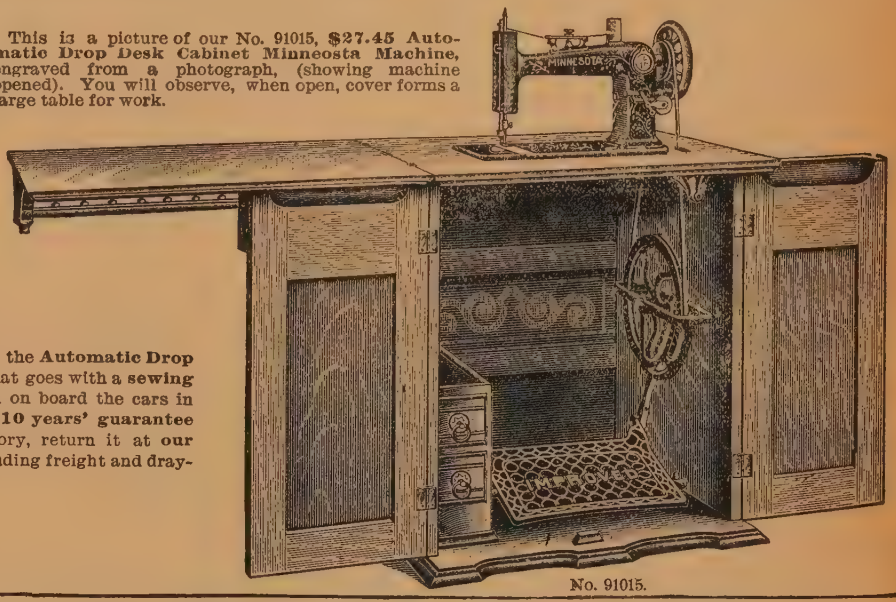
$27.45 Buys a $100.00 Sewing Machine



READ OUR OFFER.

To outdo others, we have had made for our **MINNESOTA,** a special automatic drop desk cabinet which we furnish in either **solid antique oak** or **black walnut,** as desired. **No cabinet made will compare with it. Closed,** it has the appearance of a **beautiful writing desk** and can be used as such. It has a green cloth covered top and makes a nice attractive piece of furniture for any drawing room. By a peculiar and patented device when you lift and turn the top over to the left the sewing machine head will rise to the surface of the table ready for sewing. The machine head moves up and down, and as it is counter balanced it requires but little or no exertion to put it in place. Connected with the two doors closing the front are drawers, pockets, etc., for attachments and accessories. Each cabinet is provided with lock and key, so that the two front doors, as well as the cover, can be securely locked. They are highly polished, beautifully paneled, carved, ornamented and decorated.

EVERY KNOWN SEWING MACHINE ATTACHMENT OF THE HIGHEST GRADE IS SENT WITH EACH MACHINE.

THIS MACHINE IS OUR LEADER for the reason you get a regular $100.00 sewing machine for **$27.45. Our customers reason** like this: A machine as good as a **Minnesota with the cheapest kind of cabinet** would cost at retail **AT LEAST $45.00. HERE IS A CHANCE** to get a regular $100.00 machine for $27.45—$17.55 less than the cheapest machine to be had at retail.

This is a picture of our No. 91015, **$27.45 Automatic Drop Desk Cabinet Minneosta Machine,** engraved from a photograph, (showing machine opened). You will observe, when open, cover forms a large table for work.

WHAT THE PEOPLE SAY.

"Such an Elegant Machine."

KOUNTZE, TEXAS.

Gents.—A few days since I received your "Certificate of Guarantee," guaranteeing the machine purchased of you for a period of ten years. The machine arrived in good order, and I must say I was indeed surprised—agreeably—at receiving such an elegant machine. Have tested it thoroughly and find it all you represented, and far superior to what I expected. Yours,

J. R. DAVENPORT.

"Used Them on all Kinds of Work."

LAKE FORK, ILLINOIS.

Gents.—The two Minnesota Sewing Machines bought of you are giving entire satisfaction. Could not better ourselves for double the price paid for them. Have used them on all kinds of work. Yours truly, M. F. TARBOX,

Agt. Am. Ex. Co. & I. C. R. R. Co.

"A No. 1 in Every Respect."

FOSTER, MISSOURI.

Gents.—The small foot hemmer received this A. M. This was all that was needed to make the machine A No. 1 in every respect. I thing I will be able to sell several of your machines here as everyone who sees this one thinks it is first-class. Yours truly, W. S. JAMES.

"Couldn't Ask Anything Better."

GLENDIVE, MONTANA.

Gents.—We have had the sewing machine you sold us, since Dec. 20, 1890, and are well pleased with the work it does. Couldn't ask for anything better.

Yours truly, JOHN HARPSTER.

"I can Recommend You."

WAKEFIELD, VIRGINIA.

Gents.—This is to say your machine does just as you recommend it. I have had it about ten months, and have found no fault with it. I feel that I can recommend you to the public, and would do you any favor that I can in selling a machine. Yours truly, MRS. A. W. HOLLOWAY.

"Truthful Representations."

RINGWOOD, NORTH CAROLINA.

Gents.—The machine I purchased from you gives, and has been giving, satisfaction. I found you truthful in your representations of the same.

Very truly, WM. C. FINCH,

Attorney at Law.

"Perfectly Square and Honest."

ALLENTOWN, RHODE ISLAND.

Gents.—I had a sewing machine from your place nearly two years ago, and I like the machine very much. It is just what it was said to be. Your manner of doing business with me was perfectly square and honest. Yours truly,

MRS. JENNIE L. ARNOLD.

"Well Pleased With It."

WESTMINSTER, SOUTH CAROLINA.

Gents.—We received our sewing machine December 15th, 1890, and are well pleased with it. We have found no fault with it so far.

Respectfully yours, W. N. WILSON.

"It Does Work Beautiful."

BELLEVIEW, GEORGIA.

Gents.—My wife is well pleased with her machine, has done a good deal of sewing and found it does work beautifully. She is charmed with the ease of the running and says she hardly knows she is sewing. Have just sent another order to your Chicago house. Yours, JAS. H. FREEMAN.

"A Splendid Machine for the Price."

MERIDIAN, TEXAS.

Gents.—In stating how I am pleased with the machine I received, I can say it is a splendid machine for the price and is giving perfect satisfaction. It has now been in use about seventeen months. I think your manner of doing business is splendid. Yours truly, A. MCCURRY.

WHILE WE ARE TALKING ABOUT THE HOUSEHOLD SEWING, WE WANT TO REMIND YOU AGAIN OF OUR VERY EXTENSIVE DRY GOODS DEPARTMENT, UNDER THE SUPERVISION OF OUR EXPERIENCED MANAGER.

OUR $19.50 AND $22.50 NEW QUEEN SEWING MACHINES

GUARANTEED

THE GREATEST VALUES EVER OFFERED.

JUST THINK

A High Grade Modern Drop Desk Cabinet Machine for $19.50 and $22.50.

A BINDING TEN YEAR'S GUARANTEE accompanies each machine by the terms and conditions of which if any piece or part gives out by reason of defect in material or workmanship, we will replace it **FREE OF CHARGE. THE NEW QUEEN** will last a lifetime.

OUR LIBERAL TERMS. Send us $3.00 as a guarantee of good faith and we will send the machine to you by freight C. O. D. subject to examintion, you can examine it at your freight depot and if found perfectly satisfactory and exactly as represented, pay the freight agent our price and freight charges less the $3.00 sent with order.

THREE PER CENT. DISCOUNT allowed if cash in full accompanies your order, if you send the full amount of cash with your order you may deduct 3% from our prices. Nearly all our customers send cash in full.

As will be seen from the illustrations, we furnish our **"NEW QUEEN"** high grade sewing machine only in drop desk stand cabinets. This being a strictly high grade modern sewing machine, we think it more appropriate to **fit it complete with the very latest, handsomest and best cabinet even at a slight addition in cost.** From the illustrations you will observe we show the machine **when closed and also open for work. The machines illustrated are exactly alike,** the only difference being in the number of drawers to the cabinet.

Our $22.50 New Queen HAS A FOUR-DRAWER CABINET, WHILE OUR $19.50 HAS A TWO-DRAWER CABINET.

Our "New Queen" Sewing Machine possesses the good points of all first-class machines with the defects of none. It is equal to any machine you can buy at retail at $50.00. Everything that enters into the construction of this machine is of the very best.

THIS "NEW QUEEN" SEWING MACHINE IS MADE FOR US UNDER CONTRACT BY ONE OF THE largest and most reliable sewing machine manufacturers in the United States, a concern located at **Belvidere, Ill.,** where they have gained a reputation for making as fine a machine as can be made. **The "New Queen" is our trade mark,** and the name by which this machine will always be known. **Before getting out the "New Queen"** we looked over all the high grade machines, and endeavored to combine in this every modern point of value. We can say in our guarantee that it is not only made of the very best material and by skilled mechanics, but it possesses every modern feature.

Among the Special Advantages of the "New Queen," it will be found very **light running; almost noiseless,** has **double eccentric** on **main shaft** for operating **shuttle** and **feed levers** made of one piece and so **perfectly balanced** that **the vibration is reduced to the minimum,** requiring but one adjustment; **no slipping of eccentric** and thereby throwing the machine out of order. **Feed mechanism much lighter, less material to be vibrated by springs; no knocking or side lash,** hence no raw hide required to deaden the sound. **Double feed,** so operated that whether long or short stitch is used, the middle section of teeth always start immediately behind the needle, insuring thereby a perfect and uniform stitch; also so arranged that the foot does not fall until point of needle enters the goods, the benefit of which is obvious. **The guard for thread controller** on inside of face plate prevents injury or displacement, a frequent source of annoyance in some machines. Loose pulley device, easily and quickly adjusted, avoiding unsightly wabbling of balance wheel which in time wears out of true. **Adjustable Bearings. All bearings are case hardened steel** and can be easily adjusted with a screw driver. **Self-threading, vibrating shuttle,** a perfect cyclinder steel shuttle, open at one end and entirely self-threading, easy to put on and take off; holds a bobbin which carries a large amount of thread.

There are no holes to thread through, no springs to thread under, no latches to open or turn, making it the most easily threaded shuttle in use. **It is so simple that it can be threaded in the dark by two motions of the hand, backward and forward. The tension is even and perfect and can be changed without removing the shuttle from the machine, thereby saving much time and avoiding trouble and annoyance.**

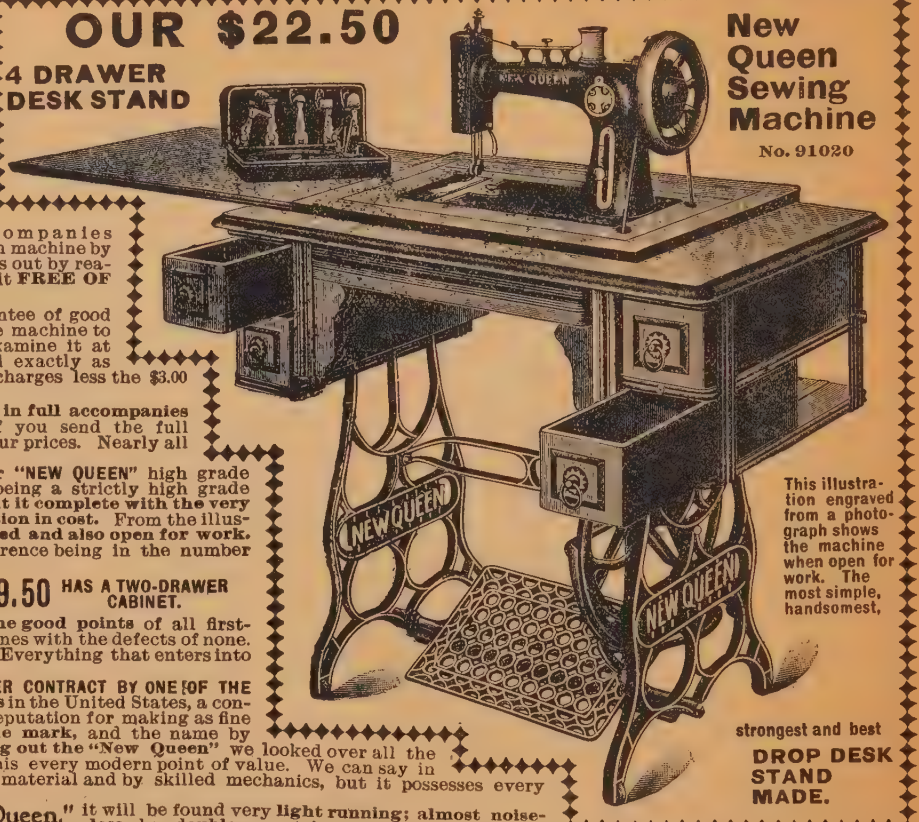
THIS IS A HIGH ARM MACHINE.

The head is beautifully ornamented, all usual parts nickel plated; in fact, it is as handsome a machine as is turned out.

CABINET WORK. WE OFFER IN THIS, OUR "NEW QUEEN" MACHINE AT $19.50 AND $22.50, the finest cabinet work on the market. **As will be seen from the illustrations this machsne comes only in drop stand cabinet, which is made of solid quartered oak, finished antique, highly polished, beautifully carved and ornamented.** The stand is very strong, well braced and guaranteed in every respect.

THE "NEW QUEEN" HAS EVERY LATE ATTACHMENT OF THE VERY HIGHEST GRADE.

On our $22.50 machine we show an illustration of the extra set of attachments which accompanies every **"New Queen" Machine,** and the very best attachments made. **Among the attachments we furnish free with every "New Queen"** machine will be: **One foot hemmer; one screw driver; one wrench; one oil can and oil; one gauge; one package of needles; six bobbins; one instruction book; one tucker; one foot ruffler; one set fine hemmers of different widths up to ⅜ of an inch; one binder; one thread cutter and quilter.**



OUR INSTRUCTION BOOK MAKES EVERYTHING PLAIN. By carefully reading our instruction book you will find you can operate the machine and do any class of work that can be done on any machine even by an expert.

PLEASE COMPARE OUR PRICES, VIZ., $19.50 AND $22.50.

With those of any other concern for a strictly high grade ten year guaranteed sewing machine complete with drop desk stand cabinet, and if you do not say that we are saving you from 25% to 50% in price, in fact, if after you have seen and examined this machine, you do not say that it is equal to any machine retailed in your section at $50.00 and upwards, we will not ask you to take it. You can return it at our expense and we will cheerfully refund any money you have paid.

A FURTHER GUARANTEE

If you send to us for a Sewing Machine we will allow you to use the machine in your own home for thirty days, and after thirty days trial, after you have put it to every possible test and tried every attachment which is furnished with the machine, compared it with the highest grade machines in your neighborhood regardless of what they cost, if you do not say our machine is equal to the very best and in many respects better, you can return it to us and we will cheerfully refund your money.

THE ACME SEWING MACHINE HEAD.

This illustration will give you an idea of the appearance of the Acme Sewing Machine head. The picture shown is engraved from a photograph. You will see that this is one of the highest sewing machine heads made, strongly and substantially built, with very large space under the arms for sewing bulky goods such as cloaks, dresses, coats, etc. The space under the arm is 5¾ inches by 9¼ inches. Bed plates are 7 inches wide. Total length of head, 16¼ inches. Height from bed plate to top of needle bar, 8¾ inches. You will see the Acme has the highest arm, is neat and handsome in design, highly polished, japanned, and protected by hard finish; is ornamented in gold with enough delicate color to relieve it of plainness. All the usual parts are highly nickel plated, in fact, there is no more handsome sewing machine made by any concern.

....OUR NEW $17.50 HIGH GRADE....

HIGH ARM ACME SEWING MACHINE.

THE ACME IS A NEW MACHINE, made at Rockford, Ill., by a concern which has been manufacturing high grade sewing machines for the last twenty-five years. They have just put the Acme machine on the market, a machine to supersede all others, the highest grade sewing machine they have ever made.

THE ACME SEWING MACHINE possesses the good qualities of every high grade machine this manufacturer has made with the defects of none. 25 years of uninterrupted and successful sewing machine experience have gone into this high grade Acme Machine to make it one of the very best on the market. The little defects of other machines that this maker has made in the past 20 years have been eliminated from our Acme until there is nothing about this machine but what is strictly modern, thoroughly up to date, of the highest grade that can possibly be made, and equal to any machine on the market regardless of price.

The demand we have received for Sewing Machines the past year has caused us to enlarge our line of machines and increase the variety to an extent that no customer need buy a machine elsewhere. It is ever our aim to make our different lines of merchandise so thoroughly complete that no one need be compelled to look elsewhere for the goods wanted.

As for Sewing Machines, we offer you what we believe to be the most complete line of high grade Sewing Machines on the market. From our **Success machine at $8.50** to our **Minnesota automatic drop desk cabinet machine at $27.45**, we show such a variety of high grade goods that we feel confident you will be able to make a suitable selection.

WE HAVE NOT INCLUDED MANY OF THE CHEAPER MAKES which we might do and thus reduce the price, but we believe our customers are entitled to the very best. We are almost daily interviewed by sewing machine manufacturers who are anxious to contract with us for sewing machines at even lower prices than those we offer you, but knowing that we own these machines for as little money as it is possible to build them and use only the very latest plans with all improvements, finish them in a first class manner and guarantee them in every respect, we do not care to entertain any proposition from any manufacturer for a lower price machine.

OUR ACME MACHINE AT $17.50 WILL COMPARE FAVORABLY with the highest grade machine on the market at any price. **We Issue a Binding Ten Years' Guarantee,** by the terms and conditions of which if any piece or part gives out by reason of defect in material or workmanship we will replace it free of charge. With care this machine will last a lifetime.

WE ARE ANXIOUS TO RECEIVE YOUR ORDER and that you may see and examine our Acme machine before paying for it we make you this proposition; **Send Us $3.00 as a Guarantee of Good Faith,** and we will send the machine by freight C. O. D., subject to examination. You can examine the machine at your freight depot, and if found perfectly satisfactory and exactly as represented, pay the freight agent our price and freight charges, less the amount sent with order, and the machine is yours. **After you have used the machine 30 days, if you are not then thoroughly satisfied that it is exactly as represented,** that it is the grandest bargain you have ever seen, that it is equal to any machine on the market at any price, return it to us and we will cheerfully refund your money. **If you would like to know what others think of our sewing machines,** if you would like to read concerning the good qualities of our different machines and the amount of money they have saved by sending their orders to us, **Send for Our Free Sewing Machine Catalogue.** In this catalogue we have printed hundreds of testimonials from customers who have, of their own free will, written to us, telling of the satisfaction our machine has given them and the amount of money they have saved by sending their orders to us. Limited space will not permit our describing all the little points of superiority in this Acme sewing machine, but we can sum it up in this, that every modern improvement, every special attachment, every patent of merit that will be found on any strictly high grade machine will be found in the Acme.

A FEW OF THE MANY GOOD POINTS. **The Acme is Simple in Construction,** has less parts than most first class sewing machines, hence not easy to get out of order, no sewing machine **runs lighter,** no machine makes **less noise.** Very simple in construction—a child can operate it. By following our instruction book which goes with each machine no teaching is necessary. Even if you have never seen a sewing machine you can use the Acme from the start. The Acme uses the same needle as the Domestic or any other first class machine, so you can get them anywhere, every dealer keeps them.

MOVEMENT. **Double Eccentric on Main Shaft** for operating shuttle and feed levers made of one piece, and so perfectly balanced that the vibration is reduced to the minimum. Positive four motion drop feed, the latest patent and absolutely positive.

TENSION LIBERATOR. The latest and one of the most useful improvements ever added to a sewing machine. By its use all tention on the upper thread is relieved by simply pressing down the convenient lever adjusted to the tension plate, so that the work can be withdrawn from under the needle without slacking the thread by the hand. **The Improved Loose Wheel** enable the operator to wind the bobbin without running the machine.

ADJUSTABLE PRESSER FOOT. By simply turning the screw cap on top of the face plate back of the needle bar, the entire pressure can be taken off the goods, thus enabling the operator to do all kinds of art work including embroidery, aresene, etching, chenille, zephyr, worsted and tinsel. Any fancy work that can be done on any other machine is more easily accomplished on the Acme.

IMPROVED SHUTTLE CARRIER. This has heretofore been the cause of nearly all the noise and racket made by a sewing machine. This improved shuttle carrier reduces the friction to the minimum, thereby making the Acme almost noiseless.

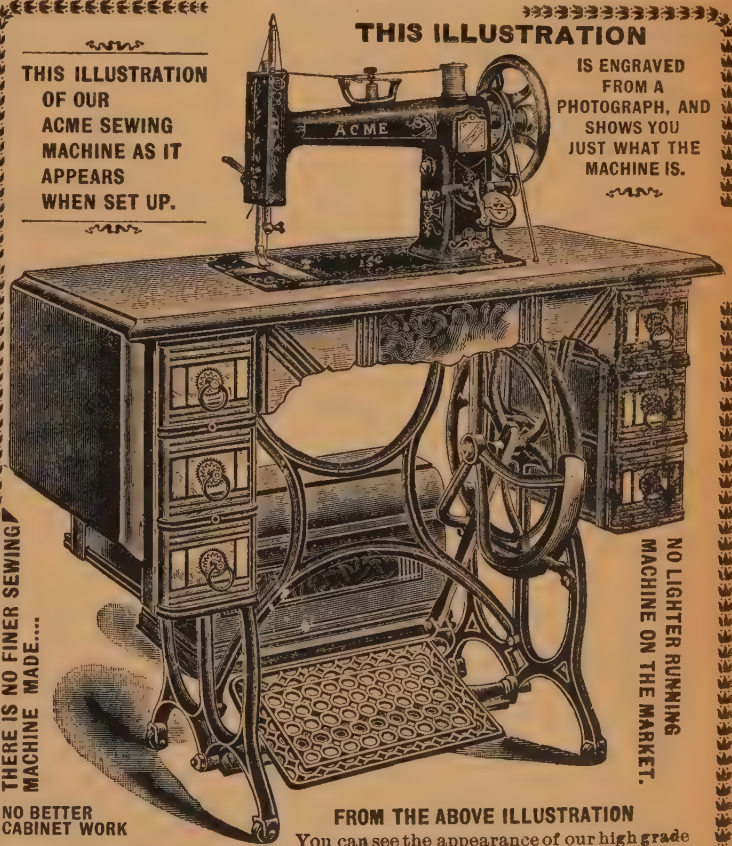
CABINET WORK. **The Cabinet We Use on the Acme** is the very highest grade of cabinet made. It comes in either solid black walnut or solid oak, quarter sawed and finished antique, highly polished, beautifully carved, decorated and ornamented. We furnish it with a special finish. The cover is the handsomest bent wood style. The frame work of the drawers is of the very latest skeleton design, beautifully paneled, nicely carved and joined together. It has a long center pull out drawer instead of a swing drawer, making it the most expensive and richest machine cabinet work that can be secured, and such as has been used only on the highest priced machines gotten up for exhibition at fairs, expositions, etc. The drawers are fitted with the finest nickel plated locks and ring pulls.

STAND. **We Furnish the Handsomest Design, Strongest and Best Iron Stand Made.** The stand rests on four casters and can be easily moved. The treadle is hung on adjustable anti-friction, hardened steel centers or bearings, that run very light. The pitman has ball-joint connections, no side draft. Our stand is the most perfect ever invented.

IMPROVED AUTOMATIC BOBBIN WINDER. With the Acme machine we furnish the best bobbin winder made—so simple that a child can operate it, winding the thread on the bobbin as evenly and regularly as the thread on a spool, and thereby prevents the breaking of the lower thread which often occurs on other machines on account of not having the bobbin properly wound. The machine does not run while winding the bobbin.

SELF-THREADING VIBRATING SHUTTLE. A perfect cylinder steel shuttle, very simple and the best sewing machine shuttle made.

SELF-THREADING NEEDLE. Double thread lock stitch. Self-acting automatic tension, in fact, **everything that goes to make up the finest machine that can be made is combined in this, our strictly high grade $17.50 Acme Sewing Machine.**



Every known modern Sewing Machine attachment and of the very highest grade is furnished with our Acme machines. **The following are the attachments:** One Foot Hemmer, Two Screw Drivers, One Wrench, One Oil Can and Oil, One Gauge, One Package of Needles, Six Bobbins, One Instruction Book, One Tucker, One Foot Ruffler, One set Plain Hemmers of different Widths up to ⅜ of an inch, One Binder, One Thread Cutter and Quilter and all of the highest grade.

The Acme Sewing Machine, crated and ready for shipment, weighs about 110 lbs. By referring to the freight rates on pages 5 and 6 you can find exactly what the freight will amount to. Sewing machines are accepted by all railroad companies at first-class freight rate, and you will see that the freight will amount to next to nothing as compared with what you will save in price.

In addition to our binding ten years' guarantee, bear in mind that you can return our machine to us after you have used it 30 days if you are not perfectly satisfied. If you do not decide that it is the best machine you ever saw regardless of price, that it is even better than any other machine which you can buy in your local market at $50.00, simply return it to us by freight at our expense and we will pay the freight charges and immediately refund your money.

SEARS ROEBUCK & CO.

INCORPORATED

VEHICLE HARNESS & SADDLERY DEPARTMENT

OUR VEHICLE DEPARTMENT is the largest in the country. **WE SHOW THE MOST COMPLETE LINE OF VEHICLES** ever offered direct from **manufacturer to consumer**, price at actual cost of **material and labor with only our one small profit added.**

OUR LIBERAL TERMS of shipment, as fully explained below, **makes it easy for you to see and examine any Vehicle before paying for it.**

OUR TWO YEARS' BINDING GUARANTEE, as fully explained at bottom of page, **makes you absolutely safe at all times.**

OUR COLUMBUS, OHIO, VEHICLES are the **greatest values at anything like the price. OUR COLUMBUS, OHIO BUGGIES, PHAETONS, SURRIES and CARRIAGES are equal to those sold by others at more than DOUBLE THE PRICE.**

OUR MICHIGAN, OHIO, AND INDIANA VEHICLES are of the highest grade made in these states, and our contracts are such that we can name you prices **30 per cent. lower than any dealer can buy in car load lots.**

COMPARE OUR PRICES with those of other houses and decide for yourself. IF WE CAN'T SAVE YOU MONEY and furnish you a BETER MADE VEHICLE than you can buy elsewhere DON'T ORDER FROM US.

ABOUT OUR COMPETITORS,

We have first the retail dealer whose prices are in many cases double the price we quote, and who will use all possible means to discourage our customers from buying; will question our responsibility; will claim that we furnish inferior work; and, in fact, will resort to almost any means to discourage a customer from sending us an order. **Concerning this class of competition we would say,** we are willing to send any vehicle to any address C. O. D. subject to examination, allow you to compare it with any job you can get from your local dealer at 50 per cent. more money, and if our vehicle is not superior you can return it, and all at our expense.

ANOTHER COMPETITOR

is the advertiser, or catalogue house, of which there are **many reliable,** and **unfortunately, many unreliable ones.** The reliable ones as a rule do an exclusive vehicle business and must depend on the profits of the vehicles alone to defray their running expenses, and look to vehicles alone for their profits, adding a large percentage to the cost in order to defray all this expense. **Then, there are the unreliable advertisers who will promise much and do little. We are anxious to put our vehicles into competition** with those of any reliable concern, and **if we cannot sell you a better job for less money than you could possibly buy it elsewhere, we are willing to stand the expense of sending the vehicle to you and returning it to us.**

HOW WE MAKE THE PRICE SO LOW

WE DO NOT CLAIM TO BE ABLE TO DO WONDERS, but we do claim to be able to sell vehicles direct from the manufacturer to the consumer for less money than any other concern in existence. We cannot produce a strictly high grade vehicle for less money than the other concerns, but we do have facilities for marketing our goods direct to the consumer at a smaller expense and on a larger scale than any other house, which alone enables us to make our incomparably low prices. **At the beginning of the season we contract with different manufacturers for a large number of vehicles selected from their line.** We make this contract on the basis of the actual cost of the material used and the labor, with a small manufacturing profit added. To this we add our one small profit, and ship the job direct from the manufacturer to the consumer. **There is no rehandling, no transportation charges, no traveling men's expenses, no rents, no storage, no bad debts, but you buy your vehicle for as little money as it is possible to produce under contracts for large numbers with but the manufacturer's and our one small profit added.**

WE CAN FIGURE OUR PROFIT LOWER THAN ANY OTHER HOUSE for the reason that it costs us but little to conduct a vehicle department. We require such an organization for conducting our regular business that the adding to it of the vehicle department necessitates no additional rent, very little additional advertising, very little additional clerk hire, and consequently the allowance for expense for this department is next to nothing. On arriving at a price we do not figure on how much we can get, but we figure on how cheap we can sell. Neither do we figure on the profit of a single vehicle, but we use as a basis for calculation a thousand vehicles. **A local dealer may sell you a vehicle and make $50. We may have to sell a great many vehicles to make $50,** but in so doing we are constantly advertising our house. Every one who sees a vehicle from us and learns of the extraordinary value we are able to give; finds that he can get such a vehicle as he could not buy elsewhere within 50 per cent of the price; he is sure to show it to his friends, tell them where he bought it and what he paid for it, speaking a kind word in our behalf, and in that way our vehicle business grows to such proportions that we are able to take the entire product of a number of factories on certain selected lines, and in so doing **reduce the cost to manufacture, reduce the cost of selling, and thus reduce the price at which we can market the goods to a point where we have no competition to fear.**

WE BELIEVE YOU WILL AGREE when we have gotten into a position that we can offer you a good grade Columbus top buggy at $39.90, and send it to any address C. O. D., subject to examination on receipt of a small deposit, the balance and freight charges to be paid after the vehicle is received, we are offering a buggy at less than the price charged by other dealers; and while the **Columbus buggy at $39.90 is an extraordinary bargain** it is nothing extraordinary as far as our line is concerned. We have figured every job on the same basis of profit. We have gone over the cost to manufacture on each vehicle, taking each one piece for piece and part for part, and no matter whether you buy our cheapest road wagon or our highest grade job, you get the same intrinsic value for your money as in our **Columbus top buggy at $39.90.**

OUR BINDING TWO YEARS' GUARANTEE,

On all AA, A and B grade vehicles (see full descriptions of grades further on) **WE ISSUE A TWO YEARS' BINDING GUARANTEE. By the terms and conditions of this guarantee** if any piece or part gives out by reason of defective material or workmanship we will replace it free of charge. This is the **longest, strongest and most binding guarantee** given with any vehicle, and furthermore, our guarantee **properly signed is FULL PROTECTION,** for we will not only cheerfully make good the conditions of the same, but we are legally holding and **FINANCIALLY RESPONSIBLE.** This part should command your consideration.

OUR SPECIAL B GRADE WORK

(as fully described further on) **we do not guarantee,** but offer it for what it is in competition with the cheap class of work that is now being so extensively advertised; work that we cannot guarantee nor can we afford to sell except with the plain understanding that you take it for what it is and hold us in no way liable for any dissatisfaction arrising from material or construction.

OUR TERMS AND CONDITIONS OF SHIPMENT.

OUR TERMS ARE PRACTICALLY CASH. In order to maintain our reputation as the CHEAPEST SUPPLY HOUSE ON EARTH it is necessary for us to adhere to **certain fixed rules, terms and conditions which prevent our meeting with any loss from any cause whatsoever. But realizing as we do the excellency of the work we offer and knowing that our prices are far lower than those of any other house, on the same class of goods.**

WE MAKE THIS EXTRAORDINARY OFFER;

We will ship any one seated road wagon, one seated buggy or road cart on receipt of $5.00, or any **two seated vehicle on receipt of $10.00** to any address in the following states: **Illinois, Indiana, Iowa, Kentucky, Michigan, Minnesota, South of St. Paul; Maine, Maryland, Massachusetts, Connecticut, Delaware, New Jersey, New York, Ohio, District of Columbia, Pennsylvania, Tennessee, Virginia, West Virginia, Wisconsin, Rhode Island, Vermont and New Hampshire. YOU CAN EXAMINE THE VEHICLE AT THE DEPOT AND IF FOUND PERFECTLY SATISFACTORY AND EXACTLY AS REPRESENTED,** and the grandest bargain you ever saw or heard of, pay the agent our price and freight charges less the amount sent with your order and the vehicle is yours. **Understand, each vehicle, except our Special B grade,** will be covered by a **BINDING TWO YEAR'S GUARANTEE,** during which time if any piece or part gives out by reason of defective material or workmanship, we will replace it free of charge, and at any time within 30 days if you find the vehicle is not entirely satisfactory, you may return it at our expense and we will cheerfully refund your money.

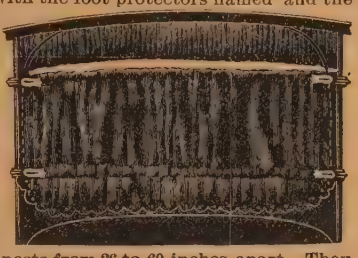
SEND FOR OUR SPECIAL VEHICLE CATALOGUE. THE MOST COMPLETE CATALOGUE OF BARGAINS IN VEHICLES AND HARNESS EVER PUBLISHED.

WE WILL SHIP ANY ONE SEATED ROAD WAGON, one seated buggy or road cart C. O. D. subject to examination on receipt of **$10.00, or any two seated vehicle** on receipt of **$20.00,** to the following states: **Alabama, Arizona, Arkansas, Colorado, Florida, Georgia, Indian Territory, Kansas, Louisiana, Mississippi, Nebraska, Wyoming, North Carolina, North Dakota, Oklahoma Territory, South Carolina, South Dakota and Texas. To the above states** we will ship any vehicle you may select, by freight, C. O. D. subject to examination. You can exanine it at the freight depot, and if found perfectly satisfactory and exactly as represented, pay the agent our price and freight charges, less the amount sent with order, and the vehicle is yours. **If not found satisfactory** you can return it at our expense and we will refund your money.

ALL ORDERS FROM CALIFORNIA, Oregon, Washington, Nevada, Utah, Idaho and New Mexico, must be accompanied by cash in full, in which case you are entitled to our cash discount. ☞ **Note the discount of 3 per cent. for cash.**

CASH DISCOUNT.

WE WILL ALLOW A DISCOUNT OF 3 PER CENT. on all vehicles where cash in full accompanies order. If you send the full amount of cash with your order you may deduct 3 per cent. from our price. NEARLY ALL OUR CUSTOMERS SEND CASH WITH ORDER.



YOU TAKE NO RISK IN SENDING CASH IN FULL.

You not only **save the 3 per cent. discount, save return express charges on money to us,** and the little inconvenience always connected with a C. O. D. shipment, but you always save a few days' unavoidable delay. **YOU TAKE NO RISK,** for if the vehicle is not perfectly satisfactory and you do not find it exactly as represented you may return it at our expense and we will cheerfully refund your money. We would recommend every one ordering to send cash in full with order.

A Beautiful Carriage Sun Shade or Pair of Leather Kick Pads or Foot Protectors

Free With every Canopy Top Surrey or Piano Box Top Buggy Where Cash in Full Accompanies Order.

As an inducement in addition to our 3 per cent. cash discount for our customers to send cash in full with their orders, we have decided to send free with every order for A CANOPY TOP TWO-SEATED SURREY, a beautiful SUN SHADE; WITH EVERY PIANO BOX TOP BUGGY a pair of fine LEATHER KICK PADS OR FOOT PROTECTORS, provided cash in full accompanies the order. In order to supply those who will order top buggies and surreys with the foot protectors named and the sun shades, we have arranged with a very large manufacturer in Michigan for a season's supply of these goods. The sun shade will be found not only beautiful but a very convenient attachment for a canopy top surrey, the kick pads a great protection to a piano box buggy.

THIS ILLUSTRATION, ENGRAVED FROM A PHOTOGRAPH, will give you an idea of the appearance of this beautiful sun shade which we send free as a present with every canopy top two-seated rig when the order is accompanied by cash in full. These shades are adapted to canopy top surreys. They will fit on posts from 26 to 60 inches apart. They are hooked up with rubber covered hooks and easily adjusted. can be changed to either side or rear in five seconds without moving from the seat. They shield the occupant from the sun and are ornamental and a great luxury. No canopy top carriage is complete without one.

THIS ILLUSTRATION will give you some idea of the appearance of the pad when on a piano box buggy. **They are not only ornamental** and tend to put a neat finish to the box, but they are also very useful as a protection in getting in and out. **You will often notice that a fine buggy has become scratched or marred from the foot when getting in or out.** This will always be prevented by the use of a pair of our kick pads or foot protectors.

WE SEND A PAIR OF THESE KICK PADS FREE with every piano box buggy where cash in full accompanies order.

IF YOU SEND CASH IN FULL WITH YOUR VEHICLE ORDER, you not only save the three per cent. cash discount but you also receive either of the above descriced articles free, **you save some time in the shipment, save express charges on money to us, and you take no risk whatever, for we will immediately refund your money** if you are not satisfied and if you do not find the vehicle exactly as represented. **NEARLY ALL OUR CUSTOMERS SEND CASH IN FULL.**

ABOUT THE DIFFERENT GRADES.

We have arranged to handle such a high quality of work, so much better than has heretofore been offered by any catalogue house, that we are compelled to make the following grades:

AA, A, B AND SPECIAL B.

OUR AA, A, AND B GRADES ARE GUARANTEED FOR TWO YEARS,

but with care will last a lifetime. **OUR SPECIAL B GRADE WORK WE DO NOT GUARANTEE,** yet many manufacturers guarantee it for one and two years. It is a class of work generally advertised at prices 25 to 50 per cent. in advance of ours. We sell it for what it is. If you want it we will be pleased to supply you, but if you want first-class guaranteed work for wear and service, buy our AA, A or B grade.

AA GRADE.

The AA grade is the best work that money can buy; best A grade wheels; best finish in every respect; only the best material that can be bought is used in AA grade. While it costs more it is really the cheapest in the end.

THE A GRADE.

The A grade is a strictly high grade work. No. 1 wheels are used, first class material and first class workmanship throughout. Our A grade work will compare favorably with the very best grades that can be bought from retail dealers, and is better than is carried by most dealers.

B GRADE.

This is a standard grade, the same as is usually carried by all wholesale houses, repositories and first class retail dealers, and the highest grade carried by many. Well finished, good, honest guaranteed work. No. 2 wheels. We do not use a No. 3 or No. 4 wheel in any of our guaranteed work. These wheels are sold by many as No. 1. A good, honest hickory wheel, much better than the poorest, in fact, in quality far above the average.

THE SPECIAL B GRADE.

A very showy work, in fact, made more for show than for service. Guaranteed by many for two years but not guaranteed by us at all. This is a class of work offered by many houses in top buggies and sold under very glowing colors and descriptions at from $33.00 to $45.00. It has No. 4 or D grade wheels in all this work. Some will give fair service, some will not. Usually an inferior material is used throughout on this class of work and then well covered up with paint and putty. The painting is not first class and liable to crack or wear off. We offer this class of work for just what it is to meet a certain class of competition.

Please consider the different grades our work is made in in placing your order. Bear in mind the AA grade is the finest work that can be built. The A grade will compare favorably with the finest work carried by most dealers. Our B grade is standard quality that is sold in all small markets generally for their best grade work, and handled as such by most wholesale repositories. The Special B grade work is made more for show than for wear, and is not guaranteed and the sale of same is not urged.

WHERE OUR BUGGIES ARE MADE, WHERE SHIPPED FROM AND WHAT THE FREIGHT CHARGES AMOUNT TO.

Our vehicles are made in Columbus, Ohio; Jackson, Pontiac and Charlotte, Mich., Racine, Wis., Indianapolis, Ind., Abingdon, Ill., and Cincinnati, O., and by the representative factories in the several cities. The prices quoted herein are for the buggies carefully packed, crated and delivered on board the cars at factory.

WE DO NOT SHIP VEHICLES FROM CHICAGO.

In order to make these most extraordinary prices we are compelled to relieve ourselves of the expense of drayage, handling, and storage in Chicago, and you have this advantage, i. e., that **every vehicle is fresh from the factory,** has not been handled, consequently is not marred or scratched, but is sure to reach you in the same perfect condition in which it leaves the factory. **We have all of our vehicles packed and crated in the smallest possible space** in order to secure the lowest freight rate possible, and to all points east and south of Chicago our vehicles go at first class freight rate under the ruling of the Southern and Eastern classification. To all points west and north of Chicago they go at one and one-half times first class freight rate.

AS ALL VEHICLES ARE SHIPPED FROM THE FACTORY, and a large proportion of our goods are shipped from **Columbus, O., Jackson, Mich.,** and **Indianapolis, Ind.,** to parties living east and south of Chicago we are able to secure a lower freight rate than from Chicago unless they purchase goods made at Racine, Wis., when the freight will be somewhat more than from Chicago, but we have secured an extraordinarily low freight rate from the factory to this city, and it adds but very little to the cost of the vehicle going to points west, even if shipped from Columbus, O., Indianapolis, Ind., or Jackson, Mich. But in every case it should be plainly understood that our vehicles are priced f. o. b at factory.

ABOUT PROMPT SHIPMENTS.

WE AIM TO SHIP GOODS IMMEDIATELY UPON RECEIPT OF ORDER, or as soon thereafter as is consistent with filling your order exactly and giving you a throughly first class job in every respect. We usually complete the upholstering and give the job a final coat of varnish before shipping, and to do this requires at least five days delay for the upholstering to be done and the varnish to dry. **As all vehicles are shipped by freight and freight is comparatively slow,** the customer frequently becomes impatient, thinking we are putting him to an unnecessary delay, but we can assure you such is never the case. **We aim to have large stocks on hand at the factory at all times,** and the moment your order is received we immediately proceed to put the job in shape to ship within five days, and it is carefuly crated in our own way of crating as fully described in this book on another page, and delivered to the railroad company. **By reason of the large amount of freight we give the railroad companies** our business is usually given the preference, and in consequence you can expect the goods ordered to reach you in a much shorter time than from almost any other concern, and to receive the goods not only in perfect condition by reason of our special care in crating and packing, but by reason of the fact that the buggy will be furnished with the last coat of varnish and upholstered after your order is received, you will get a buggy which is very much nicer in appearance than when it is carried in stock in the different repositories or held for sale by the different dealers.

WE CAN SAVE YOU MONEY

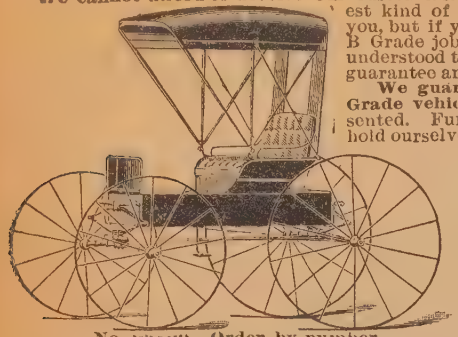
IN FREIGHT BY CRATING OUR VEHICLES in as small a compass as possible. The smaller the crate we make the lower rate the railroad company gives, and in order to secure the minimum rate we crate our vehicles closer and better than any other concern. They are thoroughly wrapped, packed and crated, and no matter how far they have to be shipped they invariably reach their destination in the same perfect condition in which they leave the factory. **In our Special Vehicle Catalogue we show illustrations of our vehicles as they are crated and shipped;** we ask you to note the difference in the care bestowed in crating our vehicles and others you have seen.

WE GIVE IN FRONT OF BOOK THE FIRST-CLASS FREIGHT RATES PER 100 LBS.

On vehicles from Chicago to several points in the different states and territories, and under the description of each vehicle we give the shipping weight. From this you can calculate very closely what the freight will amount to. As most railroad companies accept the freighton the basis of first class, by multiplying the weight in pounds by the rate per 100 lbs. to the nearest point mentioned in your state, you can ascertain the freight on the vehicle you have selected. If you live west or north of Chicago it will be safe for you to add 30 cents per 100 lbs. to the rate quoted. If you live east or south of Chicago you can safely deduct about 30 cents per 100 lbs., and in this way you can arrive at what the vehicle will cost you delivered at your own station.

WE CAN ASSURE YOU THE FREIGHT AMOUNTS TO NEXT TO NOTHING compared with what you save on our one small profit basis direct from manufacturer to consumer. The rates quoted on another page are in force at the time this catalogue is issued, and while they are changed from time to time by the different railroad companies the variation will be very little one way or the other, and we are often able to secure a special rate or take advantage of some cut rate, which we are always glad to do when possible and give our customers the benefit. Where a party lives in the south and we can ship by boat, Ohio or Mississippi river, unless otherwise instructed we do so and secure a rate about one-half the railroad rate.

ABOUT WIDTH OF TRACK.



Be sure to state width of track wanted. We furnish vehicles in both **wide** and **narrow** track. The wide track is **5 feet 2 inches** from wheel to wheel; narrow track **4 feet 8 inches** from wheel to wheel. **We have had no end of trouble** owing to customers failing to specify the width of track wanted. **Where the width is omitted we use our best judgment** and endeavor to send the width most commonly used in the section to which the vehicle is going, but as both wide and narrow tracks are used in some sections we frequently err and that gives rise to unpleasant complaints, so be sure to state the width of track wanted. **The wide tracks, 5 feet 2 inches,** are used very extensively in the following states: Alabama, Arizona, Arkansas, California—all points north of the Tehacapi mountains, Delaware, Florida, Georgia, Indiana (south half), Idaho, Maryland, New Jersey (south half), Nevada, North Carolina, Ohio (eastern half), South Carolina, Texas, Virginia, West Virginia and Wyoming. **Narrow track, 4 feet 8 inches,** are used very extensively in California south of the Tehacapi mountains, Colorado, Connecticut, Indiana, Iowa, Kansas, Kentucky, Maine, Massachusetts, Michigan, Minnesota, New Hampshire, New York, New Mexico, Nebraska, North Dakota, Rhode Island, South Dakota, Tennessee, Vermont and Wisconsin.

BOTH WIDE AND NARROW TRACK are used extensively in Delaware, District of Columbia, Indian Territory, Lousiana, Mississippi, Missouri, Oregon and Illinois. In states where both tracks are used extensively, and especially Illinois, where one track is used as much as the other, you can see the great importance of your being explicit in your order for it is impossible for us to determine which track is wanted. The price is always the same. **We will furnish any vehicle in either 5 feet 2 inches or 4 feet 8 inches track, as desired.**

Our Special B Grade $28.95 Top Buggy.

To meet a class of competition in the vehicle line which is offering the cheapest work that can be produced, goods that are made to sell and not to wear, we have been induced to get out what we term a **Special B Grade of work** which we have in **Top Buggies, Phætons** and **Surreys.**

We offer them for just what they are and just what they are worth. **We cannot afford to deceive our customers.** If you want the cheapest kind of a vehicle we can supply you, but if you buy one of the Special B Grade jobs it should be distinctly understood that it is bought without guarantee and entirely at your risk.

No. 92800. Order by number.

We guarantee every Special B Grade vehicle to be exactly as represented. Further than that we do not hold ourselves responsible.

This $28.95 Top Buggy will compare favorably with buggies offered by many houses at from $35.00 to $45.00. They are advertised by some concerns in very glowing colors and descriptions, but our customers are entitled to the truth and on this basis we earnestly speak for your trade.

Above is an illustration of our $28.95 top buggy, which we will furnish in either End Spring or Brewster side bar spring as desired.

This buggy is made at Cincinnati, O., and the price quoted is for the buggy carefully crated, complete with shafts, delivered on board the cars at Cincinnati, and the freight must be calculated from that point.

During the past season we have been called upon a great many times to quote lower prices in competition with some house that would be selling cheap work, and to meet this competition we include the cheap work along with our guaranteed AA, A and B grades,

$44.00 Net Cash with Order for Our Special B Grade Surrey.

To show how cheap a good looking two seated surrey can be produced where quality of material and workmanship are sacrificed to appearance only, and in order that we may compete with others who offer this class of work almost exclusively, we offer you this **Special B Grade Canopy Top Surrey for the heretofore unheard-of price of $44.00.**

Understand our Special B Grade is not guaranteed, although many concerns issue very strong and binding guaranties as far as the paper is concerned. We mean to protect our guaranties to the letter and consequently can only guarantee work which is safe to guarantee.

No. 92802. Order by Number.

Our AA, A and B Grades are the highest standard, and every job is covered by a binding guaranty, but our Special B Grade like all cheap work on the market has a No. 4 or D grade wheel which is not safe to guarantee. The painting cannot be guaranteed, nor do we want to be responsible for any part of it. It is very showy and so far as show is concerned will give you satisfaction.

The above illustration engraved from a photograph will give you some idea of the appearance of our Special B Grade $44.00 Top Surrey.

Note—Illustration shows fall fenders and lamps, which are extra. See extras below. At $44.00 surrey comes with half fenders and no lamps.

What the People Say.

We Always Please the People.

SHELBURN, (SULLIVAN CO.) IND., Jan. 5, 1897.

SEARS, ROEBUCK & Co., Chicago, Ill.

GENTLEMEN: I can say that my carriage has given me satisfaction, and the several other orders the same. If you continue sending your goods as you have been, you may consider me as your continual customer. If you will send me one of your 1897 Catalogues I shall be very much obliged.

Yours respectfully, FRANCIS WOODSMALL.

Saddle will Last a Lifetime.

BRIGHTON, JEFFERSON CO., ALA., Jan. 2, 1897.

SEARS, ROEBECK & Co.

GENTLEMEN: I received my saddle and I must say that I am so well pleased and satisfied with my saddle, words cannot express my thanks for the benefit that I received from the pleasure and satisfaction given me. I know that I have a saddle that will by ordinary care last a lifetime, and all of my neighbors are pleased as well, and I am satisfied so well that you shall have more of my orders in the near future. Yours truly.

LEWIS THOMAS.

Harness and Suit Even Better than Represented.

EAST BENTON, LACKA. CO., PA., Jan. 4, 1897.

SEARS, ROEBUCK & Co.

DEAR SIRS:—Goods received, am highly pleased. Harness and suit is as represented, only better in quality. Harness out here would cost $30 to $35. You may look for more orders in the future. Yours, W. W. STATES.

SEARS, ROEBUCK & Co.

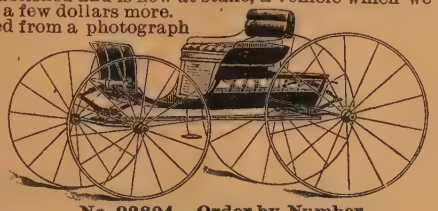
Mackintosh Much Better Than Expected.

JUNCTION CITY, OREGON, Jan. 6, 1897.

GENTS: I received the two mackintoshes yesterday, they were very satisfactory in every particular, much better than I expected. More orders will follow soon. Very truly yours, LEE W. CLARK.

Our Special B Grade $21.00 Road Wagon.

Elliptic end Spring or Brewster sidebar spring, as desired. $21.00 is our net cash with order price. **No discount.**



Cash in full must accompany your orders for these Special B Grade $21.00 road wagons.

We offer these road wagons at $21.00 in competition with wagons that are being offered by catalogue houses at from $25.00 to $30.00, wagons that are made more for appearance than for service. While some concerns sell them under very lengthy guaranties, we cannot guarantee the work and do not consider it safe to do so.

We sell these wagons for what they are. We sell them because we are compelled to do so to meet competition on this class of work. If we do not put a low priced vehicle in our catalogue, customers are sure to write in and tell us they can buy road wagons at $25.00, $27.00 or $30.00 elsewhere. To show just what this work is and what it can be sold for, for that reason and that only, we offer the work at all.

We advise our customers to buy a good substantial vehicle when buying. Buy our regular B, A or AA grades. Buy a vehicle that is made by a concern whose reputation is established and is now at stake, a vehicle which we can guarantee. It costs but a few dollars more.

The illustration engraved from a photograph will give you some idea of the appearance of this road wagon. It is made in either elliptic End Spring or Brewster sidebar spring, as desired. The body is 25 inches wide. 52 inches long; convex panels on seat and body; width of seat at bottom, 27½ inches, outside measurement; width of seat at top, 33½ inches, outside measurement. It is upholstered in enameled duck or imitation leather; has a padded lazy back, as illustrated.

No. 92804. Order by Number.

GEAR—The gear is made from hickory, has a double reach, ironed full length, rear king bolt, ⅞ inch iron tire, crimped, half bolted.

SPRINGS—Made from spring steel of fair grade, not such as we can guarantee.

WHEELS—Our special B grade wheel, either Sarven's patent or shell band hub, as desired, but not guaranteed.

PAINTING—Body is painted black, gear carmine, yellow or Brewster green. These road wagons weigh about 300 pounds. Crated for shipment, about 350 pounds. Claimed capacity, about 500 pounds.

Our special price of $21.00 includes the Wagon Complete with oil cloth carpet, whip socket, foot rail, wrench, washers, anti-rattlers and shafts.

For pole with neckyoke and whiffletrees complete in place of shafts add..... **$1.75**

For both pole and shafts, add..... **3.25**

These $21.00 road wagons are made by three different manufacturers, one in Indiana, one in southern Ohio and one in southern Michigan. We ship from the most convenient point, thus securing for you the lowest freight rate.

If you buy one of our Special B Grade buggies, road wagons or surreys, we will guarantee it to look all right on arrival, and we have no doubt, in quality it will compare favorably with the rigs you would pay 50 per cent. more for, but remember it is sold by us without any guarantee whatsoever, and if any part breaks or gives way by reason of defective material or workmanship, if the paint does not hold or you meet with any accident, do not blame us. Remember we advise you to buy a B grade, A grade or AA grade; work that we guarantee in every particular.

A more complete line of this work is found in our special Vehicle Catalogue, which we will mail free on application.

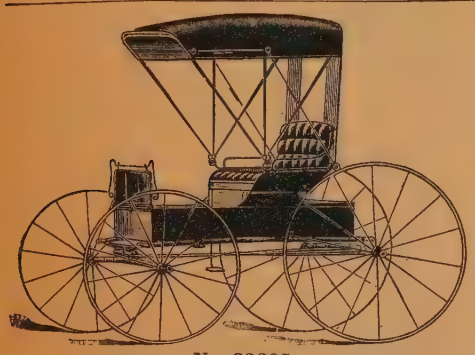
YOUR CHOICE OF THE FOLLOWING . . . . TWO YEAR GUARANTEED B GRADE TOP BUGGIES FOR $32.98 CASH IN FULL WITH ORDER,

OR FOR $34.00 ON REGULAR TERMS

Our special price for this work is $34.00. We allow a discount of 3% if cash in full accompanies your order, making the price $32.98 for cash in full.

Your choice of End Springs, Brewster Side Bar, or Jackson Side Bar, or Thomas Coil Springs.

Your choice, Piano Box or Corning Body.



Our B grade work is guaranteed for two years. We issue a special binding two years' guaranty with every rig, though with care they will last a natural life time.

Our B grade is a standard grade of goods such as is generally carried by wholesale houses, repositories and first class retail dealers, and the highest grade carried by many. Well finished, guaranteed, honest work. **No. 2 wheels;** not a No. 3 or 4 wheel in any of our guaranteed work. Wheels sold by many as No. 1. **A good, honest, hickory wheel,** much better than the poorest, in fact, in quality far above the average.

If you want a good honest low priced top buggy we can recommend these at our special price of $32.98 cash **in full with order.**

If you would like to see a better selection we would refer you to our Special Vehicle Catalogue, which will be mailed free to any address on application. This shows a very complete line of vehicles.

THEY ARE THE BEST TOP BUGGIES EVER OFFERED AT ANYTHING LIKE THE PRICE....

AND ARE EQUAL TO BUGGIES that are being sold by retail dealers at $50.00 to $60.00, Equal to Buggies that are being advertised by many catalogue houses at $50.00 to $60.00; THOROUGHLY HONEST MEDIUM PRICED CLASS OF GOODS.

Description of Work.

BODY—Full size, outside measurement 22 inches wide at bottom, 23 inches at top, 52 inches long, round corners, swell panels. Panels 8 inches deep with two braces for the panel inside in addition to the seat frame braces. Seat, 27 inches wide at bottom, 15 inches deep, 38½ inches wide at top of seat panel. Seat panel 6 inches deep. 11 inches from floor to bottom of seat and 15 inches from floor to top of cushion. The seat is held to the body by two wrought iron seat rods going through the sills. The frame of the body is made of the best seasoned white ash, mortised, glued and screwed. Panels and seat are made of the best seasoned poplar, screwed, plugged and glued. The sill is rabbetted out and the floor sets in this rabbet, letting the floor down even and flush with top sill. The step bar is seasoned oak and gained in the sill from the under side, making it impossible to break through the bottom when putting your weight on the step. Has full length Norway iron body loops and 6 inch rub irons. Distance from top of cushion to roof of top 39 inches; inside measurement 37 inches; between the bows at top is 44 inches. We can also furnish these jobs in what we call three-quarter jobs or smaller sizes For three-quarters job the body is 19 inches wide at the bottom, 20 inches at top, outside measurement. Seat, 24 inches at bottom and 30½ inches at top. Seat panels 6 inches wide and 34 inches between the bows. Height of back, depth of panels, length of top, distance between cushion and roof are the same as the regular sized buggy, and it is constructed in the same substantial and workmanlike manner.

GEARS—On regular Buggy, 15-16 double collar, best steel axle with graceful downward sweep. Hickory axle cap closely fitted to the axle, double perch of best hickory with steel plates running the entire length. The gear is substantially braced by wrought iron stays running from perch to rear axle. We use the full half circle fifth wheel, the best known to the carriage trade with king bolt back of axle. The spring bars are of good hickory with a handsome scroll cut on the ends. Springs are of the best tempered steel with Berlin head, making it the easiest rider on the market.

WHEELS—Good, honest No. 2 wheels, Sarven's patent or shell band hub as desired; 38 by 42 or 40 by 44 inches, as desired; ⅞ or ¾ inch tread, as desired. Good, honest wheels, having 16 spokes and bolted between each spoke; ¼ inch round edge steel tire.

TRIMMING AND PAINTING—Cushions and back trimmed in imitation leather or 12 oz. dark green cloth, biscuit pattern, with a roll. When especially ordered we trim cushions and back with leather, and when leather trimmed we upholster the seat panels. See extras below.

TOP—3 bow, steel sockets, enamelled drill top with a good head lining and padded and lined back stays. Green back, side and back curtains. Brewster curtain fasteners for back curtains and black carriage knobs neatly fitted for side curtains. Stitched imitation leather valance and leather roll up straps. For leather quarter, full leather top and lined curtains see extras below.

PAINTING—We use the old standby system of oil and lead in forming the groundwork for our painting, which insures durability as well as retaining the luster of the varnish when finished. The body is jet black while the gear is a dark Brewster green with a line of carmine and a line of gold striping and maple leaf gold touch up, making a rich combination.

We furnish the buggy with nickel dash rail when desired. See extras.

Width of track, 4 ft. 8 in. or 5 ft. 2 in., as desired.

Our special price, $34.00 or $32.98 for cash in full with order, is for the buggy complete with toe carpet, wrench, storm apron, anti-rattlers and shafts.

Extra for pole with neckyoke and whiffletrees complete in place of shafts..... **$2.00**

Extra for both pole and shafts..... **4.00**

Extra for leather quarter top..... **3.00**

Extra for full leather top..... **5.00**

Extra for leather cushions..... **1.50**

Extra for silver plating throughout, including hub bands, top prop nuts and dash rail..... **1.00**

Extra for full length Brussels carpet, side panels lined and bound with Brussels carpet..... **1.00**

These buggies are made in southern Michigan, central Indiana and southern Ohio. We have contracts with several of the largest manufacturers in America; concerns whose well earned reputation for the manufacture of first class work is a guaranty for the quality. The prices quoted are for the buggies carefully crated and delivered on board the cars at the factory. We will ship from the factory nearest to our customer's railroad station. This buggy is accepted by the railroad companies at 350 pounds though it weighs nearer 400. The carrying capacity of this buggy is about 450 pounds.

You cannot afford to buy a cheap showy buggy with a D grade wheel and second quality material covered up with putty and paint, made for show and not for service, when for a few dollars more you can get an honest rig that is guaranteed and will give satisfaction.

BUY A COLUMBUS, OHIO, VEHICLE. IT WILL PAY YOU. A BIG LINE SHOWN IN OUR FREE VEHICLE CATALOGUE.

OUR $35.90 TOP BUGGIES.

This is our regular B Grade work, guaranteed for two years. A written binding guarantee accompanies each vehicle.

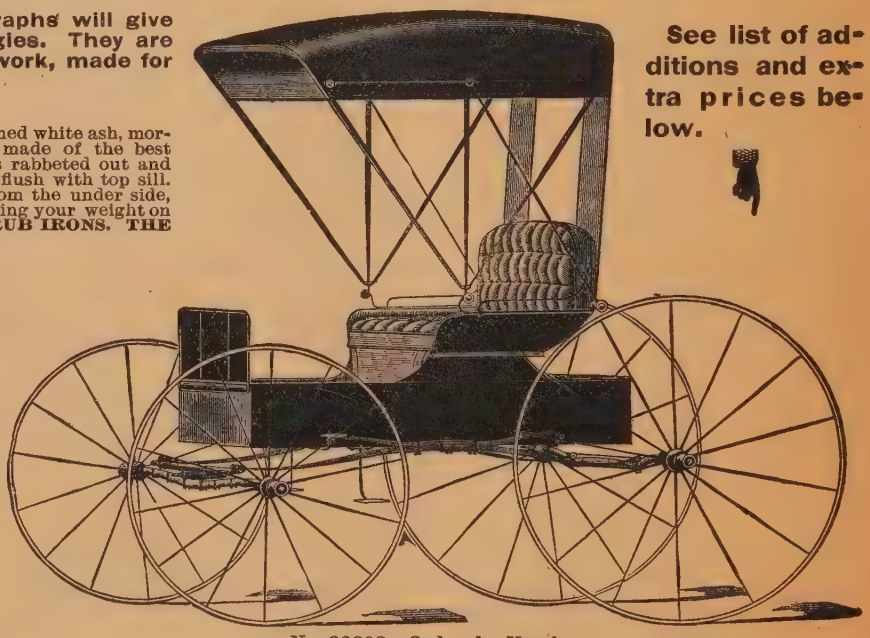
By the terms and conditions of this guarantee if any piece or part gives out within two years by reason of defective material or workmanship we will replace it free of charge. With care one of these buggies will last a natural life-time.

These buggies are made for us under contract in various factories in southern Ohio, central and southern Indiana and southern Michigan. **They are made by concerns of established reputation** and are a high standard of work. For more complete information concerning our B grade work please refer to description of grades AA, A and B.

The freight on these buggies will amount to next to nothing as compared with what you will save in price. The net weight of the buggy is 380 lbs.; when crated 430 lbs. Carrying capacity, 500 lbs. As a rule railroad companies will accept these buggies at 350 lbs., and by referring to our freight classification in the front part of this book you can calculate very closely what the freight will amount to to your place. If you live east or south of Chicago the freight will be less than from Chicago as the distance is less.

By sending us $35.90 cash in full with your order you will get such a buggy as you could not buy at retail at $50.00, in fact, a buggy equal to those often retailed at $75.00 and upwards. We furnish this buggy in end spring, Brewster sidebar spring, Jackson sidebar spring or Thomas Coil spring, as desired. We furnish this buggy in imitation leather, leather quarter or full leather top.

We offer these buggies at $37.00 on our regular terms, C. O. D., subject to examination on receipt of the required amount of deposit. If cash in full accompanies your order you can deduct 3 per cent. or $35.90 will pay for the rig.



THE ILLUSTRATIONS engraved from photographs will give you an idea of the appearance of these buggies. They are thoroughly honest, up to date, well finished work, made for service as well as for appearance.

WE ARE HEADQUARTERS FOR COLUMBUS, O., VEHICLES. THERE ARE NO BETTER.

$37.83 FOR A B GRADE TOP BUGGY.

Our Special Price of $37.83 is for this Buggy, cash in full with order.

$39.00 is our regular price, and at $39.00 we will send the buggy to any address, C. O. D., subject to examination when our regular terms of shipment are complied with, the necessary deposit received, etc.

Where cash in full accompanies your order we allow a discount of 3%, in which case $37.83 pays for the buggy.

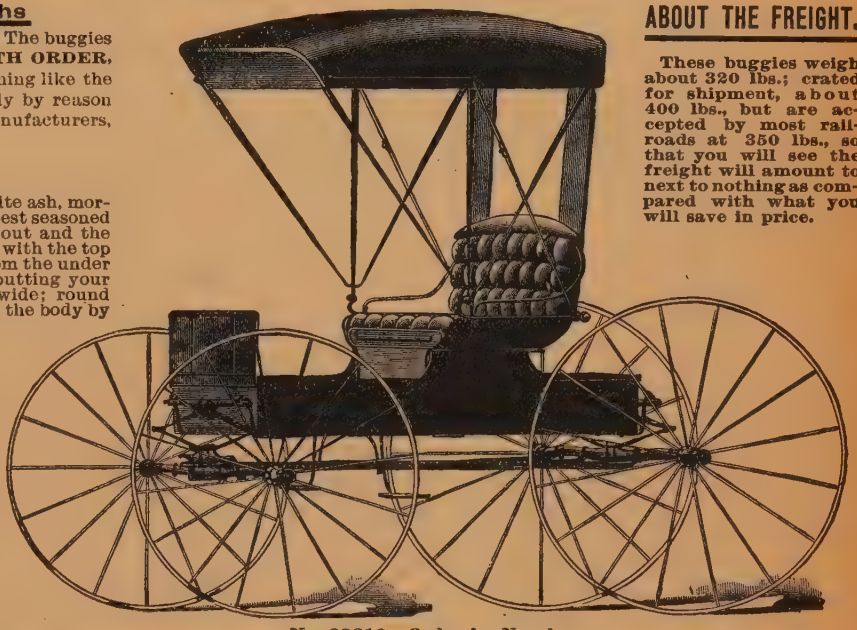
A binding 2 years' guarantee goes with every buggy. By the terms and conditions of this guarantee if any piece or part gives out by reason of defective material or workmanship, we will replace it free of charge. With care these buggies will last a life-time.

See full description of Grades AA, A, B and Special B on previous pages.

Our B Grade Vehicles are thoroughly good honest made work. They are made in southern Ohio, central Indiana and southern Michigan by manufacturers of established reputation, and will compare favorably with vehicles you would be asked nearly double the price for from retail dealers.

We furnish these Buggies in either End Spring, Brewster Side bar, Jackson Side bar or Thomas Coil, as desired; **in Piano Box or Corning body,** as desired. Be sure to state style wanted and in ordering never fail to state width of track, whether 4 feet 8 inches, or 5 feet 2 inches.

We furnish this rig with extra trimming when wanted, See full particulars concerning extras and changes at bottom of page.



THE Illustrations engraved from Photographs will give you some idea of the appearance of this work. The buggies we offer you at **$39.00 C. O. D., OR $37.83 CASH WITH ORDER,** are such buggies as were never before offered at anything like the price. We are able to make these extraordinarily low prices only by reason of our very large output and the big contracts we make with manufacturers, always on a spot cash basis.

GENERAL DESCRIPTION.

THE FRAME OF BODY is made of the best seasoned white ash, mortised, glued and screwed. Panels and seats are made of the best seasoned poplar, all screwed, plugged and glued. The sill is rabbeted out and the floor sets in the rabbet, letting the floor down even and flush with the top sill. The step bar is of seasoned oak, and gained in the sill from the under side, making it impossible to break through the bottom when putting your weight on the step. The body is 52 inches long by 23 inches wide; round corners, swell panels. Panels 8 inches deep. The seat is held to the body by two wrought iron seat rods going through the sills. Body has full length Norway iron body loops and 6 inch rub irons. Distance from top of cushion to roof of top, 39 inches; inside measurement 37 inches between the bows. Top is 44 inches long. We also furnish these rigs in three-quarter size when so desired, in which case the body is 19 inches wide at bottom and 20 inches at top outside measurement, 34 inches between the bows. Height of back, depth of panels, length of top, distance between top of cushion and roof are all the same as the regular sized buggy, and it is constructed in the same substantial and workman like manner.

Extra for full leather top and back curtains.....$5.00
Extra for both pole and shafts.....4.00

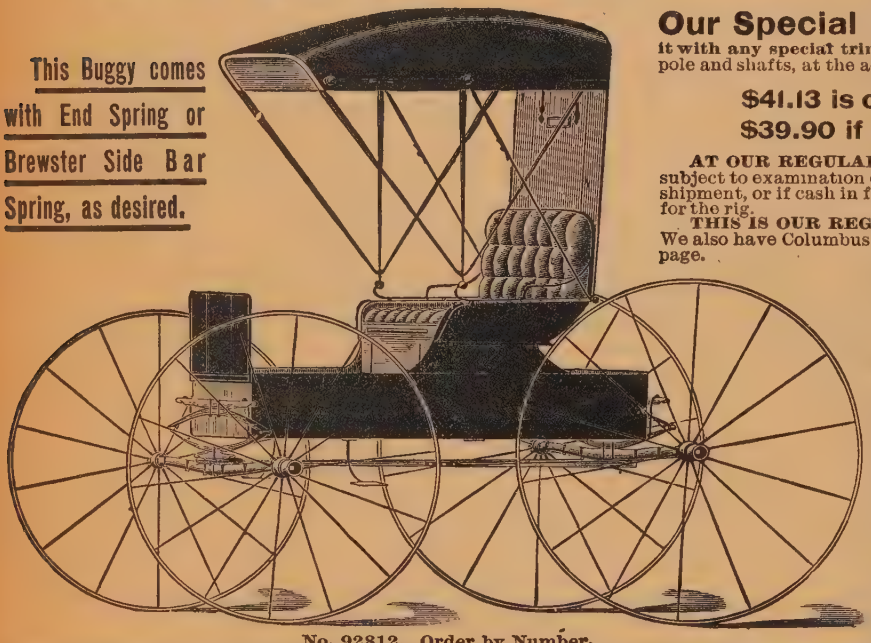
By adding any of the above amounts to our special price, $37.83, cash in full with order, or $39.00 C. O. D., you will get the cost of the complete rig trimmed as you like it.

OUR COLUMBUS AA, A AND B GRADE VEHICLES LEAD ALL OTHERS. IT WILL PAY YOU TO GET A COLUMBUS JOB.

WE ARE HEADQUARTERS FOR COLUMBUS, O. BUGGIES

AND WE RECOMMEND THE COLUMBUS, O. BUGGIES ABOVE all others. For the coming season we have made our contract with one of the oldest, largest and most reliable manufacturers in America, at **Columbus**, Ohio, a concern with a world-wide and enviable reputation for their complete line, including open buggies, top buggies, phaetons, surreys, carriages, etc.

FOR THE FIRST TIME THIS WORK WILL BE put on the market at a price within easy reach of all. Never before has this class of work been sold, even in a wholesale way and in carload lots, at anything like the prices we are now able to offer.



THERE WERE SO MANY FAILURES LAST YEAR among carriage manufactnrers that the Columbus concern decided to make its contract with us, and as we take all their surplus product they were willing to figure on the basis of actual cost that they might keep their factory running. To this we add our one small percentage of profit and this is all you have to pay.

ALL COLUMBUS VEHICLES ARE QUOTED F. O. B. FACTORY AT COLUMBUS, OHIO, from which point you must figure the freight. If you live east or southeast of Chicago the freight will be less than from Chicago. If you live west or northwest of Chicago, the freight will be about 40c per cwt. more than from Chicago. **In ordering it will pay you to select a Columbus vehicle**, even at the slight additional cost, as you will have a rig that will give you the best service and one that will be far cheaper in the end than the cheaper grade of work which is generally offered by wholesale and retail dealers.

UNDERSTAND THE COLUMBUS WORK heretofore has only been handled by comparatively few dealers in large cities, and there almost exclusively by the Columbus company's own representatives.

OUR $39.90 COLUMBUS, O. TOP BUGGY.

This Buggy comes with End Spring or Brewster Side Bar Spring, as desired.

No. 92812. Order by Number.

Our Special Price of $39.90 is for the Buggy as illustrated and described. **We can furnish it with any special trimming**, any special finish, with either pole or shafts, or both pole and shafts, at the additional prices named at the bottom of page.

$41.13 is our regular price for this Buggy, $39.90 if cash in full accompanies the order.

AT OUR REGULAR PRICE $41.13, we will ship the buggy by freight C. O. D. subject to examination on receipt of the required deposit as explained in our terms of shipment, or if cash in full accompanies your order you can deduct 3%, or $39.90 pays for the rig.

THIS IS OUR REGULAR B GRADE BUGGY. We also furnish it in A grade. We also have Columbus buggies in AA grade as illustrated and described on another page.

☞**For more complete Descriptions, Illustrations, etc., send for our Free Vehicle Catalogue.**

THE ILLUSTRATIONS ENGRAVED FROM PHOTOGRAPHS will give you some idea of the appearance of this rig.

We furnish this buggy in either square piano box or Corning body as illustrated; in **End Spring** or **Brewster Side Bar Spring**, as desired.

GEAR.—**We build this job on an end elliptic spring** with drop axles, or **Brewster Side Bar Spring** with arch axles, as desired. Make it either in 4 feet 4 inch., 4 feet 8 inch., or 5 feet 2 inch. track, as desired. Be sure to state the track wanted. The fifth wheel is full wrought Derby with double king bolt braced. Axles are all steel, spindles steel converted, making them very hard and impervious to wear. Size of axles, ⅞ and 1 inch. All gear woods, axle caps, spring bars and reaches are made of selected second growth hickory. Axle caps are cemented firmly to each axle. Reaches ironed full length. Springs of the best steel, oil tempered and tested. All bolts, clips and forgings of best Norway iron.

WHEELS.—We use either Sarven's patent or compressed band wheels, as ordered; ¾ or ⅞ inch tread. Tire on all wheels is steel and round edge projecting over the felloes just enough to protect the wood from wear. We use wheels in height as follows: 3 feet front, 3 feet 4 inches rear; or 3 feet 2 inches front, 3 feet 6 inches rear; or 3 feet 4 inches front, 3 feet 8 inches rear. The material in all our wheels is strictly first class, and they are made on the most approved manner possible. The tire is bolted between each spoke.

SHAFTS.—**All are made of selected second growth hickory** and of the latest design. They are substantially ironed with heavy iron so that the heels will not streighten out in use.

BODY.—**We furnish this buggy with a body 22 inches wide only** and 52 inches long with concave seat raisers. All bodies and seats are made with the best yellow poplar panels and second growth ash sills, put together in the best possible manner, screwed and plugged from the outside and inside. The seat in width, measuring over top of cushion, is 31½ inches, depth 16½ inches, height of back of cushion 14½ inches.

TRIMMINGS.—In this our regular B grade, the seat and back are trimmed in either green cloth or green leather. We make it with both spring back and spring cushion. The cushion has wings on the sides covering inside of seat. The back of the seat is wood, painted the same as the body. We use a full length carpet and also a heavy rubber boot over back of body. The dash frame is made of the best steel and covered with a good quality enameled leather.

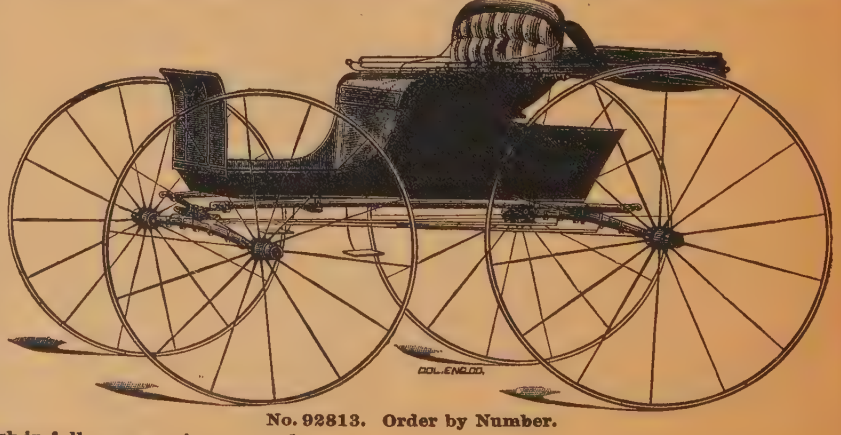
MOUNTINGS.—**We furnish this buggy with silver mountings** if desired, such as dash rail, hub bands, hand holds and top prop nuts without extra charge.

TOP.—**Made with a full leather top** excepting half rubber side curtains, or with top made of leather quarter, or with heavy rubber imitation leather throughout.

At our special price of $41.13 we furnish the imitation leather. **For leather quarter** and **full leather** see **extras below. The shifting rail is so arranged** that the top can be taken off the seat without any trouble whatever, making an open buggy.

PAINTING.—**All bodies are painted black** regularly with gears of Brewster green, although if desired we can paint the gears either black or carmine. Gears, wheels and shafts are striped in an artistic and elegant manner. In painting this buggy we use the best material to be obtained in leads and oils and give the work plenty of time to dry so that the paint will stand in any climate.

Our special price, $41.13 C. O. D. or $39.90 cash in full with order, is for the buggy complete in **our regular B grade with full length carpet, anti-rattlers and shafts.**



EXTRA FOR POLE WITH NECKYOKE and Whiffletrees in place of shafts, $2.00. **Extra for both pole and shafts, $4.00. Extra for leather quarter top, $4.00. Extra for full leather top, $6.00.**

THE SAME BUGGY IN OUR A GRADE,

which is a better finished rig, having the very **best No. 1 wheels,** painted in **13 coats,** the first coats rubbed out with pumice stone, **cushions,** back and top **lined with 18 ounce English wool dyed body cloth or machine buffed leather, genuine machine buffed leather quarter top, nickel plated** throughout, **full length Brussels carpet, panels lined** with Brussels carpet, **a strictly fine Vehicle** in every particular.

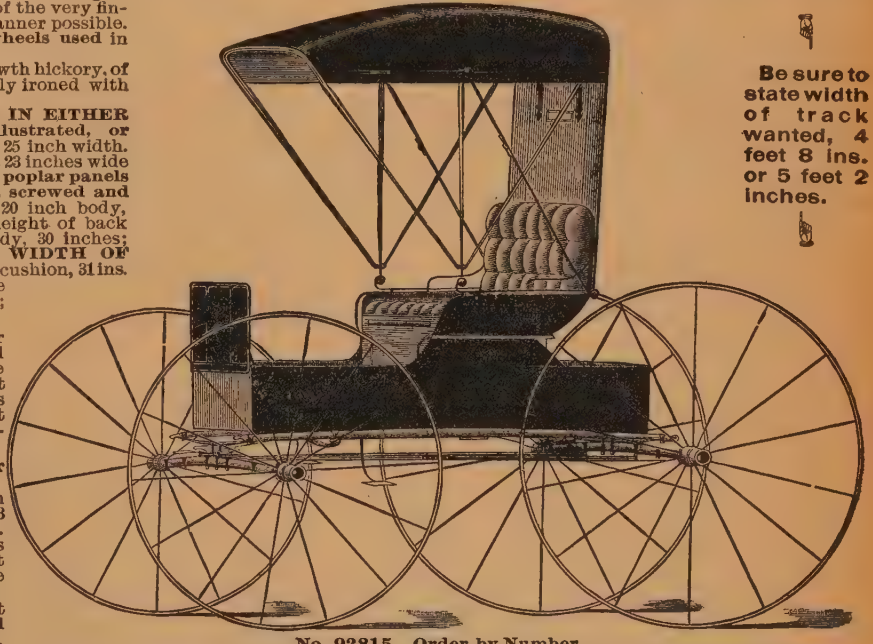
DESCRIPTION OF OUR AA GRADE $65.00 TOP BUGGIES.

GEAR. **We build this job either with a piano box body** as shown in the cut, or with a **Corning body,** as desired. We build it with **arch axles and Brewster springs,** or with **drop axles and elliptic end springs,** as desired. The fifth wheel is full wrought, the finest grade; **axles all of steel, highest grade; Spindles, steel converted,** making them very hard and impervious to wear. Size of axles, ⅞ by 1 inch. **All gear wood,** such as **axle caps, spring bars, side bars and reaches** are of the very best, carefully selected **second growth Michigan hickory. Reaches are ironed** full length with the very best **Norway iron. Springs** of the **best tool steel, oil tempered and tested. All bolts, clips and forgings** are of the very best **Norway buggy iron.**

WHEELS. **We use the highest grade wheel we can get** in this grade work, either **Sarven's patent or compressed band wheel** as ordered. The wheels on our A or AA grade work will be as good as new when the cheaper grade of wheel will have long since been worn out. ¾ or ⅞ inch tread, tire is of the very best tire steel, round edge projecting over the felloes just enough to protect the wood from wear. We can furnish wheels for this job either 3 feet 2 inch and 3 feet 6 inch, or 3 feet 4 inch and 3 feet 8 inch in height. The material in the wheels is strictly second growth hickory of the very finest quality, and they are put together in the most approved manner possible. Tire is carefully bolted between each spoke. **A set of the wheels used in this buggy is worth five sets of the commen Special B grade.**

SHAFTS. **Shafts are all made of selected** second growth hickory, of the latest design. They are substantially ironed with heavy irons so that the heels will not straighten out in use.



BODY AND SEAT. **WE FURNISH THIS JOB IN EITHER PIANO BOX BODY,** as illustrated, **or CORNING BODY,** and can furnish the body in either 20, 22 or 25 inch width. **ALL BODIES** are 52 inches long. The **CORNING BODY** is 23 inches wide and 50 inches long. All bodies and seats are made of the **best poplar panels second growth ash sills,** are put together in the **best manner, screwed and plugged** from inside and outside. **WIDTH OF SEAT,** on 20 inch body, measuring over top of cushion, 26 inches; depth, 16 inches; height of back over cushion, 14 inches. **WIDTH OF SEAT** on 22 inch body, 30 inches; depth, 16 inches; height of back above cushion, 14½ inches. **WIDTH OF SEAT** on 25 inch, or regular sized body, measuring over top of cushion, 31 ins. Depth, 16 inches; height of back over cushion, 14½ inches. On the Corning body, width of seat measuring over top of cushion, 31 ins.; depth 17 inches; height of back above cushion, 15 inches.

TRIMMINGS. **We trim the Seat and back** in either the very finest imported all wool English green or blue body cloth, or green genuine machine buffed leather. We use the very best spring back and spring seat cushions. The back of the seat is also wood painted same as body. We use a full length velvet carpet, heavy rubber boot over back of body, and dash frame is made of best steel, covered with the very finest enameled leather.

MOUNTINGS. **We furnish this Buggy with silver mountings throughout.**

PAINTING. **Our AA grade buggies are painted in** the very highest style of the art, in 13 coats of paint, the first coats rubbed out with pumice stone. Nothing but the very best grade of paints, oils and varnishes are used, and they are given ample time to dry in a dark, dust proof room, which is kept at an even temperature. Bodies are black, gear dark green with suitable gold stripe.

IN OUR AA GRADE BUGGIES we furnish the very best machine buffed leather quarter top, or at **$5.00 extra, full leather top.** All tops have machine buffed solid leather valance, front and rear, sewed on. The head lining is of the very best imported all wool English green dyed body cloth.

Be sure to state width of track wanted, 4 feet 8 ins. or 5 feet 2 inches.

No. 92815. Order by Number.

The above illustration engraved from a photograph will give you some idea of the appearance of our AA and A grades of Top Buggies.

The Bows to the Top are Leather Covered, the Top Prop Nuts are Leather Covered, the Seat Handles are Leather Covered, the Steps have Rubber Covered Step Pads.

All these features only to be found on the very finest work. It is not only these little points alone that go to make this Buggy the very best, but the fact that only the most skilled mechanics are allowed to work on the AA grade, nothing but the very finest material enters into every piece and part of the work, and when completed there is nothing finer in appearance, more durable or better made at any price.

AT $65.00 LEATHER QUARTER TOP, OR $70.00 IN FULL LEATHER TOP, we furnish the **AA Grade Columbus Top Buggy** with full length **Velvet Carpet, Toe Carpet, Panel Carpet, Full Length Side and Back Curtains, Storm Apron, Leather Foot Protectors** to both sides of box, **Anti-Rattlers** and **Shafts.**

FOR POLE WITH NECKYOKE AND WIFFLETREES complete, in place of Shafts, add $3.50.

FOR BOTH POLE AND SHAFTS add $6.00.

OUR A GRADE AT $55.00 IN FULL LEATHER QUARTER TOP, OR $60.00 IN FULL LEATHER TOP is a buggy exactly like the illustration above, and a buggy that will compare in every way with any buggy you can buy elsewhere at from $75.00 to $100.00. **It has the highest grade wheel, the very best material in every piece and part. The leather is all genuine machine buffed leather.** The difference in price to you is only the difference in cost to us, and that is in trimmings and workmanship. **This A Grade Buggy at $55.00 and $60.00** does not have the **leather covered bows and leather covered prop nuts, the leather covered seat handles, the rubber covered step pads; it is not painted in 13 coats,** nor made and finished by the same class of workmen. **It is, however, A STRICTLY HIGH GRADE BUGGY,** one that we can recommend in every way, and a buggy we **GUARANTEE FOR TWO YEARS,** and one that will last a natural life time. We would recommend by all means you buy **OUR COLUMBUS, O., A GRADE BUGGY AT $55.00 OR $60.00** if you do not buy our **AA GRADE COLUMBUS AT $65.00 OR $70.00.**

FOR ADDITIONS TO THE A GRADE COLUMBUS AT $55.00 AND $60.00, add for pole with neckyoke and whiffletrees, in place of shafts, $2.50. For both pole and shafts, $4.50.

THE BUSINESS WE DO IN WATCHES, JEWELRY, ETC., WOULD BE CONSIDERED LARGE FOR THE BIGGEST WHOLESALER IN THE COUNTRY. NO WONDER WHEN YOU SEE OUR PRICES AND LIBERAL TERMS,

A BINDING

Two Year's Guarantee Goes with Every Vehicle

By the Terms and Conditions of which if any piece or part gives out by reason of defective material or workmanship we will replace it free of charge.

With care this Surrey will last a natural lifetime.

THE ABOVE ILLUSTRATION, ENGRAVED FROM A PHOTOGRAPH, will give you some idea of the appearance of this surrey. We describe it as follows.

DESCRIPTION.

GEAR. **We build this vehicle in two elliptic end springs only,** as shown in cut. Both axles are drop. We make it with 4 ft. 8 in. or 5 ft. 2 in. track, as desired. The fifth wheel is full wrought with heavy king bolt braced. Axles are all steel. Spindles, steel converted, making them very hard and impervious to wear. Size of axles, 1 1-6 by 1¼ inches front and rear. All gear wood, such as axle clips, spring bars and reaches are selected hickory. Axle caps are cemented firmly to each axle. Reaches are ironed full length in the most substantial manner. Springs are of the very best steel, oil tempered and tested. All clips, bolts and forgings are of the best Norway iron.

WHEELS. **We use either Sarven's patent or compressed band wheels,** as desired, and they are strictly first class guaranteed goods, ⅞ or 1 inch tread, as desired. Tire on all wheels is steel, electric welded, round edge, projecting over the felloes just enough to protect the wood from wear. The material in the wheel is strictly first class in every respect, made in the most approved manner and guaranteed to stand any climate. Tire is bolted between each spoke.

SHAFTS. All shafts are made of selected hickory and of the latest design. They are substantially ironed with heavy irons so that the heels will not straighten out in use.

BODY AND SEATS. We furnish this surrey with a body exactly like that shown in cut, 70 inches long and 24 inches wide. In making the same we use the best selected yellow poplar for panels and second growth ash for sills, put together in the securest manner possible, screwed and plugged from inside and outside. Seats measure in width over top of cushion, 34 inches. Depth of front seat, 16 inches; of rear seat, 17 inches. Height of back above cushion, front seat, 17 inches; height of back above cushion, rear seat, 18 inches. The body of this vehicle is constructed in such a manner that the back seat can be removed in an instant, making a light buggy or delivery wagon.

TRIMMINGS. **The seat and backs are trimmed** in either green cloth or green leather. We make the vehicle with spring backs and spring cushions to both seats, use a full length carpet and style of dash shown in cut. We cannot furnish this job with lamps or fenders as it is not adapted to receive them.

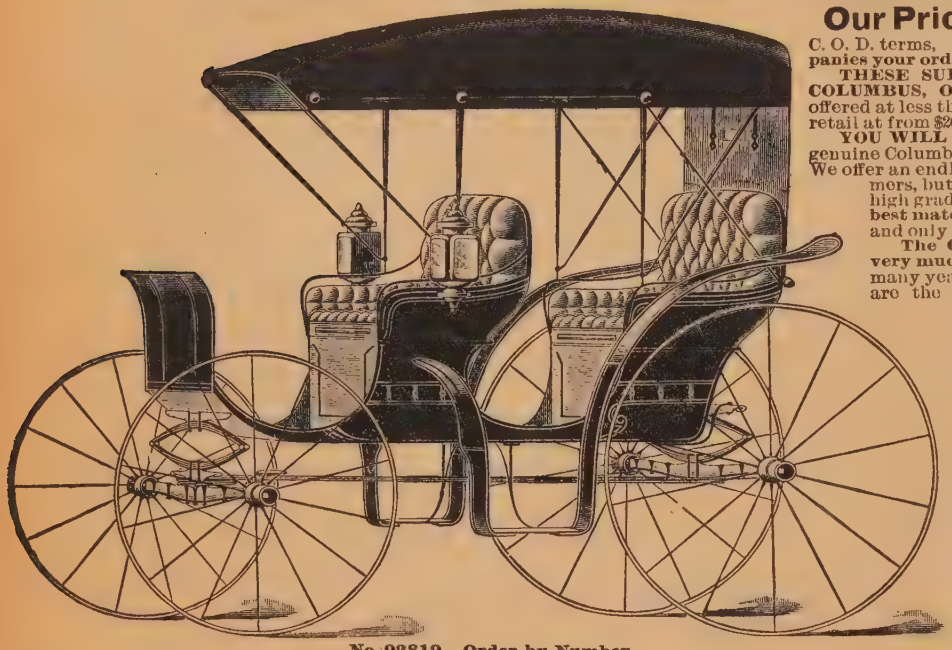
MOUNTINGS. We can furnish silver mountings if desired, such as dash rail, or hub band; no extra charge.

TOP. Canopy only with heavy fringe. We cannot furnish an extension top with this vehicle on account of the back seat being removable. Side curtains and back curtains are all made of heavy rubber.

PAINTING. **All bodies are painted black** regularly, with gears a Brewster green, although if desired we can paint the gears either black or carmine. The gears, wheels and shafts are striped in an artistic and elegant manner. In painting this vehicle we use the best material to be obtained in lead, oils and varnishes, and give the work plenty of time to dry in a dark room so that the paint will stand in any climate.

THIS RIG WEIGHS ABOUT 600 POUNDS. Shipping weight, 750 pounds. Capacity, 800 pounds. The price is for Surrey complete with Canopy Top, full length side and back curtains and shafts. **Extra for Pole with Neckyoke** and Whiffletrees complete in place of shafts, $2.50.

THIS IS OUR REGULAR A GRADE SURREY. Remember we have Surreys for less money, and for cheaper work and a great variety of A and AA work we would refer you to our Special Catalogue, which we will mail free on application.



YOU CAN SAVE PART OF YOUR CARPENTER'S BILL BY BUYING YOUR HARDWARE, BUILDER'S HARDWARE, SASH, DOOR, AND BLINDS. SEE INDEX OF THIS CATALOGUE AND COMPARE OUR PRICES WITH THOSE OF ANY OTHER HOUSE ON EARTH.

No. 92819. Order by Number.

Our Prices $87.00 and $99.00 are on our regular C. O. D. terms, **3 per cent discount allowed if cash in full accompanies your order.**

THESE SURREYS ARE OUR VERY FINEST AA GRADE COLUMBUS, O. WORK, and such surreys as were never before offered at less than double the price, in fact, equal to surreys that retail at from $200.00 to $250.00.

YOU WILL FIND NOTHING FINER THAN THE AA GRADE genuine Columbus, O. work. There is nothing better on the market. We offer an endless variety of Surreys at all prices to suit all customers, but we cannot possibly offer anything better than this high grade **AA Columbus, O. Work. Nothing but the very best material** enters into the construction of these vehicles and only the most skilled mechanics are employed.

The Columbus Vehicles are too well known to require very much elaboration. They have been made for a great many years and have stood the test of time and wear, and we are the first catalogue house to offer this work at popular prices.

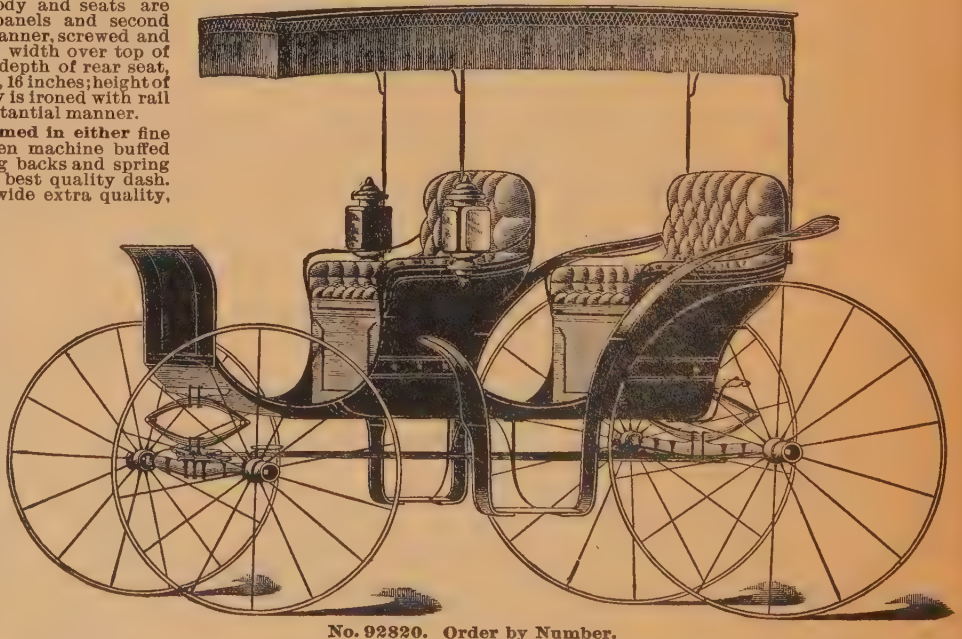
THE ILLUSTRATIONS ENGRAVED FROM PHOTOGRAPHS will give you some idea of the appearance of our **Highest Grade AA Columbus, O.** straight silk extension top or canopy top surreys.

DESCRIPTIONS.

GEAR. **We build this surrey with two elliptic** end springs as shown in cut, and drop axles, or with **Brewster springs,** arch axles. In ordering, be sure to state which are wanted. We make it with **4 feet 8 inch, or 5 feet 2 inch, track. Be sure to state width of track wanted.** The fifth wheel is full wrought iron with heavy king bolt braced. Axles are all of the finest axle steel, spindles steel converted, making them very hard and impervious to wear. Size of axles 1 1-16 inch by 1¼ inch front and rear. All gear woods, such as axle caps, spring bars and reaches are of selected second growth hickory. All axle caps are cemented firmly to each axle. Reaches are ironed full length in the most substantial manner. Springs are of the best spring steel, oil tempered and tested. All clips, bolts and forgings are of the very best Norway iron.

WHEELS. **We use either Sarven's patent or compressed band hubs,** as ordered; ⅞ inch or 1 inch tread. Tire on all wheels is steel, electric welded, round edge, projecting over the felloes just enough to protect the wood from wear. The material in the wheels is strictly first-class in every respect, and they are made in the most approved manner and are guaranteed to stand in any climate. Tire is bolted between each spoke. These wheels are No. 1, high grade, every wheel thoroughly tested, will outwear half a dozen sets of the ordinary cheap grade work.

SHAFTS. **Are all made of selected second growth hickory,** the very latest design. They are substantially ironed with heavy irons so that the heels will not straighten out in use.



BODY AND SEATS. The body furnished on this vehicle is exactly the same design as shown in cut. Body and seats are made only with the best selected yellow poplar panels and second growth ash sills, put together in the best possible manner, screwed and plugged from inside and outside. Seats measure in width over top of cushion. 33 inches. Depth of front seat, 16 inches; depth of rear seat, 17 inches; height of back above cushion on front seat, 16 inches; height of back above cushion on rear seat, 18 inches. The body is ironed with rail over each side panel as shown in cut in the most substantial manner.

TRIMMINGS. **The seats and backs are trimmed in either** fine imported all wool English green body cloth or green machine buffed leather. Both front and back seats have full spring backs and spring cushion, carpet front and back, and latest pattern, best quality dash. Lamps hung on body only as shown in cut. Very wide extra quality, double fenders as shown in cut.

MOUNTINGS. We furnish this rig with silver mountings if desired, including full silver plated hub bands, prop nuts, dash rail, etc.

TOP. **Canopy or extension, as desired,** according to price. Canopy top is the very best and strongest made, has a very heavy fringe, full side and back curtains made of heavy rubber. The extension top comes regularly in leather quarter, heavy rubber side curtains, heavy rubber roof, lined throughout with English wool dyed body cloth. The leather in this top is machine buffed and of the very best grade.

PAINTING. **All bodies are painted black regularly** with gears a Brewster green although if desired we can paint the gears either black or carmine. The gears, wheels and shafts are striped in an artistic and elegant manner. In painting this vehicle we use the best material to be obtained in leads, oils and varnishes, give the work plenty of time to dry and that in a dark dust proof room so that the paint will stand in any climate. These rigs are painted in the highest style of the art in 13 coats, the first coats rubbed out with pumice stone. **The painting alone on the AA work requires an expense in material and labor** sufficient to paint half a dozen cheap grades of work.

No. 92820. Order by Number.

The special price named above, $87.00, for canopy top, or $99.00 for leather quarter extension top surrey, includes the surrey complete with extra wide full fenders, full length side and back curtains, extra fine lamps, silver plated trimmings when desired, and shafts.

Extra for pole with neckyoke and whiffletrees complete in place of shafts, **$3.50.**

Extra for both pole and shafts. $5.00.

Extra for full leather top in place of leather quarter top, $7.00.

Understand this is our very finest work, the AA grade genuine Columbus, Ohio manufacture, and as good a surrey as you can buy, no matter how much you may pay.

This rig weighs about 500 lbs., capacity 800 lbs., shipping weight 650 lbs. **The price quoted is for surrey crated and delivered on board the cars at Columbus, Ohio.** If you live east or south of Chicago you will save the difference in freight; if you live west or northwest of Chicago you will have to add about 40 cents per 100 lbs. to Chicago freight rates.

IT WOULD BE A SERIOUS LOSS TO US SHOULD WE NAIL TO PLEASE YOU. WE WANT YOUR TRADE AND WANT IT SO BAD THAT WE WILL DO ALL IN OUR POWER TO GIVE YOU GOOD SERVICE.

The above are our regular prices when sent by freight C. O. D. subject to examination on our regular terms.

$64.90 Pays for the Open Trap
$79.55 with Canopy Top,
If cash in full accompanies your order.

If you send cash in full with your order you may deduct 3 per cent from our regular prices, in which case you own the open trap at $64.90 and the canopy top at $79.55. **Nearly all our customers send cash in full.**

On traps we are ready to furnish you strictly up to date city work, at prices that will extend this class of goods into all sections, the smaller cities, towns and country as well as the metropolis.

We furnish at $64.90 and $79.55 traps that have been retailed in the best city establishments in the past for $100.00 and $150.00, and on our one small profit plan direct from manufacturer to consumer, we are able to furnish a wealthy man's rig at a poor man's price, able to bring within reach of our many patrons such vehicles as have heretofore been in possession of the wealthy only.

This trap is a strictly modern vehicle, all the rage in large cities, and destined to become very popular everywhere, as it makes a very serviceable, stylish, good everyday use carriage.

The illustration shows the rig open and in docedo form, but as shown in our trap No. 95089, you can see how it will appear when used as a two-seated surrey in the regular way, also the construction of the front seat and its appearance as a canopy top rig. **This rig must be seen to be appreciated.** It is made by one of the largest and most reliable trap manufacturers in the country, a concern whose reputation for the manufacture of trap work is without an equal. Nothing but the very best material enters into the construction of this work. The makers employ only skilled mechanics and no job is allowed to leave the factory until it has received the final critical inspection of an expert to know that it is perfect in every detail.

DESCRIPTION. **BODY**—The body of this rig is beautifully finished, 62 inches long, 28 inches wide at bottom; distance from front cushion to dash is 24 inches; end rail dash with silver plated line rail. Body is nicely paneled, lower panel and main body painted black; upper panel, fancy color. Front cushion is 32 inches wide and 15 inches deep; rear cushion, 33 inches wide, 14 inches deep.

TRIMMING—It is upholstered in the highest style of the art with English wool dyed body cloth, fine grade imported corduroy or select leather, as desired.

GEAR—Gear is the very best selected second growth hickory, ironed throughout with Norway iron. Single reach ironed full length, bottom and sides with Norway iron. Length of gear from center to center of axles, 54 inches.

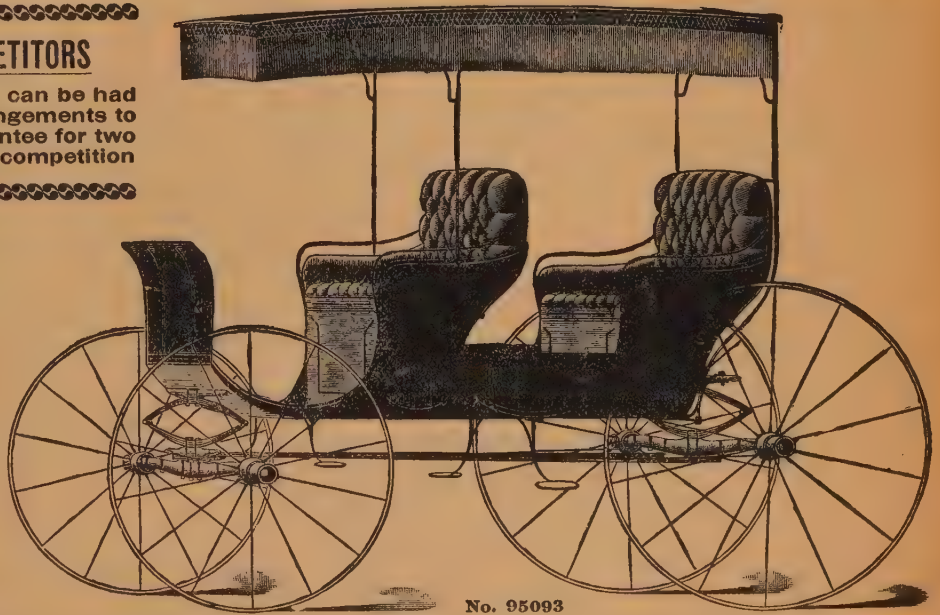
Our $48.40 B Grade Michigan Canopy Top Surrey.



SO MUCH HAS BEEN SAID BY OUR COMPETITORS

As to how cheap a two seated surrey can be had that we have decided to make arrangements to show a surrey we can sell and guarantee for two years, and yet at a price that would defy competition

WHILE WE SHOW A SURREY UNDER OUR SPECIAL B GRADE AT $44.00 and a surrey that is being extensively advertised and sold under glowing descriptions with very long and promising guarantees, **it is not a surrey that can be relied upon, not one that we can guarantee; but we are able to offer you at $48.40 on our regular terms, or $46.95 cash with order,** a farmer's two seated surrey which **we can guarantee in every respect,** and with this surrey we send a written binding two years' guarantee, by the terms and conditions of which if any piece or part gives out by reason of defective material or workmanship, we will replace it free of charge,

$48.40 is our regular price, and at which price we will send the surrey to any address anywhere in the United States, C. O. D. subject to examination on receipt of the required deposit.

Three per cent cash discount brings the surrey down to **$46.95,** and we invite a comparison of this price with any price you can get from any house for any kind of a surrey, guaranteed or otherwise. This surrey is made in southern Michigan by a very reliable maker,

ROAD CARTS

No. 95145. Order by Number.

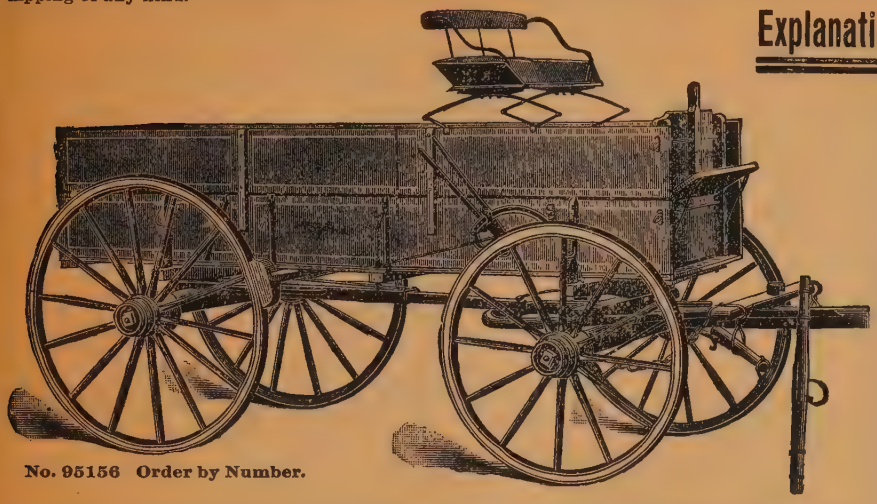
There has been a great demand for road wagons the past few years and many manufacturers have turned their attention to this class of vehicles. The competition has been such that many inferior grades of work has been turned out by some factories. In arranging for our line of road wagons for the coming season we decided to handle nothing but thoroughly high grade work and endeavor, by entering into a large contract with the manufacturers, to produce a road wagon which we can fully recommend and guarantee, and yet bring it within the limit of price at which other dealers are selling inferior work. The result is we are able to furnish a thoroughly first-class line of road wagons at lower prices than our competitors are offering an inferior grade of vehicles. Our road carts are all made by the largest road cart manufacturer in the world at Indianapolis, Ind. We make no charge for crating or cartage, but deliver f. o. b. cars at Indianapolis free of charge, and road carts, like all other vehicles, we ship to any address C. O. D., subject to examination, on receipt of a small deposit, as heretofore explained. You can examine them at the freight depot, and, if not perfectly satisfactory and exactly as represented, they can be returned to us. If they are found perfectly satisfactory you can pay the agent our price and freight charges, less the amount sent with order, and the cart is yours. By reason of our most extraordinary terms, high standard of quality and our prices, which are about one-half that charged by other concerns for the same class of goods, our trade has been something phenomenal.

OUR $8.45 ROAD CART

You may wonder how it is possible for us to produce such a road cart for such a small amount of money, but a road cart is light, it only weighs about 125 pounds, and while there is nothing but the very best material used in this class of vehicles, the manufacturer has equipped himself with automatic machinery for turning most of the parts for this rig fitted with an exactness which can not possibly be done by the most skilled workman by hand; the result is we have this high class of road carts at the lowest possible prices, and we can assure you our profit is figured so close that it is only by selling these carts in untold quantities that we are able to maintain the prices we do. The carts are very strong and thoroughly well made and nicely finished in natural wood and carries two passengers. All second growth hickory, 1 inch double collar steel axle, square at shoulders, octagon and square in center, steel tire bolted on, low bent seat arms, perfectly balanced, long, easy-riding, oil tempered springs, Sarven's patent wheel with tire 1 inch wide. Width of seat from rail to rail, 30 inches; weight, 125 pounds; shipping weight, 140 pounds.

In offering this cart at $8.45 we accept as our profit but a few cents, but do it with the knowledge that the sale of one cart effects another, by which we mean that the sale of one cart in a neighborhood will cause the sale of many more. It frequently happens that we sell a vehicle in a neighborhood where we have heretofore made no sales, and the result is in a few months our vehicles can be seen on the village streets every day, and as soon as the people learn of the manner in which we treat our customers and the values we are able to give we receive all their trade. Our profit is not so much in dollars and cents as it is in advertising. We make our goods do nearly all our advertising.

OUR $13.85 LEADER.



No. 95147. Order by Number.

This cart at $13.85 is a bargain. It is a special offer and on which we are having a great sale. It is in every way equal to carts that are being retailed throughout the country at from $22.00 to $25.00. Is a first-class job in every respect, covered by a binding two pears' guarantee, during which time if any piece or part gives out by reason of defect in the material or workmanship we will replace it free of charge. We will send it to any address by freight, C. O. D., subject to examination, on receipt of a small deposit, as heretofore explained. You can examine it at the freight depot, and, if you find it exactly as represented and perfectly satisfactory in every respect, pay the agent our price, $13.85 and freight charges, less the amount sent with order, and the cart is yours.

This cart is made of thoroughly first-class material, wheels and shafts are made of best selected second growth hickory and the body of selected white wood. It is the easiest riding road cart made; has oil tempered springs hung in loops under shafts; body is large and roomy; painted in wine, green or natural wood finish, as desired; shafts, seat and back are nicely trimmed, as shown in the cut; and a handy box is provided underneath the seat for packages, tools hitch reins, etc. Weight is 140 pounds; shipping weight, 160 pounds. It is sometimes difficult to convince a party at a distance of the extraordinary values we are able to give. We are working at a disadvantage in this respect, as we can only show a picture, while your retail dealer has the cart on the floor to show. We can only ask the privilege of sending ours to you C. O. D., subject to examination, but when you have given us this privilege. and you see and examine our work at your freight depot, and compare it with anything you have ever seen at anything like the price, we are not only sure of selling you, but of also securing your influence in our behalf, and in this way we will get more orders.

OUR ABINGDON, ILLINOIS, LINE OF HIGH GRADE FARM WAGONS.

THE FOLLOWING LINE OF FARM WAGONS is made at Abingdon, Illinois, by a concern whose enviable reputation for the manufacture of high class work is a guarantee for their quality, **The wood material is air seasoned, bone dry.** The iron and steel are of best quality. Wheels are well ironed and boiled in hot oil. Hubs are best oak and black birch. Spokes are strictly select. Felloes finest white oak. Axles select young hickory. Gear select white oak. No. 95156 Order by Number.

The above cut represents our Box Brake Wagon with thimble box is desired. Regular farm sizes 2¾x8½, 3x9, 3¼x10, 3½x11. Cast thimble skeins. A thribble box comes in as an extra.

Explanations and Extras for Our No. 95156 Wagon.

READ THIS CAREFULLY BEFORE ORDERING and save mistakes and misunderstandings. Different widths of tracks are used in different localities. **Always state whether you want a wide or a narrow track wagon.** Our wide track wagon is 5 feet and our narrow track wagon is 4 feet 6 inches from center to center of tire. The box on a wide track wagon is 3 feet 6 inches wide outside. On a narrow track wagon it measures 3 feet 2 inches outside. We can furnish a narrow box on a wide track wagon if you so order it. The tongue on this wagon is either a stiff or a drop tongue. Order it as you want it. On all farm wagons size 2¾x8½ skein and larger we can furnish any width tire wanted. The tires are regular, as quoted below. If you want wider tire add to the price of the wagon 65 cents for each ¼ inch wider than regular width. That is, if you want a 2-inch tire on the 2¾ x 8½ wagon you will add $1.30 to the price of the wagon, as the regular tire is 1½ inches, and you hence have added ½ inch or 2-4 inch to the width. The height of wheels on 2¼ and 2½ wagon is, front 3 feet 6 inches, rear 4 feet. On larger sizes the front wheels are 3 feet 7 inches high and rear 4 feet 4 inches high. Beds on 2¾ and 2½ inch wagons are 10 feet long. Beds on 2¾ inch and larger wagons are 10 feet 6 inches long. At bottom beds are 14 inches deep. All top boxes are 12 inches deep. If you want box brake extra, add $2.50 to the price of whichever size wagon you order. If you want gear brake add $5 to the price of whichever size wagon you order. If you want both gear and box brake add $7.50.

WE ALSO FURNISH a third box, or triple box, which is often called a corn box, and will be found very convenient when you desire to haul a big load of light, loose material, such as corn, oats, barley or potatoes, in bulk.

Our special price for third box to fit any wagon is $2.00. If the third box is desired be sure to so state in your order and add $2.00 extra for same. Understand the extra boxes are separable and need be used only when so desired.

$7.95

No. 92908.

BRIDLE—⅝ inch fancy box loop cheeks, fine patent leather blinds, round winker braces, made with over-check and layer on crown, fancy nickel chain front, fancy rosettes, fancy silver nickel jointed bit.

HIP STRAPS—⅝x50 inches.

TURN BACK—¾ inch, fancy, creased and finished, flax seed crupper.

BELLY BAND—Griffith style, folded, such as is used in all first class harness, 1½x21 inches.

BREECHING—1¾x39 inches, folded and stitched, raised layer.

BREAST COLLAR—1¾x36 inch folded and stitched, with box loops and raised layer. In keeping with the traces, the breast collar is also made very strong from selected heavy stock.

SADDLE—A genuine full leather single strap saddle, 2½ inch single strap skirts, 8 inch leather bottom pad, nicely stitched and ornamented. The saddle is A1 stock and shows for itself. The most showy and durable saddle made.

TRACES—The most important parts of a harness are the traces. This has not been over-looked in special No. 92908 at $7.95. They are extra heavy and made from selected stock, full 1¼ inches wide, 8 feet long, double and stitched, finely raised, rounded edges worked down smooth, and made to buckle into breast collar. The regular size trace is 1 inch. You will notice this 1¼ inch trace harness has been built for service.

LINES—⅞ inch with 1 inch hand parts; the lines are made from select stock.

TRIMMINGS—Finest quality silver nickel throughout, including hooks, terrets, buckles, etc. By the best quality, we mean silver nickel on a patent composition that will wear for years and never tarnish. Very fancy hooks and terrets of the latest and most fashionable pattern; in fact the trimmings used on this harness will compare favorably with those used on the highest priced harness on the market.

Suit Fits Better Than What Retails at $16.50.

WATERVLIET, MICH., Jan. 13, 1897.

SEARS, ROEBUCK & CO.

GENTS:—The suit of clothes which I ordered of you received about a week ago and must say that it exceeded my expectation, is equal to suits which they ask $16.50 for here and fits much better; you may depend on my trade in the future.

Yours, ARTHUR MAYBEE.

Our Goods and Prices Always Stir Up Interest.

JOHNSON, VT., Jan. 16, 1897.

OGALALLA, KEITH CO., NEB., Jan. 15, 1897.
SEARS, ROEBUCK & CO.
DEAR SIRS: I received the 2 pair of shoes and pair of jeans pants I sent to you for and they are just right, the shoes fits grand, everybody that sees them say they cost more than I say, and they cannot believe I got them so cheap, I tell them when they want shoes, pants or anything else just send to the Best House on Earth, Sears, Roebuck & Co. and they will get just what they want; everybody says the pants is a regular $2.00 pants that is what they charge here for pants not half so good as those I got of you. I am going to send to you for 3 pair of shoes for my little ones, the S. R. Co. kind, as soon as I can get some money which is very scarce now. I should have answered you before to let you know I got things all right but have been very busy, with many thanks for your kindness, I remain Very gratefully yours, MRS. N. M. BRUNDAGE.

DEPARTMENT OF SADDLES

SEARS ROEBUCK & CO.

In Our Saddle Department

we have endeavored to show everything in the Saddle line, including all the very latest styles and most desirable goods.

Our Saddles are all made by one of the largest and most reliable manufacturers in the country, a concern whose reputation for the manufacture of the highest grade work is everywhere recognized.

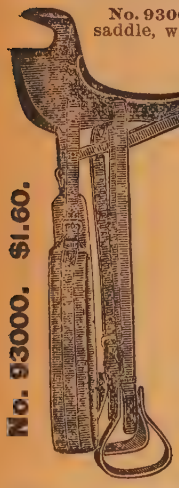
If you buy your Saddles from us you will be sure of not only getting lower prices than you could possibly get elsewhere, but the best grade work on the market.

Our Saddle trade has grown until we are now among the largest dealers in this line in this country. **We are daily shipping** saddles to almost every state and territory in the Union as well as foreign countries.

The low prices we offer, the quality of goods we handle, and our liberal terms of shipment commend our line to your favorable cosideration.

Saddles will be shipped by Express C. O. D. subject to examination on receipt of $1.00 as a guarantee of good faith to all points except in the states of California, Washington, Oregon, Idaho, Montana, Utah, Nevada, Arizona, New Mexico, Colorado, Wyoming, Texas and Florida. From these points cash in full must accompany your order, which will entitle you to a discount of 3%. We allow a discount of 3% where cash in full accompanies an order. You take no risk for we will cheerfully refund your money if goods are not perfectly satisfactory.

ABOUT OUR PRICES. **We advertise hand made Saddles at from $1.60 upwards,** and we believe a careful comparison of our prices with those of any other concern will convince you that we can save you from 25% to 50% in price.



The Freight or Express Charges will amount to next to nothing as compared with what you will save in price.

We are extremely anxious to receive your order, not so much for the little profit there is in it to us as for the good it will do us as an advertisement, and will endeavor to send you a saddle with which you will be so well pleased that your friends will also order from us.

Our line of Stock Saddles we believe is the handsomest line on the market, and the prices certainly are below any possible comparison. Our Western and Southwestern trade has been so very large that we have felt justified in making very extensive preparations in the stock saddle line for the coming season, and if you are in the market for this class of goods we are sure that one trial order will convince you that you cannot afford to place your orders elsewhere.

WHAT THE PEOPLE SAY.

Saved $20.00. No Wonder the People think He Got a Bargain.

Ashland.

Dear Sir: My surrey I received all right, and I am very well satisfied with it and think I must have saved something near $25.00 in trading with you people. There have been some here looking at it, they think I got a bargain considering the way they sell rigs here. Yours truly,

WM. WILKINSON.

Buggy Takes the Lead for Style and Strength and Costs Half Retail Price.

Stubenville, Ohio.

Mr. R. W. Sears,

Dear Sir: Will say the buggy I ordered of you came in good shape and I have used it and I think it takes the lead for easy riding, strength and style. I know I saved one-half the price by ordering from you.

Yours truly, ALONZO B. GRAFTON, Stubenville, O.

Buggy Worth $10.00 More Than One Bought at $10.00 Higher Price.

Lutes, Neb.

Sears, Roebuck & Co., Chicago, Ill.

Dear Sirs: In regard to the buggy I purchased from you, will say I am well satisfied with it. It reached me in good shape. I think it is a first-class rig in every respect and as good as there is in the county. I can't say how much money I saved by buying from you, as I know of only one new buggy being bought here lately. My buggy was $10.00 cheaper, and I consider it worth about $10.00 the most money. I received the harness from you all O.K. and it is giving good satisfaction also. Very respectfully yours,

H. D. LEWIS.

Well Pleased with Buggy and the Saving of $10.00.

Pompey Center, N. Y.

Sears, Roebuck & Co.

Dear Sirs: Will say in reply that the buggy reached me all right and am well suited with it. I consider that I saved $10.00 by buying of you.

Yours, W. W. JENNINGS.

He Has Paid Double for a Less Desirable Rig.

Bradford, Pa.

Sears, Roebuck & Co.

Gents: The carriage I purchased of you came well packed and in good order. It is a surprise to me and others how a carriage can be sold at such a price. I have paid double for a less desirable one. It seems to be strong, of good material and stylish. Respectfully yours, A. W. NEWELL.

Pays $63.00 for a Carriage That Retails at $85.00.

Hardinsburg, Ky.

Messrs. Sears, Roebuck & Co.,

Dear Sirs: Some time about the first of August, I ordered one phaeton No. 125, price $63.00, full leather top and back curtain, lamps and fenders left off. The buggy came all right and I have no hesitancy in saying that I have one of the best, neatest and easiest riding buggies, and everyone that rides in it says the same thing. I think the same vehicle would cost about $80.00 or $85.00, some say it would cost $100.00. It comes fully up to my expectations and I am well pleased with my bargain.

Respectfully your friend, ALFRED MILLER.

P. S.—I may send an order for a suit of clothes or a box mackintosh if you think you can give a bargain as well as a fit. I think I would like sample C40 or C26 clothes and No. 431 box mackintosh; you cans end your lowest price if it is not asking too much. Respectfully, A. M.

Has Everybody Else's Catalogue, but Our Prices Beat Them All.

Great Falls, Mont.

Sears, Roebuck & Co., Chicago, Ill.

Gentlemen: I take pleasure in acknowledging the receipt of buggy shipped me last, and like the other, it reached me in fine shape, and is giving excellent satisfaction. I feel that I can make a saving of from $15.00 to $30.00 in buying from you instead of buying here, or sending to other like firms. I have catalogues from all over the country, but your buggy, made at Columbus, Ohio, beats them all in quality and price. Wishing you success, I am,

Yours very truly, W. J. STONE.

We Made it Worth $25.00 to Him to Buy His Vehicles of Us.

Jelloway, Ohio.

Messrs. Sears, Roebuck & Co., Chicago, Ill.

Gentlemen: The vehicle purchased of you several months ago, reached me in good order and is giving perfect satisfaction. Can safely say that I have saved $25.00 by buying it from you. Since then I have made other purchases, all of which have proved entirely satisfactory.

Yours respectfully,

J. H. TILTON. Jelloway, O.

Buggy More Than He Expected for the Money and He Saved $25.00.

Westford, N. Y.

Sears, Roebuck & Co.

Dear Sirs: I was well pleased with the vehicle which you shipped me a short time ago. I wish to state that it was more than I expected for the money, and I saved at least $25.00 in purchasing from you, as I could not buy such a wagon of retail dealers any less than $70.00. It has been run about 500 miles this season and not a break or weak spot on it. I think you are the cheapest house with whom I have ever dealt, and shall favor you with any orders which I may have in the future.

Yours with respect, L. L. JENKINS.

Friends Never Believe the Price When Told.

Sanford, N. Y.

Sears, Roebuck & Co.

Messrs: The surrey I bought of you came to hand in good condition and according to agreement, and all perfectly satisfactory. I am well pleased with it and think I got full value for my money. I do not think I could have bought it of any agent here for less than $90.00, One man asked me how much I paid for it and I asked him how much he thought I paid for it, and he said $125.00. I saw several at a fair this fall but I did not think any of them came any where near competing with the one I bought from you. Thus far all satisfactory. Yours respectfully, JOEL CRANE.

Buggy Worth $15.00 More Than He Paid.

Shady Plain, Pa.

Sears, Roebuck & Co.

Gentlemen: The buggy you shipped me some time ago arrived safely, and I consider it worth fully $15.00 more than I paid for it. I fully intended to write previous to this time to express my entire satisfaction. I now have perfect confidence in regard to the truthfulness of your claims of large values for small money. I have just sent money for other goods and enclosed please find order for watch. I intend to buy harness, and, in fact, everything I use in your line. You may use this letter for reference or in any way that would benefit your firm, as fair and honest dealers deserve the patronage of the public. Yours truly,

W. T. STARK.

The Vehicle is Fine and He Saved $25.00 By Buying of Us.

Navasota, Tex.

Sears, Roebuck & Co.,

Sirs: With the vehicles I bought I am well pleased and I think I saved at least $25.00 by purchasing the same of you. Everyone who sees the vehicles says they are "fine." I am, yours respectfully, B. W. BURROW.

P. S.—There are one or tw o slight breaks in iron work about the wagon which I shall mention later. B. W. B.

$25.00 Difference Between Our Price and Retail Prices.

Fayette, Howard Co., Mo.

Sears, Roebuck & Co.

Dear Sirs: I can say so far as the buggy and harness purchased from you are concerned they are better than I expected. I am well pleased with same. In purchasing from your house I can say I have saved $25.00 in your price and the prices of our houses. Hoping the above will prove satisfactory to you I remain, Yours respectfully.

H. S. CASHELL.

Worth His While to Order His Buggy of Us and Save $10.00.

McComb City, Miss.

Sears, Roebuck & Co.

Gentlemen: The vehicle I purchased of your firm reached me all O. K. I am well pleased with it. Think from the expression of others that I saved at least $10.00 by purchasing the same from you. I anticipate ordering a suit of clothes for myself and son soon. Truly,

R. P. MARTIN.

Saves $25.00 and Tells His Friends of His Bargain.

Oakville, Ky.

Sears, Roebuck & Co.,

Dear Sirs: The buggy came up all right in good condition; it has given entire satisfaction. I saved $25.00 by buying of you. My brother bought a buggy here that cost him $65.00; I think mine as good as his. I tell all my friends of your house and the way you do business.

Yours truly, W. O. PRICE, Oakville, Ky.

Buggy Costs $20.00 Less than at Retail.

Clifton, Lincoln Co., O. T.

Messrs. Sears, Roebuck & Co., Chicago, Ill.

Dear Sirs: I like the vehicle I ordered from you. It has proved entirely satisfactory to me. I saved about $20.00 by ordering from you. The vehicle reached me in good order. I am well pleased with it and other things I have ordered from your house, and give you my thanks for the bargains you have give me. Yours truly,

W. N. WALTSON.

A $75.00 Buggy for $55.75. A $35.00 Road Cart for $16.95.

New Durham, N. H.

Messrs. Sears, Roebuck & Co.

In relation to the Columbus Silver King Buggy, bought of you for $55.75, and freight of $2.36, will say I am well satisfied and feel that I have received full value for my money, and I certainly could not have bought one here as good for $75.00. And in relation to road cart No. 91,224, bought of you for $16.95, will say I am well pleased with it, and the man I got it for told me that he tried to get one at Rochester, N. H., and could not get one to satisfy him as well any less than $35.00. I will also say that all the goods received from you have been of better value than I could get here for the same money, by from 15 to 50 per cent. PERCY C. BERRY.

Road Cart Better Then He Expected.

Forest City, Ark.

Sears, Roebuck & Co.,

Gentlemen: I have been thinking I would write to you ever since I received the cart, but have neglected until now. I received the cart in good order and am well pleased with it; it is much better than I expected at the price. The harness is all O. K. Please send me your big catalogue.

Yours truly. D. W. INGRAM.

Buggy Cost Him $20.00 Less Than at Retail.

Ragan, Nebr.

Sears, Roebuck & Co., Chicago, Ill.

Gents: Am well pleased so far with my rig: think have saved $20.00 at the least. If the buggy is what I think it is, am not ashamed of it or afraid to recommend it to any one. Will speak a good word for you whenever the opportunity presents itself. Yours very respectfully, W. E. GOWER.

$50.00 Saved on the Surrey.

Mobile, Ala.

Mr. R. W. Sears.

Dear Sir: The vehicle you shipped me some time ago reached me in safety, and has proven entirely satisfactory. I do not think you can be excelled anywhere in this line. I am well pleased with the surrey and think I got more than full value for the money. I feel that I have saved at least $50.00 by ordering the vehicle from you, and in future if I have or can get orders in this line, I will cheerfully place them with you. Thanking you for your prompt shipments and kind attention, I remain,

Yours truly, F. A. SCHILLING.

"Your House is Reliable, Prompt, and Straightforward, as well as Exceedingly Low Priced."

Brighton, Lorain Co., Ohio.

Gentlemen: In reply to your letter of a recent date, will say; the vehicle referred to reached me safely and purchaser is well pleased with same. He has told me he well knows he saved money, and thanked me for my kindness, as I now thank you for yours, and for your promptness while attending to this matter. I feel free to say that I believe your house to be a reliable, prompt and straightforward as well as an exceedingly low priced business house. Thanking you for past favors, I remain.

Yours very truly,

W. O. COOKE, Agent.

Lowest Estimate is a Saving of $30.00.

Narragansett Pier, R. I.

Sears, Roebuck & Co.

Dear Sirs: Vehicle reached me in good order, and was pleased with my purchase; also that I saved $30.00 at the lowest estimation. A number of my friends and people haue admired it; and the lowest guess was $65.00. I also have made some other purchases from your firm and feel fully satisfied, and I have saved money on articles that I purchased. I speak a good word for you at every opportunity. Yours truly,

LEROY E. THOMPSON.

WHAT THE PEOPLE SAY.

Our Buggies Give Good and Long Service.

Amherst, Va.

Sears, Roebuck & Co., Chicago, Ill.

Gentlemen: The Columbus Buggy which I ordered from you last August reached me in good shape, and now after several months usage I feel perfectly satisfied with it and consider it a good bargain. Wishing you a pleasant X-mas and a prosperous New Year, I am. yours truly,

Saves $25.00 or $30.00 on a Buggy that Retails at From $65.00 to $70.00.

Ulysses, Pa.

Sears, Roebuck & Co., Chicago, Ill.

The buggy that I bought of you reached me in due time and in good condition; was a better buggy than I expected. Such a buggy sells here for $65.00 to $70.00; it cost me $41.90 freight and all, so that I saved $25.00 to $30.00. I would have sent you another order, but it was so late before you got it ready that the man said wait until spring. Will you please quote me bob runners to slip on buggy axle. MARTIN LEWIS, Ulysses, Pa.

Satisfied he saves 50 per cent. on the Buggy.

Gents: The buggy reached me all right, and is giving universal satisfaction. I could not get one in my town for anything like the money; i e, the same grade of buggy that I got of you. I advise all wishing to buy a buggy to buy of you; they can save 50% by buying of you. There is no better buggy than the Columbus buggy. Yours truly,

E. S. VINSON.

P. S. Gents: The twenty year gold filled watch is at hand and is giving entire satisfaction. Nothing like the money would buy it; i e, I would have to pay twice as much here for one. E. S. V.

Buys his Buggy of us and Saves $20.00.

Mountainburg, Ark.

Mr. R. W. Sears, Chicago, Ill.

Dear Sir: In reply to yours of the 16th, I will say in regard to the buggy I received from you I was pleased with it. It was received in good condition; my father bought the buggy, he says he saved not less than $25.00 by ordering from you. I remain yours truly, W. M. H. EARLY.

"Your Honest way of doing Business Speaks for you in the Highest Praise.

Trempealeau, Wis.

Mr. Sears, Roebuck & Co.

Dear Sirs: The buggy has arrived O. K. I am more than satisfied with it, it also contained lap robe, strom apron, stay straps and side curtains, more than I sent for; many thanks for same. Your gentlemanly honest way of doing business, speaks for you the highest praise.

Yours respectfully, S. E. HOUGHTON.

Our Vehicles Are Always Advertisements for Us.

Canton, Lewis Co., Mo.

To Messrs. Sears, Roebuck & Co.

I want to tell you I am well pleased with the wagon. Those who have seen it speak highly of it. One man said it was immense; it is quite an advertisement for you. There are other things I would like to buy of you, if I can manage it, but produce is low and money hard to get. Hope you will be prosperous and happy. I am yours truly, W. H. LOWN.

Our Vehicles are Made for Wear, Not for Mere Show,

Pleasant Hill, Ky.

Sears, Roebuck & Co.

Gentlemen: I purchased a buggy and harness from you last year about this time, and have been waiting to see how the buggy was going to wear before writing to you. I can now say that they have given satisfaction beyond all expectations. I feel like doing all in my power to help you and the people who need such goods by telling them how much they can save and at the same time get first class goods by purchasing from you. If this will help you any you can copy it and use my name to it. Wishing you a prosperous year, I remain, Very truly yours,

Buggy Cheaper by $26.00 Than Retailers Sell at.

Carmi, Ill.

Sears, Roebuck & Co., Chicago, Ill.

Dear Sirs: Replying to the letter on the reverse side of this sheet I will say that the vehicle ordered from you last fall reached me all right and that I am more than pleased with it. It is standing hard running fine; the paint is holding well and everything is simply first class. I consider that I saved just $26.50 in buying from you. I appreciate the binding written guarantee you give with your vehicles. I will give you my orders so long as I can secure such bargains from you and receive such fair and prompt treatment.

Yours respectfully, DR. W. W. APPLE.

Our Customers Become Our Friends Because of the Money We Save Them.

Leander, Tex.

Messrs. Sears, Roebuck & Co.,

Dear Sirs: I received my buggy and harness and was well pleased with them. I think it is very nice for the price I paid for it. I appricieate the lap robe and saddle pads. I think you will have some more orders from some of my neighbors. Yours truly, W. R. WALSTON.

Columbus Buggy Would Have Cost Him $23.00 More At Home.

Kickbusch, P. O.

Sears, Roebuck & Co.. Chicago, Ill.

Gentlemen: The Columbus buggy ordered of you came July 20. Am more than pleased with it; is exactly as represented in every respect. The same buggy bought here would cost me $23.00 more than I paid you, including freight charges. I fail to see how you can sell such high-grade vehicles at such low prices. The harness is far better than I expected it to be.

OTTO A. MILLER.

P. S.—Please accept sincere thanks for robe, When in need of anything in your line you will hear from me. A. M.

A Saving of $48.00 on Two Wagons.

Kennett Square, Chester Co., Pa.

Mssrs. Sears, Roebuck & Co., Chicago.

Dear Sirs: I will say that the wagon reached me safely and it is entirely satisfactory. As to how many dollars I saved, I will say $24.00, or $48.00 on the two. One that my friend, Mr. Davis, ordered through me, and other parties that I have recommend your firm to, have been well satisfied with the goods ordered—Harness, Clothes, etc. I always find it a pleasure to recommend your firm to anyone wanting anything in your line. We all want to get the best and cheapest, and Sears, Roebuck & Co. is the place. I liked the wagon that Mr. Davis got better than mine. My number was No. 6661; I do not know what his number was. Can you furnish me with his make of wagon with side bar in carmine or any good red. If so, please inform me. I want to be prepared for the spring trade. Respectfully, CHARLES W. GILLEN.

Our Buggies Are Always Advertisements for Us.

Brownsville, Tennessee.

Sears, Roebuck & Co.

Dear Sirs: We received the buggy in good shape and are more than pleased with it; in fact, every one who has seen it thinks it a tip top buggy for price. I have had good many to say when they needed a new vehicle they were going to order from you. I think I saved about $15.00.

Yours truly, J. M. DARNABY.

P. S.—My wife wants a catalogue—clothing of all kinds.

Buggy Much Better Than Expected. Saved $20.00.

Ferrum, Franklin Co., Va.

Gents: The buggy reached me in good order, and I am well pleased; it is much better than I expected for the price, and I feel sure that I saved at least $20.00 by buying from you. I have recommended your house to several of my friends and think you will receive more orders from this county soon. You may expect my future orders for anything that I buy in the line of vehicles or clothing. Please accept many thanks for you kindness.

Yours very respectfully, C. A. HICKMAN.

Yours truly, MOLLIE MOORE.

Saved $20.00 on His Buying and Got a Neat Job.

Mt. Williams, Va.

Messrs. Sears, Roebuck & Co.

Gents: In regard to the vehicle received some time ago from you. Received it in good condition without any defect and am very much pleased with the vehicle and harness in every respect. Priced one in Winchester, not as good apparently, and not near as neat at $65.00. Believe we saved $20.00 by purchasing from your company. Neighbors very much pleased; have had calls to examine catalogue. Think some will send orders next season. You kindly sent me, some time ago, a coupon for $6.00 to allow that much on a $12.00 suit of clothes; procrastinated making use of it; still have the conpon and if the limit of time has not expired, please send me sample of said suit by return mail and you will much oblige.

Very truly yours, JOSEPH F. BEAN.

WHAT THE PEOPLE SAY.

We Save Him $20.00 and Give Him a Fine Rig.

Aucilla, Fla,

Messrs. Sears, Roebuck & Co., Chicago, Ill.

Gentlemen: Replying to yours of recent date, beg to say I received the vehicle shipped me in good order, and I am well pleased with it. I find the buggy all that it should be in every respect, and I think you saved me at least $20.00 on this purchase. In fact, I have seen buggies that cost $60.00 that I would not exchange mine for. Yours truly,

A. A. BISHOP.

Pleased with Vehicle and Saved a Great Deal of Money.

Scranton, Miss.

Sears, Roebuck & Co.

Dear Sirs: I must say am sorry that I have neglected letting you know that the vehicle reached me all right and has proved to be as represented, was received in good condition, freight costing $4.98. I have saved a great deal by ordering of you, and expect to give you my future orders.

Yours respectfully, WALTER K. HAVENS.

Columbus Buggy came in Perfect Condition and with a Saving of $20.00.

North Madison Lake, Ohio.

Sears, Roebuck & Co,

Gents: Yours of Dec. 15th at hand. In reply the Columbus buggy I received of you came all right, there was not a marred shop on it. I wrote you when I received it in June, we are very much pleased with our bargain and the courtious treatment and in the thorough manner it was crated for shipment, we have never had any cause for complaint, but think I saved $20.00 by buying of you. I take pleasure in refering others to you.

Respectfully, J. H. BROWN.

Saved $17.00 on this Buggy and Sold it at Once.

Justus, Ind.

Sears, Roebuck & Co.

Dear Sirs: The buggy I bought of you came all right. I was satisfied and feel that I saved about $17.00 by ordering from you. I sold the buggy at once. If you will look over your books you will find you sold a buggy to W. S. Smith, of Justus, Ind. I got him to order for me. I have been running it for 2½ years, and offer to put it against any of their buggies sold around that they sell for $65. Please send me your catalogue for '97. Yours truly,

JACOB SHEPHERD, Justus, Ind.

P. S.—I try to get orders for you, and if you send me your catalogue I will still do so. I know parties wanting wagons. Yours, J. S.

Saved Money On Rig and Harnsss.

Bancroft, Mich.

Mr. Sears: Yours at hand; will say I am well satisfied with the buggy I purchased from your house. I am using the buggy myself and we think we got a bargain at $10.00 less than we could have got the rig here. Anyone wishing a vehicle will get a bargain; also in a harness. I think I saved $3.00 by buying my harness of you. I remain yours,

CHAS. H. KENT.

Could Not Duplicate the Columbus Buggy for Twice the Amount.

Centreview, Missouri.

Sears, Roebuck & Co.

Dear Sirs: The Columbus buggy I ordered from you some time ago, came all O. K., and am well pleased with it. I don't think it could be duplicated here for twice the amount it cost me. I will order for two more in the spring as I have three sold. Yours truly,

G. L. BAIRD.

DeForest, Wis.

R. W. Sears, Chicago.

Dear Sir: I received the vehicle promptly and it gave perfect satisfaction and how much money I saved by sending the order to your house, and shall state also that I have not seen one equal to this one since I received it, in fact I saved $50.00 on that one order. Yours very truly,

CLAUS E. ROISUM.

Thoroughly Pleased with the Vehicle and with the $20.00 Saved.

Rehobth, Del.

Dear Sir: The carriage that you shipped me reached here safely and I am thoroughly pleased with the quality of the vehicle, but it was shipped before the varnish was dry and consequently soiled the appearance by the accumulation of dust in transit. I may say also that in my opinion I saved at least $20.00 in purchasing of you. Yours,

A. W. DICK.

This is the Way to Save Money.

Madison, Ga.

Sears, Roebuck & Co., Chicago, Ill.

Gentlemen: The road cart ordered from you some time ago received, and I will say I am more than pleased with it. In my business I have lots of hard trips to make, and have given it a good test. The same cart here sells for $28.00. I bought from you, freight and all, for $9.00. Wishing you success.

Yours,

LEN C. BALDWIN, Mgr. Madison Music House.

Much Pleased With Road Wagon.

N. Georgetown, O.

Sears, Roebuck & Co.

Kind Sirs:—I received the road wagon I ordered of you in good condition, and I am much pleased with it. Thanking you for prompt attention to my order. Yours truly, HARVEY MOUNTZ.

P. S.—Please send the grocery catalogue to me.

Saved $15.00 or $20.00 on Buggy.

Grand Rapids, Ohio.

Sears, Roebuck & Co.

Gentlemen: I would just say the buggy was received all right and I am well pleased with it, and I think I saved $15.00 or $20.00 on buggy and harness, and if I can do you any good I will try and do so. How do you sell lap robes, black or gray and plush lined? Please let me hear from you.

Yours truly, JUSTIN JENNINGS.

Likes His Buggy First Rate.

Hammondsville, Ohio.

Sears, Roebuck & Co.

Dear Sirs: I like my buggy first rate and I know I got a good buggy for the money. I couldn't have got a better running or riding buggy if I had paid $60.00 for it. I am more than satisfied for what I got for the money.

Yours truly, J. C. WARDEZKE.

Saved $30.00 on His Vehicles.

Bertram, Texas.

Sears, Roebuck & Co., Chicago, Ill.,

Dear Sirs: Have purchased three vehicles from you and think I can safely say that I saved about $10 each, on them, making a total saving of $30.00. Yours truly, B. F. ELLIS.

Vehicle Came in Perfect Order and Saved $12.00.

Jenkinsville, S. C.

Sears, Roebuck & Co., Chicago. Ill.

Gentlemen: I received the vehicle which you shipped me in perfect order, and up to date it has proved to be all that I could desire. I consider that I not only got the value of my money but that I saved at least $12.00 by the transaction. I will be glad if you will send me a catalogue of furniture at your earliest convenience. Respectfully, J. C. MCMETKIN.

Saves $35.00 on Two Rigs and Sends an Order for His Neighbor.

Export, Pa.

Sears, Roebuck & Co., Chicago. Ill.

Gentlemen: Some time ago I purchased from your company a buggy. It is not only what you represented it to be, but much better to say the least. I am very much pleased with my bargain, not only in quality but in price. I saved $15.00 by purchasing from your company. I also purchased one two horse wagon which could not be improved on for quality and price. I saved at least $20.00 by purchasing of your company. My neighbor was so pleased with my wagon that he requested me to order him one. The order for same sent you a few days ago. Wishing you success in all your business transactions. Respectfully, J. T. LONGHRY.

A Saving of $60.00 on Buggies and Harness is Enough to Convince any one that Sears, Roebuck & Co. is the House to Deal with.

McClure, Ohio.

Sears, Roebuck & Co.

Gentlemen: Can say that I have bought two of your $39.90 Columbus buggies, also two set of buggy harness and all are giving entire satisfaction. A buggy of the same style would cost me here $65.00 and guaranteed for only one year. I can truthfully say that I have saved at least $25.00 on each rig and $10.00 on harness, making a total of $60.00. I think that is enough to convince any one that Sears, Roebuck & Co. is the house to deal with. You can expect more orders from me, as I have five names now who intend to order rigs as soon as spring opens up. I am yours respectfully,

JAMES WEAVER.

Wagon Far Better than Expected. Saved $10.00 or $15.00.

Callin, Illinois.

Sears, Roebuck & Co., Chicago, Ill.

Dear Sirs: I received the wagon all right and everything was all O. K., and was far better than I expected for the money, and think I can be justified in saying I saved from $10.00 to $15.00 on the same wagon at Danville, and do hope it will be the means of selling more vehicles in this neighborhood.

I remain yours truly, hoping this may be the means of selling many more.

JNO. CARBY.

Even in the Midst of the Sharpest Competition We Save 25 per cent. on Vehicles.

Don Juan, Ind.

Sears, Roebuck and Co., Chicago, Ill.

Gentlemen: The buggy was received in good condition and has given perfect satisfaction so far. I think I can safely say that, notwithstanding the sharp competition between vehicle dealers here, I have saved at least $10.00 by purchasing of you, and not improbably $15.00 or $20.00. I will purchase of you again if you happen to strike me with the right thing at the right time. Yours respectfully, W. F MENNER.

It Pays to Buy of Us and Save $20.00 on a Vehicle.

Pawnee City, Neb.

Sears, Roebuck & Co.

Sirs: Would say that I am well pleased with my buggy up to date, and if it proves to be as good in the future would say that I saved at least $20.00 in the purchase. Yours truly, T. B. WHURTON.

Pleased With the Buggy and $15.00 Saved.

Kopperl, Texas.

Sears, Roebuck & Co.

I am glad to say buggy came to hand all right, and I am well pleased with it. I consider I have saved about $15.00 in purchasing buggy from you.

Yours truly, W. A. STASEY.

A $65.00 Buggy Costs Him Only About $40.00.

Peterson, Iowa.

Kind Friends: I received your letter in regard to that vehicle I ordered of you in June last. I received it the 3d of July last in good shape. I tried to buy one here and could not get it for less for than $65 00 cash, and I think I saved about $24.00, and we have received other goods from you in good shape and saved money on them all. I think we can favor you with more orders in the future than we have in the past; as I am a small farmer and your prices are below our home dealers, you can look for more of my trade.

Yours truly, H. E. WEBSTER,

Peterson, Clay Co., Iowa.

Pays $75.00 for a Wagon that Would Cost Him $150.00 at Home.

Gale, Oregon.

Sears, Roebuck & Co.

Dear Sirs: I am well pleased with my wagon. I have shown it to all my friends; every one says it is a cheap wagon, the paint is coming off the wheels, but that is caused by the alkali dust, it just cost me $75.00 laid down at Montague. I have made one trip to Montague and all my friends there say if I had bought it at Montague or Yreka I would have paid $150.00 for it. I want to get me a cart in the next year. My wagon came through in good shape; there was not a scar on it. The harness would have cost me $20.00 here. I am well satisfied with my rig. Respectfully,

MRS. F. M. BARNUM.

We Pack All Our Articles With Care.

Colchester, McDonough Co., Ill.

Sears, Roebuck & Co., Chicago.

Gentlemen: The buggy I bought of you some time ago was received in good condition, it was packed and crated in good condition and was not scuffed or scratched at all. I bought the buggy for another person, he says it is giving good satisfaction and he thinks he saved about ten dollars by having me send for it. He thinks he got full value for the money and I know he did get value received. Yours respectfully,

ALLEN G. HUMMER.

It's Easy to Save $20.00 or $25.00 on a Vehicle.

Mexico. Mo.

Sears, Roebuck & Co.,

Sirs: I received the vehicle in good order; am very well pleased with it. I saved about twenty or twenty-five dollars by buying from you.

Respectfully, GEO. BOOMER.

1897 SEARS ROEBUCK CATALOGUE

A complete replica of the Consumer's Guide that revolutionized America.

●●●

"A dazzling trove for students of Americana...certainly one of the happiest publishing ideas in years."
Time Magazine

"The company was four years old and not yet a giant corporation when this catalogue was issued. Richard Sears, a former railroad station agent and watch salesman, was a huckster of genius. Sears seems to have known from the start that he must appeal to more than the pocketbook. His adversary was the storekeeper who, in addition to exchanging goods for money, was an impresario and the manager of a cultural center. Sears took care to provide the consuming American not only with a price list but with food for thought, with the stuff of dreams, with reading matter. And this last in enormous quantity."
Richard Rovere

"'Backward o backward, turn time in thy flight,' the poet implores, and it is a privilege of sorts to reverse the clock threescore years and ten and see how Grandpa's generation lived. The automobile, the supermart, and the TV commercial, all of which were to revolutionize our existence for better or worse, lay far in the future; here, in the Sears catalogue, was a fairyland for kiddies from nine to ninety, a garden of wonders appealing to every taste.'"
S. J. Perelman
